PORTLAND, April 23.—All sorts of things were done in the twelve-inning game that was finally won by the Angels today by a score of 5 to 3.

Portland tied the score in the ninth. In the twelfth Brashear reached first on a poor play by Schlawley, and two hits, one a double by Toman, gave the winning three runs.

A NICE SHOT ON THE COUNTRY CLUB LINKS

RULES TO GOVERN HARNESS MEET

LOCAL ASSOCIATION TO PROVIDE LIBERAL PURSE

Paris Mutual System Will Be Permitted at Agricultural Park. Three in Five Heats Plan to Prevail

Secretary Bruner of the Los Angeles Harness Horse association and the board of directors have finally completed the program of the trotting and pacing events which will open the California circuit at Agricultural park for a six day meeting, beginning July 3.

The purses offered show an aggregate value of \$16,200 and are bound to prove attractive to the light harness racing public along the Pacific coast.

Pools will be sold during the races, the usual auction pools and Paris mutual system being planned for the benefit of those who desire to place wagers on the six days of horse racing.

The rules of the National Trotting association will govern the meeting except in instances otherwise provided for. The money will be divided 50, 25, 15 and 10 per cent. The conditions provide further that a horse distancing the field or any part of the field will not be entitled to first money.

The "1812" system will govern the racing, all events being three in five heats, except for the colts, which will be two in three. Drivers will draw for positions in the usual manner in the first heat. In the succeeding heats they will start as they finished in the previous one.

Hobbies will be barred in the trotting races, but the association will permit their use in the paces. The club has arranged further that any race that may be started and unfinished on the last day of the meeting is to be declared off and the money divided according to the rating of the horses in the summary.

The program in full follows: Monday, July 3—No. 1, \$1000, the Willard Stinson purse, 2:13 class pacing; No. 2, \$1000, the L. J. Christopher purse, 2:27 class pacing; No. 3, \$1000, the George A. Pounder purse, 2:45 class trotting.

Tuesday, July 4—No. 4, \$1000, the Hotel Lankershim purse, 2:09 class pacing; No. 5, \$1000, the William Garland purse, 2:11 class trotting; No. 6, \$1000, the C. A. Canfield purse, 2:20 class pacing.

Wednesday, July 5—No. 7, \$500, the J. A. Fairchilds purse, for 2-year-old pacers; No. 8, \$1000, the Henry Berry purse, 2:17 class trotting; No. 9, \$1000, the Dr. William Dodge purse, 2:17 class pacing.

Thursday, July 6—No. 10, \$600, the H. N. Henderson purse for 3-year-old trotters, no records; No. 11, \$1000, the Charles Sadder purse, 2:27 class trotting; No. 12, \$1000, the Hotel Potter, Santa Barbara, purse, 2:24 class pacing.

Friday, July 7—No. 13, \$600, the J. H. Reynolds purse for 3-year-old pacers, no records; No. 14, \$1000, the Angelus purse, 2:11 class pacing; No. 15, \$1000, the Van Nuys purse, 2:20 class trotting.

Saturday, July 8—No. 16, \$500, the Byron Erkenbrecher purse for 2-year-old trotters; No. 17, \$1000, the W. A. Clark, jr., purse, 2:14 class trotting; No. 18, \$1000, the Robert A. Smith purse, 2:24 class trotting.

Among the best exponents of the game who plays here is Walter Fairbanks, who hails from Denver and whose play clearly proves that all the intricate and hard and fast rules that are laid down for making a stroke may be done away with.

Mr. Lunger is looked upon to have a very good chance of winning the present contest. He has a handy start of 10, and although his medal score does

not present any remarkable figures he does good stunts and wins holes which is a mighty big factor in match plays.

RESULTS OF YESTERDAY'S PLAY IN TOURNAMENT

Eleven More Contestants Were Forced Out of the Ranks

Eleven more contestants dropped from the ranks in yesterday's play in the spring golf tournament at the Country club and there now remain only seventeen undefeated. These will engage in matches during the next week until there remains only one contestant in each of the ten classes represented, when will commence a round robin competition among the ten class victors for the highest percentage of games won.

In the second day's play there were some good contests. The hardest fought games have been in the eight-handicap class, where there are nearly a dozen men who play an exceedingly even game. A. F. Morlan and W. A. Barker have defeated all comers thus far and when they meet there will be a tough battle without doubt.

Each is playing the game of his life and it is a toss up which will win. Yesterday Barker disposed of his rival, P. R. Wilson, to the tune of 7 up and 6 to play, while Morlan took C. H. McFarland into camp by 2 up. The only other man left in the eight class is Frank Griffith, and he is traveling at a lively gait also.

One of the best matches of the day was that between A. H. Conger and J. B. Lumgar, which was won by the former by 1 up. Lumgar, is a new player and was thought to have the advantage as he is young and has been playing a fine game, but the older man had the advantage of experience and showed himself to be superior at match play.

Walter Cosby, once champion of Southern California, has gotten back much of his old-time skill and again won his match, this time with Winsor Walton, by 3 up and 2 to play.

W. Frederickson and F. H. Edwards, scratch men, had their match and the former remains for the sup in the round robin. Edwards was off his game while Frederickson was at the top of his and had the game bagged at the twelfth hole. The winner was around in bogey figures, but was up to him when he starts some of his round robin matches 12 and 15 down in eighteen holes.

Following are the results of yesterday's matches: Scratch—W. Frederickson beat F. H. Edwards 8 up and 6 to play. Four—Walter Cosby beat Winsor Walton 2 up and 2 to play. Eight—W. A. Barker beat P. R. Wilson 7 up and 6 to play; A. F. Morlan beat C. H. McFarland 2 up; Frank Griffith beat E. D. Silent 2 up and 1 to play.

Ten—A. H. Conger beat J. B. Lumgar 1 up; G. B. Ellis beat G. J. Denis 3 up and 2 to play. Twelve—R. R. McKinney beat L. C. Easton 4 up and 3 to play. Sixteen—M. L. Graff beat A. L. Spellmeyer 6 up and 4 to play; W. V. Thayer beat J. R. Hardy 2 up. Eighteen—H. C. Ackerly beat L. T. Bradford 5 up and 3 to play.

FIELDS AND M'CLURE TRAINING FOR FIGHT

Will Meet Before San Diego Club Friday Night—Chambers and Murray Again

SAN DIEGO, April 23.—Mike McClure and Frank Fields are training hard for their coming fight on next Friday night. This will be the third meeting of the two men—both of the other bouts being draws. A year ago they fought twenty rounds to a draw before the San Diego Athletic club and a little later met in a ten round go at Los Angeles, which was also declared a draw. They have been edging up to this contest for some time and it is quite certain that there will be no loafing on the part of either man as long as the go is on. Eddie Chambers and Johnny Murray are signed to meet in a ten round preliminary.

LORD OXFORD'S HOME

Earl and Family Settled in Fine Old Mansion in Norfolk

LONDON, April 23.—The Earl and Countess of Oxford, with their only child, Lady Dorothy Walpole, are now settled at Wallerton hall, a fine old Georgian mansion in Norfolk, which is their family residence. Wallerton was designed by Ripley and built by Horace Walpole at the same time as Houghton hall and was built in the same county by his brother, Sir Robert Walpole.

The house was not occupied for fifty years, but the present Lord Oxford, who was born there, has had the place entirely renovated and redecored, the work occupying two years. Wallerton stands in the midst of a beautiful wooded park surrounded by pleasure grounds.

LEASES OLD MANOR

Lord Kerr Secures Sir William Throckmorton's Place in Warwickshire

LONDON, April 23.—Lord Walter Kerr, G. C. B., formerly first sea lord of the admiralty, and Lady Amabel Kerr have taken a lease of Coughton court, Sir William Throckmorton's fine old place in Warwickshire, for six months, and will go there immediately after Easter. Coughton was built in the fifteenth century, added to in Henry VIII's reign, and practically reconstructed by Sir Robert Throckmorton in 1780. It has been the principal seat of the ancient Catholic house of Throckmorton for hundreds of years, but the present baronet now resides at Buckland, his seat in Berkshire, not far from Oxford.

RADIUM AND PENDULUM

Clock Need Be Wound Only Once in Million Years

LONDON, April 23.—In an address on the four types of radio-active substances, at the Royal Institution, on Wednesday, Professor J. J. Thomson showed how the Beta substance attracted and repelled an object much in the style of a pendulum.

Unless the object were removed, he said, it would be made to swing so long as the radium lasted—say, a million years—so that with some clockwork attached to the pendulum we should have a clock that would require winding up only once in a million years.

HUNGARIAN CRISIS AROUSES FEARS

REPORT THAT EMPEROR WILL ABDICATE

HE IS TIRED OF CONFLICTS

It is Generally Recognized That the Situation Recently Developed is the Gravest Since the Year 1867

Special Cable to The Herald. VIENNA, April 23.—The existing Hungarian crisis has aroused grave apprehensions throughout the monarchy. It is significant that in serious political circles in the Hungarian capital the report is being persistently spread that the emperor, tired of continuous conflicts with both sides to the dispute, is determined to abdicate.

Although these rumors need not be taken quite seriously, it must unfortunately be recognized that the situation created by the developments of the last fortnight is the gravest since 1867. At a plenary meeting of the Hungarian coalition majority this week the resolution adopted by the executive committee not to form or support any cabinet unendowed with military concessions was unanimously and enthusiastically ratified and Count Julius Andressy was requested to make this fact known to the king. With this request he at once complied and at the same time resigned the mandate as go-between and potential premier, conferred upon him by the crown. After having thus formally cut the bridge between the monarch and the majority, he enunciated the opinion that "something new would come, but what he knew not."

Crown Refuses Concessions. The "something new" that Andressy (the younger) predicts may well be the ruin of the structure so carefully reared and poised by Deak and Julius Andressy, the elder.

By a fitting circumstance it was Count Albert Apponyi who this week presided over an assembly of coalitioners and recommended to its adoption the resolution of conflict. Mikossuth, though present, was too hoarse to speak and worn out, maybe, by his efforts to teach moderation to the immoderate and prudence to the rash. After explaining in his own fashion the development of the situation and declaring that the coalition had by degrees formulated a program which Count Julius Andressy had been able to accept as the basis for a coalition cabinet, Count Albert Apponyi announced that the crown had not only declined to make the slightest concession to national desires, but had refused to abandon the demands of the military authorities for more money, more guns and more recruits.

AERONAUT MEETS HIS FATE

Lands in Midst of Wedding Celebration and Becomes Engaged

Special Cable to The Herald. STOCKHOLM, April 23.—While recently passing in his balloon over the Baltic sea, M. Adolph Fraenkel, an enthusiastic aeronaut resident in this city, was obliged to descend upon the island of Oeland.

He landed in a garden belonging to a rich merchant, who was that very day celebrating his silver wedding. The aeronaut was hospitably welcomed to the festivities, and fell in love on the spot with the host's daughter. The announcement of his betrothal to the young lady has been published.
