How I Cure Weak, Puny Men

Give me a man broken down from dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and sturdy. Even that man I can make better than he is; but the man who has been strong and who has lost his strength I can make as good as he ever was. I can give back to any man what he has lost by violation of the laws of nature.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, who is inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose it in any manner my Belt will replace it, and cure you.

Dr. M. A. McLaughlin: Dear Sir: I have experienced a decided improvement since wearing your high-grade Belt, and by adhering closely to your hygienic rules and your directions as to the proper manner in which to direct the current, the result is that languid feeling has left me and I feel buoyant and elastic once more. There is quite a change in my countenance, my eyes have a lively appearance, the pale, sallow color is replaced by a healthy glow. My digestion is all right and my bowels doing well. Thanking you for what you have done for me, I remain, yours gratefully, W. LOVETTL

Letters like that tell a story which means a great deal to a sufferer. They are a beacon light to a man who has become discouraged from useless doctoring. I get such letters every day. My Belt has a wonderful influence upon tired, weak nerves. It traces and invigorates them, and stirs up a great force of energy in a man.

I make the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures after everything else has failed are my best arguments.

Dr. M. A. McLaughlin: Dear Sir: I am glad that I can report excellent results from the use of your Belt. I am more than satisfied with it, for I am feeling much better in every way and thankful to you for your kind advice. Yours truly, H. B. DOLCH. Give me a man with pains in his back, a dull ache in his muscles or joints, "come and go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism or any ache or pain, and my belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn. LOS ANGELES, CAL.

Dr. M. A. McLaughlin: Dear Sir: As you will see, I have left my former home, and have been working here for some time, something I never could attempt to do before taking your treatment, so you see it has done me a great deal of good. Yours truly, BEN H. BRIGGS, 1232 Temple St.

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now, what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try? Is there a remedy which is as simple, as easy to use, as sure to cure, and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself and to those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not to be delayed.

It's as good for women as men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no stinging, no burning, as in the old-style belts. Call today, or send for my beautiful book, full of the things a man likes to read if he wants to be a strong man. I send it sealed, free. Cut out this ad.
