

BOOKS BEAT SIX STRAIGHT RACES

TALENT HAS A HARD TIME OF IT AT ASCOT

Favorites Are Bowled Over With Disgusting Regularity—Elie Takes the Brooks Course

Event

By Forest Lowry

Another severe fall was experienced of the students of form at the Ascot race track yesterday afternoon. Not a single favorite got near the money mark. The six first choices were played to a standstill and the books reaped a harvest unprecedented in the history of the game in Los Angeles.

The weather was bright and crisp, with an appreciable rise in temperature, and a card which was only ordinary kept a fair-sized crowd on the anxious seat all of the afternoon trying to pick winners.

Few of the big bettors were mixed up with the game yesterday, and altogether the speculating was far below the average. Not a great number of stiff commissions were registered.

Ten was counted on the talent. The day was suited for perfect enjoyment of the sport. The card was only ordinary and, as the populace is longing for racing, the crowd was a little above the average considering the attraction.

Herbert on Susie Christian would perhaps have won had he picked the best going, instead of getting too close to the rail, where the track was heavy.

The most pretentious race of the day, a four-year-old and upward event, selling, drew out a fair field. The quartet was asked to take a trip over the Brooks course (seventy-three yards less than a mile and a quarter).

The winner of this event turned up in Elie, second choice in the betting and with hardly a friend. The chalkmen cleaned up more to this race than any other event on the card.

Herbert on the Lieutenant carried Eves G. out, whereby she lost several lengths. Otherwise she would have been closer up.

One book chalked up 20 to 1 against Kehalian in the last race and the mob was there with the coin. The pencil put up 2 to 1 then and they went to it like ducks go to water.

Every stake is well filled at Los Angeles and the indications are that some of the best stake animals in the country will be seen on the California track after the holidays.

It is not unlikely that the ban against Jockey Boner may shortly be removed. At present he is restricted to stable mounts at Oakland.

The Ascot Derby has closed with sixty-five entries. It is to be run February 18 over the new Brooks course, seventy-three yards short of one mile and a quarter.

In the race preceding this event Kittle B. a fast trick from the stable of James Blute, was selected by the talent to gather all the money, but she failed to perform up to her work-out. It was a 2-year-old event and the babies were asked to go over three and a half furlongs of ground.

The winner, B. Schreiber's Tendl, ran a much improved race over her last start and scored at the juicy odds of 12 to 1. Silver Sue was second and Kittle B. third.

The first race on yesterday's program brought together twelve of the worst ever. Great Mogul, Mal Lowery and St. Winifrede were the best liked of the unvidly field, and each came in for some support.

The winner, B. Schreiber's Tendl, ran a much improved race over her last start and scored at the juicy odds of 12 to 1. Silver Sue was second and Kittle B. third.

HERALD RACING CHART

ASCOT PARK, Wednesday, Jan. 11. Forty-second day. Weather clear. Track fast. A. V. Hamilton, Presiding Judge, Richard Dwyer, Starter.

Table with columns: Index, Horse and Owner, Wt., St., 1/2, 3/4, Str., Fin., Jockey, Op. Cl. Includes entries for 247 FIRST RACE-Six furlongs and 248 SECOND RACE-Three and a half furlongs.

Great Mogul always in a good position. Saved ground by skimming the rail and under keen urging got up in plenty of time. Mal Lowery ran a fair race. MacFlecknoe had speed, but stopped in final strides. A bad lot.

St. Winifrede was the touted good thing in the first race, but the Slink castoff failed to deliver the goods and will do better next time, as she ran as if short. This race will do her good.

Silver Sue ran a cracking good race yesterday. Is a good looker and ran as if a bit green. Should be heard from very soon.

Annis is worth putting down for the next time out. Away poorly, she did not know what was expected of her, and when urged on after a rough journey through the stretch finished like a cyclone.

Azuba worked a quarter of a mile in 23 on several occasions, but got away badly in each of her starts! She will get away some day and win.

Watercure was backed from 15 to 1 to 5 to 1 in the third race, but the track was a trifle too slow. He loomed up dangerously at the head of the stretch, but stopped to nothing.

Tom McHugh and "Stew" Peters will probably be seen in the saddle in the steeplechase race on Friday. They headed the list of steeplechase riders in Chicago last summer.

Had Fuller on Rough Rider met with clear sailing he would probably have won. He was pocketed until the seventy-yard pole before he could get through.

Bookmaker Bob Widney, who claims to be the biggest winner at Ascot during the present meeting, is planning to form a company with a capital of \$500,000 and establish a permanent book.

Herbert on Susie Christian would perhaps have won had he picked the best going, instead of getting too close to the rail, where the track was heavy.

Sugden was much the best in the fourth race. Away badly, he was pocketed and cut off. He got through on the rail in the heavy going and just failed to get up. Is a good future prospect.

Crosby led his field all the way to the stretch and when placed where he belongs will earn brackets.

Herbert on the Lieutenant carried Eves G. out, whereby she lost several lengths. Otherwise she would have been closer up.

HIGH SCHOOL BASEBALL

National Game Comes Next in School Program

The baseball team of the Los Angeles high school is rounding into some kind of good shape, and it will only be a short time until the school will have a first-class team in the field.

There is plenty of good material at the high school and the students are taking a greater interest in the sport this year than for many past seasons.

The two Mitchell boys are looked on as good things and will probably make good for the team.

RHEUMATISM

A few years ago I was taken with inflammatory Rheumatism, which though mild at first, became gradually so intense that I was for weeks unable to walk.

For over four years I suffered intensely with Sciatic Rheumatism. The Rheumatism first troubled me in my hip, then spread to my shoulders, head, and finally all over my body.

My condition seemed to grow worse, the pains spread over my entire body, and from November to March I suffered agony.

Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy and pronounced it free of potash or mercury.

I had been reading in the newspapers of S. S. S. and decided to try it, and to my joy commenced to get relief before the second bottle was gone.

After the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy and pronounced it free of potash or mercury.

The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

I had a good appetite, sleep well and once more enjoy life.

NEW ORLEANS, Jan. 11.—All indications point that Edward Corrigan has practically organized a new racing circuit which will be known as the Southern Racing circuit and that one of the bitterest turf wars of the decade if not in the history of racing is about to be inaugurated.

Plants that are seemingly in his grasp are those at Kansas City, Chicago and Park Hot Springs, a new course about completed here in New Orleans.

Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

With such a chain of racing plants Corrigan looks formidable. On the other hand possession is nine points of the law and the Western Jockey club is strongly entrenched. Corrigan has gone to New York in furtherance of his plans.

Some of the most expert women bowlers in this end of the state met yesterday afternoon at Mackenzie's alleys and arranged the preliminaries for their tournament, which is to decide the championship of Southern California and which will be open January 16.

The tourney will be run on the now famous "Sun" plan, that is each contestant will bowl two matches with every other one. The entries will close January 14. The contestants are to roll two matches a week and there will be a game every night at Mackenzie's until the tournament is decided.

Our physicians will cheerfully answer all letters asking for special information or advice, for which no charge is made.

Mrs. Quirk is expected to arrive in a few days from Chicago and Mrs. Marsh and Mrs. Williams of Newport have been asked to compete. Those present at the meeting were Mmes. Lapham, Scott, Knox, Adair, Sherwood, Mack and Porter.

There will be an adjourned meeting of the Men's Amateur Basketball League at the Los Angeles Y. M. C. A.
