

# ELECTION TODAY FOR PASADENANS

## GREAT UNCERTAINTY AS TO RESULT OF CONTEST

Members of Each Party, Except the Socialists, Will Scratch Tickets—

Board of Trade Meeting This Evening

Pasadena Agency, 114 East Colorado Street.

PASADENA, April 2.—Tomorrow from 6 a. m. till 5 p. m. the voters of this city will decide another city election, which is much more complicated than any previous one ever held. Save the Socialists, no one party carries a full ticket, and the fact that the new Fifth ward (North Pasadena) votes with the city for the first time adds to the confusion and uncertainty as to the issue.

There are to be elected a mayor, five members of the city council, a clerk and treasurer. On the ballots the list of candidates is as follows: For mayor, Matthew Slavin and William Waterhouse, Independent; J. J. Patton, Socialist, and Rev. C. H. Hobart, Prohibitionist. By reason of non-residence here for the required time (five years) Mr. Hobart is legally out of the race. Mr. Patton leads the comparatively new Socialist party, which controls some 400 votes, and has had a vigorous campaign, publishing a paper of its own. Mr. Patton is a contractor, well known and of a broad experience in handling large matters of importance.

Capt. William Waterhouse, born of an old English family in Honolulu, is a leading capitalist of the city, where he has resided for ten years. At Honolulu and Cedar Rapids, Iowa, he was engaged in extensive business operations, and in the latter city was a member of the city water board.

Matthew Slavin has been prominent in public affairs for many years and has been a member of the council three times. He is a contractor of more than local reputation, most of the large buildings here and many in Los Angeles having been erected under his guidance. He has lived here for over sixteen years. His petition was signed by over 600 of his friends and he is supported by the administration now in power.

For members of the city council on the Slavin ticket are Richard L. Metcalf, William Shibley and W. A. Heiss. All three have lived here for long periods and are well known. Mr. Metcalf is the president of the local Y. M. C. A. and has been a city commissioner for the past two years; Mr. Heiss is head of one of the largest clothing stores in the city and Mr. Shibley is prominent. For city clerk the Slavin party favors Heman Dyer, the incumbent, who has held the position for the past thirteen years. The Waterhouse and independent tickets also favor him.

Among the several independent candidates not on any regular ticket are Spencer M. Munson and George H. Frost for the office of treasurer. Mr. Munson has lived in Pasadena since 1886 and has been actively engaged in business and identified with the advancing interests of the city from the first. He has been a member of the board of trade, the Merchants' association and a director in the Tournament of Roses association.

George H. Frost, the other independent candidate for treasurer, has resided here twenty-nine years, has been deputy assessor several years, manager of the Lowe opera house and owns considerable property.

For the member of the council from the new ward, there is a brisk contest between J. Edward Kent and William Root. The former is running independently, while Root is on the Waterhouse ticket. Mr. Kent was a leader in the work of annexation and has always advocated improvements. Mr. Root has been assessor for North Pasadena for years and is widely and favorably known.

**South Pasadena's New Church**  
The new Methodist church in South Pasadena, now almost finished, is one of the most picturesque little buildings in Southern California. The style is old English, cobblestone foundation, with shingle and plaster work on the main structure. The floor space is 95x125 feet. Of this the auditorium takes 55x81, and the Sunday school room 50x55 feet. The auditorium seats 400, but with the addition of the parlors and the Sunday school room 900 can be accommodated comfortably. A novel plan has been arranged for mothers with babies or those who cannot remain through the entire service, in the parlors, which open into the auditorium, yet the occupants are not visible from the larger room. If necessary the rooms can be left by a north entrance without disturbing the audience in the least.

The cost of the whole will be nearly \$20,000, which amount does not include the expense of a pipe organ, which is hoped to install soon. The church is being built by day labor, in order that local labor can be wholly employed as could not be done under a contract.

**Board of Trade Banquet**  
Tomorrow evening the regular monthly meeting of the board of trade will be held, and it is expected that the date for holding the big annual banquet will be then decided upon. At the last banquet of the organization plates were placed for 500, and it is expected that at least 600 will attend the gathering this year. Seventeen new names will be presented for membership on Monday night.

**San Gabriel Hotel Sold**  
The East San Gabriel hotel property, for many years a landmark south of

Lamanda Park, and which has been hotel, sanitarium and at one time private school, was yesterday sold at auction to the Southern California Masonic association, the consideration being \$18,650.

### TO THE VOTERS OF PASADENA

First—I am a candidate for city treasurer on my own merits.  
Second—I am under no political or financial obligation to any bank, corporation or individual.  
Third—If elected treasurer I will obey the law and keep the funds as directed by law.  
Fourth—As to deputies in my office, I shall be responsible for the money of the city and shall choose my own assistants without dictation from any one, always selecting those who are directly competent to do the work and who will perform the duties of the office in the most courteous manner.  
Fifth—I am not pulling any wires by any promise of favors or reward and I will not do so, neither will I seek the office upon any false position, nor try to push myself into office by any unkind remarks about any other candidate or what he may do.  
Sixth—To you, the people of Pasadena, I have always been open and frank, and I expect to make Pasadena my home and meet you face to face as long as I live, and it will be with the same kindly greeting whether you favor me in my candidacy for the office or not. Yours truly,  
S. M. MUNSON.

Vote for Matthew Slavin for mayor, R. L. Metcalf, William Shibley and W. A. Heiss for city council and for Heman Dyer for city clerk.  
Hotel del Coronado is greatly improved.

### REVIVAL AT RIVERSIDE WILL BE CONTINUED

Dr. Bulgin and Professor Gates Will Remain Another Week—Local News Notes

RIVERSIDE, April 2.—Owing to the interest in the revival meetings which have been in progress here for two weeks past, Dr. Bulgin and Professor Gates will remain another week. Mass meetings were held this evening at 7 and 8 o'clock in the Methodist and Presbyterian churches, and a union meeting for women at 2:30 in the Congregational church was addressed by Dr. Bulgin.

The United Presbyterian church recently organized here will hold its services hereafter in the Y. M. C. A. auditorium. Rev. John M. Ross, the new pastor, preached this morning.

Captain Fred M. Heath and First Lieutenant P. J. Bollinger of Company M have received their commissions from Governor Pardee. Monday evening the new officers will take charge of the company.

The funeral of the late Lorenzo D. Day was held yesterday afternoon from the residence of J. E. Paddock on Comer avenue. The remains were taken to Minneapolis for interment.

Rainfall during the month of March amounted to 4.87 inches.

The citrus institute which will be held in the Y. M. C. A. auditorium next Friday and Saturday will be addressed by G. Harold Powell, pomologist in charge of fruit storage investigation; Prof. A. G. Cooke of Pomona college, Prof. G. Newton Pierce of Santa Ana, Herbert H. Garstin of Redlands, Mrs. Minna E. Sherman of Fresno, President Wheeler of the state university, C. C. Teague of Santa Paula, C. C. Chapman of Fullerton, Professor Wickson of the University of California and other Southern California horticulturists.

"East or West Hotel del Coronado is best."

### BULL FIGHT PROVES A GIGANTIC FARCE

Santa Monica People Pay Their Good Coin But No Bull Is Forthcoming

SANTA MONICA, April 2.—Several hundred blood thirsty sports paid fifty cents apiece into the boxoffice at Southern Pacific park today in the expectation of seeing a Spanish bull fight. The "bullfighters" were there, a dozen of them; their implements of torture were on exhibition and several hungry appearing nags that might readily be accepted as good bull-fighting material all lent an air of realism to the scene. However, a little oversight of the management in failing to provide a bull and the presence of Marshal Barretto, who said there would be "something doing" if they did, had the effect of marring to some extent the day's festivities.

Finally, when the boxoffice had ceased to do business and the crowd was becoming impatient with the delay, the bullfighters compromised the matter by providing an imitation exhibition of the sport. This consisted of a farce in which several men, masquerading as bulls, were fought by their daring, death-defying brothers. Taken altogether, the affair proved to be about the rankest imposition that ever took good dollars out of this halfwitted.

Hotel del Coronado is comfortable.

### HOLD ANNUAL MEETING

Pomona Presbyterians Transact Business Important to Church

POMONA, April 2.—The annual meeting of the Presbyterian church, which was held yesterday evening, was largely attended by the members of the congregation. The Ladies' Missionary society served dinner for the entire membership of the church. After the dinner the usual business session was held.

E. E. Hiff died at his home at 730 East Fourth street yesterday at the age of 36 years, from pulmonary disease, from which he had been suffering for several months. Mr. Hiff was born in Indiana and came to California in 1892. He had been living in Pomona about four years. He was a modest and retiring man, and participated little in public affairs, but his sterling integrity and upright life won him a host of friends. He leaves a widow and a half brother in Pomona. The funeral will be held tomorrow morning. It is sunny and warm at Coronado.

# FINDS ILLEGAL REGISTRATIONS

## SAN BERNARDINO OFFICIAL MAKES DISCOVERY

Many Names to be Stricken from Voting List—Cucamonga Water Suit Receives Set Back

Special to The Herald.

SAN BERNARDINO, April 2.—Evidence of the alleged illegal registrations in this city for the coming city election is now being unearthed by County Clerk Pfeiffer, who a few days ago surprised the "stuffers" by sending out notices to all keepers of lodging houses requiring them at once report to him the names of all persons stopping at their place who had been there long enough to vote. The lists returned show that in some cases large numbers of persons were registered from certain places when in fact they are not there at all. Many of these names will be stricken from the rolls. Some of the persons who have been making the false registrations have left the city, fearing that prosecutions would be commenced.

**To Resentance Antony**  
Word received indicates that Deputies Case and Post of this city are on their way here from San Quentin with Miguel Antony, who is being brought back here for resentencing, the original sentence that he should hang having become inoperative because of the time required to take the case to the supreme court.

However indications are that Antony is a raving maniac and it is probable that he will never be sentenced to death but will be adjudged insane instead. The prisoner is expected to arrive here tomorrow.

The officers now have plenty of evidence that the two Mexicans, Talamantes and Godres, arrested in Colton, have been the parties who have been doing some of the burglary jobs in Riverside, as a search of their premises in Colton has developed the hiding place of quantities of stolen goods, some of which has been identified as coming from Riverside. Much of the stuff found has also been stolen right in Colton. The two prisoners will first be taken to Riverside for prosecution.

### Water Suit Delayed

The big water suit of the Cucamonga Vineyard company vs. the San Antonio Water company et al. has been dismissed from the courts and a new complaint filed.

The case had a good start and would have come to trial soon but it was finally agreed between the parties to commence the suit anew, as it was thought a proper determination of interests involved could not be secured in the suit under way.

The move will delay the case several months. The suit in reality involves the water supply of the city of Ontario, which is claimed by the complainants to be theirs by right.

The probate court has ordered the sale of the orchard and the law library of the late Attorney E. R. Annable. The orchard is one of the best in the Highland district and has been appraised at \$15,000.

Large crowd at Hotel del Coronado, but room for more now.

### BODY OF DROWNED MAN FOUND NEAR WILMINGTON

Supposed to Be Remains of Mate Wicklund of Schooner Soquel

Special to The Herald.

SAN PEDRO, April 2.—A partly decomposed body, presumably that of Second Mate Wicklund of the schooner Soquel, who suddenly disappeared last Saturday evening, was found this morning floating among the bents of the Pacific Electric railway trestle near Wilmington. The body was brought to this city and Coroner Trout was notified. The drowning of the sailor was unnoticed by anyone and the supposition is that while the schooner was being transferred to the San Pedro Lumber company's wharf late Saturday evening, March 25, Wicklund stumbled overboard. The body was found about a mile from where the vessel had moored.

Schooner James A. Garfield, Capt. Norby, lumber laden, fifteen days from Gray's Harbor, arrived in port this morning in an almost water-logged condition. Five days' steady work at the pumps were necessary, owing to the straining the vessel received during the terrific southerly gales with which she contended for several days after leaving Gray's Harbor. A huge wave smashed in the forecastle window, flooding the sailors' quarters. The vessel leaked badly from opened seams. About 200 miles off Cape Mendocino the storm abated somewhat and rapid time was made the balance of the trip.

Go to Coronado and be warm.

### ENTERTAINED AT PASO ROBLES

Travelers Enjoy Two Days Among Glorious Hills

Temple mountain air, hot water and mud baths and beautiful drives make Paso Robles an exceptionally fine place for a day or a month's stop. On first-class tickets between San Francisco and Los Angeles, sold by Southern Pacific agents for \$21, travelers are allowed a stop-over and two days' entertainment at Hotel El Paso de Robles, without extra expense. Children's rate, \$11.50. Privilege of thirty-day stop-over. Ask Southern Pacific agents about it.

### The Beauty Spot

Of Southern California is Riverside, with her wealth of golden orange groves, beautiful homes and famous drives. The Glenwood Inn, built in the style of the old Spanish missions and furnished in the same manner, is one of the sights of Southern California. Excursion via Salt Lake route every Tuesday and Saturday. \$2.40 round trip—other days, \$2.15. City ticket office, 250 South Spring street.

# DISCOVERS NEW WILD FLOWERS

## CARPINTERIA VALLEY GIRL IS BOTANIST

Classified by Miss Adele Girard Lewis—Good Prospects for Fishing in the Santa Ynez River

Special to The Herald.

SANTA BARBARA, April 2.—Four new species of wild flowers have been discovered by Miss Adele Girard Lewis of the Carpinteria valley, a young woman whose studies in the science of botany have reached a point where they have placed her in the position of an authority. She has followed the study of flowers and especially of the botany of the Pacific coast, as a University of California student, and recently in this county, and her discovery above announced places her name with some of the best of the modern botanists of the state.

It was while botanizing in the Shepherd canyon a few days ago that Miss Lewis made the discovery. Two of the flowers are of the genus glia, one being white and one blue, and the others are of the genus phacelia and genus lotus.

One of the flowers will be named for the Lewis family of Carpinteria and another for the Girard family and that of Miss Lewis' mother. The exact names have not yet been decided upon.

**Good Fishing Prospects**  
Forest Rangers Shoupe and Muzzall were in the city yesterday from the range. They stated that in the mountains it had been very cold for a time. On Friday last snow fell in considerable quantities. The rangers state that the Santa Ynez river has cleared after the recent floods and that it is well stocked with fish. Large salmon trout are to be seen. It is thought that many small fish were killed by the freshets of last month, which reached a height hitherto unknown for a period of years.

A number of anglers from Santa Barbara were at the Santa Ynez river on the morning of April 1, the opening hours of the trout season, ready for a few days' sport and a feast of the famous speckled beauties. R. G. Emmons, N. O. Emmons, Berkeley, C. Bryant and young Mr. Hadley were among the first on the grounds.

### New Pipe Line

The Santa Barbara Water company is now running water through its new pipe line, which has lately been constructed from the water box at the junction of Canaan and Mission canyons. The new line starts from the same source and empties into the same reservoir back of the mission, but is a great improvement over the old pipe. The new pipe is a six-inch Inverse lock joint and is laid in concrete, being buried for the entire distance from one end and a half to six feet under the surface of the ground. It passes under the water course of Mission creek, but is fortified against the effects of the water. The new line is much shorter and more serviceable.

### Pretty Wedding at Carpinteria

A pretty wedding took place at the home of Mr. and Mrs. Philip Doerr of Carpinteria last Thursday night at 8 o'clock, when their cousin, Miss Cora Robinson of St. Louis, and Thomas D. Thurmond were united in matrimony by the Rev. Jerome F. Tubbs of the First Presbyterian church. The bride wore a dress of white silk mull trimmed with lace and carried a bouquet of orange blossoms. The ceremony was performed with a ring. The rooms were decorated with smilax and carnations. A wedding supper was served, after which the couple went to their new home, which has just been completed. They were recipients of a number of beautiful presents.

### Carnival Queen Contest

The contest for carnival queen is waxing warm. Mrs. E. J. Peterson, Miss Stella Penry and Miss May Kilpatrick being in the lead. Arrangements for the most successful carnival, from April 10 to 15, are well perfected, and Santa Barbara is looking forward to a week of gaiety.

Hotel del Coronado is the society resort.

### CROWDS WATCH GAMES

Ventura People Witness Well Played Games of Basket Ball

VENTURA, April 2.—Three games of basketball were played at Oxnard yesterday and were witnessed by a large crowd of people. The scores were as follows: Grammar school girls—Montalvo, 14; Ventura, 13. Boys—Santa Monica, 39; Montalvo, 7. High school girls—Santa Monica, 16; Oxnard, 13.

Charles Engel died at 15 o'clock last night at his home on Poli street. He was a native of Krietzberg, Germany, and was 57 years of age. He had been a resident of Ventura for several years. He is survived by a widow. Consumption was the cause of death. The funeral took place this afternoon at 2 o'clock.

Miss Bessie Barnes, daughter of Mr. and Mrs. M. C. Barnes of Santa Clara street, celebrated her twelfth birthday yesterday with a party of little friends at her home.

"East or West Hotel del Coronado is best."

### NEW BANK INCORPORATED

Ocean Park Soon to Have Another Financial Institution

OCEAN PARK, April 2.—The First National bank of Ocean Park has incorporated with a paid up capital of \$25,000, and will begin business operations at an early date. E. J. Vawter, owner of the biggest carnation farm

in the world, and A. R. Fraser, president of the Ocean Park Improvement company and of the Community league, are mentioned as strong stockholders and probable officeholders in the new institution. W. D. Longyear of the Security Savings bank of Los Angeles and E. J. Vawter, Jr., cashier of the United States Savings bank, have positions of trust in the new concern. Do not go east. Try Hotel del Coronado.

# ASSESSOR'S ROLLS SHOW BIG GAINS

VALUE OF SAN DIEGO REALTY INCREASES

Total for City Assessment Expected to Go Over Fifteen Million Dollars—Heavy Registration Reported

Special to The Herald.

SAN DIEGO, April 2.—The assessment rolls just completed by City Assessor Titus will be turned over to the board of equalization at its first session. Last year the total city assessment was \$14,387,000, and while the increase over these figures can only be estimated, it is the opinion that it will amount to more than a million.

The death of Mrs. Adalia A. Schrader, wife of Adolph Schrader, occurred yesterday after a long illness. She was a native of Maine and 57 years of age. Besides her husband, she leaves three sons and one daughter—Dr. Charles A. Schrader of Tucson, Ariz., Willard E. and Vernon H. Schrader of this city and Mrs. T. R. Roberts of Seattle. The funeral will take place tomorrow.

Ed C. Hinkle, who was one of the chief assistants to Clerk Loyd of the assembly at Sacramento, has returned home, having finished the after-session work left by the legislators.

Manager J. H. Packard of the Lower California Development company is to be honored by having a town named after him. It is the first station south of Mexicali on the new line being built from Calixto, the border town on the desert side of San Diego county, to Yuma. The grading force is beyond Baldran slough, which was bridged with pontoons to take it over. A track laying force is expected to begin laying steel on the second section of the road at once, and the line will be operated to a point eight miles in Lower California by the middle of the month.

On account of the large increase in the number of registered voters City Clerk Vincent has been compelled to have more election booths constructed. Election supplies are ready to go out to the election precincts tomorrow for the city election, which takes place on Tuesday.

Sig. Steiner, the popular mayor of Escondido, is paying bets with an smiling a countenance as ever a loser could wear. He bet that there would not be fifteen inches of rain, and since the valley has received over twenty inches he is perfectly willing to pay the bets double if his friends will accept them.

Managers Dodge and Carey of the Isis theater announce the engagement of the Vail-DeVernon stock company for a week's engagement, beginning April 10. Mr. Gratten, who was leading man of the Gratten-DeVernon stock company, is now with the Dick Ferris company, filling a long engagement at Minneapolis.

Building permits during the first three months of 1905 numbered 127, or forty-eight more than in the same time last year, and amounted to \$197,030 or \$91,630 more than last year.

### Room Ransacked

Sneak thieves entered the room occupied by S. W. Beck at the Ponet apartment house some time Saturday, and stole a pair of shoes and a coat. The owner discovered his loss Sunday morning and reported it to the police.

### Variation of Compass

From the New York Mail.  
On the morning of June 28 last the Danish steamship Norge struck the island of Rockall, to the west of the Hebrides. The ship broke up, and some 600 lives were lost. Approaches of the disaster, Dr. August Krogh of Copenhagen asks the somewhat perturbing question: "Can the compasses of modern ships be influenced by magnetic disturbances to such a degree as to imperil navigation?"

According to her course the Norge should have been twenty-five miles to the south of Rockall, and Dr. Krogh assumes that it is impossible to account for the difference between the ship's real position and that of the reckoning without assuming a sudden and large change in the deviation of the compass. He forwards to Nature depositions made by two captains in corroboration of this view.

The first of these is by Capt. Hveysel of the steamship Carl, who states that on a voyage from the United States to Denmark he found by careful solar and stellar observations that in a very short time, when in the neighborhood of Rockall, "both the compasses of the ship had acquired a hitherto unknown easterly deviation of ten to eleven degrees. A faint northern light was visible, and the captain attributed to this cause the magnetic disturbance. Toward midnight the compasses were observed to return to their normal deviation."

# Free..

## An... \$1100 Lot

Come down to the Herald Office today and see the Squirrels.

## The Herald

Will Give Away a Magnificent Lot in the Grider & Hamilton Grant Place Tract at Hollywood

One of the most magnificent properties in this locality. Size of lot 50x175; situated on Prospect Avenue, facing the mountains and orange groves, and one of the best located lots in the Tract. We paid \$1100 for this property and we are going to give it away absolutely Free.

### How to Get It

Come down to the Herald Office and see the Squirrels. Then guess how many miles the Squirrels will travel in the whirling cage in the next 90 days. A cyclometer is attached to the cage in plain sight, which registers the exact number of miles traveled. Come down daily and watch the progress made. Guess early and often.

### How to Get a Guess

Subscribe for The Herald

1 Month's Paid Subscription \$ .65	You Get 1 Guess
2 Months' Paid Subscription 1.30	You Get 3 Guesses
3 Months' Paid Subscription 1.95	You Get 5 Guesses
6 Months' Paid Subscription 3.90	You Get 12 Guesses
12 Months' Paid Subscription 7.80	You Get 30 Guesses

The person guessing the exact number of miles registered by the cyclometer; or in the event no one guesses the exact number, then the person guessing nearest the actual number during the 90 days, will be awarded the lot, absolutely Free. A deed for it will be given and without one penny to pay. It belongs to you if you are a good guesser. In the event there are more than one exact number of guesses, then the award will be made to the guess first received.

No employe of THE HERALD will be allowed to participate in this contest.

THE HERALD makes this splendid offer because it wants new subscribers who delight in a clean, wholesome, newsy, up-to-date newspaper. You can take the HERALD into your home with an assurance that you get all the news that's fit to print. Your wife, daughter or sweetheart can read its clean columns without contamination. THE HERALD stands for all that's decent and demands the respect and support of a public that appreciates a newspaper published on these lines.

Come down today. Take a guess. Maybe you'll get this \$1100 lot. Better come.

This generous offer is also open to our old subscribers by paying up their subscription for the current month and a month in advance.
