

## RALLY TO AID OF DUMB ANIMALS

### SOCIETY WOMEN INTERESTED IN WORK OF S. P. C. A.

Chief Officer Zimmer Answers the Bitter Attack Made by Ex-Governor Gage in the Car. Center Trial

Owing to the attack made upon the Society for the Prevention of Cruelty to Animals by ex-Governor Henry T. Gage and the assistant district attorney, in which the officers of the society were declared to be grafters and the society's right to exist was disputed, the meeting held yesterday at the home of Mrs. Lee W. Foster created even more interest than had been anticipated.

Invitations had been issued to a large number of the most prominent women of Los Angeles to be present and many of them had been interested in the work of the society in the past and were indignant at the statements made concerning the board of directors and other officers of the association.

Madame Caroline Severance presided and introduced as the first speaker Chief Humane Officer Zimmer, who answered the attack made upon him and his associates in the trial of C. M. Carpenter, charged with the murder of David Frey at a cocking main held on May 1 last.

The officer opened his remarks by saying that owing to certain things which had transpired since the invitation to address the meeting had been given he felt called upon to leave out most of the things that he had intended to say and to explain the present condition of affairs.

#### Answers Attack

"It grieves me more than I can tell," said the officer, "to have to stand here and make answer to an attack, as it is my duty to do. I can hardly believe that an ex-governor of our state and a man whom many of us thought to be above such things could ever have allowed to let fall from his lips such statements as were made by him during the trial which has just closed.

"The whole proceeding was nothing short of blackmailing and I believe it was done with a vicious intent. The men who made this attack upon us were paid, hired and sent there by cockfighters, saloonkeepers, ex-prize fighters and gamblers.

"When I came to this city four years ago I thought that it was the crudest place in which I had ever been. Mules climbed the hills with loads which were altogether too heavy for them to haul and often I have seen blood streaming from under the collars. Men pounded them with whips, with lashes lashed with iron to make the blows more effective, and even broke the handles of shovels on their backs.

#### Growth of Work

"I had been interested in the work of the humane societies in New York and hunted up the officer in this city. I found him after some search and discovered that he was expected to look after both the children and the animals. This was more than any one man could attend to, and naturally the animals suffered.

"I became interested and for eleven months gave my services free of charge.

"We began a systematic fight, attacking first one thing and then another, till we finally came to the cocking. When I saw the cruelty which was going on I made up my mind that it had to be stopped.

"It was at that time that we employed Earl Rogers. He agreed to act as our attorney for one year for \$300, and we knew that he was the man who could aid us in the fight.

"For this we were scored by Gage, who terms it an extravagance, and yet the same attorney could have received many times that fee from the other side."

Mr. Zimmer gave a detailed account of the fight that was made and then explained other features of the work that were accomplished when that had been completed.

The story of the eventful Sunday when David Frey met his death was related by the speaker, who also drew a picture of the man who is locked in a cell as a result of it, and compared that to a picture of the cockfighters.

"We are accused of going to that place for the purpose of making money and dividing it among ourselves," said the speaker.

#### Plea for Carpenter

"The man who was accused and convicted of killing David Frey I believe has been convicted on perjured evidence, given by men who were paid to do it. I do not think that it was Mr. Carpenter's bullet that did the work, and I am sure that it was the shooting was purely accidental."

A report showing that the money paid out by the society each month had been greater than the receipts was read, and the announcement made that none of the officers had received their salaries this month because there was no money with which to pay them.

When Officer Zimmer had finished speaking Rev. Hugh K. Walker was introduced and made a strong plea for the work in Los Angeles.

that we can afford to risk its being unconstitutional."

The last statement of Dr. Walker was greeted with enthusiastic demonstrations from those present. Short remarks were given by Mrs. Rebecca Spring, Mrs. Helen Matheson and Mrs. Deardoff.

### HOODLUMS MAKE ASSAULT ON JAPANESE LABORERS

Six Little Brown Men Repulse Mob of Orange Pickers at Riverside

Special to The Herald. REDLANDS, Jan. 11.—About twenty orange pickers, armed with stones, last evening besieged the house of Yamato & Co., the Japanese labor bureau at 410 East Central avenue, and commanded them to leave town. But one of the six Japanese in the house could speak or understand English, and before he could fully comprehend the purport of the demands made by the intruders a stone was hurled which struck him in the head, knocking him senseless. The other Japs, thinking him dead and not understanding the meaning of the onslaught, caught up pieces of furniture and firewood and without great effort drove the intruders off.

J. H. Daniels, well known in pugilistic circles as the "Montana Kid," who married Miss Rose Gordon of Redlands at San Diego last week, is said to be a prospective resident of this place. His friends claim that he will settle down in some business and remain here permanently.

A meeting was held last evening by representatives of the various churches in the interest of the union evangelical meetings to be held in February, which J. Wilbur Chapman has been engaged to conduct in the First Methodist church. A well organized union was established and a committee appointed to carry out every branch of the work.

A systematic canvass will be made enlisting the co-operation of all Christian churches and workers. The Christian, South Methodist, First Methodist, Congregational, Baptist, First Presbyterian and English Lutheran churches have allied themselves in the carrying on of this evangelical meeting.

January 27 has been set for a debate to take place between orators of Riverside high school and Redlands high school in the auditorium on the subject "Will the Japanese Victory in the Present War Be a Benefit to the World at Large?"

A basket ball contest will take place between members of the same schools in Redlands the latter part of the month. The girls and boys will play alternate rounds until the games are finished. In February the Redlands team will go to Pomona to play a game of basket ball with the boys of that school.

### MANY ATTEND SERVICES FOR LATE E. H. GRUWELL

Funeral of Former Recorder of Riverside County Largely Attended by Fraternal Orders

Special to The Herald. RIVERSIDE, Jan. 11.—The funeral of the late E. H. Gruwell, county recorder since the organization of the county and cashier at the time of his death of the Riverside Savings Bank and Trust company, which took place at 2 o'clock today from Calvary Presbyterian church, was one of the largest funerals ever seen in Riverside. Four fraternal organizations—the Odd Fellows, Knights of Pythias, Maccabees and Elks—attended as organizations, all but the Elks being in uniform, and the street in front of the church was crowded for a half block in each direction.

Rev. Alexander Eakin officiated and Judge Noyes made an address. The Odd Fellows took charge from the church. All the county offices were closed, by resolution of the board of supervisors, during the funeral and the county officials attended in a body. The pall-bearers were associates of deceased in the bank and at the court house, among them being W. B. Clancy, George Brown, C. E. Waite and J. S. Logan.

At the special meeting of the county supervisors, held this morning for the purpose of electing a successor to County Recorder E. H. Gruwell, I. S. Logan, who has been acting recorder for nearly a year past, was chosen.

The directors of the Riverside chamber of commerce met this morning and organized by the election of the following officers: C. E. Rumsey, president; E. P. Clarke, first vice president; William Grant Frazer, second vice president; George L. Winterbotham, secretary. The chamber of commerce will at once take steps to signify its approval of the bill which is to be introduced at the present session of the legislature for the appropriation of \$76,000 for water and forest preservation.

Miss Lydia W. Wildes, daughter of F. A. Wildes, and William F. Shiels were married today at 1 p. m. at the residence of the bride on the corner of Lemon and Thirteenth streets, Rev. Alexander Eakin officiating. The bride was handsomely gowned in white chiffon, and attended by her sister, Miss Mae Wildes. Charles M. Shiels, brother of the groom, acted as best man. A reception followed the wedding. Mr. and Mrs. Shiels will be at home after February 1 at 1023 Cedar street.

### REQUISITIONS NOT IN FAVOR

New Administration May Balk at Old Scheme

The order has gone out to the heads of the different city departments that "emergency" requisitions for supplies and extra labor will not be popular with the new council.

The old council passed numerous orders on the city treasury for goods which were bought out of order. The new council has sent out the tip that the "emergency" requisition is a tender mechanism, to be used only on rare occasions.

## AUTOIST FINED FOR SCORCHING

### NEUSTADT EXCEEDED SPEED LIMIT IN PASADENA

Three Candidates Are in the Field for Position of Councilman From the Newly Created Ward

Special to The Herald.

PASADENA, Jan. 11.—After the jury in the Neustadt automobile speed case today had been out but eleven minutes a verdict of guilty was returned. Neustadt insisted that he had been running less than the required limit of fifteen miles an hour, but two plain clothes men, one at each end of a clock, timed the autoist by both their watches and then compared the result, which showed the block of 1522 feet done in forty seconds. Deputy City Engineer Ramel was called in to testify as to the rate, and after being given the figures said the rate of speed would be twenty-six miles an hour. The fine of \$16 was paid.

William Dodge, G. A. Winner and J. Edmund Kent are aspirants for the position of member of the city council from the newly annexed section of the city to the north. The leading amendment to the city charter is one which creates the new ward and provides for the election of a councilman from that ward. All three men are property owners in the new ward.

Former Governor H. H. Markham of this city arrived here this afternoon after several weeks' absence in Washington, where he has been watching the interests of Southern California. The governor looked ill and worn and was evidently still suffering from the severe fall recently received in the capitol. It was just before Christmas that Mr. Markham slipped and fell heavily in one of the corridors at the capitol and had to be taken to his hotel. While the physicians declared the injury not at all serious, but only troublesome, still Mr. Markham has suffered considerably from it ever since and has come home to recuperate.

There has been more or less complaint during the past week from the orange men in and about Pasadena that the oranges are beginning very early in the season to "puff," which will seriously injure their marketable qualities. The puffing of the ripened fruit is explained by the officers of the Pasadena Orange Growers' association as caused by the rains coming after a peculiarly long drouth, when there is little if any irrigation. The Pasadena Orange Growers' association is now running full force and packing a very fair grade of fruit and will continue to pack until the 200 cars, which the association controls, are shipped east.

Mr. and Mrs. J. W. Lippincott of Lima, O., have been visiting Mr. and Mrs. J. F. Roush of 757 North Catalina avenue.

H. T. Elliott of Pittsburg, formerly one of the leading grocers of the "Smoky City," has come to Pasadena to make it his permanent home.

J. F. Toolen, a prominent Chicago capitalist, is visiting friends in North Pasadena and incidentally looking at choice investments.

Announcement is made today that the brilliant Choral society concert, which was given on the evening of the Tournament of Roses, is to be repeated at an early date, probably on February 7. Every indication points to it being a social as well as musical success.

W. Scott Way, secretary of the Pasadena Audubon society, received today a cordial letter from the Vermont state society of the same name, in which were pleasant greetings from the eastern society.

Throop institute has installed a hundred and seventy lockers in the dressing rooms, and any student may rent one for his personal use for a small sum.

The "New Men's club," recently organized by the Rev. S. G. Dunham, will hold its second meeting next Monday evening at the Universalist church. The regular dinner at six is to be followed by a discussion upon "The Recall" measure. W. C. Petcher of Los Angeles will take the affirmative side of the question, and Walter S. Wright of this city, the negative.

Governor Rafael Pimentel of Chihuahua, Mexico, visited Throop yesterday, placing his son there in the college department.

E. G. Winslow of 236 North Mentor

### FEEL SICK?

Then you are the very person we want to interest in the merits of Hostetter's Stomach Bitters, and to urge a fair trial for your health's sake. This medicine has restored more sickly people to robust health than any other. Get a bottle of

Hostetter's Stomach Bitters today and take a dose before meals and at bedtime. It will soon make you strong and robust, by strengthening the entire system and thus curing

Poor Appetite, Indigestion, Sick Headache, Constipation, Torpid Liver, Chills, Colds or Malaria, Fever and Ague.

Try a bottle at once.

avenue, was seized with a sudden illness this afternoon and died before Dr. Crane, who had been hurriedly sent for, could reach him. Mr. Winslow was formerly of Danville, Ill., and was wealthy. He had just completed the building of a fine new home on North Mentor avenue. The funeral arrangements have not yet been made.

Mrs. Margaret Ann Madison, wife of Frank Madison, died at 75 Waverly drive late last night. Mrs. Madison had been in Pasadena for a little over a month and was 34 years of age. The deceased came here from Providence, R. I., and the body will be returned to that city for interment.

### REDLANDS MAN CHOSEN BY TRACTION COMPANY

Special to The Herald.

SAN BERNARDINO, Jan. 11.—The directors of the San Bernardino Valley Traction company have elected John H. Fisher of Redlands as general manager of the lines of that company in this valley, and he will at once assume his duties. The matter of building a suburban line from this city to Rialto has been taken up in earnest. Surveys will at once be made for the most feasible route and it is probable the construction work will be commenced early in the spring.

The spring carnival to be held by the San Bernardino business men will occur on May 16, 17, 18 and 19. The joint committee to set the matter in motion has named a committee of ninety-nine business men to take charge of the affair. It is intended to make the show the greatest ever held in this part of the state outside of Los Angeles.

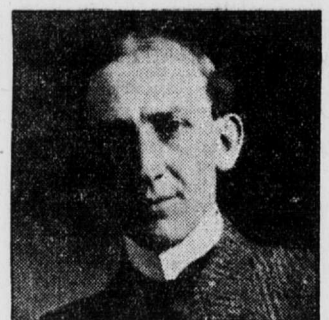

The marriage of Miss Helen Harmon Knapp and R. B. Goodell occurred yesterday at the home of the bride's mother, Rev. B. Fay Mills of Los Angeles officiating. The groom is one of the prominent young attorneys of this city and they will make their home here after taking a honeymoon trip to the coast.

The San Bernardino County Fruit exchange has passed resolutions endorsing the movement to secure the passage of legislation at Washington to enlarge the powers of the interstate commerce commission. The exchange represents about 500 fruit growers of this county.

## I Give Away Medicine

I Am Driving Catarrh From the Face of the Earth—Read My Offer, You Have Nothing to Lose.

I could not very well afford to make medicine and give it away and pay for this advertisement for the privilege, unless I had a good object in view. If I should continue in that kind of business alone, I could

C. E. GAUSS—Discoverer of Certain Catarrh Cure and Mankind's Benefactor

not continue very long. My reason is this: I know that my Combined Treatment will cure catarrh. I know that if you suffer from this terrible disease and I can get you to use the large trial package that I will send you free, it will help you so much and you will feel so much better that you will want to be entirely cured and will buy more of it, so I can pay for what I give you and this advertisement and make a profit besides. If I didn't know from experience that these things are all true, if I hadn't cured thousands of people in just this way, I would not be paying the newspapers to publish this offer. I have been trying this system for some time, and it has brought me more business than I ever dreamed of or hoped for.

You know if you have catarrh. You know the foul, offensive, sickening nature of the disease. You know how intensely disagreeable it is, not only to yourself but to all your friends. It is dangerous, too. It often causes consumption. I am sure you want to get rid of it. Now, I will give you a start. If you will only send me your name and address, by mailing to you free a large trial package and after you have used it you shall decide for yourself what you do about ordering more. I know what you will do; you will continue the treatment until you are sound and well, and then from the bottom of your heart you will thank me and call me blessed.

My Combined Treatment goes to the root of the disease and thoroughly cleanses you and clears you of all poisons and—but I have said enough. If you are interested, you will send me your name and address. If you are not, I might talk till doomsday and it would not move you, and all this talk costs money. The name of the medicine is Gauss' Combined Treatment, and my name and address are: C. E. Gauss, 2937 Main street, Marshall, Mich.

## STATE OF CALIFORNIA In the Superior Court

COUNTY OF SACRAMENTO

ALBERT D. SMITH  
VS.  
HARRY COHN AND  
ISAAC COHN

## WRIT OF ATTACHMENT (COPY)

The People of the State of California to the Sheriff of the County of Sacramento, Greeting:

WHEREAS, the above entitled action was commenced in the Superior Court of the County of Sacramento, State of California, by the above named plaintiff, to recover from the said defendant the sum of \$2499.43, besides interest and cost of suit, and the necessary affidavit and undertaking herein having been filed, as required by law;

NOW, THEREFORE, you, the said Sheriff, are hereby commanded that you attach and safely keep all the property of the said defendants, or either of them within your said County (not exempt from execution), or so much thereof as may be sufficient to satisfy the said plaintiff's demand, as above mentioned, unless the said defendants give you security by the undertaking of at least two sufficient sureties, in an amount sufficient to satisfy such demand, besides costs; in which case you will take such undertaking and hereof make due and legal service and return.

IN WITNESS WHEREOF, I, WM. B. HAMILTON, Clerk of the Court aforesaid, hereunto set my hand and affix the Seal of said Court, at office in the City of Sacramento, State of California, this 10th day of October, A. D. 1904.

Signed, WM. B. HAMILTON, Clerk.

By B. H. GALLUP, Deputy Clerk.

And I, James M. Hardman, having been duly empowered by virtue of an order given to me by J. Gollaber, have caused this entire stock, goods, wares and merchandise, of the above defendants, to be placed in the five-story new brick building,

## HOPE FOR MEN

To Men Who Are Suffering from Nervous Debility, Here is Hope for You.

## He Wants Others to Be Cured

Lumbago, Stomach Trouble and Varicocele.

Soldado, December 4, 1902.  
DR. M. A. McLAUGHLIN—Dear Sir: In compliance with your request for a report of my case every thirty days I am happy to be able to say that for the first time in more than a year I am beginning to feel like myself. The back pains are fast disappearing and my whole system feels full of new life, thanks to you and your Electric Belt. The appliance has about done away with what a local doctor called varicocele, my stomach does not bother me, and I am certain that your belt will do all that you claim it will. I hope this letter may convince many afflicted persons of the wonderful merits of your Belt, and with best wishes, I beg
