

# GENERAL FUNSTON HOLDS THE GATE

## FUNSTON MEETS HIS MATCH IN ANGRY AMAZON

Lady of the Bundles Clears the Field in the Battle for the Buffet at Cincinnati Yesterday

Special to The Herald. CINCINNATI, Feb. 11.—Brigadier General Frederick Funston was in the city a short time today between trains, en route to Chicago. He started to leave the depot to get some lunch, but was buffeted every time he tried to pass through one of the gates by a big woman carrying several good-sized bundles, who was trying equally hard to enter. The woman, of course, did not know him. They met half way. It became a push of war. "Get out of my way, young man," she exclaimed half angrily. General Funston is not an old man, but it was evident he did not like being called "young." He did not move very quickly, and the woman placed a size 10 hand on his breast and pushed him backward, step by step, till he was again in the shed.

## YE OF NOBLE COLONIAL ANCESTRY, HEARKEN!

### Armorial Order of Americans May Put You on Its Roll

Special to The Herald. NEW YORK, Feb. 11.—Rake over all your old family records and see if you are descended from one of the original thirteen colony colonizers; then examine the family tree to learn if you bore the seal of nobility in his native land, whether England, France, Spain or Holland. If so, you are entitled to membership in the newest and most exclusive society in America. Mrs. William Gerry Slade is the founder of the Order of Americans of Armorial Ancestry. At present there are but twenty-five entitled to wear the order, while a waiting list of more than a hundred is having its records verified. As soon as their numbers justify it the order intends to print a list of those who, by virtue of their descent, are alone entitled to "bear arms" in this country. The insignia is a wonderful piece of work. The name of the first recorded ancestor is stamped on a ribbon suspended from a gold bar bearing the coat-of-arms of the United States. Attached to the ribbon is the British shield, also in gold, and to that are suspended the names of the colonies in different colored ribbons.

## CHARGED WITH STEALING AN ENTIRE RAILROAD

### Although Accused Admits He Took the Property He Is Discharged by Court

Special to The Herald. WILKESBARRE, Pa., Feb. 11.—Charged with bodily stealing a railroad, Henry C. Kline faced the judges in the criminal court here today and was afterward discharged, the court holding, although Kline admits taking the railroad, that a man could not be tried for larceny for plucking a railroad out of the ground and carrying it away any more than he could be for carrying off a house. Kline took the railroad, an abandoned single-track one, between a mine and a culm bank and cast it off his land, as the company showed no intention of doing so. A score of neighbors aided him. The court said it was a case for the civil and not the criminal court.

## NEEDED MORE BEARERS FOR 320-POUND CORPSE

### Last of the "Large Whartenbys" Had to Be Taken Out of Window

Special to The Herald. PHILADELPHIA, Feb. 11.—To carry the body of Adam Whartenby from his home, 464 Dittman street, to the hearse yesterday it was necessary to call extra bearers for the mourners. Adam was the last of the "large Whartenbys," as their friends called them. He was a bartender in his brother's saloon, at Oxford and Dittman streets, and while on duty the day before last Christmas he ruptured a blood vessel, dying from the hemorrhage later. He weighed 320 pounds, but he was smaller than his uncle, who weighed 400 pounds, and his grandfather, who weighed 410 pounds. The coffin was six feet two inches long and twenty-eight inches wide. It had to be taken out of a window.

## The Value of Charcoal

### Few People Know How Useful It is in Preserving Health and Beauty

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it not only kills all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey. The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit. A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

## WARSHIPS AT SAN DIEGO

### Bennington Arrives From South and Boston Is Expected

By Associated Press. SAN DIEGO, Cal., Feb. 11.—The gunboat Bennington arrived here from the south today, having been in southern waters since October, during part of the time at practice in Magdalena bay. The cruiser Chicago and the coast defense monitor Wyoming, which latter arrived yesterday, will remain here with the Bennington for some time yet. The Boston, which was ordered north from Panama because of yellow fever aboard, was due to reach Acapulco on February 7 and is expected here within a few days.

## SKEPTICAL AS TO PEACE

### Japanese Minister to London Thinks Fighting Will Continue

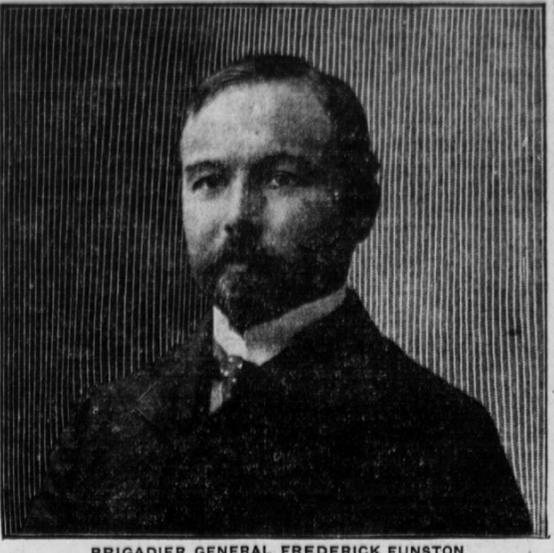

By Associated Press. LONDON, Feb. 11.—Stories purporting to emanate from London concerning negotiations for peace in the far east find no support and no credence in responsible quarters here. "All my information is quite to the contrary," said Baron Hayashi, the Japanese minister, today, and therein the minister voiced the general opinion of those in a position to know. "I cannot account for the recrudescence of these reports," continued the minister. "Certainly I know of no movement in the direction of peace. There is every probability of a continuance of the war. The internal situation in Russia does not affect Japan's actions or plans. It has not entered into our calculations. Japan is as ready for peace now as she has been since hostilities broke out, but the proposals must emanate from Russia and be such as to assure permanent peace and friendly relations between Japan and Russia."

## MAJ. HARDIN ACQUITTED

### Held Blameless for Escape of Prisoners From Philippine Jail

By Associated Press. WASHINGTON, Feb. 11.—The war department has been informed of the acquittal in the court martial case of Major Edward E. Hardin, Seventh infantry. Major Hardin was in charge of the military prison on Malahi island, in the Philippines, and while acting in that capacity, 30 prisoners escaped from that place, killing several of the guards. Major Hardin was brought before a military court which has acquitted him as being entirely blameless in the matter.

## WOMAN VANQUISHES DOUGHTY WARRIOR

BRIGADIER GENERAL FREDERICK FUNSTON

## DECLARES CURE HAS BEEN DISCOVERED FOR LEPROSY

### Woman Worker Near Jerusalem Asserts Remedy Was Given to Her by Visitor

Special to The Herald. NEW YORK, Feb. 11.—Mrs. Minerva Ryerson, a former resident of Paterson, N. J., who has been nursing lepers on the outskirts of Jerusalem for the last eight years, is now on a visit to this country and in a recent interview at Trenton she declared her belief that a cure had been found for leprosy. She said that a remedy had been given to her by an English woman in a Jerusalem hospital and that she had used it with excellent effect on several patients. The first person cured was a woman twenty-seven years old. After she had undergone treatment this woman was examined by two doctors in Jerusalem, who pronounced her apparently cured, although they said that her blood would have to be analyzed before her true condition could be determined. Some of the woman's blood was subsequently taken to Philadelphia by a doctor who was touring in the Holy Land and to whom Mrs. Ryerson told the story of the woman's apparent cure, and this doctor later reported to Mrs. Ryerson that the blood had been analyzed by two specialists, who had pronounced it free from traces of leprosy. Mrs. Ryerson lost her husband about eight years ago and soon after, having become interested in "Simpsonism," began doing gospel work in connection with a mission that was being conducted in Paterson. A tenet of "Simpsonism" is that the Lord is the Savior and Preserver of the body as well as of the soul, and she contended that all ills could be cured by faith and prayer. She announced eight years ago that she had been called to work among the lepers, and after remaining a while as nurse among the leper colony on North Brother island she started for Jerusalem.

## TRINITY COLLEGE GRANTS OPPOSED

### IRISH ROMAN CATHOLICS ENTER PROTEST

Special Cable to The Herald. DUBLIN, Feb. 11.—The quarterly meeting of the standing committee of the Roman Catholic hierarchy in Ireland was held this week, Cardinal Logue presiding. A resolution was adopted unanimously to the effect that in view of the "insidious attempts now being made by the authorities of Trinity college and some of its protestant supporters to induce by pecuniary reward the youth of our Catholic schools to enter that institution, so often condemned by their pastors," Catholics should be warned against "danger of accepting these educational bribes." The present attempt is regarded as in no way differing in principle from the attempts made by the college "for the past three hundred years to wean away the Catholic youth of Ireland from their allegiance to their faith and their country."

## PROFFERED SCHOLARSHIPS SHOULD NOT BE ACCEPTED, AND VOTING OF MONEY FOR QUEEN'S COLLEGE IS CONDEMNED

Special Cable to The Herald. DUBLIN, Feb. 11.—The quarterly meeting of the standing committee of the Roman Catholic hierarchy in Ireland was held this week, Cardinal Logue presiding. A resolution was adopted unanimously to the effect that in view of the "insidious attempts now being made by the authorities of Trinity college and some of its protestant supporters to induce by pecuniary reward the youth of our Catholic schools to enter that institution, so often condemned by their pastors," Catholics should be warned against "danger of accepting these educational bribes." The present attempt is regarded as in no way differing in principle from the attempts made by the college "for the past three hundred years to wean away the Catholic youth of Ireland from their allegiance to their faith and their country."

## STATE CARRIAGE A HACK

### Vehicle Used by John Sherman Now Doing Menial Service

Special to The Herald. ASHLAND, O., Feb. 11.—The carriage of the late John Sherman is doing duty as an ordinary hack in this city. The carriage was used by Mr. Sherman during many years of public life at Washington, and has carried most of the presidents for half a century, as well as other noted people of this country and visiting princes and potentates. The last occasion when the carriage was used in the Sherman family was at the funeral of its owner, at which time it was occupied by William McKinley, Mark Hanna, William Day and George Cortelyou. The carriage is in good condition and is not valued highly by the present owner, a livery firm.

## DEMANDS \$5,000 FOR GAPING

### Elgin Man Sues Chicago Company for Damages for Injuries

ELGIN, Ill., Feb. 11.—Because he gapes continuously as the result of injuries to the muscles of his neck sustained in a fall while in their employ, Robert Thompson has begun suit for \$5,000 personal damages against the Roebeling Construction company of Chicago. The man alleges that as a result of his injuries he is able neither to work nor sleep, but is constantly afflicted with gaping. Thompson was employed on the new building of the Elgin National Watch company and fell four stories. Reflections of a Spinster Most men think they are worth an awful lot of trouble to get; most women know they are an awful lot of trouble to keep. The men who think it awful for women to work for a salary are often the same one who don't mind allowing their wives to do the housekeeping without adequate compensation. After a man has found it too much trouble or too difficult to keep his New Year's resolution he decides the practice of making these resolutions is silly and childish anyway. Envy is the mother of most desensations.—Baltimore American. The largest glass bottles ever blown were recently made at the plant of the Illinois Glass company. The capacity of each bottle is forty-five balloons.

## WARSHIPS AT SAN DIEGO

Major Hardin was brought before a military court which has acquitted him as being entirely blameless in the matter.

# JAPANESE SHOW THEIR LOYALTY

## CELEBRATE VICTORIES WON IN PRESENT WAR

Subjects of the Mikado Observe Holiday With Firing of Cannon and Gay Colored Fireworks

The roar of cannon which awoke the echoes in Boyle Heights early yesterday afternoon announced the opening of the Japanese celebration in honor of the victories won in the present war in the East. A gayly decorated rostrum was occupied by the leading subjects of the mikado in Los Angeles, some in uniform, and beside them a dozen fair maids of Japan in the uniform of Red Cross nurses. Everywhere the stars and stripes and Hinomaru, or sunrise flag of Japan, floated on the breeze. When the ceremonies were completed at the stand, the assemblage betook itself to the track where the sports which were the feature of the afternoon's program were conducted. The oval was surrounded by an enthusiastic crowd of 5000.

A flag race, in which each contestant carried a flag, made a very pretty spectacle and was won by K. Suzuki. A dozen sturdy contestants lined up for the 220 yard run and after the hardest kind of a race, Odate Uyede spurred at the finish and took the prize. The broad jump went to H. Kume, who leaped sixteen feet high. The Japanese are noted for their strength and staying ability but the 40 yard run proved too much for some of the strongest looking contestants and several fell from exhaustion just before the wire was reached. Nogi Motosu staggered across the finish a winner.

The 880 yard run brought out a good field, but the distance and strain cut down the list of runners by two-thirds before the race was over. R. Niyeda managed to beat Shimizu for first place. One of the features of the program was the obstacle race in which the men had to climb a fence, go over a horizontal bar, jump through barrels and climb under a net, with large meshes, spread on the ground. The barrels furnished much fun for the spectators as did the high fence. Ohara Ichimari scrambled around the oval and through the barrels and won with yards to spare.

## Japanese Women Race

The real feature of the day was the Red Cross nurses' race. The dainty Japanese belles outshone their more sturdy brothers in the running game and Miss Hsuzuki won handsly. Sumo, which is the ceremonial wrestling of the Japanese, and jiu jitsu and fencing completed the program for the afternoon. Day fireworks were thrown into the air continually. When the bombs broke silk flags and figure pieces floated earthward attached to tiny parachutes. In the evening elaborate fireworks went sent skyward and three large standing pieces representing the American and Japanese flags, Admiral Togo and General Nogi.

## PROUD OF GIFT FROM CZAR

### Miss Sylvester, a New Jersey Maiden, Asked Emperor for Stamps and Got Them

Special to The Herald. PASSAIC, N. J., Feb. 11.—Miss Irene Sylvester of 74 Ascension street is the proudest girl in Passaic, as she exhibits a full set of current Russian postage stamps, including cards, stamped envelopes and wrappers, sent to her by the czar himself. Some time ago Miss Sylvester wrote the following note, which was sent to a friend at the Russian court: "To His Imperial Majesty Nicholas II, Czar, St. Petersburg, Russia: I am collecting postage stamps of all nations, but have no Russian stamps. May I beg your imperial majesty to be so kind as to send me a few of the used stamps, many of which must come to you daily on letters and be thrown away? "I am an American girl, 14 years old, and send greetings to your majesty's own little girls, about whom I have enjoyed reading. " Hoping that it may please your majesty to send me the stamps, and thanking you in advance, I am, respectfully, IRENE SYLVESTER." The stamps were sent by the czar to the Russian consul general in New York, who forwarded them to Miss Sylvester. A note in Russian from the consul said: "His imperial majesty, the czar, has been graciously pleased to send Miss Irene Sylvester a collection of Russian postage stamps." There was also a receipt for the young woman to sign and return to the consulate.

## SAN JOSE CONVENTION

### Pacific Coast Association of Traffic Agents to Be Entertained

By Associated Press. SAN JOSE, Feb. 11.—The local railway agents have completed arrangements for the convention of the Pacific Coast Association of Traffic Agents, which will convene in this city February 20. The program will include addresses of welcome by the mayor and the president of the chamber of commerce, a reception and dance, excursions to Lick observatory and Stanford university, and trips over the interurban and Alum Rock railways.

## "77" Cures Colds and GRIP

### Backache

Backache is the most distressing symptom of Grip. It may be between the shoulder blades, extending clear through the chest, or down in the kidney region; it may take the form of Lumbago (crick-in-the-back), and lame you so that you cannot walk or stand; to lie still is impossible; to move agony. The Backache of Grip destroys your disposition and makes you a bugbear to your family and friends. Why not try Dr. Humphrey's "Seventy-seven"? It works wonders—cures Grip, breaks up the Cold and prevents Pneumonia. At Druggists, 25 cents, or mailed, Humphreys' Home, Medicine Co., Cor. William and John Streets, New York.

# ERNEST VAN PELT

## BELASCO STOCK COMPANY SECURES POPULAR ACTOR

Ernest Van Pelt Changes Employers and Will Appear in "On the Quiet"

Notable among the changes in his stock company which Frederick Belasco has made during his present stay in Los Angeles is the addition of Ernest Van Pelt to the cast at that theater. Van Pelt is an actor who has acquired a great popularity in Los Angeles, having for many months been a member of the Burbank company. While he has not played as leading man his parts have covered a great range and he has shown decided talent on the stage. He will not supplant anyone at the Belasco theater, but will simply serve as an additional "juvenile" which the management can draw upon to reinforce the work of such actors as Oberle, Barnum, Galbraith, Scott and Vivian. Van Pelt will become a member of the Belasco company this week, appearing for the first time at that house in "On the Quiet," which opens February 19.

# ARE YOUR KIDNEYS WEAK?

## Thousands of Men and Women Have Kidney Trouble and Never Suspect It

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for You, Every Reader of The Los Angeles Herald May Have a Sample Bottle Sent Absolutely Free by Mail

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty. If you are sick or "feel badly" begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone. I was out of health and run down generally; had no appetite, and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and cleanses out the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers. Gratefully yours, Mrs. A. L. Walker, 331 E. Linden St., Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away. The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

## How to Find Out

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver and bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Los Angeles Sunday Herald. The proprietors of this paper guarantee the genuineness of this offer.
