

SHERIFF TO TRY TO STOP RIOTS

TAKES CONTROL OF AFFAIRS IN CHICAGO

SWEARS IN MANY DEPUTIES

Mayer Dunne Makes Investigation and Declares That Police Can Handle Situation—No Hope of Peace Agreement

Coal company and receive no more coal from it. Young was then informed that the contract would not be cancelled and that the company would continue to receive coal from the Peabody company. W. D. Mahon, president of the national organization of street car men, was in the city and after looking into the situation he tonight ordered all members of the Street Car Men's union to continue at work. They were under agreement, he declared, with the Union Traction company and this agreement would not be broken.

Notwithstanding the constant fighting in the streets and the numerous attacks made upon non-union men, the large drygoods houses and wholesale grocers tonight reported that they were steadily making progress and increasing their shipments.

The express companies were interfered with but little and much progress was made toward relieving the congested situation at the various railroad stations.

Co-operate With Employers. The South Water Street Commission Merchants' association, an organization with a membership of over 400, decided today to cast its lot with the Employers' association and to receive goods from any firm, regardless of whether such deliveries were made by union or non-union teamsters.

There was less disturbance today in the wholesale district, but the fighting went on with its usual persistence in the shopping district. A number of non-union men were clubbed and beaten, and their wagon guards and the police retaliated with vigor upon the rioters. In every instance the crowds were dispersed after a brief scuffle, which was, however, in cases of a rather sharp character.

The number of injured was from all accounts about the same as that of the last three days. About thirty or forty men have been cared for at the various hospitals and there are fully as many more who have received medical attendance and whose names are not known to the police.

Striker Is Stabbed. In a riot tonight at Eighteenth and Dearborn streets Thomas McCracken, a striking teamster, was stabbed in the neck and beaten over the head with a revolver in the hands of a colored non-union man.

A number of the colored men who work for the Employers' Teaming company were leaving the barns at 1817 Dearborn street when a crowd of strike pickets hooted and commenced throwing coal and stones. A hand-to-hand fight resulted, during which McCracken was stabbed and beaten. A riot call was sent in and when the officers reached the scene a free fight was raging all over the street intersection. The police clubbed right and left and soon scattered the fighters. McCracken was found unconscious when the others fled. No arrests were made.

In an attack made this evening upon five coal wagons belonging to the Standard Coal company, while they were passing Harrison and Desplaines streets, volleys of stones were hurled at them and several of the policemen and drivers were struck.

A fruitless conference was held by the strike leaders and Levy Mayer, attorney for the Employers' association, this afternoon.

Attorney Mayer asked President Shea on what terms he would call off the strike.

Demands of Shea. Shea replied: "We will call the strike off on condition that the employers discharge all the non-union men they have imported and take back the old men in their places."

"The employers can't accede to that demand," replied Attorney Mayer.

"Why, you have been importing negroes by the hundred," said Shea.

"Do you mean to say that you refuse to discharge negroes and reinstate white men?"

"So long as a teamster does his work he will not be discharged, be he black or white," replied the lawyer.

"That is an outrage," said President Shea. "You have brought these negroes in here to fight us and we answer that we have the right to attack them wherever found."

"Then do so at your peril," retorted Mayer.

Shea said that the union wanted the strikers reinstated, after which the employers would be asked to arbitrate the underlying differences which brought on the strike. The reply of the attorney to this was:

"We have nothing to arbitrate. We assert our right to use the public streets for the transaction of our rightful business and the right to employ teamsters, black or white, at our discretion."

STRIKERS BEAT GIRLS. Mob of Union Men Commits Outrages in Troy

TROY, N. Y., May 4.—A crowd which at times numbered four or five thousand persons surrounded the collar

factory of Cluett, Peabody & Co. yesterday, where a strike has been inaugurated by the collar starchers. Disturbances were frequent. Girls still at work were kicked and beaten as they entered or left the factory and several women had their clothing torn off.

Police and deputy sheriffs were empowered and there was talk of calling upon the governor for aid. The strike is against alleged cuts in wages and the installation of starching machines.

MINERS ON STRIKE

Induce Non-Union Men to Quit in New York

ELMIRA, N. Y., May 4.—Fifteen hundred miners gathered in Blossburg, Pa., at an early hour today and started to march to Morris Run, Pa., to induce the non-union men who have taken their places in the mines of the Morris Run Coal Mining company to leave. Reports this afternoon say the strikers succeeded in getting a large portion of the men to not only quit work but to leave Morris Run, the strikers furnishing money to them which had been supplied by the National Mine Workers' union.

According to latest reports there has been no trouble.

Santa Fe Not Suffering

TOPEKA, Kas., May 4.—General Manager J. E. Hurley of the Santa Fe makes the statement that the road is not suffering the slightest inconvenience from the boilermakers' strike. He says that the places vacated by the strikers have been filled with competent men, and that the road will have no negotiations with the union.

SAN JOAQUIN VALLEY MAY NOT HAVE EXHIBIT

Outlook for United Action as Regards the Portland Fair Is Anything but Bright

FRESNO, Cal., May 4.—From reports made at the chamber of commerce it is almost certain that the San Joaquin Valley Commercial association will be disbanded and that Fresno county will have no exhibit at Portland.

Fresno is not giving the association financial encouragement. San Joaquin, Merced and Madera are ready. Tulare and Kern will not come in. Kings and Stanislaus are wavering and may decide either way. The outlook is therefore not bright for united action and financial support.

As regards the exhibit only three counties can furnish exhibit material to fill the space set aside for the valley by the state commission. These are Fresno, San Joaquin and Tulare.

Frank H. Short and A. M. Drew will go to Los Angeles as a committee from the chamber to try to secure a change in the itinerary of the visiting congressional irrigation committees. San Joaquin valley having been overlooked for some unknown reason.

DYNAMITERS AT WORK

Second Attempt to Destroy Locks of Ohio Reservoir

ST. MARY'S, O., May 4.—A second attempt within a year was made today to destroy the locks of the grand reservoir. Two charges of dynamite were placed but one failed to explode.

It was evidently the intention of the unknown miscreants to blow up the upper and lower gates and allow the sea of water to escape into the lowlands and imperil the lives of many farmers. The charge under the upper gate failed to explode and a terrible disaster was thus averted. The explosion of the charge under the lower gate tore the gate from its fastenings and threw one of the gates clear out of the lock. The heavy stone masonry was badly wrecked and dead fish are scattered over the ground 100 feet from the lock.

Thomas Carper, an old fisherman, was slightly injured by flying splinters.

WILL MAKE RECORD TIME

Overland to Chicago Running on New, Rapid Schedule

SAN FRANCISCO, May 4.—The Overland Limited, which left San Francisco yesterday at 11 o'clock a. m. for Chicago, via Ogden and Omaha on its initial trip under the new schedule, will make the trip in sixty-eight hours and twenty minutes, allowing for changes of time.

This rapid schedule is made possible by the betterments which have been inaugurated under the Harriman regime during the past two years, in which millions have been spent in straightening out the track along the Southern and Union Pacific lines and constructing the Ogden-Lucien cut-off across the Great Salt Lake.

The time will be the quickest which any regular train has ever made between San Francisco and Chicago.

Laurier Has Majority

Vote on Northwest Autonomy Bill Shows Victory for Government

OTTAWA, Ont., May 4.—The first test vote on the northwest autonomy bill has been taken in the house of commons. It resulted in a victory for the government. The question of separate schools for the Catholics of the territory, which is to be subdivided into provinces, has become the paramount issue in drawing up the constitutions for the new provinces and has created intense interest throughout Canada.

The Laurier government, which favors separate schools, was sustained on the vote by a majority of 81.

WILL TEST THE EXCLUSION ACT

CHINESE MINISTER ISSUES CIRCULAR

WANTS TO COLLECT EVIDENCE

Asks for Particulars of Applicants Who Have Been Denied Admission, of Deportations and of Damages Sustained.

MOB HELD CARNIVAL

WASHINGTON, May 4.—Sir Chen Tung Liang Cheng, the Chinese minister, has issued a confidential circular or proclamation to all Chinese in the United States, requesting that he be furnished with reports of all cases of applicants who have been denied admission to this country and of all deportations on the ground of non-registration which have been decided since the expiration of the exclusion treaty of 1894.

The circular asks also for an estimate of the damages to the applicants for such refusal on the part of the United States and for such deportations, and holds the acts of the officials of this country, in view of the termination of the treaty and the rejection of the proposed consent of the Chinese government to reasonable exclusion of Chinese, to be hostile to a friendly nation.

The circular, which is written in the Chinese language, was issued through the consul general of China at San Francisco. Its object, as understood by the United States, is to facilitate the collection of evidence on which to base a suit against the United States to test the validity of the existing Chinese exclusion law.

In what particular the attack upon the law is to be made is not known to the government officials. They hold that the right of congress to enact laws to exclude from this country Chinese or anybody else cannot be assailed successfully.

It is held by some lawyers of repute, however, that there are phases of the Chinese exclusion law which will not stand a test in the courts, and it is understood to be the intention of one or more of the influential Chinese organizations in this country to institute legal proceedings by which the rights of individual Chinese will be adjudicated.

Zemstovists Meet in Moscow

MOSCOW, May 5.—Leading zemstovists from all parts of Russia have assembled here for the congress summoned for tomorrow. A preliminary meeting of leaders was held privately tonight to lay out a program for the general meeting. A considerable advance over the program of the December congress is contemplated.

CANADIANS WILL NOT ENLIST

Attempt to Garrison Western Fortifications Proves a Failure

HALIFAX, N. S., May 4.—Canada's attempt to garrison the fortifications in this city and at Esquimalt, B. C., with Canadian troops has, it is said, practically failed. The recruiting officers sent to the cities and towns of the Dominion have been unable to enlist more than 10 men. Under the new plan the imperial troops were to have left here in July, but from the present outlook they will remain on this station for at least two years longer.

So far Canada has not sufficient troops to take over the garrison and a prominent imperial officer stated today that the Canadian government would annually contribute \$850,000 toward the maintenance of the imperial troops.

CHARLTON GETS THE PLACE

Is Appointed Law Officer of the Insular Bureau by Taft

WASHINGTON, May 4.—Secretary Taft today announced that he had decided finally to appoint Paul Charlton of Nebraska to succeed Judge Charles E. Magoon as law officer of the insular bureau.

As the place was covered in the civil service by a blanket order several years ago it has become necessary, before Mr. Charlton's appointment, to secure a special ruling from the civil service commission excepting the law officer from the requirement of a competitive examination. Mr. Charlton resides in Omaha and is a lawyer of excellent reputation. He is now in Washington.

GUNS HAVE IMMENSE POWER

Trials of New Krupps Attended by Russians and Japanese

BERLIN, May 5.—After trials of the Krupp's new 3.15-inch guns lasting several days at Meppen, they are reported by experts as surpassing in range and penetrative power all weapons of equal caliber. Russian and Japanese officers were among the foreign officers present.

Russia has placed large orders for rifle barrels, ammunition and horse-shoes with factories at Breslau and other places in the province of Silesia.

STORM SWEEPS OVER MICHIGAN PENINSULA

DETROIT, May 4.—The lower peninsula of Michigan was swept today by a storm that caused several deaths by lightning and in the vicinity of Grand Rapids resulted in nearly \$100,000 damage to greenhouses and peach orchards from phenomenally heavy hail.

PLANNING GREAT DEMONSTRATIONS

(Continued from Page One.)

who pursued him and cut him from the shoulder to the waist with one blow of his sabre. Crowds continue to gather around Jesus hospital, on Jerusalem street, where forty-one persons have died as the results of injuries received in the May day disturbances. The people wish to prevent secret burial by the police. A strong force of police maintains order.

MOB HELD CARNIVAL

Reports of Easter Monday Disturbances Begin to Come In

ST. PETERSBURG, May 4.—Reports of slight disturbances in various places of European Russia during Easter Monday are now coming in. The gravest occurrence in that part of the empire was at Milltopol, where a mob for seven hours held high carnival and burned a portion of the town.

At Nijni Novgorod a regular battle occurred between soldiers and the crowds on Millionaia street. The soldiers fired, killing one person and wounding many.

The reports received by the embassies here substantially agree in saying that the number of persons killed at Warsaw was about forty to fifty. The figures given of the wounded vary from sixty to 200.

May Organize Private Force

ST. PETERSBURG, May 4.—The government has granted permission to M. Tereshchenko, a rich sugar refiner of Kiev, whose property was greatly damaged by rioters in March, to organize a military company of 150 men to protect his factories and other property. This is the first time that the organization of a private military force has been authorized in Russia.

Jews Attacking Cavalry

SIMFEROPOL, May 4.—There was a succession of riots and disorders during the evening, which were quelled by a squadron of cavalry, who made free use of the flats of their swords and whips.

There were also spirited conflicts between Russians and Jews. The latter, who are in a defiant mood, several times attacked the cavalry patrols, thrusting scabbings between the horses' legs and dismounting the riders.

Zemstovists Meet in Moscow

MOSCOW, May 5.—Leading zemstovists from all parts of Russia have assembled here for the congress summoned for tomorrow. A preliminary meeting of leaders was held privately tonight to lay out a program for the general meeting. A considerable advance over the program of the December congress is contemplated.

STORM DAMAGES RUSSIAN FLEET

TYPHOON SCATTERS LIGHTER VESSELS

NEBOGATOFF'S SHIPS SIGHTED

Four Battleships, an Armored Cruiser and a Gunboat Seen Passing Through Malacca Straits, Bound South

Nebogattoff Heaves in Sight

MALACCA, Straits Settlement, May 4.—A Russian division consisting of four battleships, an armored cruiser and a gunboat accompanied by five colliers, is now passing Malacca bound south.

Squadron Passes Singapore

SINGAPORE, Straits Settlement, May 5.—The Russian naval division passed Singapore in semi-darkness and haze at 5:30 o'clock this morning. Six warships and four colliers were sighted.

Invading British Waters

LONDON, May 4.—The identification of the warships sighted by the steamer Selangor in the straits of Malacca this morning as Rear Admiral Nebogatoff's division is considered liable to develop an interesting situation. Jugrah, off which the division was seen, is a town of the state of Selangor, which is a British protectorate and is not far distant from the point where a Russian division was sighted as long ago as April 27. It is not yet known whether they are obtaining supplies from the neighboring land.

A brief telegram on the subject from Singapore, however, is taken to indicate that for a week the Russians have been practically enjoying the hospitality of the waters of Japan's ally, in the same manner that Admiral Rojstvensky's ships have utilized French waters in Cochin-China.

A cable dispatch received in London this afternoon says that two of Nebogatoff's transports have put into Sabong, on the north coast of the island of Sumatra, with their bows stove in, evidently having been in collision. Their names are given as the Mariechen and Hermine Messenmuller. The Russian division sighted off Jugrah consisted of four battleships, two cruisers, four colliers and a hospital ship. It is expected here that the vessels will pass Singapore about midnight.

Justifies Russian Retaliation

ST. PETERSBURG, May 4.—The Novoe Vremya today editorially maintains that, after the manner in which Japan has persistently violated Chinese neutrality, Russia would be fully justified in retaliating by sending out the interned cruiser Askold and the torpedo boat destroyer Grozovoi from Shanghai.

"Japan," says the Novoe Vremya, "not only committed flagrant violations of neutrality in the case of the torpedo boat destroyer Ryeshitneli at Chefoo, and in the use of the Elliott islands as a base for her squadrons, but she is now freely using the Yinkow-Simmlintin railroad to forward troops and munitions, Field Marshal Oyama refusing, according to reports, to relinquish possession of Simmlintin upon the demand of the Chinese government."

Five Japanese Armies Grouped

GUNSHU PASS, Manchuria, May 4.—The armies of Gens. Nodzu, Oku and Kuroki are concentrated along a line from Tie Pass, with the right flank extended northwest. Gen. Kawamura is northeast and Gen. Nogi is west of Tie Pass. The grouping of the Japanese armies indicate that Field Marshal Oyama, when he advances, will move his right flank first.

Deaths of the Day

Dr. Wm. Hammond, San Francisco

SAN FRANCISCO, May 4.—Dr. William Hammond, a pioneer physician of this city, is dead. He was a native of Maryland and 80 years of age. He was the uncle of John Hays Hammond and William Hammond Hall. At the time of the famous Terry-Broderick duel he officiated as one of the surgeons.

Joseph Helm Harlan, Winters

WINTERS, May 4.—Joseph Helm Harlan, aged 84 years, died here tonight at the residence of his daughter, Mrs. S. E. Magill. He was for fifty years a resident of Yolo county and always took a prominent part in politics, holding several offices of trust, the last being that of state senator. As a farmer and banker he amassed a large fortune, part of which is located in Fresno county. Justice Harlan of the United States supreme court was a relative.

Spring in the Mountains... If you want to see what it's really like why not go up Mt. Lowe? Through cars leave 6th and Main at 8, 9, 10 A. M. and 1 and 3:30 P. M., running by way of the Ostrich Farm. The Pacific Electric Ry.

ALEXANDER'S SON SUCCEEDS HIM WILL BE A TRUSTEE OF THE HYDE STOCK SUITS WILL BE CONTINUED Attempt to Oust President of the Equitable and to Secure Accounting From Him Will Be Pushed

and on the joint track of the Southern Pacific and Santa Fe. A special message from Tehachapi to the Associated Press correspondent states that Santa Fe passenger train No. 108, running at the rate of fifteen miles an hour, ran into the rear end of Southern Pacific freight No. 254, one mile west of Cameron. The engineer and fireman of No. 108 jumped and escaped with little injury. The Santa Fe engine was thrown from the track and is lying on its side. The mail car is badly smashed, but the mail clerk was not harmed. Six freight cars were derailed and badly broken up. Beyond a severe shaking up and bruises no one was injured. A sharp curve of grade prevented the Santa Fe engineer from seeing the rear end of the preceding train.

CHANNEL IS DEEPENED

Soundings at Vallejo Show Increase of Four Feet

VALLEJO, May 4.—Soundings that have just been made in the Mare Island channel show that the depth of water has already been increased four feet since the construction of the bulkhead. At medium tide the depth of the channel is now 22½ feet and at full tide 27 feet. The construction of the dykes is proceeding rapidly and when completed a hydraulic flusher will be put to work to clear away the compact mud. Naval officers assert that there will soon be a depth of not less than thirty feet of water in the channel and that the improvement will be a permanent one.

REPORT OF TAKAHIRA'S HEALTH NOT SO GOOD

WASHINGTON, May 4.—Mr. Takahira, the Japanese minister, has gone to Old Point Comfort. The wound caused by an operation for appendicitis never has closed satisfactorily and the minister has not regained his strength.

Cluett Coat Shirts are suited to every figure and every function. They are made on modern methods. In colored shirts the colors stay. \$1.50 and more. MASON, PEABODY & CO., Makers of Cluett and Arrow Collars.
