The date of the wedding is not yet made public. The Mound Water company has for some time been boring for water on the Alvard place east of town, and has now struck a fine flow at a depth of 650 feet.

Band Concerts Uncertain The old difference as to the best day for the band concerts has resulted in but a part of the needed money being paid into the hands of the committee in charge, and it is feared that the plan to have one each week may not go through as hoped.

A petition is being circulated over the county, having for its object the construction of a bridge over the Santa Clara river at Saticoy. This has always been a dangerous place and during high water is impassable.

D. R. Denison has purchased the J. S. Briggs lot on East Main street and will soon begin the erection of a residence.

NEW WATER WELLS IN MONROVIA DISTRICT

Col. I. W. Polk and "Lucky" Baldwin Bore Successfully—Negro Preacher Married

Special to The Herald.

MONROVIA, Feb. 22.—Important water development has been successfully undertaken in this district recently. In a well in lower Duarte Col. I. W. Polk has secured water at a depth of 114 feet. "Lucky" Baldwin has engaged a company to bore for him on a portion of Santa Anita Rancho to the southeast, where the lands are now devoted to grain but could be converted to walnut growing with water. At the mouth of Santa Anita canyon R. W. Daniels struck water at a depth of 90 feet. Many believe this is seepage from the heavy rains, but the well is watched with interest.

Rev. Sidney A. Knox of the African Methodist Episcopal church, was married here last night at the church on Charlotte avenue. The bride was Mrs. Mary L. Alchison of Oakland. The ceremony was performed by Rev. G. Haines of Hickory, N. C., who ordained Knox in the southern state 20 years ago. The church was crowded, many friends of the preacher among the white people going to the ceremony. The church was artistically decorated.

The fire hydrant rate is fixed at \$3.00 per month instead of \$1.50. The raise in the fire hydrant rate is made on account of the new Rubidoux reservoir in which the company has invested \$20,000, and the extra pipe line which connect the pumping plants in the reservoir with the reservoir and the downtown system, on which \$11,000 has been expended.

HAWKINS LIVED THERE UNDER NAME OF MULLOCK

Dr. J. H. Cooper Claims That He Stole a Pearl—Citrus Union Announces Totals in Orange Pools

Special to The Herald.

REDLANDS, Feb. 22.—It has developed that John M. Hawkins, the coin sweater who was arrested in Los Angeles Sunday afternoon, is none other than A. W. Mullock, who occupied a room at the home of C. C. Crum of Brookside avenue and boarded at the home of Dr. J. H. Cooper of Eureka street in this city for about a month past. He left suddenly one day, leaving a note for Doctor Cooper to the effect that he was on his way to Arizona, where his partner had been murdered, and that he would send a check for his board from that place.

A pearl valued at \$30 is also missing. He had offered to polish the stone for Dr. Cooper and the doctor claims that Mullock stole it. He left without paying for either room or board.

Redlands News Items The Citrus union has announced its totals on the orange pools up to December 31, showing that 5,795,980 pounds of fruit were shipped. The returns for that month amounted to \$78,194.58.

The new organ for the Unitarian church, which has been shipped from Philadelphia, will be installed and ready for use the first of March. At the union revival service last evening a new feature was introduced when the Odd Fellows, who had adjourned their regular meeting by common consent, attended in a body, occupying the main part of the front balcony. Over eighty members were present, and Dr. Chapman acknowledged their presence as a gracious courtesy, stating that this was the first time in the history of his revival campaign that any fraternity had attended in a body.

Justice Gifford is again able to be about after a severe attack of tonsillitis.

JOHN W. GATES PAYS VISIT TO SANTA MONICA

Speaks Highly of Its Progress and the Enterprise of the Community

Special to The Herald.

SANTA MONICA, Feb. 22.—Accompanied by a party of twenty-eight persons, John W. Gates, the New York multi-millionaire, came down to Santa Monica today in the parlor car Mermaid. A stop for luncheon was made at the Arcadia hotel, where an elaborate menu had been arranged in anticipation of the party's arrival. South Santa Monica, Ocean Park and Playa del Rey were visited and Mr. Gates expressed himself as astounded at the progressiveness and enterprise with which he was confronted on every side.

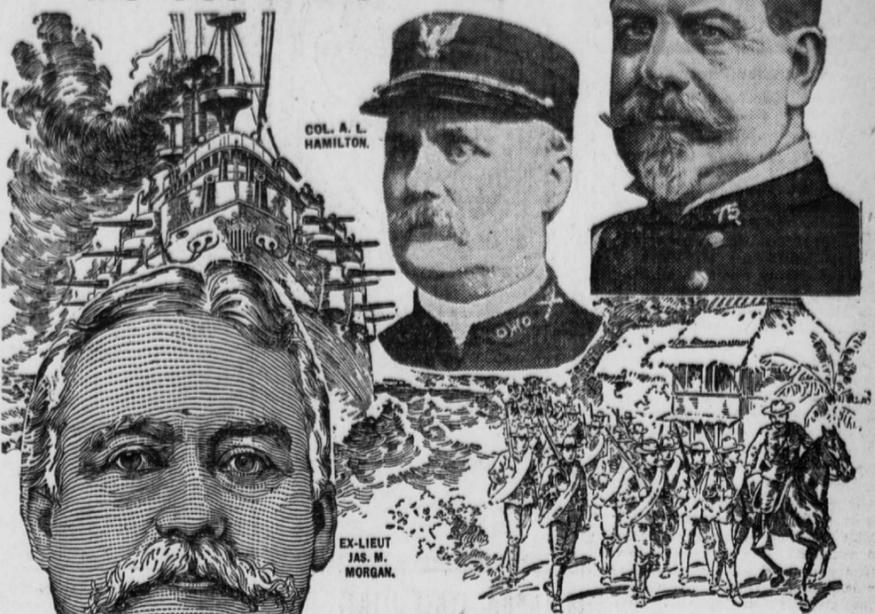

The last rehearsal has been held and the high school seniors are anxiously awaiting Friday night and the prompter's whistle, when they will present "A Thorn Among the Roses" at the North Beach auditorium. A one-act farce entitled "Never Say Die" will serve as a curtain raiser. The high school orchestra has entire charge of the music and a feature of the evening is to be the singing of a new song, adapted to the local school, by all members present.

Abbot Kinney's pleasure pier and ship hotel now in course of construction at the foot of Windward avenue are being badly bumped and the work considerably retarded by great quantities of wreckage and heavy piling that hourly is being washed away from the damaged pier avenue wharf. The owner of Venice has served notice to the Santa Monica board of trustees and to the Ocean Park Improvement company that he wants some action taken in the matter at once.

By far the most brilliant social event ever held at the Ocean Park Country club took place last evening when about four hundred persons enjoyed

ARMY AND NAVY OFFICERS

Protect Themselves From Catarrhal Diseases by the Use of Pe-ru-na.

COL. A. L. HAMILTON.

EX-LIEUT. JAS. M. MORGAN.

Prominent Army General Praises Pe-ru-na.

Gen. James R. O'Beirne, 290 Broadway, Washington, D. C., writes: "As many of my friends and acquaintances have successfully used your Pe-ru-na as a catarrh cure, I feel that it is an effective remedy, and I recommend it as such to those suffering from that disease as a most hopeful source of relief."

Ex-Lieutenant Morgan of the U. S. Navy Recommends Pe-ru-na

James M. Morgan, 1735 20th St., Washington, D. C., ex-lieutenant U. S. navy, ex-lieutenant Conf. navy and ex-consul general to Australia, writes:

"The use of your Pe-ru-na as a remedy or cure for catarrh by many of my friends who have been benefited by the same, as well as my own experience as to its efficacy and good tonic properties, causes me to recommend it to all persons."

The constant exposure to the elements of an outdoor life is not so apt to excite coughs and colds as sedentary habits.

Those who are brought to face the weather every day in active life are much less liable to catarrhal diseases than those who are housed up in ill-ventilated rooms.

And yet both of these classes are more or less subject to catarrh and catarrhal diseases.

The soldier and sailor, as well as the civilian, find it frequently necessary to take Pe-ru-na on account of coughs and colds.

Col. Hamilton Uses Pe-ru-na in His Family

Col. A. L. Hamilton of the 17th Ohio volunteers, who had command of a regiment during the Spanish-American War, writes from 259 Goodale street, Columbus, Ohio:

"Besides having the merits of Pe-ru-na so fully demonstrated in my family, I have a number of friends who have taken it for catarrh and stomach trouble, and all unite in praising it. "As a remedy for catarrh, I can fully recommend it."

No one is exempt. The strong and healthy are less liable than the weak and ill, but none entirely escape.

Pe-ru-na has always been a great favorite with military men, both in the army and the navy.

The strongest kind of testimonials are received from officers of high rank concerning the virtues of Pe-ru-na as a remedy for catarrhal ailments.

Only a very small per cent of these letters can be used for publication for want of space.

A reward of \$10,000 has been deposited in the Market Exchange bank, Columbus, Ohio, as a guarantee that the above testimonials are genuine; that we hold in our possession authentic letters certifying to the same.

APPEARING OLD Acts as a Bar to Profitable Employment You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain as long as possible one's youthful appearance. It is impossible to do this without retaining a luxurious growth of hair. The presence of dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
