TELLS HOW HE HELD UP VICTIMS

PRISONER CONFESSESTO FOUR DARING ROBBERIES

Declares in Court He Would Not Lie If He Had to Hang for It the Next Moment

E. L. Patterson, arrested several days ago on suspicion, confessed in the police court yesterday to four daring hold-ups, and was held to answer to the superior court in the sum of \$2500. The prisoner was perfectly cool and collected and astonished the officers and court attendants by the clean breast he made of his crimes.

Patterson, who is a young waiter, was arrested in Bakersfield several days ago and brought to Los Angeles by Detective Hawley. On the way here he confessed to the detective.

When the case was called yesterday morning Patterson was the coolest one in the court room, and during the taking of the testimony of his victims he smiled repeatedly, as though the recollection of his crimes recalled peculiar and amusing actions on the part of the poker players.

Patterson was the last witness and under oath he made a clean breast of all his crimes since arriving in Los Angeles several weeks ago.

Tells Story of Crimes

"I tell you, judge," Patterson began, "I have decided to tell the whole truth and I wouldn't lie even if I knew I would be hanged for it. I simply went wrong after coming to Los Angeles several weeks ago from Santa Ana. I met a friend who introduced me to another friend. This last man was called Al Howell. He is a big fellow. He claimed to be a gambler and a good poker player, and we went to a road house on Boyle Heights and played poker, winning a little money.

"Several days later we lost some money and were in a tight place, when Howell said he had a dairy at Oxnard and we could go there and get some money. When we arrived there a man was milking a cow. Howell walked up to him and pointed a revolver at him. He then searched him, but got no money.

"We next met two women, and Howell attempted to rob them, but they called out loud and ran. The next night Howell proposed that we hold up the road house on East First street and we went out there. We played poker awhile, and later returned there and pointed our revolvers at the players, telling them they were caught gambling and that their money would be returned to them later. We held up another place in a similar way and then I left for Bakersfield, where I was arrested."

YOUNG BOYS ADDICTED TO USE OF OPIUM

Father of One Lad Pleads to Court for Release of Son, Who Craves the Drug

"Let me have the boy, judge, and I promise that I will take him away from evil companions and try and make a man out of him," was the earnest plea of a father in Justice Chambers' court yesterday morning, in behalf of his son, who was charged with vagrancy.

The young man was Gay Absom, who was arrested several days ago in a house of ill-repute on South Los Angeles street by Officers Zeigler and Hosick. When the officers broke in the door leading to Absom's room they found that the place was being used as a "roost" for messenger boys. Young Absom and William White were in charge. They were both arrested and the room searched. In one corner, where it had been placed prior to the entrance of the officers, was found a complete set of opium pipes. Several dollars' worth of whole opium and a quantity of ashes were found in the set, which included two fine pipes, three lamps, a half dozen caps and an "on schi gau."

White appeared for trial yesterday morning. He pleaded not guilty. He had no friend to interfere in his behalf, and so he conducted his own defense. The faces of both youths were fearfully marked by the ravages of the drug, and when White was called to the stand he explained to the court the various uses of the opium set.

Upon the promise of the father to take the boy to a farm in San Diego county and keep him away from evil associates Absom was released. White was found guilty of the charge, and will be sentenced today.

Young Bryson Fined

John Bryson, Jr., son of the millionaire real estate man, was fined \$30 in the police court yesterday morning on a charge of having lottery tickets in his possession. Bryson was arrested while leaving a lottery room on East Second street Monday night by Officer Ingraham. The young man ran, but was overtaken just as he threw a number of tickets from his pockets.

CUPID WINS IN QUEST FOR BRIDE

A. E. WILLIAMS WEDS MISS ELIZABETH POSEY

Curtain Falls in Romantic Love Comedy, When Couple Are Married in Attorney Allender's Office

The curtain fell yesterday in one of the most romantic love comedies which has ever been played in Cupid's domain of Los Angeles county, when A. E. Williams, once a disappointed lover, finally won the woman of his choice, Miss Elizabeth Posey, a pretty young Southern girl employed as a cashier in the Broadway Department store.

Like all real romantic marriages, the event was of sudden precipitation, and the couple were quietly married by Justice Young of the township court in the law offices of Attorney S. W. Allender in the Hellman building.

Williams and his bride had completed arrangements for the wedding in the early part of last week, but opposition on the part of the young woman's parents overshadowed the event.

At first the opposition failed to have great weight, but when Dr. Carroll, the girl's brother-in-law, said something about filling Williams full of lead the young man concluded to appeal to the court.

Dr. Carroll interrupted the wedding march and the bride was persuaded to accompany him to her home.

Appealed to Court

Williams then decided to appeal to the courts, and the timeworn remedy of the writ of habeas corpus was resorted to.

While in the court room, the young woman said she was not restrained of her liberty, whereupon Judge Smith denied the writ and Williams' love dreams were for a time but empty hopes.

The young woman's consistency, however, was weighed in the balance and found not wanting, and the final chapter in their love affairs was written yesterday.

AUTOMOBILE CLUB SOUNDS WARNING

CONDEMNS THOSE WHO PERSIST IN RECKLESS DRIVING

Offers to Tender Machines Equipped With Speedometers to City to Run Down Violators of Ordinance

The Southern California Automobile club has sounded a note of warning to owners of horseless carriages and chauffeurs who persist in driving at break-neck rates of speed, endangering the lives of many persons on the streets.

Yesterday the club passed a set of resolutions condemning the open and flagrant violation of the speed ordinance, and suggested that the council instruct the chief of police to equip a number of bicycles with speedometers for use in the police department, to the end that speed of autos may be determined to a certainty. The club also offers to tender to the city one or more machines equipped with speedometers to detect and apprehend violators of the ordinance.

The resolutions adopted by the automobile club are:

Club's Resolutions

"Whereas, it has come to the knowledge of this board that owners and operators of automobiles are openly and flagrantly violating the law, and

"Whereas, this club stands for law and order and believes that the present laws are equitable, and if enforced, would fully protect the public and the motorists;

"Therefore, be it resolved that we do most emphatically condemn those who insist upon violating the law in driving their cars at prohibited speeds, and we most sincerely hope that every offender may be caught and made to suffer the penalty of the law.

"Be it further resolved, that we recommend to the city council and the chief of police that they equip a number of bicycles with speedometers for the use of the police department, to the end that the officers may determine to a certainty whether or not the persons driving the motor are moving at a prohibited speed, or operating their machine according to law, and

"Be it further resolved, that we do hereby tender to the chief of police one or more machines equipped with speedometers to be used by him in detecting and apprehending violators of the law, and

"Be it further resolved, that the secretary be, and he is hereby instructed to furnish the chief of police, the mayor and the daily press with a copy of these resolutions."

Liquor Responsible
Referring to the recent accident, in which Miss Birtwistle was killed by a machine operated by Barbee Hook, son of the late millionaire owner of the Tractor company, Secretary A. P. Fleming of the Southern California Automobile club said that from the evidence in the case it appears to him that liquor had more to do with the accident than any intention on Hook's part to endanger the lives of pedestrians.

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

A guarantee of \$1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcohol substitute for this world-famed medicine. You know what you want. It's his business to meet that want. When he urges some substitute he's thinking of the larger profit he'll make—not of your welfare.
