

WOMEN TO RULE COUNTY HOSPITAL

SUGGESTION MADE AT THE SHAKESPEARE CLUB

Large Sales of Pasadena Realty Are Recorded—Arrangements Made for the Funeral of Late G. W. Pratt

PASADENA, April 8.—That the county hospital should have a managing board of women, chosen from the club women of the county, was one of the recommendations made in a paper read before the Shakespeare club of Pasadena this afternoon by Dr. Walter E. Nichols, formerly of New York city. Other recommendations were that annual reports, printed for general distribution, be demanded by the taxpayers of the county, that the time of training for the nurses be three years instead of two, that the greatly needed new operating room be at once established, and that an up-to-date infirmary and farm be provided for tubercular patients. Dr. Nichols' paper received instant response from the women present, who appreciated the present conditions and were at once aroused to sympathetic interest.

The earlier part of the afternoon was in charge of Mrs. Mary M. Coman, the program dealing with "Prison Reform." After a brief outline of the work attempted and often being accomplished through the new methods in prison supervision and training, Mrs. Coman introduced Mrs. Adina Mitchell, formerly a trustee at the Whittier state school, who gave an interesting and optimistic report of reform work among wayward girls, which had resulted, in her own experience with them, in the best possible way, usually. For years interested in the juvenile court methods, Mrs. Mitchell praised without stint its advance over the old ways, when a "discordant" girl was publicly disgraced by her appearance in the public courtroom.

Captain A. C. Dodds, probation officer for Los Angeles city and county, was present and gave an interesting picture of the development and work of the juvenile court. He paid the highest tribute to Judge Wilbur, under whose jurisdiction the Los Angeles juvenile court is placed. Captain Dodds especially emphasized the fact that in the legal nomenclature of this court all such words as "criminal," "punishment," "sentence," "crime" or "trial" are tabooed, and are not found in the laws dealing with children. As Mr. Dodds was the first juvenile court probation officer ever appointed, and aided in forming the first law, he is an expert upon the subject, and his address was greatly appreciated.

The Coachella Artesian Water company has a force of men employed preparing to lay mains for connecting the lands of the renting farmers on section 5 with the water plant, in order to supply them with irrigating water. The Indians of Martinez have planted a number of acres to cantaloupes and have some of the finest in the valley. Press, type and other materials have arrived at Thermal, where Mrs. Walden will start a newspaper in the near future.

The school at Thermal has been growing rapidly, the enrollment showing twice as many pupils in attendance as there were last year.

NEW PEST PREYS UPON VINEYARDS

CUCAMONGA REPORTS PLAGUE OF BEETLES

Immediate Steps Being Taken to Relieve the Congested Condition of the Southern California State Hospital

SAN BERNARDINO, April 8.—The thousands of acres of vineyards in the vicinity of Cucamonga are in danger of being ruined. A few days ago workmen in the vineyards noticed that numerous small beetles were feeding on the young and tender shoots put out by the vines. An examination demonstrated there were millions of the beetles.

County Horticultural Commissioner H. C. Pease was sent for and made an examination, but has been unable thus far to classify the new pest and has sent a number of specimens to Washington and other places to experts for classification and suggestions as to treating them.

Thus far the vineyardists have been unable to secure any treatment that will effectively destroy them. It has been discovered accidentally that the beetles like oranges better than the young shoots, and so, to keep them from the grape vines, the growers have distributed large quantities of sliced oranges through the vineyards. Unless some way can be found to successfully combat the pest the growers will sustain a loss of many thousands of dollars.

At the meeting of the board of managers of the Southern California state hospital at Patton last night the board took steps toward relieving the crowded condition of the place at once, by ordering the secretary to advertise for plans for the \$65,000 addition authorized by the last legislature, the plans to be submitted at the May meeting.

Work is now about to commence on the cottage for female patients and the new central building is nearing completion, all of which new buildings will greatly relieve the condition of the institution. At present there are about 850 patients in the institution and they are coming in rapidly, about forty during the last month.

Lyman M. King of the Redlands Review was elected secretary and treasurer of the board to succeed John Morton of Los Angeles, whose resignation takes effect May 1. Miss Shatto was elected matron to succeed Miss Adams, resigned.

No Clue to Highway Robber
George Dresher, the victim of the red pepper hold-up Thursday evening, is gradually recovering from his injury and the physicians now hope to partially save his eyesight. As yet no trace has been found of the robber. The officers have found where the pepper was purchased but it led to no better description of the stranger.

A chicken incubator that went wrong caused A. J. Dunlap a loss of \$3000 last night by burning his barns, four miles northeast of the city. The barns were large and nearly new. The live stock in the barn was all removed by neighbors who were earliest at the fire. The family was away from home at the time of the fire. No insurance.

Coroner Pittman has returned from Siding 28 on the Salt Lake road, two miles this side of the Nevada line, where he was called by the killing of a Mexican by a Salt Lake train. When last seen the Mexican was intoxicated. He evidently lay down on the track and, going to sleep, was struck by a train and horribly mutilated.

E. N. Searles and family have arrived here from the Salton sink, where he was employed by the New Liverpool Salt company. They were driven out of the country by the high water of the newly formed Salton sea, which he states is from twelve to fourteen miles wide, thirty miles long and averages about four feet deep. The entire salt plant is surrounded by water.

ARGONAUT DEAD IN SAN DIEGO

JACOB GRUENDIKE SUCCUMBS TO HEART FAILURE

Deceased Was President of Several Corporations and Was Reputed the Largest Land Owner in the County

SAN DIEGO, April 8.—Jacob Gruendike, an argonaut and one of the old residents of San Diego county, died at his residence in San Diego yesterday of heart failure, superinduced by an attack of pneumonia. Mr. Gruendike was probably the richest man in San Diego county and undoubtedly owned more property there than any other man. At the time of his death he was president of the First National bank of San Diego, of the San Diego Brewing company and other large corporations here. He owned and operated several large ranches in San Diego county and other places. He had a ranch in Oregon devoted to the raising of livestock, and annually sold from that ranch from 200 to 300 mules.

Mr. Gruendike was 80 years of age, was never married, and by a will made a few weeks ago he devised all of his property to his nieces and nephews, and made Oscar A. Trippet, formerly of San Diego but now an attorney of Los Angeles, his executor. The estate is estimated at about half a million dollars. Mr. Trippet has arranged to have the remains taken to Los Angeles for cremation, and he will then send the ashes to Stockton for interment, where a brother of the deceased, who came to California in the early days, lies buried.

Bees men are looking forward to harvest time and expect to market almost a full crop. The bees are working hard and have an ample supply of flowers.

The building boom in San Diego continues to grow. The first three months of this year show 136 permits for buildings to the value of \$220,430, as against 87 permits for buildings, amounting to \$119,204 during the corresponding period of last year. A large portion of the permits are for small residences and cottages costing from \$1200 to \$2500.

City Clerk Vincent figures out that the cost of holding the recent municipal election was about 60 cents per vote, or about \$2500 in all.

TOWN OF BELL HOLDS SCHOOL TRUSTEE ELECTION

J. G. Bell, B. Hilliker and J. H. Clewett Are Chosen—Town Will Exclude Negroes

BELL, April 8.—J. G. Bell was appointed for three years, B. Hilliker for two years and J. H. Clewett for one year at the election for school trustees held yesterday.

In the adjoining district of San Antonio a curious state of affairs developed. The school house has been abandoned for some time on account of its isolation by floods, temporary school being held at the Ellis place. The trustees called the election to take place here, but acting on what they believe to be the letter of the law some malcontents held an election of their own at the school house, after an unsuccessful attempt had been made to get the trustees to adjourn with them. At the official polling place sixteen votes were cast unanimously for T. H. Stafford (three years) and C. S. Walton (two years) and it is claimed by their friends that in any case they are elected, only eight votes being cast at the school house. It is now up to County Superintendent of Schools Heppel to pass upon the election.

Twenty-seven citizens of Bell have signed resolutions pledging themselves neither to rent or sell any property in the town to a negro for any purpose whatever, and fixing the penalty at \$500 forfeit. A committee was appointed to secure other signatures.

VETERANS KEEP APPOMATTOX DAY

SOLDIERS' HOME CELEBRATES HISTORIC EVENT

Branch Societies From Neighboring Towns Send Delegations, and a Large Crowd is in Attendance

SAWTELLE, April 8.—Appomattox day this year at Soldiers' home was marked by an unusually large crowd, invitations having been extended to the different branches of the societies in Santa Monica, Sawtelle, Pasadena, Hollywood, Colegrove, Long Beach and other towns.

Mrs. Cross, department president of the Relief corps; Mrs. Spence, president of Columbia circle; Mrs. Fred E. Munsey, past president of Union circle; Mrs. Carrie Drake, president of auxiliary No. 4 of Long Beach and Bartlett-Logan post of Los Angeles were all present.

The school children of Sawtelle, a procession of almost 200, were carried to the home, where they had reserved seats in Memorial hall for the afternoon. These were followed by Women's Relief corps, of which Mrs. Mary Peaslee of Sawtelle is president, and by Burnside post.

Commander-in-Chief W. G. Dustin of the California Sons of Veterans of U. S. A. was present. He is the son of General Dustin, who was with General Sherman on the famous "march through Georgia," and in 1853 was a member of the California legislature.

Vice Commander Geis, who is major and aide-de-camp on the staff of General R. M. J. Reed, chief of staff to Commander-in-Chief Dustin, and who was in the Philippines with the Astor battery of New York, was present, as were also Columbia circle and Union circle of Los Angeles.

The dinner was laid in Assembly hall for the members and participants and was furnished by the Union Veterans' league. Many, by invitation, dined in the dining hall.

The different G. A. R. posts of Santa Monica and Hollywood were in attendance, and long tables were set in Assembly hall to accommodate about 300 of the people belonging to the U. V. L.'s and their friends.

The literary and musical entertainment was given in Memorial hall and was under the direction of Mrs. Anna Shafer, chairman of the auxiliary program committee.

Past Colonel William Milligan gave the address of welcome, which was preceded by an overture by Professor Elser and the Home band. He was followed by the orator of the day, Colonel L. C. Gates of Los Angeles.

Mrs. Katherine Kimball Forrest sang the "Star Spangled Banner" and was followed by Miss Evalina Grohe, the daughter of the home, who recited Grant's farewell address.

Miss Edna Knudson, accompanied by Miss Mabel Knudson, gave a clarinet solo; Mrs. Ora Burke Day, reading; the Bach sisters (Honora and Evalina), a dance, and Mrs. Katherine K. Forrest sang a song. Then came a whistling solo and the closing song by the audience—"America."

After the exercises the crowd marched to the flagstaff, at the request of Governor La Grange, and went through the exercises of saluting the flag.

Colonel Gates made one of the most brilliant addresses ever given in Memorial hall. He said that he could cry "Shame! shame!" on anyone who could be base enough to meditate any deed against so grand, so glorious a government.

The arrest was made on information from officers at Paso Robles, who had warrants for one C. White. The man has been canvassing the country, taking orders for clothing to be delivered by express in two weeks, but collecting one-half the price in advance. When arrested he had \$65. Constable Gano arrived from Paso Robles yesterday morning and identified the prisoner as being the man he had been looking for.

If your complexion is muddy, sallow and pimply, you are probably troubled with a torpid liver and more or less constipation. You must have a movement of the bowels each day, otherwise the bile from the liver and impurities of the body become absorbed into the blood instead of being carried off through the natural channels, the bowels.
