

PEABODY WINS ON A TIE VOTE

LIEUTENANT GOVERNOR TURNS THE SCALE

His Action in So Doing Bitterly Contested, but He Maintains That He is Within His Rights

Special to The Herald. DENVER, Colo., March 14.—On a test vote in the joint assembly this morning the Peabody men won. The vote was a tie—48 to 48—and Lieut. Gov. McDonald then voted with the Peabodyites. As a result the joint assembly adjourned over until tomorrow morning and the anti-Peabodyites were not given a chance to adjourn the joint session sine die.

There will be an attempt made tomorrow morning to carry the sine die adjournment which will leave Adams as governor. There was vigorous objection to Lieut. Gov. McDonald's action in casting the deciding vote, but he maintained that his interest in the result had no bearing on the case, that he had a right to vote and that he would continue to exercise it.

CHURCH EXCOMMUNICATES EX-SENATOR CANNON

Charges Preferred Against Prominent Mormon for Demanding Freedom of Speech and Politics

SALT LAKE, March 14.—The controversy of ex-United States Senator Frank J. Cannon, editor of the Salt Lake Tribune, with the authorities of the Mormon church, an incident of which was the withdrawal of fellowship from Mr. Cannon by the bishop's court at Ogden, resulted today in a formal order from the high council of the Weber stake of Zion in Utah, sitting in Ogden, excommunicating Mr. Cannon from the church.

Coincident with the excommunication of Editor Cannon was the filing of charges against Charles A. Smurthwaite, a merchant of Ogden and a Mormon of importance, ordering him before the bishop's court to answer for alleged rebellious utterances against the authorities of the church and particularly against President Jos. F. Smith.

Mr. Smurthwaite, basing his action upon the Cannon case, has addressed to his bishop an appeal for free speech, demanding also that the church be separated from political dominion of the state.

Long of San Francisco appeared before the governor this morning and registered a protest against the signing of the Pendleton eminent domain measure. OFFICIALS IN FLIGHT

Turkish Generals Escape Machinations of Secret Police

CONSTANTINOPLE, March 14.—Another palace intrigue, so common in the sultan's entourage, has resulted in the sudden flight of a trio of high Ottoman officials, Generals Ahmet Pasha and Riza Pasha, aides-de-camp of the sultan, and Arif Bey, his majesty's chamberlain.

It is said that the three officials fled abroad to escape the machinations of a secret police cabal at the Yildiz Kiosk, who were said to be bent on their destruction. Riza Pasha was recently attacked and wounded in a street brawl of men. The assault is alleged to have been instigated by the chief of the secret police.

EX-GOVERNOR PEABODY

MADDENED MAN KILLS HIS WIFE

RETURNING FINDS HER WITH HER COUSIN

Fuillade Ensues in Which the Woman Is Shot Dead and Her Youthful Companion Dangerously Wounded

GRASS VALLEY, Cal., March 14.—Shortly before 1 o'clock this afternoon William Trebilcock shot and instantly killed his wife and dangerously wounded her cousin, young Charles Allen, at the outskirts of this city.

Trebilcock and his wife had been married eight years, but their life was unhappy. He came home, after an absence of some time, and was met at the front door by Allen, who has not yet reached his majority. He burst in, ordered Allen out of the place and threatened to kill him. Allen jumped behind a door, drew a .22-caliber pistol, having caught sight of Trebilcock's weapon, and fired. The shot went wild, and Trebilcock reached around the door and fired, sending a bullet through Allen's thigh. He then dashed through the door, and his wife fled out the rear door. As she did so Trebilcock fired at close range, the bullet striking her in the back of the head. She fell dead in a pool of blood.

Allen then escaped and ran for a near-by saloon, Trebilcock firing two shots after him. Trebilcock then walked into the town and delivered himself to Marshal Deeble, carrying his six-shooter in his hand, and saying: "I have done the job."

After a short stay in the city jail he was hurried to the county jail at Nevada City, fears being entertained of lynching. On the way to the county jail they had to pass the scene of the murder. A crowd gathered as he passed with the officers, but no demonstration was made.

Young Allen was badly wounded, and is too weak to make a statement yet.

CASTRO ORDERS CONFISCATION

FRENCH CABLE COMPANY TO BE SEIZED

Telegraph Communication Deliberately Severed by the Venezuelan President, and France Prepared to Act at Once

WILLEMSTADT, Island of Curacao, March 14.—Advice has been received from Caracas announcing that the hearing of the New York & Bermudez Asphalt company against the sequestration of its property by the government of Venezuela had been adjourned to make way for the action of the Venezuelan government against the French Cable company.

It is alleged that President Castro has ordered the court to render judgment annulling the contract and authorizing the seizure of the cable company's property. The government has cut the coast cable east and west of La Guira to prevent communication with the revolutionists, who are concentrated at Trinidad. The Europeans at Caracas are excited.

The French foreign office here has not been advised of the action of President Castro toward the French Cable company, but declares that France will act energetically should the information prove correct.

President Castro's attitude with reference to the New York & Bermudez Asphalt company is regarded by the foreign office as a pretext to gain time, and it is added that sooner or later the Venezuelan president will seize an opportunity to create serious trouble between the United States and Venezuela.

PRESIDENT CASTRO

TRAINS HELD AT SANTA BARBARA

LARGE COLONY QUARTERED AT THE DEPOT

Fresh Landslide Blocks the Track and Communication May Be Interrupted for the Next Three Days

SANTA BARBARA, March 14.—All railroad communications between this city and Los Angeles has been cut off, and there is a congestion of south-bound trains at the local depot which cannot be relieved until the Southern Pacific company clears its tracks of debris and fills in the washed-out sections. It is possible that the line will not be opened for regular traffic for the next three days.

It was discovered this morning that there were women and children and a large number of male passengers who were unable to purchase food, having expected to arrive in Los Angeles on schedule time. A temporary colony has sprung up in a night at the Mason street depot where nearly 1000 people from various parts of the world are assembled. The passengers of twelve trains are quartered in the fifty coaches that are detained here, many of them being private cars of wealthy eastern tourists.

It is an orderly, patient party. All the sleepers are filled, and some have been able to find accommodations uptown, but, owing to the crowded condition of all the hotels, many have been compelled to resort to the accommodations that the day coach offers. They are receiving every attention.

Last night another landslide occurred at Benham, across the county line and below Rincon creek, which let loose a quantity of earth 500 feet in length and nearly 400 feet in depth. This submerged the entire track for a distance of several hundred feet. Engineer J. H. Wallace of the maintenance and way department of the Southern Pacific is here from San Francisco and has a steam shovel, with a carrying capacity of four yards, the largest shovel owned by the company. It is expected that the loose dirt will have been removed some time during the night.

To make matters worse at that point the flow of the creek has undermined the track at Benham, and it may require a day or more to put the road in condition for passenger service.

Word was received this morning by Engineer Wallace from Chief Dispatcher Sweetser of the San Joaquin division that 150 men and thirty teams were required to put the tracks in condition at Tejuanca.

ORANGE GROWERS ARE DEFEATED

RAILROADS NOT TO REDUCE FREIGHT RATES

Shippers Are Deprived of Fruits of Their Supposed Victory Before the Interstate Commerce Commission

SAN FRANCISCO, March 14.—The law departments of the Southern Pacific and Santa Fe reached an agreement yesterday respecting the orange rate case.

The railroads have decided to ignore the recent decision of the interstate commerce commission, wherein the commission decided that the rate of \$1.25 on oranges from California to all eastern points was unreasonable and should be reduced to \$1.15. In other words, the railroads purpose to require the payment of the existing rate unless the orange shippers can find relief through the courts. This means that the shippers will not obtain any of the fruits of their big victory before the interstate commerce commission for a year or two.

Gov. Pardee Considers Decision Rests With the Legislature

SACRAMENTO, March 14.—Governor Pardee was called on today by a delegation of Sacramento county officers who advocate the signing of a bill increasing salaries of county officials here. A protest has been made by members of husbandry and tax payers of county districts.

While the governor did not definitely declare his intention he gave the delegation to understand that he does not propose to interfere in the matter of county salaries; that he believed the legislature delegations of the different counties are supposed to represent their constituents and that the place to make the fight against the raise is in the legislature; that having passed both branches of that body he will be constrained to sign all the bills unless some unusual circumstances are brought to his attention.

CURES COUGHS IN A NIGHT

Dr. Bull's Cough Syrup has been a household remedy for the past fifty years, and there is scarcely a home or cabin in the United States that has not a bottle of this wonderful cure in the medicine closet. It contains no injurious drugs. It heals the throat and lungs and renders them perfectly healthy. It leaves no bad after-effects. Every mother should keep a bottle of Dr. Bull's Cough Syrup in the house to be prepared for sudden attacks of croup. Thousands of letters are received from grateful mothers, who say their babies' lives have been saved by Dr. Bull's Cough Syrup.

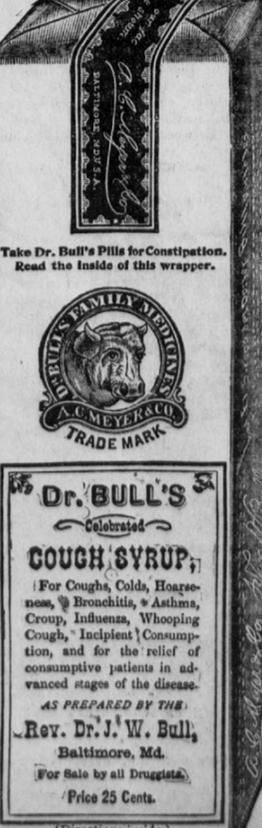

One Bottle Cured Her Boy.

Mrs. Mary Olson, of 530 Clinton Street, Brooklyn, N. Y., writes: "My little boy, three years old, caught the croup and I concluded to try Dr. Bull's Cough Syrup. He was soon relieved after a few doses only, and entirely cured of the croup and bronchial trouble after having taken one bottle of Dr. Bull's Cough Syrup. When I have this old reliable remedy in the house I feel safe, and since it cured him I always keep a bottle in the house. My husband was also cured of a bad cold by Dr. Bull's Cough Syrup."

Saved From a Quick Burial.

"I have used Dr. Bull's Cough Syrup, and know it to be a valuable remedy and the best on the market. I voluntarily state that it saved me from a quick burial by curing me of consumption, into which I was fast drifting as the result of a heavy cold. I must give Dr. Bull's Cough Syrup all the credit that it deserves." F. J. Jacobs, 145 E. 16th Street, New York City.

"I used Dr. Bull's Cough Syrup with beneficial results. It worked like a charm and cured a cough in one night. It is the best cough syrup I ever used." Respectfully yours, Wm. Campbell, Farnhurst, Del.
