

ASK RELIEF FOR CROWDED SCHOOL

PASADENANS CALL ON BOARD OF EDUCATION

BARTHOLOMEY IS CONVICTED

Lieutenant is Found Guilty of Maliciously Killing S. T. Tyler's Dog—Result of School Census

Pasadena Agency, 314 East Colorado Street.

PASADENA, May 10.—At a meeting of the Lincoln Child Study circle the overcrowded condition of the Lincoln avenue school was the subject of wide discussion, resulting in the decision of that body that the board of education be called upon to do something to relieve the condition. M. W. Davis made the principal talk in which he criticised the board for making what he terms unfair distribution of the school funds. He called attention to the fact that there are eighty-four children in the kindergarten and that a portion of these are accommodated in a barn. He also advocated that an eighth grade be essential for the Lincoln school and called attention to the unsanitary condition of a basement room which is used for some of the smaller children. J. J. Patton also spoke on the distribution of the money received from the recent bond issue and intimated that the money being spent on the Franklin building could have been used more advantageously.

President D. W. Lewis, of the school board, in answer to the grievances of the Lincoln avenue people, said that some of the criticisms are uncalled for and in his opinion the rebuilding of the Franklin school is absolutely necessary, from the fact that the board expects to entertain the request for manual work and to start it as soon as the second floor of the Franklin can be utilized for this purpose.

Regarding the congestion at the Lincoln Dr. Lewis proposes that a redistribution of the pupils will give some relief next year and further that the finances by next year will be in better shape to make the improvements with.

In speaking of the need for more room, Superintendent of Schools James D. Graham said tonight:

"The want of more rooms is apparent both in the Lincoln and the Garfield districts. The latter school is as overcrowded as the others and that part of the city between the two schools is growing up so rapidly we have not the room to accommodate all the children. I propose to prevail upon the school board to erect a new building and create another district between the two which will be the better solution of righting any grievance the patrons may have concerning the lack of room. Regarding the use of the funds the members of the board are capable of apportioning the money to the best advantage of all concerned."

Lieut. Bartholomey Convicted

Lieutenant Bartholomey was found guilty of maliciously killing S. T. Tyler's dog by Justice Klamroth this morning. The sentence of punishment will be announced by the court Friday afternoon. The case was one wherein a fox terrier belonging to Mr. Tyler was shot by a squad of militiamen who were out target shooting on Sunday, April 16. Attorney John A. Goodrich for the defendant asked for a new trial immediately after the verdict was rendered, but the justice overruled the motion.

Result of School Census

The school enumeration just completed by Census Marshal E. A. Walker shows a total of 4549 children of school age in the city of Pasadena. This is a gain of 526 over last year and is a sample of the remarkable growth of the city. With the number of children as a basis the population is now over 20,000. The following figures are from the census marshal's report: Number of white children of school age, boys, 2156; girls, 2267; total, 4423. Number of negro children, boys, 52; girls, 63; total, 111. There are five boys and ten girls of the Mongolian race. The census also shows that there are 896 white and 13 negro children under five years of age.

New School Board Members

At the coming school election three members of the board of education are to be elected to succeed Mrs. I. J. Reynolds and Mrs. Theodore Coleman and Benjamin Page, whose terms expire. Friends of Mrs. Mary Coman have urged her to become a candidate for one of the places and she has decided to yield to their wishes. Mrs. Coman has manifested a deep interest in all matters pertaining to the public schools and her knowledge of affairs fits her for membership on the board. Mr. Page is said to be willing to accept another term if the people are so disposed and Judge H. H. Klamroth is spoken of as a candidate.

MYSTERIOUS YOUNG MAN POSES AS BAD ROBBER

NOW CLAIMS IT WAS A FAKE

San Bernardino Authorities Are Nevertheless Investigating His Statement That He Stole \$500 at Alamitos

Special to The Herald.

SAN BERNARDINO, May 10.—A young man who has been about the city at intervals for some weeks is in the county jail on suspicion. He has been known as Harper, but has aliases of Paxton, Wellington and Brooks. Recently he attempted to get a young lady, Miss Quincy Helde, to run away with him, and told her that he had stolen \$600 at Alamitos which he had hidden in the sand. As he dared not leave town by train, for fear of the officers, he wanted her to go with him on horseback.

The girl did not like the prospect and reported the matter to Sheriff Ralphs, with the result that the young man is in jail. He now says that his story to the girl was all a fake and was solely

for the purpose of exciting her admiration for him. So far as known no robbery has been committed at Alamitos and what disposition will be made of the case has not been decided.
