

KNIGHTS TEMPLAR VISIT PASADENA

THREE HUNDRED ATTEND FIRST BAPTIST CHURCH

REALTY IN ACTIVE DEMAND

Sales for the Past Week Aggregate \$100,000, for Both Improved and Unimproved Property

Pasadena Agency, 114 East Colorado Street.

PASADENA, April 23.—Three hundred Knights Templar of Pasadena, Los Angeles and Long Beach today observed Easter by attending services at the First Baptist church, where a special program had been arranged for this afternoon. Four special cars of the Pacific electric line brought the commanderies of Los Angeles and Long Beach to this city. Pasadena commandery was in waiting to receive them, being drawn up in line on Raymond avenue at present swords while the visiting columns marched past and thence to the church, the local commandery falling in at the rear. A band accompanied the Los Angeles delegation and furnished music during the line of march. The interior of the church was fragrant as well as radiant from the Easter decorations of lilies and other choice blossoms. The usual opening ceremonies were observed in accordance with the Knights Templar custom, followed by special music by a selected quartet.

Rev. A. Hatcher Smith, pastor of the church, extended a hearty welcome to all the Sir Knights and thanked them for the honor of their presence. The pastor's sermon was based on an utterance of Christ according to St. Matthew as follows: "I came here not to destroy, but to fulfill." The discourse was one of intense interest to all present. The speaker several times referred to the Sir Knights as a body representing the highest intellect and as one of the greatest organizations in the land.

At the close of the service and before benediction a beautiful solo was rendered by Miss Bowers. Previous to their departure for their homes the visiting Sir Knights were served with refreshments by the Eastern Star ladies at the hall of the Pasadena commandery.

Steady Demand for Realty

That investors have the utmost faith and confidence in the future of Pasadena is shown by the steady demand for realty, both improved and unimproved property, last week's transfers footing up more than \$100,000. One of the biggest sales was a tract fronting 32 feet on Grand avenue adjoining the Tod Ford place, also ten and one-half acres on Arroyo drive, all of which was purchased from Myron C. Wick by Mr. Ford for \$32,000. The property was bought by Mr. Ford for an eastern friend who expects to build a handsome home here in the near future.

Another deal of importance was the purchase of the James F. Andrews tract at the northeast corner of Arroyo terrace and Live Oaks avenue by Mr. and Mrs. I. H. Stratton for \$20,000. Mrs. Laura E. Fogg bought from the Boston Realty company a three-story brick block at 159 East Colorado street, fronting twenty-five feet, for \$22,000. Frank A. Wales invested \$13,000 in the Houcke two-story brick building on West Colorado street. Elizabeth Hosmer bought from A. P. Janney two brick buildings on Union avenue, east of the city hall, for a consideration of \$24,000. A building adjoining that was purchased from Mr. Janney by Thomas Loftus for \$12,000.

George A. Curtis bought from W. P. Webb five acres at the southwest corner of Lake and California for \$12,500. The property will be subdivided. A sale of fifteen acres at the southwest corner of Craig and Colorado is reported to F. E. Leavitt for \$9000. It will be platted. Numerous smaller transfers were made, the amounts ranging from \$1500 to \$5000. The week's business of one firm footed up \$58,000.

The young couple have taken rooms at Mission Gables, where they will reside temporarily.

Miss Lillie Lombard and Harry R. Stowe, both members of prominent families, figured in an elopement marriage-Friday afternoon at Riverside. The young people have been engaged for some time but the bride's father, Dr. Lombard, opposed the match. Miss Mary Pittenger of Fallbrook

and Raymond Wayman, city editor of the Review, were married yesterday in the First M. E. church by Dr. W. P. Ferguson. They left last evening for a short wedding journey.

The remains of Mrs. William Craig, widow of the late Dr. Craig, and mother of Mrs. Charles R. Paine, Mrs. C. A. Crafts and Scipio Craig, editor of the Citigraph, were laid to rest yesterday in Hillside cemetery. Mr. and Mrs. Craig and their family were among the earliest settlers in Redlands. Bishop Conaty, Assisted by Priests and Sisters, Will Conduct Ceremony at Hollywood

HOLLYWOOD, April 23.—At two o'clock Monday afternoon Right Rev. Thomas Conaty, D. D., Bishop of Monterey and Los Angeles, assisted by Father Murphy and the priests and sisters of the diocese, will break ground for the new \$130,000 academy of the Sisters of the Immaculate Heart.

Easter was celebrated at the various churches yesterday by special exercises and music. At the Prospect Park church Dr. George F. Bovard, president of the University of Southern California, preached this morning and this evening a Bible exercise by the Sunday school was given.

At the Memorial Methodist Episcopal, Presbyterian, Baptist and Christian churches special music and children's exercises were heard.

At St. Stephen's Episcopal early communion was observed and an elaborate musical program was given in connection with the morning service at 11 o'clock.

At the Church of the Blessed Sacrament Easter was elaborately observed. At high mass at 10:30 this morning the new pipe organ was blessed. Dr. J. M. Loretz of Brooklyn, one of America's foremost organists, presided. At four o'clock this afternoon Dr. Loretz gave a recital, playing many of his own compositions. At the service after the recital Father Clifford preached the sermon, many priests from Los Angeles assisting in the service.

"The Hollywood Citizen," the new Hollywood paper, made its first appearance yesterday. It is a four-page six column weekly and its neat appearance caused much favorable comment.

DISASTROUS FIRE VISITS POMONA

DAMAGE IS ESTIMATED AT NEARLY \$25,000

LOSS COVERED BY INSURANCE

Blaze Starts Under Office of Dr. Clarence G. Toland in the Brady Building

POMONA, April 23.—Following the Easter sermons shortly after noon today the Sunday quiet was broken by the alarm of fire. The blaze originated in or under the office of Dr. Clarence G. Toland, in the Brady building, at the corner of Second street and Gadey avenue. This brick block is one of the handsomest business structures in Pomona and contains the Crawford-Moles department store, recently purchased by Los Angeles parties. A. E. Tate, the new manager, estimates the damage to stock by water at \$20,000 to \$25,000, fully covered by insurance. Captain J. T. Brady estimates the loss to his building at \$5000 to \$6000, also fully covered.

Dr. Toland's office and a large portion of the upper story were gutted by the fire, which was controlled by heroic efforts of the fire company after a fight of almost an hour. The fire is supposed to have originated from defective electric connections.

Summer School of Biology

Better work than ever will be done this summer by the summer school of biology. A meeting of the San Diego Marine Biological association was held yesterday, at which a letter from Dr. Ritter of the University of California was received. Dr. Ritter spoke of the likelihood of E. C. Starks of Stanford university coming down to take up the classification of fishes, a branch of research thus far not emphasized by the station. C. O. Esterly of Harvard, C. C. Nutting of Berkeley and Drs. Ritter and Koford will be among the professors in attendance this summer.

A meeting is to be held early this week of property owners on Fourth street between C and F streets, to consider the project of brilliantly illuminating the thoroughfare by electricity through the establishment of a lighting system similar to that soon to be put into use on Broadway, Los Angeles.

HOSPITAL PATIENT DRINKS NITRIC ACID

Riverside Woman Takes Advantage of Absence of Nurse and Swallows Poison

RIVERSIDE, April 23.—Mrs. W. H. Morrell, a patient in the city hospital, committed suicide this afternoon by drinking nitric acid. The nurse, who had stepped out of the room, returned as Mrs. Morrell, who had taken a bottle of acid from the medicine chest, drained it of its contents. The hospital physician was called immediately, but despite his heroic work the woman died in about an hour.

Brooding over the recent death of her husband, with whom she had lived happily for over twenty years, wrecked Mrs. Morrell's health and several days ago she was placed in the hospital by friends.

Mrs. Morrell has been city librarian in Riverside for the past twenty years.

NEW GRAMOPHONE INVENTED

Instrument Devised Which Can Be Heard Distance of Three Miles

LONDON, April 23.—The Hon. C. A. Parsons, of turbine fame, has invented a gramophone that can be heard under favorable weather conditions at a distance of three miles. The instrument, which has been exhibited privately at Metier hall, is named the auxetophone, and is worked by means of compressed air. This is pumped in by a small engine at a pressure which can be adjusted to over eight pounds, through a small valve, which takes the place of the ordinary diaphragm, into the trumpet.

The valve consists of a number of small slots, covered with a fine comb, not unlike a mouth organ, and the vibration of the comb produces the sound.

Facts and Fancies

Flattery and tact are twin sisters. A thorn in the flesh is never worth two in the bush. An average man is one who feels that he is a little above the average. Many a musical conductor couldn't get a job as a trolley car. Ambition and contentment seldom travel in double harness. It doesn't pay to lose time finding fault. The sure way to stolen sweets aren't merely sugar-coated. A heated argument naturally generates a lot of hot air.

CHURCHES HOLD EASTER SERVICE

RIVERSIDE ENJOYS FLOWERS AND MUSIC

KNIGHTS TEMPLAR TURN OUT

All Houses of Worship Beautifully Decorated—Choir of First Congregational Presents Cantata

RIVERSIDE, April 23.—Never in the history of the city have the Easter services been so elaborate, the floral decorations so chaste and beautiful, or the attendance so large as today. The music was of marked excellence in the city churches.

Communion services were held in lieu of the morning service at Calvary Presbyterian church, and Easter services were held in the evening. Vesper communion services were held in the First Congregational church at 5 o'clock, Easter services being observed in the morning. The Easter cantata, "Death to Life," was presented by the choir.

At the First Baptist church the ordinance of baptism was conferred in the morning and an Easter program presented in the evening. At the First Christian church special music was presented under the direction of Prof. Milliken. The floral decorations in all the churches were exceptionally fine.

The Loring theater was filled this afternoon to hear Edward A. Kimball, lecturer for the Boston Christian Science board of lectureship. The speaker gave a mastery exposition of the principles of Christian Science.

Interesting Easter services were held this evening at Sherman Institute, the Indian children being heard to good advantage in songs and recitations. The decorations were very tasteful and elaborate.

Seattle Man Falls Dead

E. L. Penrose, forty years of age, of Seattle, Wash., dropped dead on the street in the downtown district about seven o'clock last night. Penrose had dined at a cafe. He said good night to several friends and started down the street when he had gone about half a block he was seen to raise his hands and fall full length on the sidewalk. The physician summoned pronounced him dead from heart failure.

Mexican Commits Suicide

Louis Mendoza Estrada, a Mexican laborer employed with a ditch cleaning gang at work on the Jarupa canal in West Riverside, committed suicide yesterday by hanging himself by a rope to a eucalyptus tree. He had been unable to go to work in the morning and when his fellow workers returned about six o'clock they found the dead body of the man swinging from the tree a foot from the ground. He had evidently been dead since morning.

The coroner was summoned and an inquest was held where the body was found. No cause save ill health is known for the suicide. The man is evidently about 45 years of age and nothing is known of his family or history. The body was taken to Squire's undertaking parlors to await burial.

The British commercial agent in Russia reports that, according to the Irkutsk viedomosti, with the laying of a second track it has been decided to bring the traffic capacity to the Transbaikalian line up to forty pairs of trains a day. Delegations From Two Counties Gather at Masonic Temple to Give Reception of Official

SAN BERNARDINO, April 23.—Tomorrow evening the Masonic lodges of this county and Riverside county will gather in this city to meet the grand master of the California jurisdiction, Judge George W. Hunter of Eureka, who makes an official visit here. The Riverside delegation will come by special train over the Salt Lake. There will also be large delegations from Ontario, Redlands, Colton, Needles and other points where lodges are located. There was a large gathering of Odd Fellows in this city last night, it being a joint meeting of the two local lodges and a large delegation from Colton. The second and third degrees were conferred on four candidates. A banquet followed the meeting, served by the ladies of Magnolia Rebekah lodge.

Tomorrow will be the last day for paying county and state taxes. During the past week Tax Collector Coy has gathered in nearly \$75,000, of which fully \$15,000 came in Saturday. It is expected the office will receive not less than \$25,000 tomorrow. The showing on tax collections this year is much better than for a number of years.

A burglar entered the home of A. A. Elliott at Colton yesterday afternoon while the family was away from home and carried off a quantity of clothing and other valuable articles.

W. C. Norton, a mining man from Marvel, is in the county jail here charged with fraud in a mining deal. Norton is said to have been drinking very heavily for some time.

ADMIRE CHINA'S EMPRESS

Mr. Labouchere Declares That Her Majesty Is a Very Great Woman

SPECIAL Cable to The Herald.

LONDON, April 23.—Mr. Labouchere, publisher of Truth, said recently: "The dowager empress of China is a great woman. She has just ordained that Chinese lawyers should be acquainted with law. It is understood that these gentlemen are protesting heartily against an unreasonable request. They say that the imperial order puts China behind the times. In other countries a knowledge of the law is not required, even of judges."

IN CHILDHOOD AND OLD AGE

Vinol Proves a Blessing.

Mrs. M. P. Allen of Dixon, Tenn., 73 years of age, and a member of one of our oldest and best families of the south, writes:

"For years I suffered with a chronic cough, loss of strength and general debility, and a good part of the time was confined to my bed. I had doctored and taken many medicines without benefit. At last Vinol was recommended, and I tried it. After taking three bottles my cough was entirely cured, my strength returned. I have gained flesh and am feeling younger and better than I have for years. It is for this reason that I take pleasure in recommending Vinol as the best medicine in the world for coughs, lung trouble and to create health and strength."

The Owl Drug Co. say there is no other medicine in the world equal to Vinol for old people, weak women and puny, ailing children, as Vinol makes rich, red blood and creates health and strength so rapidly.

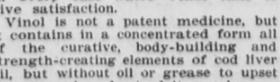

The Owl Drug Co. say it is such unquestionable testimony as the above, together with the knowledge of what this remarkable medicine contains that enables them to agree to refund money in every case where Vinol fails to give satisfaction.

Vinol is not a patent medicine, but it contains in a concentrated form all of the curative, body-building and strength-creating elements of cod liver oil, but without oil or grease to upset the stomach and retard its work.

Vinol gives you a hearty appetite. It does more—it tones up the stomach—it makes pure, rich, red blood; it strengthens every organ in the body; it repairs and builds up worn tissues and checks the natural decline.

Vinol is the best remedy known to medicine for weak lungs, chronic coughs and colds.

We wish every aged person, every weak woman and every mother in Los Angeles who has a puny, ailing child would try Vinol on our guarantee to return their money if it fails.—The Owl Drug Co., 320 So. Spring street.
