## ROBERT DEMPSTER ACQUISITION TO STOCK COMPANY

Former Member of the Warde-Kidder Combination to Be Seen in a Juvenile Role at Local Theater

Robert Dempster, formerly of the Warde and Kidder company, is the latest acquisition of the Belasco stock company. Dempster will make his debut in this city at that theater as Hyde Ogden in "On the Quiet," which opens next Monday evening.

While Dempster is an actor of only a year's experience he has acquired a remarkable name in his profession during that time. He is a graduate of Cornell university class of 1904, where he made his specialty of law and finished with high honors. He also became a member of the Delta Tau Delta and Phi Delta Phi fraternities. During his college career he was president of the Masque club of that university and participated in many amateur theatricals. In this way he formed his liking for the stage. He was also president of the Savage club, a social-theatrical organization, and was one of the glee club's soloists. After he left college he secured a small part under the direction of Kemper and Wagenhals in "Salammbô." After the third performance his ability was recognized and he was promoted to the role of Anchesis in that play. Both Frederick Warde and Miss Kidder took a great interest in the young actor and gave him every benefit of their experience.

It was while he was playing in Los Angeles in this role that his work attracted the attention of Frederick Belasco and this prominent coast manager extended inducements which caused the young man to remain in Los Angeles and after a short vacation to report for work at the Belasco theater.

"Stock work," said Dempster, "is what I feel I need at this period in my career and I cannot express how thankful I am for this opportunity to be with an organization which is recognized the country over for its excellence. Kemper and Wagenhals have been good enough to ask me to join their forces again next season, but that depends on how well I am able to do here."

During his stay here Dempster has been living with relatives in Pasadena and has become a favorite there socially.

# ST. PETERSBURG STRIKES RENEWED

## GOPON'S LIEUTENANTS MAY BE AT WORK

Witte Still in Office, but a Campaign Is Waged Against Him and Changes Are in the Air

ST. PETERSBURG, Feb. 17.—The editor of Russian Wealth, M. Annensky, who was arrested simultaneously with Maxim Gorky, the author and reform leader, was released yesterday. Upon his appearance before a scientific society last night he was received with great enthusiasm.

Membership in a secret organization formed in 1903 to incite strikes and promote revolution is one of the charges brought against him, and this also involves Maxim Gorky and the other members of the delegation who were arrested with Gorky and Annensky.

Has Served Five Terms Already M. Annensky, whose five terms in the fortress under arrest have made the interior of the fortress of St. Peter and St. Paul thoroughly familiar to him, told the Associated Press yesterday that he had also been required to plead to the charge of formulating anti-governmental proclamations, the penalty for which offense is banishment for life to Siberia, but that no proof was offered of either charge.

Annensky said the prosecutor showed him the draft of an address to the people, alleged to be in the handwriting of Maxim Gorky, and alterations in another hand, alleged to be Annensky's. Annensky declared that he could not identify the document or the hand writing.

Only four of the original delegation remain in custody. One of these is the workman, Kuzin, who for a long time escaped arrest because his identity could not be ascertained by the police. The authorities continue, however, to make occasional arrests of others in connection with this matter. Those who have been released are still under charges.

Campaign Against Witte The report of M. Witte's resignation from the presidency of the council of ministers is still in circulation but cannot be confirmed. M. Witte was busy last evening on routine work with the director of the tax department as if no change were certain. It is well known, however, that a campaign is being waged against him by men of influence dominant in the present crisis. It is claimed that his voice will be for peace.

It is also admitted that M. Witte has incurred enmity on account of his intervention in favor of some of the liberals who have been arrested. M. Witte is steering a cautious course in order to avoid entanglements. Undoubtedly he will be the man of the hour if sweeping reforms must be granted.

Many Changes Rumored Many rumors are current of ministerial and military changes, including a report that War Minister Sakharoff may be sent to relieve General Kuropatkin, and also one to the effect that M. Boulgan, minister of the interior, is not in sympathy with the situation and may retire in favor of General Treppoff, governor general of St. Petersburg. The successor of M. Muraviev, former minister of justice, appointed ambassador to Rome, has not yet been appointed. Almost anything is likely

to happen but nothing definite can be ascertained.

### WORKMEN AGAIN ON STRIKE

Make Fresh Demands, Including Release of Arrested Comrades

ST. PETERSBURG, Feb. 16.—The employees of the Putiloff works appeared at the works today, but instead of resuming their tasks demanded as a condition of going to work the release of their comrades who are under arrest. Similar action was taken by the men of the Neva works. Upon other grounds the workmen again went out at the Franco-Russian works, the Russo-American Rubber works, the St. Petersburg Car works and the Nicholas railroad shops.

Considerable mystery surrounds the resurgence of the strike movement, it being rumored that Father Gopon is again directing operations through his lieutenants.

Council at Tsarskoe-Selo ST. PETERSBURG, Feb. 16.—Emperor Nicholas today presided over a council in the imperial palace at Tsarskoe-Selo. All the ministers have been summoned for the purpose of discussing the advisability of transforming the present unofficial council of ministers, which is called at regular intervals by the president, into a cohesive cabinet, meeting as a responsible body under the presidency of the emperor.

In the latter's room it was proposed to place a quantity of stolen silk, some of which figured in the case.

The vote on the measure was 39 to 54. Assemblyman Waste gave notice of reconsideration. The vote was 28 to 6.

By a vote of 25 to 8, Assemblyman Luley's bill providing that no person shall have the right to carry a concealed weapon, except on the permission of a superior judge, sheriff, mayor or president of the board of trustees of an incorporated city, was defeated in the senate this afternoon.

### SLAP AT COMMITTEE

House Refuses to Kill Bill Appropriating \$3000 for Whittier

SACRAMENTO, Feb. 16.—The senate met tonight and passed some seventy code revision bills. The assembly passed a number of bills amending the county government act. At 10 o'clock both houses adjourned until 10:30 in the morning.

During the evening the assembly voted a deliberate slap in the face of the ways and means committee. Chairman Stanton desired that Johnstone's bill appropriating \$3000 for the purchase of a water supply for the Whittier Reform school be killed on second reading file.

He said he wanted to know whether the assembly was going to stand by the recommendations of the committee on appropriation matters. A spirited debate followed and Stanton's motion was defeated by a two to one vote. Later Johnstone partly healed the breach by withdrawing his bill.

Hahn's senate concurrent resolution ratifying amendments to the charter of Pasadena was adopted by the senate today.

Two bills by Senator Broughton amending the penal code and providing for the destruction of liquor taken under search warrants proceedings were defeated in the senate today by a vote of 20 to 9. Notice of reconsideration in each instance.

Senator Woodward's bill allowing the organization of banks in localities with a population of 1000 or over, at a capital stock of \$10,000 instead of \$25,000, as in the existing law, was passed by the assembly today. The vote on the measure was 54 to 14. Having passed both houses the bill has been sent to the governor for his signature.

On a resolution by Senator Shortridge, Governor Pardee was granted a leave of absence from the state by the senate this morning. The governor is allowed to be absent for more than sixty days, but not longer than four months during any one year. The resolution was introduced for the purpose of allowing the chief executive to attend the Lewis and Clark exposition.

# KELLY WOULD STARVE HIMSELF TO DEATH

Philadelphian Refuses to Touch Food. Police Believe He is Insane

Owen Kelly, the Philadelphia capitalist who is in the Los Angeles city jail awaiting the arrival of a detective who is on his way to take Kelly back to the Quaker city, has eaten but one meal since he was arrested.

He seems to be brooding over the shortage in his accounts and this it appears has affected his mind, for he sits on the edge of his bunk all day with his head in his hands and refuses to speak to anyone.

He is exceedingly headstrong and is determined not to touch food and unless he can be prevailed upon to eat or can be fed artificially he will starve himself to death.

Kelly desires to stay in the city jail and therefore will not be taken to a private hospital as some of his friends desired. He shrinks from intercourse with his fellowmen in a manner which, the police believe, proves his mind has been affected by the long strain and flight.

### SENSATIONAL EVIDENCE IN CODY DIVORCE CASE

Wife Accused of Acquiring Influence Over Colony by Administering "Dragon's Blood"

CHEYENNE, Wyo., Feb. 16.—The trial of the divorce case of W. F. Cody against his wife began in the district court here today. Mrs. John Boyer, whose husband was for many years Cody's ranch foreman at North Platte, Neb., and who then lived on the Cody place, was put on the stand by the plaintiff and gave sensational testimony to the effect that Mrs. Cody had administered to her husband on several occasions a drug known as "dragon's blood," secured from a gypsy.

She said Mrs. Cody used the drug to bring the colonel under her influence in order to secure deeds and other papers from him, and that she did not care if the drug did kill Cody.

Mrs. Boyer testified that Mrs. Cody was an habitual drinker, was quarrelsome and frequently insulted Cody and his guests deliberately. On cross-examination she admitted that Mrs. Cody told her the drug was a love potion and also that she and Mr. Cody had not been on good terms for a number of years.

Among the recommendations in Governor Carter's message were the establishment of a system of local self-government approximating the county system; radical changes in the liquor laws and an increase of educational appropriations.

Governor Carter said the large number of Asiatic children should be provided for.

A number of members in both houses have county government bills which they will introduce.

When Mrs. Mueller, attracted by the shooting, opened the door to let her husband in, a big St. Bernard dog bounded out of the vestibule at the robbers. The dog was killed.

Mrs. Mueller was commanded by the robbers to stand, but she ran through the house to a back door and alarmed the neighborhood.
