MELBA ENCHANTS HUGE AUDIENCE

FAMOUS SINGER IS RECEIVED WITH ENTHUSIASM

Prima Donna Is in Wonderful Voice, and She Graciously Responds to the Many Demands for Encores

Madame Melba was greeted last evening by an audience that filled Temple auditorium. There were few vacant seats on the main floor, most of the boxes were occupied and both the galleries were crowded.

Madame Melba was in a most gracious mood. Her wonderful voice was at its best and she gave of it generously in many encores. Her first number was the mad scene from "Lucia di Lammermoor." This was sung with a flute obligato, a daring challenge to criticism that only a vocalist of marvelous endowment could successfully carry off.

Many Encores Demanded. Madame Melba's second number was the Tosti "Serenata," with harp accompaniment. When she had recalled several times she sang "Good Bye" with such magic of tone and phrasing that every man who did not care for operatic selections awoke to enthusiasm.

Although Mr. Ellison Van Hoose, the famous American tenor, and Charles Gilbert, the French baritone, are members of the concert company, Signorina Sassoli, the young harpist, really divided the honors with the prima donna. This talented Italian girl in short dresses won instant sympathy, for she is beautiful and she has a most attractive stage presence.

Eighteenth Century Songs. M. Gilbert was first heard in two French songs of the eighteenth century, "Plaisir d'Amour" (Martini) and "Jeunes Fillettes" (Wekerlin). Afterward he sang "Maigre Moi." He has a voice of big range and he sings with the finish and style of the artist.

Called to Preach on Street. "I am called to preach the gospel and I want a permit to speak on the streets. I am sure God will bless you, let me have this permit. I expect to preach the true gospel. Christ appeared to me and told me to do this."

MME. MELBA, WHO SANG LAST NIGHT AT TEMPLE AUDITORIUM

PRISON SHOULD BE PLACE FOR REFORM

SAYS LACK OF WALLS ADDS TO TEMPTATION

To a Large Audience at the First Baptist Church Maud Booth Speaks of Her Work in Penitentiaries

"God's child, follower and fellow worker of Jesus Christ, the winner of the lost and one who is doing the work so much akin to that of our blessed Lord, Mrs. Maud Ballington Booth."

These were the words used by Rev. E. P. Ryland in introducing Mrs. Booth, who is known in the prisons throughout the United States as "Little Mother," last evening at the First Baptist church when she addressed a large audience on her work among the prisons.

"When I first went into this work many told me it would be so futile that I would give it up, but I came back here and shall not have to tell a story of helplessness. I have greater hope and confidence of the possibility of reforming those within the walls of the state prisons."

"I would to God, instead of drawing pictures for you, I could let you see the wonderful audiences in prison chapels and see our boys there. You, too, would believe there is much gold even beneath the brass, and reaching it, reclaim it as good coin of the king's realm."

"When I first went into the prison work I had no idea that it would become national. I went into prison with the feeling that there was something there to redeem and with the power of God would accomplish it. The message we take to the prison walls is the same that fell from the lips of the Calvary Christ. This day shall thou be with me in Paradise."

"Our mission is not to quarrel with the law or prison discipline, but to tell those within of a power that is stronger than that which blighted their lives, and that sunshine can reach even between prison bars."

"Poor Folsom! It has made my heart ache to think that the people of this state look upon it as a place of desperate brutes. There are 1001 men, 150 of whom have life sentences with nothing to lose and everything to gain, with no prison walls. A prison without walls is a great temptation. If you and I were there and could see the green hills and trees we might make a break, and I am quite sure I should. I have no word of censure, but I tell you a few thousand dollars could well be used to build suitable prisons and walls, which would remove temptation. I think there will come a time when every effort will be made to make the prison a place for reform."

"The blame rests not on the prisoners or officials, but on the shoulders of the public who care not for the reform of these public charges or that they be reformed."

"I should have no fear of spending any hour of the day in any of the prisons where it is commonly believed are only desperadoes."

Mrs. Booth will speak this afternoon before the members of the Friday Morning club at the Woman's club house and this evening at the Hotel Green, Pasadena. Tomorrow she will go to Santa Barbara and later north, where she will visit the prisons.

Croup. The peculiar cough which indicates croup is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear.

GREEN HOTEL PARTY IS SUED BY SHEARER'S WIDOW

Mrs. E. C. Jefferson, Count Costigliolo and Others Defendants in Damage Case

As a sequel to the automobile accident at Pasadena on Monday, wherein Christian Shearer, a limeman, lost his life, suit was filed in the superior court yesterday by Mrs. Annie Shearer, the widow of the deceased, against T. E. Jefferson, Mrs. E. C. Jefferson, E. C. Costigliolo, Frank Hutchinson, J. Kennedy and others for damages in the sum of \$25,000.

Mrs. E. C. Jefferson, who is named in the complaint as one of the defendants, is a guest at the Green hotel, Pasadena. It is said that Mrs. Jefferson was driving the machine at the time the accident occurred.

The machine is owned by the defendant Costigliolo, a French count, who is also a guest at the Green hotel. Mrs. Shearer was with her husband at the time of the accident, and in her complaint she alleges that the automobile was being propelled at a greater speed than twelve miles an hour.

At the time of the accident Shearer and his wife were returning to their home at Sierra Madre, and had just stepped from the San Marino car, near Lamanda Park, on East Colorado street, Pasadena.

The action is brought by Attorney M. Lissner of Los Angeles and the complaint contains the usual allegations.

REGISTRATION IN ORDER FOR CITY LABORERS

By Virtue of Charter Amendments Another Class of Men Comes Under Civil Service

The civil service commission yesterday decided that A. H. Reavis, a deputy in the office of the city assessor, is not entitled to the benefits of the civil service system. Reavis is one of a number of deputies who claimed his position by virtue of the adoption of civil service while he was employed by the city.

The commission has decided that Reavis was not an employee of the city when the civil service law went into effect. Reavis' name was dropped from the roll of eligibles.

About fifty laborers have already registered, as provided in the new charter amendment. President Thomas appointed Commissioners Haines and Edelman as a committee to prepare a set of rules for the certification and appointment of laborers.

The employment of men in this classification in the street and park departments is at a standstill until the commission shall determine the methods whereby they are to be given places.

MAY END ALL "HOBO GRAFT"

Supervisors Favor Fixed Salaries for Constables and Justices

The day of the alleged "hobo graft" is fast drawing to a close, for yesterday the board of supervisors passed a resolution indorsing senate bills Nos. 255 and 288, which purport to do away with the fees which follow in the wake of a "hobos' arrest."

These bills place all constables and justices on the salary list, their respective compensations to be regulated by the population of their respective precincts.

In townships of less than 1000 population the salary is fixed at \$35 a month, in townships with a population of between 1000 and 3000 the salary will be \$50, in townships with a population of between 3000 and 15,000 their compensation will be \$75 a month, while in townships of over 15,000 population the bills fix the salaries at \$100 a month.

In addressing the board on the proposed law Chief Deputy District Attorney James said:

"Under the salary schedule I do not think you will have 50 per cent of the prisoners in the county jail that you now have."

The board agreed unanimously with the deputy district attorney in his remarks and the resolution was passed. "It will settle the 'hobo graft' undoubtedly," declared Supervisor Alexander.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them "They must let go or die."

Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskillfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery, writes Geo. A. Thompson, of Shelburne, Vt., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing five or six pounds a week. Lost from 150 pounds down to 125. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the Common Sense Medical Adviser about Dr. Pierce's Golden Medical Discovery, and I said, that sounds more like common sense than anything else that I had heard. I bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to any address. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth-bound edition. Address, Dr. R. V. Pierce, Buffalo, N. Y.
