

ROBBERIES IN SAN BERNARDINO

THREE DIFFERENT HOLD-UPS IN ONE NIGHT

Highwaymen in Every Case Were Armed and Victims Were Too Frightened to Give Reliable Descriptions

Special to The Herald. SAN BERNARDINO, Cal., April 4.—Masked highwaymen committed three hold-ups in this city tonight, but failed to secure much of value. In each case the robbers wore masks and were well armed.

The first hold-up occurred on Fifth street, near the west limits of the city, four masked men stopping D. Ditton, a Santa Fe shop man, who was on his way home. Guns were pushed in his face and he was relieved of a watch.

A half hour later two robbers stopped Eugene Cooper on East Third street, near Chinatown, but failed to get anything of value.

The third affair occurred an hour later on lower E street, near the Southern Pacific railroad yards, David McMullen, an electrician, being stopped by four armed hold-up men, who compelled him to hand over a watch and a small amount of money.

This occurred less than two blocks from the business center of the city, and was at once reported to the officers, who are scouring the city in an attempt to locate the parties. Owing to the fact that the men were masked in every instance, and the victims so badly frightened that they cannot give much of a description, there is thought to be little chance of catching the robbers.

LEO FLEISCHMANN IS NOT IN PASADENA

Youth Found at Sanitarium Not Son of Wealthy New York Family

After the exchange of many telegrams between Chief of Police Hammel and E. W. Gillett in Salt Lake city, it has been determined that Leo Fleischmann, member of the wealthy family of New York bankers, who has been missing from his home since last September, is not in Southern California. At least he cannot be found. Yesterday Chief Hammel received word from Mr. Gillett in Salt Lake city that Leo Fleischmann was at Dr. Graham's sanitarium near Pasadena, but on investigation the head of the local police force discovered that the youngster by that name in Pasadena was another boy altogether and was no relation to the New Yorker who is missing.

Leo Fleischmann disappeared from the home of his father at number 12 East Eighty-eighth street, New York city, last September, and his absence has caused a flurry in police and detective headquarters all over the country. His parents offer a large reward for the return of their son, and the Pinkerton detective agency, which has been in charge of the search, sent descriptions of the youngster, as well as other information in circular form, to the police headquarters of every large city in the country.

GOVERNOR OF ALASKA INVITED TO RESIGN

Is Informed That He Must Give Up His Mining Connections or Vacate Position

By Associated Press. WASHINGTON, April 4.—A conditional request has been made on Hon. John G. Brady, governor of Alaska, for his resignation. The suggestion was made by Secretary Hitchcock under the direction of the president, and notwithstanding that it was dispatched about a month since, no response has yet been received.

The request grows out of the fact that Governor Brady is identified with a mining company which is extensively engaged in advertising its affairs. The fact was brought to the attention of the secretary some weeks since and he immediately took the matter up with the president, who agreed that the case was on a par with the charges made against the Dawes commission a year ago. The secretary then wrote to the governor, calling his attention to the requirements of the department in matters of this character and telling him that he must either vacate his position in the company or resign his office.

Lincoln Elects Democrat. LINCOLN, Neb., April 4.—Frank W. Brown, Democrat, was elected mayor of Lincoln today by a plurality roughly estimated at 800.

Why

Don't you give your heart the same chance you do the other organs? Why? Because when any other organ is in trouble, it refuses to work, and you hasten to repair it. The heart, the ever faithful servant, never refuses as long as it has power to move, but continues to do the best it can, getting weaker and weaker, until it is past repair, and then stops. It is just as sick as the other organs, but because it will work you let it. However, it's not too late for a "change of heart," so remember

Dr. Miles' Heart Cure

will give your heart strength and vitality to overcome Dizziness, Palpitation, Short Breath, Faint Spells, Pains in Heart and Side, and all other Heart aches and difficulties. "My heart would ache and palpitate terribly, and at times I could hardly breathe. Dr. Miles' Heart Cure has restored me to perfect health, and I am very grateful." MISS EMMA J. BARTON. No. 1 Hill St., Watertown, N. Y. The first bottle will benefit, if not, the strongest will return your money.

THIRTY-SEVEN BODIES TAKEN FROM MINE

Several More Victims Believed to Be in Leiter's Mine at Zeigler

By Associated Press. CARBONDALE, Ill., April 4.—Thirty-seven bodies of miners who lost their lives in the gas explosion at the mine of Joseph Leiter at Zeigler yesterday have been recovered, and it is supposed several more bodies are in the mine. The exact number of dead will probably not be known for several days.

Among the dead is William Scott Alkinson, state mine examiner for the seventh district, who lost his life while attempting to reach the bodies of those who were entombed. After thirty hours only little light is shed on the cause of the catastrophe. The accident is attributed to carbonic acid gas, due to poor ventilation.

Every body so far recovered is a blackened mass. Inspector Alkinson was one of the best known miners of the district.

Joseph Leiter arrived at the shaft today. The coroner's jury impaneled to inquire into the cause of the disaster has so far rendered no verdict. The taking of evidence may be prolonged several days.

ORPHAN GIRL CRUELLY USED

RICH ILLINOISANS ACCUSED OF TORTURING HER

Neighboring Children Tell of Hearing Frightful Screams and Humane Society Discovers Evidence of Brutal Treatment

Special to The Herald. CHICAGO, April 4.—Archibald McKinney and his wife, Mary L. McKinney, the wealthiest residents of Mercer county, have just been indicted at Aledo, Ill., on the charge of torturing Stella Brady, a 14 year old girl whom they secured from an orphan asylum about a year ago.

When the child was rescued from the fashionable home she presented a pitiful spectacle. Upon her body there were found 240 distinct wounds which she said were made by Mrs. McKinney, who stabbed her with twisting forks, scissors, or anything that came handy, upon the slightest pretext. The child's hair had been torn out in bunches and her body bore many bruises and contusions.

The McKinneys practically own the town of Aledo. One of the brothers owns the only bank, while the man indicted is the editor of the only paper in the town. He and his relatives own or have an interest in all the choice real estate in the place.

Officers of the Humane society from which the child was secured by the McKinneys, learned of the girl's treatment by accident. Neighboring children told of hearing frightful screams and sounds as of some one being beaten. One of the officers hastened to Aledo and investigated, with the result that indictments were secured, despite the powerful influence of the McKinneys.

HUNTING DOWN REVOLUTIONISTS

WARSAW, April 5.—A strong body of police, aided by two companies of infantry, Tuesday night made a thorough search of Wola, a suburb of this city, inhabited by criminals, revolutionaries and suspected persons. The police seized quantities of revolutionary pamphlets, manifestoes, revolvers and cartridges and arrested sixty-three persons. The search occupied the whole of the night.

The University of Warsaw was officially closed today. While everyone was asleep last night in the hospital in which are the three policemen who were injured by the explosion by a bomb thrown into the police station at Praga, a suburb of Warsaw, on Sunday, March 26, an unknown man entered the ward and went to the bedside of Policeman Sarap, at whom he fired his revolver three times. One shot took effect in the policeman's back.

The assailant escaped before the patients and attendants had time to recover from the shock and surprise. Sarap has been especially hated on account of his brutality in the recent riots.

Plotting Against Trepoff. ST. PETERSBURG, April 4.—The police arrested yesterday in the Nevsky prospect a man disguised as a carriage driver, presumably belonging to the same organization as the twelve persons who were arrested last week for supposed connection with terrorist schemes. There is little doubt that there was a plot directed against the life of Gen. Trepoff, and the latest arrest indicates that the terrorists are acting on a concerted plan, with auxiliaries and lookouts to aid the actual perpetrators of the assassination.

Prince's Auto Kills Woman. ROME, April 4.—While Prince and Princess Broglie were riding in a motor car at the speed of forty-five miles an hour their car ran over and killed a woman. The prince was arrested.

Union Pacific Freight Wrecked. By Associated Press. GREEN RIVER, Wyo., April 4.—A disastrous freight wreck on the Union Pacific near Rock Springs early today delayed traffic twelve hours. Sixteen heavily loaded cars were derailed, owing, it is said, to a soft spot in the track. The fast mail and Overland Limited, westbound, were behind the wreck and were delayed.

PRESIDENT TALKS AT LOUISVILLE

DELIGHTED AT MINGLING OF BLUE AND GRAY

Wants National Statue Erected to Andrew Jackson and the Victors of Battle at New Orleans

By Associated Press. LOUISVILLE, Ky., April 4.—In the shadow of a magnificent bronze statue of Thomas Jefferson, just in front of the architecturally pleasing court house of Jefferson county, President Theodore Roosevelt today, in something less than fifteen minutes, delivered a notable address to a crowd that extended for two blocks on the east and west sides of the speakers' stand, which jammed the intersecting avenues and overran the broad lawns which skirt the square.

As the president stepped on the platform and the crowd saw him a prolonged cheer went up. The president tried to speak but good naturedly waited until the applause had died out. Then he said:

"Upon all the important questions, the questions that infinitely transcend mere partisan differences, we are fundamentally one. For in the question of foreign and international politics the points on which there can be no proper division on party lines infinitely exceed in number those on which there can be such division, and Governor Beckham, I shall do all that in me lies to justify the hope to which you have given expression and to try to show myself the president of all the people of the United States.

"And, naturally, I feel particularly gratified at seeing here today, joined in this procession, the men who wore the blue and the men who wore the gray. In the dark days each of you fought for the right as it was given him to see the right, and each of you has left us the right to feel pride not only in your valor, but in your devotion to what you conscientiously believed your duty.

"In coming to this great and beautiful city of yours, I wish to congratulate you upon the history that is found here.

"I am glad, as I say, of the spirit that makes you wish to dedicate statues like this of Jefferson, like the great statue of Clay inside the court house. It is a fine thing to keep to a sense of historic continuity with the past, and there is one statue that I wish the members in the national congress from Kentucky to see is put up by the national government, and that is a national statue to Andrew Jackson and the victors of the battle of New Orleans. The fight at New Orleans was one in which the whole nation has a share, as far as the glory and the profit went, and the whole nation, and not any one state, should join in putting that statue up."

In the parlors of the hotel occurred one of the prettiest incidents of the day, the presentation of souvenirs to the executive. These consisted of a massive silver flagon containing water from a spring on the old Lincoln homestead in Larue county, an inkstand from an oak which shaded the spring from which Lincoln drank when a lad, and a beautiful silver vase filled with orchids. The president was visibly touched by these gifts, coming, as they did, as a complete surprise.

A hurried departure was taken, the president boarding his train at exactly 11 o'clock. The next stop will be at Vinita, O. T.

YIELDS MONEY AT POINT OF "A REGULAR CANNON"

W. S. Patterson Held Up and Robbed While Returning to His Home

With what he describes as a "regular cannon" pressed against his body, and with a holdup man on the other end ready to pull the trigger, W. S. Patterson, secretary of the Sunshine Orchard company, last night was robbed of between \$60 and \$80. The money was distributed in the pockets of Patterson's clothing, but the thug was thorough in his search and took all there was.

Patterson was going to his home at 1274 West Twenty-second street about 9 o'clock when he encountered the holdup man. He had reached a portion of Magnolia avenue between Twenty-second and Twenty-third streets when the thug made his appearance. The street in this vicinity is overhung with tall pepper trees and Patterson was stooping to get by them when the thief sprang out of the shadow, pressed a revolver against Patterson's side and commanded him to hold up his hands. Patterson did so, and the robber searched his pockets, getting a sack of money and a purse for his trouble.

The case was reported to the police but there is small hope that the holdup man will be apprehended. The spot at which the affair occurred is so dark that Patterson is doubtful whether he could identify his assailant if he saw him again.

Millionaire Weds Model

Special to The Herald. PITTSBURG, Pa., April 4.—In the study of the Rev. Wm. L. McEwen, Harry Thaw, a young millionaire, was this evening married to Evelyn Florence Nesbit, an ex-chorus girl and model. They were accompanied by the wealthy mother of the groom and by the step-father and mother of the bride.

Mrs. Wm. Thaw, perhaps the proudest woman in Pittsburgh, and one who last fall refused to have anything to do with her son Harry so long as he associated with Miss Nesbit, kissed the bride and taking the newly married couple in her carriage to her home gave them a quiet wedding dinner.

It is not known where the couple are tonight, but it is hinted they have taken a train for New York, whence they sail for Europe.

DEMOCRATS GAIN GREAT VICTORY

GOOD NEWS RECEIVED FROM ROJESTVENSKY

Accounts of Conditions of Ships and Their Personnel Encourage Belief That He Will Defeat Togo

By Associated Press. ST. PETERSBURG, April 4.—The advocates of a continuation of the war seem secure of their position, and everything indicates that the hope of an immediate change of fortune is staked on Admiral Rojestvensky, whose squadron, according to the best information, is now actually on its way to meet the Japanese.

The admiralty is greatly encouraged by the prospects that Rojestvensky will be able to defeat Admiral Togo, owing to the splendid reports which have just arrived here from Rojestvensky, dated from the island of Madagascar, recounting in detail the condition of the ships and personnel and the result of the target practice and maneuvers, in which the warships have been engaged for three months past.

Official Circles All for War. NEW YORK, April 4.—Robert S. McCormick, newly appointed American ambassador to France, who has just arrived in Paris from St. Petersburg, says he is surprised at the report that there was a desire to negotiate at any price manifested in official circles, cables the Paris correspondent of the Herald. According to Ambassador McCormick, no such desire exists in St. Petersburg.

"On the contrary, in official circles there is," he said, "a general desire to continue the war to the bitter end, and there are great hopes that Admiral Rojestvensky will meet the Japanese fleet and gain a victory which may in one day change the entire aspect of the war."

"All the hopes of Russia are now centered in that fleet, and its encounter with the Japanese squadron is looked forward to with confidence.

"Reports of American intervention in the matter are without the slightest foundation."

MINERS LOOKING TO LOS ANGELES

DEMOCRATS CARRY KANSAS CITY

By Associated Press. KANSAS CITY, April 4.—Elections were held in the larger cities of Kansas today. The Democrats carried Kansas City, Kas., Leavenworth and probably Topeka, this being a revolution and entirely unlooked for in each case. The Topeka returns are incomplete, however.

William W. Rose, Democrat, was elected mayor of Kansas city, Kas., today by probably 1500 plurality, defeating the present Republican mayor, Thomas B. Gilbert, M. A. Waterman, Independent, and W. J. Ketchner, Socialist. Of a total registration of 18,000 voters 5000 were women, and the election of Rose is due to the support of the women voters. Leavenworth elected Peter Everhardy, Democrat, mayor, by 200 majority over D. R. Anthony, Republican.

DEMOCRATS ELECTED MAYOR

But Republicans Are Generally Victorious in San Diego. By Associated Press. SAN DIEGO, April 4.—The city election today resulted as follows: For mayor, John L. Sehon (D. and Independent), 2018; Dan F. Jones (R.), 1376; W. J. Kirkwood (Socialist), 438; Sehon's plurality, 642.

The Democrats also elected W. R. Andrews city attorney over George Putterbaugh (R.). The Republicans elected C. L. Williams city treasurer, eight out of the nine aldermen and the entire ticket for board of education.

The Socialists elected one alderman, F. J. Goldkamp, in the ninth ward. Propositions prohibiting saloons from having screens and compelling Sunday closing of saloons were carried.

STOICAL JAPANESE SEES SURGEONS SEW HIS WOUNDS

Struck by Train and Severely Injured, Oriental Refuses Anaesthetic. With his right ear torn completely from its fastening to the rest of his anatomy, his cheek and lip laid open, a fractured collar bone, a scalp wound over the right ear, a badly torn right arm and enough other injuries to cause the doctors at the receiving hospital to take 65 stitches in his flesh, T. Uenaga, a Japanese laborer, sat on a table at the receiving hospital last night and without an anesthetic of any kind allowed the surgeons to dress his wounds.

Uenaga, who is 27 years old, was crossing the tracks of the Southern Pacific railroad at First and Alameda streets about 8 o'clock last night when he was struck by the Santa Barbara local train, going south. He was thrown and rolled for a distance of more than fifty feet, but retained his senses, and when taken to the receiving hospital in the patrol wagon, was able to walk into the operating room. The doctors offered to administer an anesthetic, but the plucky little Oriental refused to allow them to do so, and all the time they were sewing up his wounds he watched the operation without a groan.

CONSPICUOUS IN A BALLROOM

Flakes of Dandruff on the Collar and Shoulders of a Gentleman in Full Dress. This is the thing you quite frequently see in the ballroom—a man's black dress coat literally covered with dandruff. It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease, that will some day cause baldness.

Newb's Herpicide kills the hair-destroying germs and stimulates the hair to a rich, abundant growth; it does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; of pleasing odor and cooling to the scalp.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
