

LIEUTENANT HELD FOR DOG'S DEATH

RESULT OF KILLING A PET IN PASADENA

ACCURRED AT RIFLE PRACTICE

A. B. Bartholomy, Accused by Animal's Owner, Says He Will Hold Court-martial to Learn Guilty Man

Pasadena Agency, 114 East Colorado Street.

PASADENA, April 19.—Lieutenant A. B. Bartholomy, temporarily in command of company I, Pasadena's branch of the California National guard, was today placed under arrest by Constable Sam Wallis on a warrant charging him with malicious mischief. The case is an echo of the shooting of "Bis," a valuable pet terrier belonging to S. T. Tyler, a prominent ranchman residing west of the arroyo. The animal was killed last Sunday during rifle practice by the militia company on the range near Tyler's house. Bartholomy declares that he should not have been placed under arrest, as he only shot the dog after it had already been wounded, to put it out of its misery.

Lieutenant Bartholomy is preparing to institute a court-martial among his men to determine who it was who fired the first shot. He says that if it can be proved that the deed was done wantonly the guilty one will be summarily dismissed. The lieutenant's case is set for next Tuesday before Judge Klamroth.

Mayor Waterhouse Returns

Mayor-elect William Waterhouse returned this evening from a two week's trip to Chicago and Cedar Rapids, Iowa, where he was called on business.

The mayor-elect said his first step would be to make the rounds of the city hall in order to take a bird's eye view of the situation. Further than that Mr. Waterhouse had nothing to impart regarding municipal affairs. He said he enjoyed a pleasant trip, yet was glad to get back to the crown city.

Plan for New Bank

A proposition to establish a bank in North Pasadena will be considered by the North Pasadena Improvement association at a special meeting to be held Thursday evening. J. A. Graves, vice president of the Farmers and Merchants' National bank of Los Angeles, proposes that the citizens of North Pasadena raise \$25,000 of the proposed \$50,000 capital. The bank will probably be located at the corner of Fair Oaks avenue and Pepper street in a new building being erected by Messrs. Graves and Fletcher.

At a meeting of the Vermont Society of Southern California Major S. B. Abbott of Los Angeles made an address on his boyhood days in Vermont. The society elected the following officers. Rev. Charles L. Lawrence of Pasadena, president; Major S. B. Abbott of Los Angeles, first vice president; A. P. Harwood of Ontario, second vice president; L. F. Wells of Redondo, third vice president; George Gates of Pomona, fourth vice president; Mrs. W. D. Stevens of Pasadena, fifth vice president; D. G. Andrews of Pasadena, secretary; L. N. Coyer of Pasadena, treasurer.

Pasadena Brewities

Former City Attorney C. J. Willett of this city was honored with the election of grand scribe by the grand chapter of Royal Arch Masons in session at San Francisco.

Rev. Sumner T. Martin, a noted evangelist, has been secured to conduct a revival meeting at the First Christian church, beginning Sunday, April 30. Rev. Mr. Martin will be accompanied by Mr. Wilson, a singing evangelist.

The initiatory steps toward organizing a young women's league were advanced toward permanency at a meeting last evening at the home of Mrs. E. B. Farr. Plans were discussed and an adjournment was taken until next Tuesday evening when a permanent organization will be effected.

BOND SALE RESCINDED

Santa Ana Must Advertise, Private Contract Being Illegal

SANTA ANA, April 19.—The city trustees have been forced to rescind the sale of the \$60,000 worth of electric light plant bonds, which were awarded last week to the N. W. Halsey company of Chicago. In the opinion of legal experts the sale is illegal because made privately and without advertising the

A tiny, chocolate coated tonic laxative tablet, that gives VIGOR and health to the STOMACH, LIVER and BOWELS, thereby curing—

Sick Headaches, Biliousness, Sallow Complexion, Torpid Liver, Dyspepsia, Jaundice, Indigestion, Heartburn, Flatulency, Loss of Appetite, Fimples, Sour Stomach, Dizziness, Nausea, Full Breath.

Take only one "VIGORET" at bed time and they will move the bowels gently yet thoroughly each day and permanently cure—

CHRONIC CONSTIPATION They cool, cleanse and purify the blood and are sold by all druggists in 25c packages (50 tablets) and 10c trial size (15 tablets).

issue. An advertisement for bids has been called for and offers will be considered on the night of May 8.

Ed Carlin of Anaheim is wanted by the officers for passing a worthless check on an Anaheim man last Friday. The victimized man claims that Carlin made \$50 by the deal.

D. A. Hopkins of this city, who started for the home of his daughter in Washington last Friday, is in charge of the police in Sacramento as being in a mentally unbalanced condition. He will be sent on to his destination.

LONG BEACH WIFE BEATER LODGED IN COUNTY JAIL

Y. W. C. A. Raises Amount Required to Enable Them to Hold Donated Lot

SPECIAL TO THE HERALD. LONG BEACH, April 19.—M. J. Brownell, who assaulted his wife and nearly killed her on April 4, was today bound over to the superior court by Justice Brayton in the sum of \$1500. He is now in the county jail. At the preliminary hearing today Mrs. Brownell testified that her husband was drunk practically all the time and kept at least a gallon of whisky in the house. He never gave her more than \$3 a week, with which she had to pay grocery bills, and tried to force her to pay over money that belonged to her in her own right. She said she owned a lot in Long Beach and a year ago her husband forced her at the point of a pistol to sign over a half interest in it.

The Young Women's Christian association yesterday raised \$2000 to make up the \$6000 needed to hold a lot given them three months ago. The lot was given by local business men on condition that \$6000 was raised for a building fund. The last subscription needed to complete the amount came in about 10 o'clock at night, only two hours before the time limit expired. The women will now endeavor to raise \$4000 more for the new building.

Carl Ransdell of Redondo and Miss Luelle B. Covert of Long Beach were married at 10 a. m. today in the parlors of the First Christian church by Rev. Grant K. Lewis. They will reside in Redondo.

TAILOR SHOP AND COTTAGE BURNED AT SANTA MONICA

"Peeping Tom," Arrested at Beach Last Sunday, Fails to Appear for Trial

SANTA MONICA, April 19.—The tailor shop and cottage adjoining at 323 Utah avenue, owned by August Beyor, were totally wrecked by fire early yesterday evening. The flames originated in a chimney at the rear of the shop and made rapid headway. "John Smith Doe," the young man arrested on the beach last Sunday as he crouched under a ladies' bathhouse, peeping up through a crack in the roof, failed to appear for trial and \$10 which he deposited as bail has gone to swell the city's funds.

A fellow giving the name of Edward McNair was arrested on the beach a few days ago for soliciting alms, and when searched was relieved of considerable cash. McNair deposited bail for his reappearance in court today, but failed to show up. Grover Adams and eleven companions, representing the Los Angeles Y. M. C. A., have pitched camp on Sunset avenue and will try the simple life for one week. If the experiment proves satisfactory to all concerned they will probably maintain the camp throughout the summer.

A coroner's jury has decided that fatty degeneration of the heart caused the death of Charles Howe, the Southern Pacific brakeman, whose body was found near the Soldiers' home last Monday night.

James Kane, a well known citizen who was in business here for a number of years, died today at the advanced age of 82 years. The body will be sent to Mead, Neb., for burial.

Carpets and Rugs at Auction There is a strange enthusiasm at the auction sale of the Los Angeles Furniture company, 212 West Sixth street, where they are disposing of their entire stock. Buyers are bidding briskly, but the auctioneer seems in such a hurry that goods are "knocked down" at ridiculous prices. A \$250 mahogany parlor suit was yesterday sold in a moment for \$64. Hundreds of like instances occurred during the day. The management announced yesterday that today the carpets and rugs would be put up at auction at 10 o'clock and at 2:30 in the afternoon.

W. C. T. U. OF RIVERSIDE COUNTY ELECTS OFFICERS

Reception Given at the Methodist Church to National Officers

RIVERSIDE, April 19.—At this morning's business session of the county W. C. T. U. convention the following officers were elected to serve the coming year: President, Mrs. H. Simmons; corresponding secretary, Mrs. Elsie Barber; recording secretary, Mrs. S. J. Ford; treasurer, Mrs. Florence Cutts. This afternoon from 2 to 5 the county, state and local officers gave a reception in the Methodist church parlors to Mrs. L. M. N. Stevens, the national president, and Miss Anna Gordon, national vice president at large. The county supervisors this morning rejected the bids received at their last meeting for the construction of the west approach to the new bridge over the Santa Ana, and voted to advertise for new bids, to be opened May 4.

Clarence M. Ashleigh, son of Rev. Frank D. Ashleigh of Arlington, and Miss Alma T. Cordier were married last night at the residence of the groom's father. Both contracting parties are residents of Escondido.

If you want to go east, C. Haydock, Agent Illinois Central R. R., 118 & Spring

CREW PREPARES FOR BIG RACE

CONSTRUCTING NEW BARGE FOR EVENT

SAN DIEGO WEBFEET TO ROW

Southern Sailor Lads to Attend the Regatta at Playa del Rey and Witness Contest With Sherman

SPECIAL TO THE HERALD. SAN DIEGO, April 19.—The racing crew of the naval reserves have rejected all bids offered on the construction of the new racing barge and will proceed to build the same themselves by day's labor, with Captain L. Almgren in charge. It is expected that the new boat will be completed by the first of next month, so there will be ample time to practice in her before the contest with the Sherman crew at Playa del Rey on June 17. So much interest is manifested in the coming race that Lieut. Frank Sargent has laid the matter before the adjutant general, with the result that he has received permission to take the entire command to Playa del Rey at the time of the meeting between the two crews.

C. L. Williams, who was elected city treasurer and tax collector at the last election, has filed his bonds. As treasurer he gives a bond for \$50,000, and as tax collector he gives a bond for \$15,000. He will begin his duties a week from next Monday.

Italian Cruiser Umbria Visitors were welcomed on board the Italian cruiser Umbria today. The ship is on a cruise which has kept her away from a home port for about a year. She is of 3340 tons register, carries a complement of 226 officers and men. She will remain until the early part of next week before proceeding to San Francisco.

C. A. Fortiner, whose mysterious departure some time ago, while holding the position of treasurer of the local Aerie of the Order of Eagles, led to the report that there was a shortage amounting to several hundred dollars, has returned to San Diego and announces that he is ready to square up any alleged shortages. He adds that he went away from here sick and did not recover for several weeks, so that he had no knowledge of affairs locally near the condition of his own affairs.

Nearly a hundred members of the chamber of commerce, some of them accompanied by their wives, have spent the day at Escondido as the guests of the Escondido chamber of commerce—a sort of fraternal visit. The party left here by special train at 8 o'clock. At Escondido they were taken on a trip about the valley, over the irrigation system and up to the reservoir, now rapidly filling with water from the San Luis Rey river. On the return this evening the special train made a stop of four hours at Oceanside, giving time for the excursionists to examine the many improvements made there during the year past.

The special returned to San Diego at 10 o'clock this evening. Soldiers Going to Los Angeles There has been considerable talk recently of a mobilization of the Seventh regiment and the Southern California divisions of the naval militia at Los Angeles on the Fourth of July and the subject is being discussed with interest locally. It is one of the requirements of the service, both National guard and naval militia, that all organizations turn out for parade on the Fourth. The local organizations are quite willing to go to Los Angeles for that parade. Chief Thomas has received a letter from George Lunning of Fond du Lac, Wisconsin, asking for information as to the whereabouts of his sister, Mrs. Philip Vernon, who was supposed to be in San Diego up to a few months ago. Hay harvest in on all over the county and the crop will be a big one. Instead of importing hay from other counties to feed stock as in the past few years, San Diego county will have hundreds of car loads to send away. The board of directors of the Y. M. C. A. are striving to secure sufficient subscribers during the first months of 1905 to care for the running expenses of the entire year, so that the directors can turn their attention to a building campaign to be inaugurated as soon as possible. Councilman Dan F. Jones of this city has received word from Campo that his brother, Col. J. P. Jones of the custom's service, had been stricken with paralysis. He left at once to be at his brother's bedside.

SAN PEDRO GAMBLERS TO BE SUPPRESSED

Contract for Building Outfall Sewer Awarded to Los Angeles Firm for \$18,000

SAN PEDRO, April 19.—Some of the city trustees were greatly surprised last night to learn that there is a considerable amount of gambling going on every night, and that a roulette wheel is being operated in the Griffin block, at the corner of Beacon and Fifth streets.

President Weir brought up the question, and when he found that a majority of the members were inclined to do nothing in the matter he took it into his own hands and instructed the clerk to notify the owners and agents of buildings that there must be no gambling. The law makes the owner of a building or the agent thereof equally guilty with the man who conducts the games. The contract for building the outfall sewer was awarded to Ramish & Marsh of Los Angeles. The bid was \$18,000 for the sewer complete.

The steamer Redondo, Captain Ahlin, brought in 100 tons of grain for railroad shipment to Los Angeles firms, and 200,000 feet of lumber for the Southern California Hardware company. The steamer Bonita arrived this morning with ten passengers and 100 tons of merchandise. The schooner Camano, Captain Bachs, thirteen days from Gamble, came in with \$80,000 feet of lumber for the Southern California.

The steamer South Coast, Captain Anderson, came in with a cargo of 9400 ties for the Gila Valley railway. The tug Warrior went to Redondo and took the schooner R. W. Bartlett in tow to San Pedro, to discharge 200,000 feet of lumber for the L. W. Blinn company.

SALOON OWNER WANTS REFORM

SAN BERNARDINO DEALER URGES CHANGES

SAYS THE PEOPLE WANT THEM

City Trustee Carson Advocates Closing Up Saloons at Midnight and on Sundays and Suppression of Gambling

SAN BERNARDINO, April 19.—At the meeting of the city trustees last night Trustee Carson, who is a saloon proprietor, asked that an ordinance be at once drafted to close up saloons on Sundays and at midnight and to suppress gambling. Carson said the people wanted it and that now he wished to see it done. His action was a result of the recent election in which the people declared for reform in the conduct of saloons. A committee was appointed to wait upon the city attorney to request the drafting of the ordinance in conformance with the views expressed. The city attorney is, however, out of the city and will be for some time, so that it is possible that the closing ordinance will not be passed until the reform administration takes its seat.

Frank Hall, a Highland painter, has disappeared with about \$250 of cash that he had saved up, and left his wife and two children in destitute circumstances. He left home last Friday night and nothing has been seen of the man since. Why the man should disappear is a mystery, as he had fully \$1500 worth of work contracted for. It is believed that drink is the cause of his trouble.

The Odd Fellows, Token lodge No. 290, have purchased more property frontage in D street, making a total of 50 feet near the postoffice and city hall buildings. It is understood to be the plan of the several Odd Fellow bodies of the city to unite, in the near future, in the erection of a temple. Two subordinate lodges, one encampment and a lodge of Rebekahs will join in the enterprise.

W. J. Kennedy, an insane patient from Upland, created some excitement at the county hospital by a desperate attempt to escape. He was walking out with another patient named McAfee, who was recovering from an operation. Kennedy struck McAfee over the head with a club, knocking him down. He then ran and made his escape, but was afterward captured in the Santa Fe yards. Kennedy got into his present mental condition by worrying over financial matters.

Lockjaw caused the death of Mrs. Adeline Pitcher, one of the pioneer residents of the valley, who passed away last night. A week ago Mrs. Pitcher stepped on a rusty nail, which made but a slight wound. Three days ago lockjaw developed.

Fred Zeigler, who was arrested for stealing a suit case from H. Edwards, has been sentenced to 120 days on the rock pile. Zeigler was, until recently, employed by the Santa Fe at Needles.

Modern Farming Machinery.

THE BIG CROPS OF THE WEST.

THE modern farmer is concerned with large acres. He treats his soil well and he has a system—a scientific side to his farming as well as a business side. The man who does things and knows why he does them is the one who reaches the top. Most farmers know that the reason that clover and all the relations of the clover family are great restorers of fertility is because they are nitrogen gatherers. They enrich the land because down at the roots of these plants are multitudes of little nodules and in these nodules are millions of small organisms gathering in nitrogen from the air and storing it in such a way that the plant will give it up to the soil, where some other crop like corn or wheat can find and use it. The laboratory has taught the farmer this, and it is in the scientific laboratory that they are winning new victories every day for the improvement of our fields. Although the wheat fields produce a billion bushels, we believe the great strides made in agricultural improvements will bring still greater returns this year. In the same way is mechanical engineering making great strides and improvements whereby immense harvesters do the work of a large gang of men and a great many small machines. If the farmer paid half as much attention to his own body as he does to his fields, his crops and his business, he would be healthy as well as wealthy. Dr. R. V. Pierce points out in his "Common Sense Medical Adviser" that the great trouble with the majority of our hard-working people in the farming districts is that they eat too much pork and fried meats and vegetables. The stomach after all is the center from which radiates all our vitality, our strength and health. The laboratory teaches us that when the stomach is healthy it takes from the food just what is needed for feeding the blood. Just enough of the elements to make pure rich blood. How much suffering might be avoided by simple attention to the laws of nature!

The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood. It cures scrofula, eczema, erysipelas, boils, pimples, and other eruptions that mar and scar the skin. If then no man is stronger than his stomach and physical strength is created in the stomach and distributed from it, the very first question that a weak man should ask is, "What is wrong with my stomach?" If there are weak lungs, the condition also points to a "weak" stomach. All physicians know that the cure of consumption is but a question of nutrition. If you can put flesh and fat on the body the lungs will take care of themselves. The one thing which baffles the physician in the cure of lung and other diseases is "weak" stomach. If the stomach was strong he'd feel sure of a cure. In fact, then, any condition of physical weakness at once suggests weak stomach. When the stomach is made strong, the whole body regains strength and every organ of the body, heart, liver, lungs, kidneys, etc., shares in this newly gained strength.

It is because Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition that it gives strength to the whole body. When the weak stomach is made strong by "Golden Medical Discovery" then food is perfectly digested and assimilated, the nutrition derived from food is distributed to the several organs of the body, and the "weak" heart which was weak because it was not well fed becomes strong again. So with the weakness of the other organs of the body, it is cured when the stomach is cured.

A CHART OF HEALTH.—The shoals and rocks of disease on which health is wrecked are plainly shown in Doctor Pierce's Common Sense Medical Adviser (1008 large pages), sent free on receipt of stamps to pay expense of mailing only. Send Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.
