Ninety Days Sentence

B. Shellenberg, charged with battery, was sentenced to ninety days in the city jail, at an examination before Justice Chambers yesterday morning. Shellenberg was alleged to have stabbed a man in the neck during an argument March 16.

Six Months Sentence

Mrs. Mary Jones, convicted of having kept a house of ill repute, was sentenced to six months in the city jail yesterday by Justice Austin. The woman's daughters, Helen and Flora, inmates of their mother's house, were fined \$50 each.

George Kirby Convicted

George Kirby of Huntington Beach, charged with disturbing the peace of Traffic Manager McMillan of the Pacific Electric railroad, was fined \$10 by Justice Austin yesterday morning. Kirby was alleged to have made threats against Mr. McMillan's life.

Teamster Fined

W. J. Frayer a driver for a city sprinkling contractor, was fined \$10 by Justice Rose, yesterday afternoon on a charge of battery preferred by Fritz Otto. Frayer attacked Otto during an altercation at Third and Main streets, Monday morning. Otto, it is said, started the trouble by striking Frayer's horse.

Messenger Boy Fined

Jesse Velond, a messenger boy, was fined \$25 yesterday by Justice Rose on a charge of violating the speed ordinance. Velond, while riding a bicycle over the crossing at Third and Spring streets Tuesday afternoon, accidentally struck Mrs. Elizabeth Jenka of South Pasadena avenue. The woman sustained severe injuries.

Blooming Yucca

A blooming Yucca palm, grown at Victorville, Cal., and brought in by E. F. Otterson, was displayed in the chamber of commerce yesterday and attracted much curious interest. The points of the palm are sharp as needles, while the "flower" or bloom rises from the center to a height of about eighteen inches. It was stated that the Yucca palm blooms but once in six years.

Lectures on Army Work

Adjutant Coe of Corps No. 1, Salvation Army, spoke to a large audience Tuesday evening at the Bethesda Presbyterian church on the work of the army. This evening he will address the members of the Memorial Baptist church on the same topic. Tomorrow evening he will speak at the Central Presbyterian church on the army work in Hawaii, where he was stationed some time prior to coming to Los Angeles.

Humane Society Active

The quarterly report of the humane society was issued yesterday and shows an increase in the good work being done by the officers of that organization. The complaints for the months of January, February and March numbered 143, all of which were investigated, besides twelve others which came to the society's notice through special work by its officers. One hundred and thirty-one cases were relieved and many young boys and girls given homes either in local institutions or with good families.

Injured in Collision

A. Hernandez and Pedro Estrada, Mexican laborers employed by the Los Angeles Railway company, had a narrow escape from death shortly before dawn yesterday morning. The men were loading flat cars with gravel on the Ocean View hill, when the trolley on the cars slipped and a runaway resulted. The cars dashed down the incline with terrific speed and leaping the track at Seventh and Alvarado streets dashed into the curb. The Mexicans stuck to their posts and in attempting to stop the car were hurled into the gravel and cut and bruised.

ROBBER'S VICTIM DIES FROM WOUND

GEORGE STORM MURDERED, SAY POLICE

Restaurant Keeper Assaulted Sunday Night Expires While Undergoing an Operation

After three days of extreme suffering, George Storm, formerly a restaurant keeper at 422 1/2 East Fifth street, died early yesterday morning at the emergency hospital from wounds received in an encounter with a robber Sunday night.

For the past three days detectives have been searching for Storm's assailant, but yesterday a double force was detailed to the case and the charge of murder substituted for that of robbery.

Storm was assaulted Sunday as he was about to close his restaurant for the night. His wife at the time was in the restaurant. Storm walked to the rear room of the building and as he stepped into the yard a man sprang upon him from the door, behind him, and struck him on the head. Several times a weapon was brought down on Storm's face and head until he became unconscious.

The thief then rifled his victim's pockets, taking \$70 and two gold watches. Storm was found by his wife and sent to the receiving hospital.

He was removed to his home and seemed to be improving until Tuesday evening, when he became unconscious and attending physicians advised an immediate operation, which was performed at the emergency hospital. The patient did not survive it and died shortly after daybreak without having recovered consciousness.

Following his injury Sunday, Storm told the police a man named Grover had committed the assault upon him. This man appeared at the restaurant last week and asked for work. He was a tramp and out of pity was given work as dishwasher. Storm asserted that Grover followed him to the rear door Sunday night and then leaped upon him and beat him.

Detectives went to Grover's room on Central avenue following the report of the robbery but the man had left, and although a strict watch has been kept nothing has been seen of him in the neighborhood of his former boarding place. Storm's body is at Breeze Brothers' morgue and an inquest will be held there by Coroner Trout this morning.

VICTIM TELLS OF FIGHT WITH ROBBER IN HOTEL

E. Porter Identifies Milo Waldron as the Man Who Attacked Him

Milo Waldron, charged with an attack upon E. Porter, a tourist at the Hollenbeck hotel, was arraigned before Justice Rose in the police court yesterday afternoon. Waldron waived proceedings and will be examined this morning.

Manager Mitchell of the Hollenbeck hotel appeared with Mr. Porter at the police headquarters yesterday morning and a complete description of the struggle was given.

According to Porter's statement, he was going to his room in a corridor on the second floor of the hotel when Waldron suddenly sprang at him from a recess in the hall and struck him in the breast, knocking him to the floor. Waldron then tugged frantically at a diamond stud, valued at \$150 which was in Porter's shirt front and had nearly succeeded in removing the gem in spite of Porter's cries when guests appeared, captured Waldron and held him until an officer arrived.

Waldron was formerly a saloon-keeper in Spokane and came to Los Angeles to attend the races. He is said to have lost \$10,000 and to have been in a desperate condition from poverty when he made the attack upon the tourist.

THIEVES STEAL AUTOMOBILE

Compel Garage Watchman to Accompany Them in Machine

Detectives are searching for two men who held up a night watchman and robbed him of an automobile at the Worthing garage, Fourth and Los Angeles streets, early yesterday morning.

The night watchman was Ralph Griggs. Late Tuesday night as he was walking around in the garage two men stepped from behind an automobile and held him up. They then stole George Rose's auto and compelled the watchman to accompany them for a spin of several blocks. The watchman later gave the alarm and officers found the auto in the road near the Sisters' hospital where the men had abandoned it.

ADVERTISED HIS METHOD OF DEFAUDING RAILROADS

Clever Confidence Man Made Money Telling How to Avoid Paying Fare

A clever way of defrauding railroads out of passenger fare has just been unearthed by detectives of eastern roads and it is believed that the plan has been used with entire success on many of the western systems.

The plan is for the swindler to step into the car lavatory, stand close to the wall and directly behind the door while the conductor opens the door and looks in.

One Frank E. Hogmer of Youngstown, Ohio, is the originator of the scheme and disseminated widely his knowledge to traveling men and others by advertising through the use of personal letters that for \$5 he would make known a method by which the payment of railroad fare might be avoided. Hogmer is now under indictment at Youngstown for conspiracy and a fraudulent use of the mails.

Investigation seems to prove that a large number of people have profited by Hogmer's advice, thus defrauding railroads out of hundreds of dollars daily.

The Railway Protective bureau has made exhaustive tests to discover whether or not it is as easy to defraud the railway companies as Hogmer asserted it is, and in its report says that the plan is entirely feasible. It is said that in no instance did the operatives report a failure of the scheme.

A COUGH IS IRONED OUT

No matter whether it is from a recent cold, a chronic cough, bronchitis or incipient consumption—all are cured by the use of Dr. Pierce's Golden Medical Discovery. It has a soothing effect upon the mucous membrane, and at the same time it promotes digestion and the assimilation of food. It accomplishes this by reason of the manner of combination of the ingredients of this remedy, made from medicinal plants grown in this country, the one remedy which many years of experience proves is entirely free from detrimental effects. A blue-ribbon remedy, because made without alcohol or harmful drugs. It is made in a large laboratory, thoroughly equipped with every scientific appliance, at Buffalo, N. Y. Qualified chemists are in charge of the laboratory, with nearly a score of skilled physicians and surgeons employed to scrutinize, determine and prescribe these remedies and other means of cures as seem best suited to many thousands of cases of chronic diseases which come before them for treatment each year. It costs you nothing to write to Doctor Pierce—the head of this Institution and get an accurate medical opinion in your special case and wholly without charge. This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures gastric troubles of the stomach and at the same time the blood-vessels are given a stimulation which throws off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons from the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood. "About seven years ago my health failed, and I tried different doctors but they could not help me," writes Reuben S. Kleppinger, Esq., of Lehighton, Pa. (Box 673). "I was still getting worse. I had a cough, pain in chest, night sweats, was weak and nervous. I decided to write to Dr. E. V. Pierce of Buffalo, N. Y., and state my case. I received a prompt and careful reply which I still have in my possession. The malady was a complicated one, involving the nasal and other air-passages. There was a catarrhal condition extending from the head to the bronchia and lungs. The use of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy was advised. I used about two dozen bottles of each, also some of Doctor Pierce's Pleasant Pellets, and these remedies have done their work. Since that time I don't believe I have lost a day's work on account of sickness. Am well and have been able to eat anything ever since. Thanks seem but a slight return for all the good your medicine has done for me." Mr. Roy A. Reed, of Casper, Wyoming, writes: "For eight years I had catarrh of the throat in the very worst form; could hardly speak above a whisper for two years. Tried nearly a dozen patent medicines without relief. I was so discouraged that I just about decided catarrh could not be cured with any medicine. My father, however, advised me to try Doctor Pierce's medicines before giving up. I followed his advice and commenced using the medicine on the twentieth of December. I was surprised to note the result of the first month's treatment. After using six bottles of Dr. Pierce's Golden Medical Discovery I was perfectly cured. It has been months since I took the last medicine, and I have not had the least return of my trouble. I have felt better during the past two months than for seven winters previous to this time." Feel cranky?—Case of constipation. A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

like cities and resorts lying within its vicinity are receiving a large amount of free advertising.

Holding first place among the souvenir booklets issued by that road to make known to the ignorant the beauties of Southern California is one of half a hundred pages, consisting largely of Southern California scenes and bearing upon its front and back covers the design of an orange, richly embossed in a deep golden color and resting in the rich green of its foliage. Within the week 20,000 of these booklets will be on their way eastward.

"To the World's Treasure House" is a second pamphlet now being printed, and treating of the mineral zones of Arizona and Southern California tapped by the Clark-Harriman line.

Following this and to surpass in design and interest all previous publications is soon to be issued "The Legends of Arrowhead Mountain," the peculiar rock formation near San Bernardino which has given to the Salt Lake its trade mark of an Indian arrow head. The legends, consisting of those of various Indian tribes and those of the Spanish and the Mormons have been collected and edited by the advertising manager of the road, R. S. Cauvin, who is responsible for the many unique ways for giving publicity to the Salt Lake as a scenic route.
