

GROOM FREED ON ASSAULT CHARGE

PASADENA MUST NOW FACE TRIAL FOR BATTERY

High School Honors Father Cooke. Joint Installation of Officers. Body of Dead Woman is Crushed in Wreck

PASADENA, Jan. 13.—Last Sunday morning Marshal W. Groom, a brother-in-law of Dr. S. M. Woodbridge of South Pasadena undertook to chastise the doctor for something said about Mrs. Woodbridge, who is separated from her husband. Woodbridge had Groom arrested on a charge of assault. A jury in G. W. Glover's court in South Pasadena returned a verdict of "not guilty." Groom will have to stand another trial tomorrow morning, before Judge H. H. Klamroth in this city. Woodbridge was advised by the prosecuting attorney that the charge should have been battery rather than assault, but Justice Glover would not change the original charge. Judge Rossiter, who is defending Groom, will endeavor in the morning to have the case dismissed on the ground that there should have been but one charge.

Shakespeare Club to Study Wagner

An afternoon of exceptional interest will be the Wagner-Parsifal program tomorrow before the Shakespeare women. The literary discussion will be heard tomorrow, to be followed by a musical-recital by Miss Alice Coleman a week from tomorrow, all the music to be from the "Parsifal." For tomorrow Miss Edith Ames will read a paper upon "Wagner, the Musician;" Miss Edith Hill of the high school one on "The Parsifal, Its Literary Significance," while Miss Lucy Chamberlain will read extracts from Howard Duffield's celebrated essay upon Wagner. Miss Ada Trotter will give personal recollections of Bayreuth. The interpretation of the "Swan Song" from the Lohengrin and of the "Sublime, Sweet Evening Star," by Rev. Lindsay English will add to the pleasure of the occasion.

High School Honors Father Cooke

It has become the well established custom each winter to show at the high school some special honor to Rev. Henry Cooke, the venerable Baptist minister, who comes every season from Boston to Pasadena. This morning "Father Cooke," as the aged man delights to have the young people call him, was at the new high school building and presented the school with a handsome set of Dickens, giving also one of his characteristic talks. A musical program in charge of Miss Harriet Rice was given.

Joint Installation of Officers

There was a large attendance last evening at the joint installation of the new officers in the Grand Army of the Republic, the Woman's Relief Corps and the Sons of Veterans organizations which took place in the G. A. H. hall, which was gallily decorated for the occasion. Many strangers, visitors in the city, were present.

Wife's Body Crushed in Wreck

In the wreck of the California limited near Las Vegas yesterday the body of Mrs. W. H. Denio of Alhambra, which the husband was taking east for interment, was crushed and the iron casket smashed as if it were kindling wood. Mrs. Denio died at the family home between Alhambra and Pasadena on December 19, and the husband was accompanying the remains to the old home in Rochester, N. Y., for interment. According to the telegrams from Mr. Denio the body was dug by the train men from beneath several feet of snow, and will be taken on to Las Vegas and after re-arrangement the sad journey east will be continued.

Pasadena Brevities

The Winslow inquest conducted this morning by Coroner Trout brought out no new facts in regard to Mr. Winslow's sudden death on Wednesday. The jury returned a verdict that death was due to valvular disease of the heart. The witnesses examined were Dr. Crance, who arrived at the house just after the man's death, and sev-

eral of the relatives. No post mortem examination was deemed necessary. Mrs. William MacCormack, wife of the popular rector of All Saints' church, is quite ill with grippe. J. R. Wilson was arrested by Captain Austin on a charge of violating the hitching ordinance, and the man put up three dollars as bail for his appearance tomorrow morning. W. L. Findley, the noted bird photographer, is a guest for a few days of Dr. and Mrs. Fordyce Grinnell at their home, "The Birds' Retreat."

Dolores Cortez of this city, queen of the Gonzales, will speak before the Southern California Press club tomorrow evening at Blanchard hall, Los Angeles. James Hubbard met with a serious accident while chopping down pepper trees in North Pasadena today, his ax slipped and entered his right foot, making a dangerous wound. For fear that there is to be a large sanitarium established in the McDowell house on the corner of Summit avenue and Washington street in North Pasadena a petition against any such measure has been numerously signed in the past two or three days. The property is a large one and has extensive and handsomely improved grounds.

Throp basket ball girls met with serious defeat at the hands of the All-Pasadena team on the Throp court yesterday by a score of 12 to 23. Postmaster John W. Wood has appointed Frank C. Robinson, Edwin J. Babb and Robert M. Barrett as substitute mail carriers in the local office. The appointments were made under the civil service, and the men are in line for promotion.

NEWS OF REDLANDS

Congregational and Lutheran Churches Hold Annual Meetings

REDLANDS, Jan. 13.—Thursday evening the Congregational church held its annual meeting in the lecture room. A large attendance of the church membership was represented. The business of electing officers and reading of reports of the various branches of the church work, were the chief matters of importance to come before the assembly. The reports read were highly encouraging from all branches. The Evangelical Lutheran church people assembled for their first annual meeting last evening. The pastor, Rev. George H. Hillerman, reported a flourishing condition of the work since the dedication of the church two months ago. During the period \$2000 has been raised by the church, 200 calls made and a splendid showing in the increase of members in church and Sunday school membership.

The Contemporary club has arranged for two lectures to be given the latter part of the month by Burton Holmes on subjects pertaining to the Russo-Japanese war. Ranchers in and about Redlands are rejoicing at the special advantages of the rain, which they say could not have come at a more opportune time. In this city there was a rainfall of 3.11 inches, while a much larger amount fell in other places in this vicinity. At Beaumont, where there was a fall of ten inches, thousands of acres of grain planted before the first light showers of several weeks ago was just ready for the second downpour and the ranchers claim they will get heavy crops.

PALOMARES HOTEL SOLD

POMONA, Jan. 13.—The Palomares hotel has been sold by E. B. Pierce to O. B. Manville, who has been staying for several weeks at the hotel. The consideration was \$20,000. Mr. Manville will take possession about February 1 and will make a number of improvements. A large contract for street grading and stone curbing has just been let by the city trustees to Contractor John Whyte under the Vrooman law. The work includes that portion of East Third, Fourth and Fifth streets in the Crabb subdivision and its cost will aggregate \$3500.

Receiver for Lincoln Car Lines

LINCOLN, Neb., Jan. 13.—Judge Holmes of the district court announced today that on January 30 he would appoint a receiver for the Lincoln Traction company, which owns all the street car lines in this city, on the application by the city on the ground that the company owes \$56,000 for taxes.

The Trip to Take

TODAY SATURDAY. Saturday at 9 p. m. the time expires when Mount Whitney Gold Mining Company's stock can be obtained at 10 cents a share. We have kept every promise we have made to our clients regarding this splendid gold property. We promised to conscientiously prosecute the development work—not a day has been taken off two forces of men; night and day shifts have worked strenuously in crowding the tunnel work. We declared we would make regular and concise reports as conditions developed. We have done this. We have piled upon the dump over \$100,000 in good, rich ore ready for the mill. We now promise that within one year from the time when we placed this stock on the market we will have a mill in operation. We will do this. If California ever had the prospect of a good mine this is it. Every condition that could possibly point to a successful mine is strongly marked in this one. Plenty of rich ore, an able mining man in charge, clean, conscientious directors and managers, abundance of water, plenty of timber, cheap living, near a railway, even climate and a determination to make this ONE PROPERTY ably and honestly conducted to a sure and solid future. Would you like to join with successful people in the development of such a mine? This is your opportunity. You take the minimum of chance here with the maximum of results. Don't delay. The time to get in on a good proposition right is before it begins to pay. If you doubt that this mine will pay come to our office and see the samples of ore, see the engineer's reports, look at the pictures, ask all the leading questions you can think of. This is one mine wherein every interest of the investor is watched with the minutest care. Join us at once and share in the great profits but a few months distant. By simply saving 25 cents to \$2.50 a week you can own a block of shares of the
