

BURGLARS ACTIVE IN PASADENA

BAKERY ROBBED: BUT LITTLE BOOTY SECURED

ODD FELLOWS TAKE A TRIP

Guests of Star Encampment of Riverside—Plumbers Accused of Wholesale Theft Still in Jail

Pasadena Agency, 114 East Colorado Street.

PASADENA, April 16.—The Eureka bakery at No. 192 East Colorado street was entered by burglars at an early hour yesterday morning and the cash register broken open. The booty amounted to less than \$2, that amount having been left in small change in the drawer. Several jars of jam, a few cans of sardines and salmon were also stolen, apparently for the robber's breakfast.

The robbery occurred about 7 o'clock, at which time no one was about the place, although Mr. Linck, one of the proprietors, had left the place only a few moments before. The thief had evidently timed his visit perfectly, as the robbery was committed between the time of Mr. Linck's going home from work and Mr. Fox's coming on for the morning shift.

Odd Fellows Visit Riverside

Sixty members of Pasadena encampment No. 84, I. O. O. F., were guests of Star encampment of Riverside Saturday night and today. They went in a special car on the Santa Fe. The visitors were met with a band and the Riverside lodge members, who escorted the pilgrims to the lodge room, where degree work was put on by both lodges. This was followed by a banquet, at which covers were laid for 200. This morning the visitors were given a trolley ride to the Sherman Indian school and also a drive to other points of interest.

The Pasadena crowd came home at 5 o'clock this evening and all speak words of praise for the excellent entertainment provided by their Riverside brethren.

Plumbers Still in Jail

Charles Matchow and John Hendricks, the two plumbers who were run to earth by Chief Austin and Captain McIntyre charged with the wholesale burglary of plumbers' tools, are still in the city jail, neither being able to furnish the \$500 bond required by Judge Congden. Hendricks, accused of being the leader of the firm, has a bride of only a few months. Through all her husband's troubles her devotion is unflinching, however, and she made several calls at the police station to see him today.

Matchow, formerly the obdurate, has made a complete confession to the officers and signified his desire to plead guilty and beg for a light sentence. The men will be brought before Judge Congden at 10 o'clock tomorrow morning to undergo preliminary examination for burglary in the first degree. The minimum penalty for such an offense is one year in prison.

Events in Society

In honor of Miss Mabelle Doolittle, whose marriage to Neal Traylor will be one of the notable functions of Easter-tide, Miss Ellen Lowry entertained at a hearts' party yesterday afternoon. The prizes were won by Mrs. Earl West and Miss Blanche Witherell; the consolation by Mrs. Isabel Bates Winslow.

Stewart Edward White, the novelist, who with his wife is making a tour of Southern California, were the guests yesterday at a large reception tendered in their honor by Mr. and Mrs. W. S. McKay of South Orange Grove boulevard.

An elaborate banquet was given Saturday evening in the Flemish room of the Hotel Green in honor of the Rev. Dr. F. B. Meyer, the noted London divine, who is lecturing on the coast. Rev. Robert J. Burdette was the toastmaster and brief but telling addresses on the subject of religious advancement were delivered by Dr. Meyer, Bishop Johnson and others from among the distinguished guests present.

Confirmation Services

Bishop Johnson of the Episcopal church visited St. Andrew's parish Sunday and conducted confirmation at the evening service. The occasion was one of more than ordinary interest in South Pasadena and the church was filled to overflowing. The class was a large one and the words of the bishop were given marked attention by each member. A feature of the services was the special music under the direction of D. Z. Gardner. Master Julian Fleming, the boy soprano, and Edward Shank, each contributed a solo. Julian Fleming is the only son of W. R. Fleming, a well known organ builder of Los Angeles.

Miss Sanborn, deaconess, addressed the congregation at the First M. E. church this evening.

Building Activity

Pasadena's building boom is fast reaching out. While the greater activity is just now confined to the residence districts, several business blocks are in contemplation. Thun Bros. will erect one at the northeast corner of Colorado and Worcester, and it is also said they will build on Green avenue between Fair Oaks and Raymond. Excavating is about completed on North Fair Oaks for the Louis Meyer building, which is to be 64x80 feet and to contain three store rooms. The cost will be \$10,075.

Construction work has begun on J.

Herbert Hall's twenty-seven-room apartment house on Ford place. It will cost about \$9000.

The school board is having erected two large brick buildings. The Franklin is located at Worcester and Walnut streets and the brick work is approaching the second story. Construction is also progressing on the Madison school at Ashtabula and Madison. In the northern parts of the city numerous fine cottages and neat bungalows are in course of erection.

Former residents of the state of Maine are to organize on the evening of April 29. The meeting will be held at G. A. R. Hall and Judge Waldo M. York will preside.

It is now possible to talk over the telephone to the new observatory on Mt. Wilson, the Home Telephone company having completed its line to that point.

ENTERTAIN FLEET OFFICERS

Santa Barbara Society People Plan Social Functions

Santa Barbara, April 16.—The officers of the fleet now anchored in this harbor will make their headquarters at the Potter hotel. A number of social functions in honor of Rear Admiral Goodrich and other officers of the ships are now being arranged by some residents of the city.

A public ball in honor of the officers will probably be given this week, and on Monday evening, the 24th, Mr. and Mrs. T. Stewart White of this city will give a private dance and reception to the officers, which affair promises to be one of the leading social functions of the season.

Want Children's Playground

A children's playground is the latest acquisition which is to improve Santa Barbara's efficient school system. A number of public spirited citizens have offered their assistance in raising sufficient funds to improve a half block of land owned by the city and offered by the park commissioners as a park and playground for the kindergarten and younger children of the city schools.

The idea originated with Mrs. L. F. Mitchell, who is at the head of the city's kindergarten work, who has for many months seen the great need of a suitable place for young children to play and spend their spare moments when out of the school room.

FISHERMEN HAVE FAIR LUCK AT BEACHES

Anglers Make Fine Catches at Port Los Angeles

Special to The Herald.

SANTA MONICA, April 16.—An endless string of anglers, which included men, women and children, lined both sides of the long wharf at Port Los Angeles today, nearly all of whom were successful to a greater or less degree. The varieties of the fish caught made up an assortment that probably contained every species frequenting these waters, while the sizes were as variegated as the anglers themselves.

Perch, tomcod, bass, flounders, sole, surf fish, sun fish and others varieties too numerous to mention and too scarce to classify were proudly carried off by the anglers, many of whom had baskets full and overflowing as a result of their day's sport.

At the Ocean Park, Playa del Rey and Santa Monica short piers some fishing was indulged in, but no catches of any consequence rewarded the fishermen, a few herring and an occasional bass being all that was in evidence.

Seals have become numerous in the vicinity of Playa del Rey and they have apparently scared all the fish away from the waters thereabouts.

Hon. Z. B. West presided over the informal exercises of the evening and at his invitation pastors of the various city churches responded with greetings and words of congratulation.

The Santa Ana and Fullerton high school baseball teams played a fifteen inning game on the local grounds yesterday afternoon without scoring a run on either side. When the game was called at the end of the fifteenth inning the score was 0 to 0. The local team has not been beaten this year by any school nine.

VENTURA, April 16.—A petition is being circulated and liberally signed, asking the town board to pass an ordinance to close all saloons in Ventura on Sunday.

At the home of Mr. and Mrs. E. A. Duval of Saticoy was a scene of brilliant gathering last evening, the occasion being the celebration of their fiftieth wedding anniversary. The affair was a complete surprise to the old people, being planned by their friends. A large number of friends and relatives were present to enjoy the happy occasion. Mr. and Mrs. Duval were the recipients of many and costly presents.

The divorce suit of Mrs. Katherine Donovan vs. T. H. Donovan, which was commenced in San Francisco has been transferred to the superior court of Ventura county. Desertion and cruelty are alleged in the complaint.

SAN BERNARDINO, April 16.—Another handsome business block has been designed for this city, to be erected fronting on D street by the George M. Cooley company. The structure is to be 34x142 feet, two stories high, and will be connected with the company's store now fronting on Third street, making a large L shaped store having nearly 25,000 feet of floor space.

The building will have a mission front and will be equipped with every late convenience for the hardware business. In the past week ground has been broken here for the new Garner block in West Third street, and the coming week the contract will be let for the new Barton & Catick block in the same location.

The Los Angeles contractors who are building the great Arrowhead dam in Little Bear valley in the mountains north of this city have received two small locomotives which will be taken to the mountains for use in logging out the reservoir site.

In the second game of the Interscholaric series yesterday Pomona won from the San Bernardino high school, 4 to 1, and Riverside defeated Redlands 3 to 2. Ontario defaulted to the Colton school.

First Train Over New Road

Tomorrow morning the first passenger trains from Salt Lake City over the new Salt Lake road will pass through this city. There will be two of the trains and they bear the delegates of the Woodmen of the World en route to Los Angeles to attend the meeting of the supreme lodge. Several other trains have made the trip over the new line, but they have carried only officials.

Local hunters are indignant over the indiscriminate hunting of quail and other birds out of season in this vicinity. Several instances of the sort have been discovered of late, it is alleged, along with illegal fishing of trout in the mountain streams. There is no game warden in this county, but the law abiding sportsmen will soon take up the matter in a serious manner if they find they can place their hands on the guilty parties.

READY FOR CONVENTION

Riverside W. C. T. U. to Have Distinguished Speakers

Special to The Herald.

RIVERSIDE, April 16.—The annual county W. C. T. U. convention, which is to be held in the First Methodist church on Tuesday, Wednesday and Thursday of this week, will be addressed by two or three of the most distinguished visitors it has been the lot of Riverside to honor. Mrs. L. M. N. Stevens, national president and world's vice president of the W. C. T. U., Miss Anna Gordon of Evanston, Ill., for so many years the coadjutor of Miss Willard and now honorary assistant secretary of the world's W. C. T. U., and Mrs. Helen M. Barker, also of Evanston will be present and speak.

A local fruit company sold some half boxes of tangerines in New York Thursday for \$2.40 for half boxes. This would be \$4.80 for full boxes, and is the highest price realized this season on tangerines.

Secretary Caldwell of the boys' department, Y. M. C. A., is planning to have a camp reunion here at home which will be so nearly like the summer camps at the beach as the surroundings will allow. The reunion will be held some time within the next two weeks.

Residents on Lemon street are registering vigorous protest against the unsightly poles which are being placed on that street by the Sunset Telephone company. Residents on other streets are still complaining of the immense poles put in by the Home Telephone company last winter. It looks as if the streets of the town would soon be effectually shaded by poles instead of trees.

OCEAN PARK ENTERTAINS THOUSANDS OF VISITORS

Special to The Herald.

OCEAN PARK, April 16.—Ocean Park today entertained the biggest crowd of visitors, to take advantage of a holiday at this beach in many long months, and a careful estimate places the number of persons who came and went during the day at not less than 9000. From early morning till late at night a continuous stream of well-dressed, happy humanity zigzagged back and forth between Venice and Santa Monica. On the sands hundreds of persons made up little parties and ate their lunches, bathers were numerous, and everybody seemed to have money to spend.

The afternoon and evening band concerts were attended by unprecedented crowds, less than one-half of whom were able to get seats. Shell gathering has taken a hold on

residents and visitors alike. The report of a monstrous moonstone having recently been picked up has to a large extent revived interest in the pastime.

MR. FINLAYSON ADDRESSES BIG MURPHY MEETING

Well Known Attorney Paints Beautiful Pictures of Life of Jesus Christ

"I believe that the time will come when men and women will cease to thirst for intoxicating liquors, but instead will thirst for the righteousness of God," declared Frank G. Finlayson, who was the principal speaker at the Murphy meeting last night in Blanchard hall.

"When men cease to thirst for liquor," continued the well known attorney, the demand for it will cease, and thus will rum shops and breweries and all things of that nature be blotted from the earth."

This declaration brought forth a round of applause from the large representative audience. The speaker said Jesus Christ came to earth a humble man, mingled with the people of all classes as he found them and did not show an egotistical preference for one class. The son of God recognized the spark of divinity in every human soul.

Beautiful word pictures were painted by the speaker, in which he described the actions of Jesus when he lived among men, and these were applied forcefully to the questions under discussion. The fact that men in every walk of life have some good points was emphasized, and a request made that when an estimate of a man is being made that it be remembered he has a spark of divinity in him just as the best men in the land have, be his business what it may.

Next Monday evening the members of the association will celebrate in honor of the sixty-ninth birthday of Francis Murphy, the great temperance worker, with a social in Blanchard hall.

NO MORE BEAUTIFUL FLOWER THAN GRATITUDE

At the First Christian church yesterday morning Rev. A. C. Smith preached on the subject, "Mary Anointing Jesus." He said in part: "The gospel is a picture gallery of the life of Jesus. Among its most beautiful paintings is that of Mary anointing Jesus. It occurs at a feast made in honor of Jesus revealing him as a Christ sharing in all the proper experiences of human life. He was no ascetic, but was a man laboring among men for their uplifting and ennoblement. At this feast Mary pours upon his head a precious ointment and wiped his feet with the hair of her head.

"On Mary's part this was an act of gratitude to Jesus for having loosed her brother from the hands of death. No more beautiful flower grows in the garden of the human heart than gratitude. There is no baser passion of the human soul than ingratitude. This offering came from a heart of love, for Mary profoundly loved him who had brought such a great blessing to her heart and life and family. Jesus drew about him a number of women who were most devoted to him and lavished their wealth of love upon him. It is no marvel when the loveliness of Jesus is remembered.

"Mary brought her offering to Jesus while he was living. She bestowed her gifts upon him during his earthly life. She was a believer in 'taffy' rather than 'epitaphy.' How many a life hungers for a flower in daily experiences whose tombs shall wear the garlands they needed while making the journey of life. Bestow the gift, the love during life. Death will bring its own rewards and will be oblivious to floral offerings."

There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. SAYS ALL MUST GLORIFY CHRIST

Declares We Must Keep in Constant Touch With Heavenly Father and Remember Jesus is Lord

"Keep in constant touch with our heavenly father. Talk to him as to a father. When I went to my room this afternoon, I was too tired to pray, so I just sat down and said, 'Lord, we have had a splendid time this afternoon, the meeting was a great success for you.' I sat there and talked out loud, just as I would to you. I hate to see the man who looks as though he were praying and trying to look good. I hate pretense, I want to be just a natural man."

This was the simple declaration of the Rev. Dr. Myer last evening at the closing service of the series of meetings held the past week in temple auditorium.

"Jesus Christ is Lord! Jesus Christ is my lord! Jesus Christ is lord of my life henceforth!"

These words were uttered by the vast congregation of hundreds of people who packed Temple auditorium from floor to ceiling, many standing during the entire service. Dr. Myer, in his closing address, made a direct appeal to the people to confess Christ as their lord and master.

"I want you all to glorify Christ," said the speaker, "I want you blasphemers, and you libertines, you women of fashion and you young girl with your lover, I want this whole vast congregation to confess Christ is Lord, to the glory of God the Father."

"Some of you perhaps, can not say it. That word 'my' makes a great deal of difference. Any one can say the Lord is master. A devil may say it, and you may be a devil. Even devils can't help it. It is a fact. You may live apart from it, but it is so whether you like it or not. Let every knee in heaven, above earth, and of the earth, and of hell, which is below the earth, bow and confess Christ is Lord and Master."

"I believe heaven interlaces this earth, and that the great white throne is in sight, if these eyes could but see it. I believe God is as much here tonight, as on any Jasper throne."

"This is Palm Sunday and the holy Easter season is drawing near. Christ took the form of man and even obeyed the law of death. He could have obeyed that law by peacefully dying in that house of Nazareth, in the loving arms of Mary, but he saw the cross of Calvary and said that many of his martyrs would die a hard death for him, and that he would die the hardest death that he might bear the sin of the world and make this a redeemed race."

The service last evening, was the most successful of all the services of the noted English divine held in Los Angeles.

Dr. Myer will conduct a final meeting Thursday evening in the First Methodist church, after which he will go to Portland, Oregon, where he will conduct a series of meetings.
