FINALS IN GOLF TOURNEY TODAY

FREDERICKSON AND FAIRBANKS PLAY FOR CHAMPIONSHIP

Yesterday's Play Eliminated All but Two Men in the Race for the Amateur Title

As predicted, the final battle for the amateur golf championship of Northern California will be fought by William Frederickson and Walter Fairbanks. These men won their matches in the semi-finals yesterday afternoon and today will decide, in a thirty-six-hole contest, which shall have the blue ribbon for the year and the gold medal.

In his match with Jack Jevne yesterday Frederickson found the hardest proposition yet encountered in the tournament. A fine match player always Jevne fought stubbornly to the end, which did not come until there was but one to go when he was defeated by 2 down and 1 to play. It was a well-played match with the exception of three holes, in which both men got into long grass. Jevne was one up at the third which he won in three, but lost the fourth and was never again up.

Frederickson forged ahead at the sixth where he played out of long grass to the green and holed out a three. They were all square at punch bowl where Jevne drove into the bowl and won the hole in three. With five holes to play Frederickson made a brilliant finish, taking the fourteenth and fifteenth in three and four respectively and was two up. The next was halved in four, Jevne saving it by a five long putt. The seventeenth was halved and the match went to Frederickson.

Fairbanks had a rather easy time of it with L. W. Redington of Santa Barbara, winning the match by 7 up and 5 to play. The veteran played in something like his old form and the result never was in doubt.

The game today should be a good one as the contestants are regarded as evenly matched with the advantage on the side of the younger man. The morning round will start at 9:45 o'clock and the afternoon at 1:15. It will be California vs. Colorado, although both men are members of the local club.

The links is expected to be the scene of much activity as the postponed January mixed foursomes for the Shannon trophy will be played in the afternoon.

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so that I could not enjoy my meals, and half my time was spent in bed.

THE IDEAL WIFE

Shapes the Destiny of Men—The Influence of a Healthy Woman Cannot Be Overestimated.

Seven-eighths of the men in this world marry a woman because she is beautiful in their eyes—because she has the qualities which inspire admiration, respect and love.

There is a beauty in health which is more attractive to men than mere regularity of feature. The influence of women glorious in the possession of perfect physical health upon men and upon the civilization of the world could never be measured.

Because of them men have attained the very heights of ambition; because of them even thrones have been established and destroyed.

What a disappointment, then, to see the fair young wife's beauty fading away before a year passes over her head! A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home, and a drag upon her husband.

The cost of a wife's constant illness is a serious drain upon the funds of a household, and too often all the doctoring does no good.

If a woman finds her energies are flagging, and that everything tires her, dark shadows appear under her eyes, her sleep is disturbed by horrible dreams; if she has backache, headaches, bearing-down pains, nervousness, whites, irregularities, or depression, she should take means to build her system up at once by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

This great remedy for women has done more in the way of restoring health to the women of America than all other medicines put together. It is the safeguard of woman's health.

Following we publish, by request, a letter from a young wife.

Mrs. Bessie Ainsley of 611 South 10th Street, Tacoma, Wash., writes:

Dear Mrs. Pinkham:— "Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so that I could not enjoy my meals, and half my time was spent in bed.
