KUROKI GETS SIEGE GUNS

Kuropatkin's Forces Now Face 368 Additional Pieces of Artillery

MUKDEN, Jan. 12.—According to information secured by Russian officers the Japanese army facing General Kuropatkin's forces have been reinforced by 368 siege guns recently used in the investment of Port Arthur and also by 32,000 infantry, making a total of 388,000 with 1254 guns.

PLEASSED WITH IMPRISONMENT

Russian Soldiers Enjoy Hospitality of Japanese Captors

NAGASAKI, Jan. 12, 3 p. m.—The steamers Kaga and Sunuki have arrived here with 1600 Russian prisoners of war and fifty officers. All the prisoners have been quartered at Inasa, a village near by, where has also been prepared a lodge for General Stoessel, who will arrive next Saturday.

The Russian officers are allowed much liberty within the bounds of the town but they are under police escort. General Stoessel and staff will sail from here for Europe on a French mail steamer January 16. The Russian prisoners are unfeignedly pleased at the end of the hardships of the siege and the considerate treatment of their victors.

TO REMOVE WOUNDED

Thirteen Thousand Injured Russians to Be Taken to Japan

TOKIO, Jan. 12.—The original strength of the Port Arthur garrison is now estimated at about 50,000.

At army headquarters it is said that in addition to the prisoners already reported about 13,000 wounded Russian soldiers will eventually be brought to Japan.

General Nogi's headquarters is at present devoting its energies to the dispatching of prisoners to Japan, to the caring of the wounded in the hospitals and to a thorough investigation of the spoils of war.

It was stated today that General Nogi will not return to Tokio for some time.

Sixteen survivors of Vice Admiral Togo's third attempt to block Port Arthur, who were taken prisoners by the Russians, are expected to arrive at Sasebo today. The fate of seventy of their companions is not yet known.

Refuge to Aid Russians

HELSINGFORS, Finland, Jan. 12.—The municipal authorities have declined to assume charge of transportation, and Governor General Prince John Obolensky has appointed Russian officials to take their places.

STOESSEL TO MAKE REPORT

Defender Will Go to Emperor With Story of Port Arthur

ST. PETERSBURG, Jan. 12.—The war office explains that the reason for Gen. Stoessel giving parole and returning to Russia instead of remaining at the head of the heroic troops who formed the garrison of Port Arthur and sharing their fate as a prisoner of war in Japan, is that it is incumbent upon him to bring a detailed report of the defense of the fortress to the emperor.

Rear Admiral Dohninsky, who is senior naval officer, will bring the naval report.

The arrangements for Gen. Stoessel's route home are not completed. There is a suggestion that he may return by way of Marseilles, where he will receive a gold sword which will be conferred upon him by the French, and thence go to Berlin, where he will receive the order of Pour le Merite bestowed upon him by Emperor William.

DISCOVER SERUM TO CURE CANCER

SCIENTISTS NEAR SOLUTION OF PROBLEM

Buffalo Pathologists Perfect Serum for Alleviation and Cure of the Dread Disease—Report Under Preparation

Special to The Herald.

BUFFALO, N. Y., Jan. 12.—Scientists who since 1899 have been studying cancer at Gratiot pathological laboratory, University of Buffalo, are preparing a report to the profession, the facts of which indicate they are nearing a solution of the great problem.

The Buffalo laboratory has proved cancer to be a parasitic disease, infections in type; that it has been transplanted and reproduced in perfectly healthy animals; that the reproduction has been a true cancer as it exists in human beings, and that the disease in animals has been cured by the administration of a serum prepared in the Buffalo laboratory.

Experimentally considered, the questions of the cause of cancer and its absolute curability are settled facts. What remains now is the application of the results of the animal experimentation to the cure of the disease as it exists in the human being.

Much work remains to be done before Dr. Roswell Park, the director of the laboratory, will be prepared to make his final announcement of the discovery of the serum suitable for use in alleviation and cure cancer in human beings, but that this will be forthcoming in due time is almost an assured fact.

INSANE MAN BEATEN TO DEATH, SAYS PHYSICIAN

Gives Damaging Testimony in Examination of Napa Asylum Attendants

NAPA, Jan. 12.—The preliminary examination of T. D. Shanahan and Oscar Retzman of the Napa state hospital on the charge of killing Joseph R. Louis, a patient at the institution on December 25 last, was commenced before Justice McKnight today.

Dr. T. H. Stice, assistant physician of the state hospital, testified that he saw the body of Louis lying dead with no clothes. He observed a sheet which had blood on it for a space of about eighteen inches square.

When he returned at 10:30 on another visit the sheet was wet and the blood had been washed away. He noticed two E-shaped bruises on Louis, evidently made by blows from a strap with a brass buckle on it, also eight or ten bruises on Louis' arms.

Harvey Grigsby, a citizen of Napa, testified that he saw the struggle between Attendants Shanahan and Retzman and Louis. Under a rigid cross-examination the witness said he did not see the attendants jump on the chest of Louis. He was not present during all the struggle.

Dr. Stice stated that nearly all of the ribs of Louis were found broken after his death.

YEOMANS TO SERVE UNTIL COCKRELL TAKES HIS SEAT

Nominated by President for Intervening Term on Interstate Commerce Commission

WASHINGTON, Jan. 12.—The president today sent to the senate the nomination of James D. Yeomans of Iowa to be interstate commerce commissioner.

Commissioner Yeomans' term expired on January 7. It was the idea of the president that Mr. Yeomans would continue as a member of the commission until his successor had qualified. Lawyers in congress held, however, that the appointment of a member of that commission is for a definite period and that, therefore, Mr. Yeomans ceased January 7 to be a member of the body. The president referred the matter to Attorney General Moody for an opinion. His opinion, submitted to the president today, is in accord with the general view in congress that Mr. Yeomans is not a member of the commission. The president, consequently, sent the appointment of Mr. Yeomans to the senate, the understanding being that he will serve as a member of the body until the term of Senator Cockrell in the senate shall expire.

Presbyterian Minister is Sorry That He Yielded to Importunities of A. Hart McKee and Performed Ceremony

Special to The Herald.

PHILADELPHIA, Jan. 12.—Rev. E. Yates Hill, pastor of the First Presbyterian church, expressed regret today over his part in the secret ceremony which united A. Hart McKee and Mrs. Cornelia Baxter Tevis.

Although the Presbyterian church has no binding canon upon remarriage of divorced persons, there is a strong sentiment against it among the clergy. "I have been in Philadelphia only a short time," said Hill, "and I was surprised when McKee sought me out and asked me to perform the marriage ceremony. I had some suspicions when I reached the hotel, but the party was of such evident standing that I thought it was all right."

"I learned the history of the two for the first time this morning and I am heartily sorry I performed the ceremony."

BLUNDERS INTO PUBLICITY

McKee's Lawyer Arouses Suspicion of Newspapers and Story Gets Out

PITTSBURG, Jan. 12.—It was owing to the mad haste of A. Hart McKee to wed Mrs. Tevis that the sensational testimony of Mrs. Lydia Sutton McKee in asking for divorce, was laid bare.

Within an hour after the decree of divorce had been handed down last Monday a messenger from McKee's attorneys appeared in court and asked for a transcript of the case for his client. In the confusion the newspapers got wind of the story which was intended to be suppressed as had been the filing of divorce proceedings.

McKee paid his former wife \$300,000 for agreeing to divorce, the stipulation being that testimony be kept secret, but his own blundering made publicity possible.

INFANT TOILS IN SWEATSHOP

BABY EARNS FIFTY CENTS PER WEEK

Physician at New York Infirmary Makes Startling Statement About Eighteen-Months-Old Child Patient

Special to The Herald.

NEW YORK, Jan. 12.—That an 18-months old child has been a toiler in a sweatshop here was the startling development today in the agitation against child labor. This baby toiler earned 50 cents a week. The information comes from a well credited source.

Dr. A. E. Daniel, of the New York infirmary for women and children, reported the case. He said: "Some time ago a child of one and one-half years was brought to the New York infirmary from the settlement. After that time the mother said she needed the child's services in following her trade of passementerie making in her tenement home."

"She said the child's services were worth 50 cents a week to her. The little one rolled tiny balls in paste which the mother attached to form a variety of passementerie for millinery trimmings."

"She said that if the baby did not help her she would have to do that detail of the work herself and of course would earn proportionately less."

The law here prohibits the employment of persons under 14 years of age.

DISCORD LURKS IN REFORM RANKS

TEMPERANCE WORKERS FAIL TO HARMONIZE

LEADER OUSTED, SAY FRIENDS

Associates of Wiley J. Phillips Assert That Outsiders Took Control of the Meeting Last Sunday

The germ of discord has taken root in the ranks of the army of temperance workers who are preparing to wage war against the liquor traffic in Los Angeles, and unless peace is restored in the camp of the reformers the enemy may go unmoored.

Since the meeting last Sunday the trouble has been growing gradually until it has ended in open declaration of facts showing that all is not well with the different factions concerned in fighting the liquor men.

The meetings were originally started by Wiley J. Phillips, editor of the "California Voice." He asked two or three others to speak at the meetings and it is affirmed that these "two or three others" have introduced still others and that they have taken the whole affair out of the hands of Mr. Phillips.

At the meeting last Sunday Mr. Phillips presided and said that Mr. Hall would speak.

Mr. Hall made some opening remarks and then introduced some one who would fill his place, he said. This was Rev. C. C. Pierce of the Memorial Baptist church, and his address was satisfactory to the leaders, as he contended that no one special organization, no W. C. T. U., no prohibition party, no anti-saloon league, but the people of Los Angeles are going to put the liquor men out of business.

When Mr. Pierce had finished speaking Mr. Bowers was asked to say a few words, but he announced that he was prevented from doing so by a cold and said that in his place he would appoint Fred F. Wheeler.

Mr. Wheeler is chairman of the county central committee of the Prohibition party and he announced at once that he had drawn up a set of resolutions which he desired to present for the consideration of the meeting.

The resolutions were read and the speaker moved their adoption. Another member of his party seconded the motion and a third called for the question.

Questions Point

A man in the audience arose to a point of order and asked to be informed as to the legal right of a certain measure. He was immediately put down by Mr. Wheeler, who said he had considered the question of law and that everything was all right. He again called for the question and the resolution was carried.

Provision was made for the appointment of a committee to take charge and nominate a permanent executive committee which would elect officers and conduct all the necessary business.

"Just to facilitate affairs for the chairman," said Mr. Wheeler, "I will suggest a committee on nomination." The committee was elected as he suggested, and held the first meeting Tuesday morning in the office of the Voice.

Some of those who were present at the Sunday meeting contend that everything was taken directly out of Mr. Phillips' hands and that the members of the Prohibition party came (Continued on Page Two.)
