

MORGAN FEARS BRIBES AND RUM

OBJECTS TO ADMISSION OF TERRITORIES

Declares if Arizona and New Mexico Are Made States, Negroes, Mexicans, Indians and Half-Breeds Will Control

WASHINGTON, Jan. 9.—After the passage of the omnibus claims bill and a few minor measures, and fixing January 23 for the delivery of addresses in memory of the late Senator Hoar, the senate devoted today to the statehood bill. Mr. Morgan spoke for two hours against the bill.

When the senate convened Mr. Mallory presented the minority report of the Merchant Marine commission. It was referred to the committee on commerce.

A resolution was passed providing for the printing of 6000 copies of the proceedings at hearings held before the committee and the same number of copies of the minority report.

The omnibus claims bill was then considered. Several committee amendments were adopted and the bill was passed. It carries direct appropriations amounting to about \$2,800,000.

Other bills were passed as follows: Authorizing the secretary of the interior to acquire the government by exchange of public lands the ownership of the private lands within certain public parks in the state of California.

For the relief of wandering American-born Indians of Rocky Boys band of Montana.

At 2 o'clock the statehood bill was laid before the senate and Mr. Morgan spoke in opposition to the bill.

Mr. Morgan spoke particularly of the character of the population of New Mexico and Indian territory. He declared that the framers of the constitution were of the white race and that it was not the intention that Mexicans, Indians, negroes and half-breeds should be brought into citizenship. He said that if Arizona and New Mexico were admitted into the union this class of citizenship would control the elections, and said bribes and whisky might control them.

In introducing today an amendment to the statehood bill cutting out Arizona entirely from its provisions, Senator Teller declared that if the amendment was accepted the vote on the statehood bill could be reached in ten days.

Otherwise it was impossible to say when there would be a vote. This was accepted as a practical declaration that the opponents of the bill will filibuster to prevent its passage. It is now generally admitted that the bill is dead unless Beveridge will consent to an amendment leaving Arizona out.

At 4:05 p. m. the senate went into executive session and at 4:23 adjourned.

FOR INAUGURAL BALL

House Adopts Senate Resolution to Hold It in Pension Building

WASHINGTON, Jan. 9.—The house adopted the senate resolution providing, among other things, for the holding of the inaugural ball in the Pension building. On a viva voce vote the resolution was lost, but a roll call enabled those favorable to the Pension building proposition to muster their strength and pass it. Speaker Cannon and several of the Republican leaders recorded themselves as opposed to the idea of the employment of the Pension building for the purpose of the inaugural ball.

When the house convened today Mr. Van Vorhis of Idaho, from the committee on appropriations, reported the pension appropriation bill. At the same time Mr. Underwood of Alabama submitted the views of the minority in reference to it.

The house then went into a committee of the whole for the consideration of measures relating to the District of Columbia.

For the third time during the session the resolution granting temporary occupancy of a portion of the monument lot for an American railway appliance exhibition in connection with the meeting of the International Railway congress to be held in this city was called up. Favorable action on it previously was prevented by the opposition of Mr. Mann of Illinois. Today the resolution was passed in spite of Mr. Mann's objections.

The attention of the house was then directed again to the resolution providing for the inaugural ceremonies. Opposition again developed to the proposition to hold the inaugural ball in the Pension building.

Mr. Cowherd of Missouri criticized the people of Washington for lack of civic pride and enough energy to build a hall where such functions could be held, but said it was not the proper thing for the Democrats at this time to express too pronounced views on the subject of where the ball should be held.

Mr. Baker of New York said it was a preposterous proposition for the Republicans, "who say they are the soldiers' friends," to delay action on their pension claims by giving up the Pension building for a week or ten days. The city of Washington, he said, ought to commend itself to the czar of Russia because it was where autocracy ruled. The beneficiaries of government improvements in Washington were not the people of the city, "but those who own the land values which (facing the Republican side) are making by your constant presents of money."

"For Last Time," Says Gaines Declaring it would be discourteous to

the president of the United States to shut the door in his face after all arrangements had been made for the presence of the governors of all the states and their wives and the various organizations which would participate in the inauguration, Mr. Gaines of Tennessee said he favored the Pension building this time, but gave notice that never again would he vote for the proposition that will haul up the railroads that have been robbing the American people.

He said he was "with" the president and did not care how long the teeth were that were put into the law. He commended the president also for "trying to unhorse the trusts."

The resolution was read for amendment, among the amendments made being one by Mr. Williams of Mississippi, requiring the inaugural committee to give bonds to restore to its former condition any public building or reservation used for inaugural purposes. By 54 yeas, 30 noes, the resolution that it pass, but when put on its passage in the house it once more had to run the gauntlet of criticism. Charles B. Landis of Indiana called attention to the danger of destruction by fire of the records of the pension office, and had read a letter from the secretary of the interior on that subject.

The house on a rising vote refused to pass the resolution, but reconsidered when the yeas and noes were called, passing the resolution finally by 136 to 90. Political lines were not drawn in the voting.

Resolutions were passed calling on the secretary of commerce and labor to instruct the director of the census to furnish to the house certain reports on which the census bureau based its recent cotton ginning reports; and authorizing the admission as cadets at West Point of Louis Bogran of Honduras, and Frutos Tomas Plaza of Ecuador.

A bill was passed providing for the construction and maintenance of roads, the establishment and maintenance of schools and the care and support of insane persons in Alaska.

At 6:23 p. m. the house adjourned until tomorrow.

Nominations Sent to Senate

WASHINGTON, Jan. 9.—The president today sent to the senate the following nominations:

Collector of customs—Frederick S. Stratton, district of San Francisco.

Postmasters: Arizona—L. D. Redfield, Benson.

California—William Collins, Mojave.

Brigadier generals on the retired list of the army—Col. Wm. Alexander, assistant commissioner general; Col. Charles S. Stewart, retired; Col. Charles M. Terrell, retired.

CLEAN STREETS ARE DEWANTED

(Continued from Page One.) present conditions continue real estate values will fall 25 per cent in less than a year.

"Now the streets are not cleaned at all. The mud is carried from the streets to the walks and from the walks into the stores. We should go before the council and demand sufficient help for the superintendent. If we do not get help there, then go to the organizations, and if we fail there we can go to the people."

Col. De La Vergne suggested that the best way to keep the streets clean is to wash them once a week, and then use spray sprinkling. Hand cleaning will not do. Water is the thing.

Dr. Dodge said washing the streets is a good method. He had seen sanitary sweepers at work in Washington and he believed they were all right, but too expensive perhaps. He wanted the hacks and express wagons kept out of the business district.

Cross Street Paving Fred L. Alles offered a resolution providing that the cross streets of the business district east and west for three blocks be paved with asphaltum, but there was no second.

Percy Clark moved that it be the sense of the meeting that the city council be requested to give the superintendent the service of fifty extra men out of other departments to assist in keeping the streets clean, and that the chair appoint a committee of one from each ward to urge favorable action by the aldermen, which motion received a second.

F. J. Zeehandelaar opposed the resolution. He said he favored action that would settle the question of clean streets for all time, and he offered an amendment to the effect that a committee of three from each of the civic organizations be appointed to formulate a plan for keeping the streets clean, free of dust and other objectionable material, said plan to be presented to the city council for favorable action at the next meeting of that body. The amendment was adopted.

Chairman Erkenbrecher said he would appoint the committee as soon as possible and that quick action would be had in the interest of the merchants and the public generally.

State Hospital for Consumptives

INDIANAPOLIS, Ind., Jan. 9.—In his message to the legislature, Governor Hanley recommends the creation of a commission to take steps toward the establishment of a state hospital for the scientific treatment of tuberculosis.

When it is borne in mind that the necessary of life in Germany, like meats and breadstuffs, are as high and even higher than in the United States, and that rents of houses are nearly if not quite as high, the wages of unskilled laborers seem very low to an American.

Steel Works Reopen CHICAGO, Jan. 9.—The shutdown of the Illinois Steel company's works at South Chicago ended today. Two thousand men who have been idle for four weeks were given work.

MEASURE FOR SAN DIEGO'S BENEFIT

MORTON URGES NEW SITE FOR QUARANTINE STATION

Secretary Writes to House, Asking That Bill Be Passed at This Session Providing for Its Removal

WASHINGTON, D. C., Jan. 9.—Secretary Morton today sent to the house a letter urging the passage at this session of the bill providing for the removal of the quarantine station at San Diego and the acquisition of a new site. Secretary Shaw joins in the recommendation of Secretary Morton. The San Diego quarantine station, the latter says, in its present location in the middle of the wharfage line of the naval reservation, greatly injures that reservation if it does not entirely destroy its value for naval purposes. As an additional reason for the passage of the bill at this session Morton urges that the need of a naval coal depot at San Diego increases yearly and the completion of the Panama canal will make it of great value.

Representative Gillett today introduced in the house the bill already presented in the senate to exclude certain lands from the Yosemite national park and attach them to the Sierra forest reserve.

Senator Woodward then introduced senate joint resolution No. 1, carrying out the action suggested in the petition from the Viticultural club. Senate concurrent resolution No. 4, approving twenty-five amendments to the charter of Stockton, was introduced by Senator Muenster.

Senator Sanford introduced a resolution to petition congress to call a convention for the purpose of considering the question of electing United States senators by a direct vote of the people.

In accordance with a resolution introduced by Senator Wolfe, and duly carried, bills are to be introduced as the names of the senators are called in alphabetical order. This will prevent the confusion of last session, when all the members jumped to their feet at once in their eagerness to introduce their measures.

This morning's session saw the introduction of the first senate bills, among which were the following:

By Carter—Appropriating \$200,000 for a state historical building at Los Angeles.

By Ward—Relating to the establishment of a board of state labor commissioners for the bay of San Diego.

ELECTORAL VOTE CAST

Formal Ceremony of Giving State's Ballot for President at Sacramento

SACRAMENTO, Jan. 9.—With most impressive ceremonies, witnessed by hundreds of visitors who thronged the assembly chamber of the capitol, the formalities attending the casting of California's ten electoral votes for a president and vice president of the United States, were carried out this afternoon. The spectacle was arranged with the greatest regard for details and the event was one not soon to be forgotten.

The assembly chamber was tastefully decorated for the occasion, hundreds of flags and palms being used with splendid effect. Over the speaker's desk, which was occupied by Chairman Wood, was suspended a huge American flag, while on either side were immense pictures of President Roosevelt and Vice President Fairbanks.

The program was opened at 2 o'clock with a medley of national airs by a string orchestra. As the strains were continued the presidential electors were escorted to their seats on the speaker's platform by Governor Pardee, Lieutenant Governor Alden Anderson, Secretary of State Curry, President pro tempore Wolfe of the senate, Speaker Prescott of the assembly, Chairman Stone and Secretary Woodward of the Republican State committee.

An invocation was pronounced by the Rev. Mr. King, chaplain of the senate.

The Orpheus quartet rendered "The Star-Spangled Banner." Brief introductory remarks were made by General George Stone.

With due solemnity, Secretary of State Curry presented the governor's certificate for elections of president and vice president of the United States. The administration of the oath of office to electors was carried out by Judge E. C. Hart of the Sacramento superior court. The electors are Wm. S. Wood, U. S. Grant, Jr., Edward Sweeney, C. M. Hammond, Francis M. Smith, William J. Dungee, George H. Pippy, Morris B. Harris, C. J. Walker and Richard Melrose.

U. S. Grant, Jr., then nominated William S. Wood chairman of the college. George H. Pippy nominated Morris B. Harris secretary of the college. Charles J. Walker then moved that U. S. Grant, Jr., and Richard Melrose be appointed tellers to count the ballots. The motion carried.

The votes were then cast and Roosevelt and Fairbanks were declared the choice of the college.

The electors then signed the three certificates giving the list of votes and Charles J. Walker was appointed to deposit the certificate in the postoffice. Edward Sweeney was appointed to deliver the package of votes addressed to the president of the United States to Judge DeHaven of the United States district court.

Colonel George H. Pippy was selected to carry the votes of the electoral college to congress.

ASPIRANTS ALL CLAIM THE LEAD

TOBACCONIST'S SON TAKES INITIAL STEPS

Wife Is Known in Chicago as a Member of the Firm of Taylor, Webb & Co.

NEW YORK, Jan. 9.—Announcement was made today that Lawrence, Duke, son of Brodie L. Duke, recently committed to a sanitarium on the order of a magistrate, had taken initial steps to secure the annulment of his father's marriage to Miss Alice Webb. What turn the investigation by District Attorney Jerome may take is yet uncertain, but it was said there would certainly be no immediate arrest in the case, the investigation having not reached a stage where a criminal prosecution involving such action was possible.

The affidavit on which Duke's commitment was issued was made public today by Justice Wyatt, who was the issuing justice. It bears the name of Victor G. Mitchell of this city, but does not give his occupation.

Assistant District Attorney Lord said that he understood that the management of the Park Avenue hotel, where Mr. and Mrs. Duke had been stopping, had made the first complaint, which resulted in Duke's removal to Bellevue hospital.

The \$40,000 worth of securities found on Duke were still in the office of the district attorney, Mr. Lorc said, and were being examined.

Dr. Maurice Astrum told Assistant District Attorney Lord today that Mrs. Duke was suffering from nervous prostration and could not come to the district attorney's office for two or three days.

Mrs. Duke a Business Woman

CHICAGO, Jan. 9.—Mrs. Brodie L. Duke, formerly Miss Alice L. Webb, is known in Chicago as a member of the firm of Taylor, Webb & Co. Her partner is Charles L. Taylor, and the concern deals in tobacco lands. She is also president of the Texas-Cuba Tobacco company.

In Chicago Miss Webb lived at 42 Forty-seventh street with her maid. She was said to be the wealthy divorced wife of E. H. Powell, a southern-er. Today her partner, Mr. Taylor said:

"Mrs. Duke is the daughter of William H. Webb, who was a wealthy corporation lawyer of New York. When her father died ten years ago he left her \$100,000 and she engaged in business. She did not care for society, and proved to be a very shrewd business woman. She told me that her first husband, Powell, had squandered her fortune."

NAN PATTERSON SEVERELY ILL WITH TONSILITIS

Portland, Oregon, Man Sends Her \$25 to Purchase New Year Token

NEW YORK, Jan. 9.—Nan Patterson, who is awaiting a second trial on a charge of killing Caesar Young, is ill with tonsillitis in the Tombs prison. Her condition is regarded as serious.

Since the last jury in her trial reported a "disagreement" more than two weeks ago Miss Patterson has been in receipt of a large number of letters every day. In her mail today there was a registered letter from a man in Portland, Ore., inclosing \$25 with the request that she use the money to purchase for herself a New Year token.

MANY CONVICTS SHOT IN ATTEMPTED OUTBREAK

Sixteen Inmates of Bilbid Prison Are Killed and Forty Wounded

SAN FRANCISCO, Jan. 9.—News from Manila received today tells of an attempt of about 500 convicts at Bilbid prison to break from jail. It occurred on the afternoon of December 7 and resulted in the killing of sixteen of the prisoners and the wounding of forty others. Six of the wounded were not expected to live, and twenty-six others were in a critical condition.

Favor Banking Public Funds

SAN FRANCISCO, Jan. 9.—Responding to inquiries put by H. A. Mason, acting in behalf of the board of supervisors, many mayors and other representatives of the people throughout the state, have expressed themselves in favor of the constitutional amendment to permit public funds to be deposited in banks or other recognized financial institutions.

Kruttschnitt in San Francisco

SAN FRANCISCO, Jan. 9.—Director of maintenance and operation of the Harriman lines Julius Kruttschnitt arrived today from Los Angeles, accompanied by W. H. Bancroft, general manager of the Southern Pacific.

Ivory

During a recent visit to the London docks the queen of England was informed that the stock of ivory then shown represented, on an average, the annual slaughter of some 2,000 African elephants. This statement has been contradicted. One importer states that at least 8 per cent of the supply is "dead ivory," mainly obtained from hoarded stores of African chiefs, who are shrewd enough to put their commodities on the market only in dribs and drabs. The most interesting part of the letter is, however, the statement that the great bulk of the ivory is obtained from "elephant cemeteries" spots met with here and there in the jungle where elephants have resorted for centuries to die.

WANTS TO ANNUL DUKE'S MARRIAGE

TOBACCONIST'S SON TAKES INITIAL STEPS

Wife Is Known in Chicago as a Member of the Firm of Taylor, Webb & Co.

NEW YORK, Jan. 9.—Announcement was made today that Lawrence, Duke, son of Brodie L.
