

HUMANE OFFICERS AFTER GRADERS

RAMISH & MARSH CAMP AGAIN RAIDED

CRUEL TREATMENT CHARGED

Employe of Ice Cream Factory is Mangled by Machinery—Humane Officer Webb Taken to Task—Brevities

Pasadena Agency, 114 East Colorado Street.

PASADENA, May 19.—Humane officers this evening visited the grading camp of Ramish & Marsh near Dolgeville, and took into custody W. H. Moffitt, general superintendent; Neal Murphy, camp superintendent; Sam Cox, corral superintendent; Jimenez Castellar and Juan Barracas, all of whom are charged with cruelty to animals.

Officers making the arrests were Superintendent Zimmer of the Los Angeles society, President S. O. Bowen, Superintendent E. E. Gray and Dr. Medici de Bron of the Pasadena society. As evidence they brought from the camp a number of bloody horse collars, which were taken from the animals that were afflicted with running sores and lame shoulders.

After placing the workmen under arrest the officers ordered the afflicted horses and mules placed in a corral and kept there until again fit for work. Superintendent Gray and Field Agent De Bron have demanded that the grading contractors keep their stock in better shape, and after a conference with Superintendent Zimmer of Los Angeles it was decided to make the raid. The defendants were brought before Justice Klamroth and gave bonds to appear in his court at 11 o'clock tomorrow.

This is the second raid made on the Ramish & Marsh camp by humane officials, and an appeal case from Justice Klamroth's court will be heard in the superior court within the next few days.

Crushed by Machinery

William Tedeman, an employe at McCord's candy and ice cream factory, was horribly mangled by the ice crusher this forenoon. His clothing was caught in the cogs of the machinery and before Tedeman had a chance to extricate himself he was drawn into the jaws of the crusher, and would have been crushed to death outright but for the timely action of John Kaighan, who shut off the electric current, thereby stopping the machinery. A deep gash was cut in Tedeman's right breast and two ribs were broken. The torn place in the man's breast extends under the arm, and a part of the lung was exposed by the cavity. An ambulance was summoned and Tedeman was removed to the hospital, where Dr. Fiske dressed the wounds.

Beside the injuries mentioned above, Tedeman was bruised and cut in various places on the body, and he is in a critical condition. Tedeman recently came here from New York and is 28 years of age.

No Sympathy for Webb

After hearing of the actions of Humane Officer Webb in connection with the Gervais case, the directors of the Pasadena Humane society today adopted the following resolutions:

"Resolved, That it is the sense of the directors of the Pasadena Humane society that the charges made in the newspapers against Humane Officer Webb of the Los Angeles society should receive the most thorough investigation at the hands of the society which is responsible for his actions, and that if such charges are substantiated Officer Webb should be requested to hand in his resignation as a humane officer.

"Resolved, That this society offers its hearty co-operation to those who have signified a willingness to prosecute to the limit the fiend in human form who so brutally whipped his 9-year-old sister, Zobia Gervais."

ARRESTED ON SUSPICION OF AIDING JAIL ESCAPE

Two Negroes Taken Into Custody at Monrovia on Confession of Frank Wright

Special to The Herald.

MONROVIA, May 19.—Two negroes were arrested here today upon word from Santa Monica that Frank Wright, captured by the officers there, had implicated them in his escape from Monrovia jail two weeks ago. The Monrovia marshal spent several days at Santa Monica hunting Wright after he had slipped out from the steel cage here, confederates from the outside having taken off the lid of it with the aid of wrenches. He put the Santa Monica officers on the trail, and when they picked up a negro who was accused of stealing clothes they identified him as the bird from the Monrovia cage.

Today they telephoned Marshal Miller that Wright had confessed that Sam McReynolds and Calvin Shaw opened the doors for him. Calvin Shaw is a laborer who has lived nearly all his life near Duarte. Sam McReynolds is a new comer who runs a small store there. Both men claim they can readily prove an alibi and have given the justice the names of people to summon at their trial.

Wright's confession is looked upon with suspicion here, as the men charged have not only borne fair reputations, but are, moreover, not skilled enough to have done the work of opening the jail, which was done with mechanical exactness.

NEW ELECTRIC LINE PROPOSED

MAY JOIN SAN BERNARDINO TO MONROVIA

LOOKING INTO RIGHT OF WAY

Valley Towns All Along the Line Are Reported Anxious to Acquire Direct Communication Through to Los Angeles

Special to The Herald.

SAN BERNARDINO, Cal., May 19.—The proposition to build an electric line from this city to Rialto is exciting great interest not only in Rialto but in Cucamonga, Lordsburg, Upland, Claremont and the other towns along the line from here to Los Angeles. It is stated on reliable authority that a movement is already on foot in several of those towns for the appointment of committees to look into the matter of securing a right of way for the construction of an electric line from San Bernardino to Monrovia, to connect thence with the Los Angeles line.

The construction will give this valley direct electric connection with Los Angeles, a thing long desired. Whether any Los Angeles interests are the power behind this move is not known, but it is believed here that they are, and that the line will be built in the very near future.

A real estate deal that is attracting much attention among local business men was consummated here last night in the purchase of 120 feet frontage on West Third street at the corner of F street, for \$20,000 by Arthur Gregory and C. J. Curtis, two Redlands capitalists.

The Colton ministerial war is still the subject of much conversation. The Presbyterian congregation of Dr. Jacka is divided as to whether their pastor was justified in making the attack on Dr. Davies, while the latter's congregation has passed a resolution expressing confidence in him and declaring the charges to be groundless. Dr. Jacka says that he made his charge after he had written the national secretaries of both the Congregational and Presbyterian churches inquiring whether Dr. Davies was an ordained minister and had ascertained that neither knew anything about him. It develops that Davies was ordained in 1873 and has been a regular minister ever since.

Board of Health Organized

The new city board of health was organized by electing Dr. J. H. Meyer as president and City Engineer W. L. Brown as temporary secretary. The property interests were taken care of by stipulation. The mother was granted the custody of the only son.

SANTA BARBARA PLANS CLOSER SALOON CONTROL

Drastic Ordinance Introduced and Will Probably Be Passed

Special to The Herald.

SANTA BARBARA, May 19.—Santa Barbara now proposes to hold a little closer rein over the drink shops of the city. An ordinance which provides for the regulation of the liquor business was introduced in the council last night, read for the first time and referred to the ordinance and judiciary

committee and will doubtless become a law.

Section 1 of this ordinance provides "that should any person in the city hereafter be convicted of the violation on or after July 1, 1905, of any ordinance now or hereafter in force regulating the running, conducting or keeping open or sale or furnishing of intoxicating liquor in any saloon, barroom, drinking place, restaurant or hotel, any and all liquor licenses issued by said city authorizing the sale of intoxicating liquor at or in such saloon, barroom, drinking place, restaurant or hotel shall by such conviction immediately be and become forfeited and subject to the provisions of the succeeding sections of the ordinance."

When it is known that the city of Santa Barbara only issues a very limited number of liquor licenses, and these licenses are valued by their possessors well up into the hundreds if not thousands of dollars the stringency of this ordinance will be readily seen.

The state and county school fund of \$26,920 for Santa Barbara county has been apportioned as follows: Santa Barbara school district gets \$10,950 of the sum; Santa Maria, \$2260; Lompoc, \$1640; Summerland, \$280, with an additional \$20 for the library fund; Monticito, \$720; Ortega, \$130; Carpinteria, \$260; Aliso, \$360; Cold Springs, \$400; Mission, \$240; Cathedral Oaks, \$250; Rafaela, \$620.

TECHNICAL DEFENSE SET UP IN MERRITT CASE

Riverside City Attorney Claims That Officials Working Under Vrooman Act Are State Servants

Special to The Herald.

RIVERSIDE, May 19.—City Attorney Furlington is setting up a rather peculiar defense in the \$25,000 damage suit brought against the city by F. B. Merritt. He urges that the fact that the street work of the city is all done under the Vrooman act makes the city and street superintendent, who are defendants in the action, servants of the state rather than of the city, since the Vrooman act is a state law. Nearly the entire day has been consumed in arguing this proposition, the jury in the meantime being excused. Physicians for the defense examined Mr. Merritt, the plaintiff, at noon today to see if he really was disabled or was laboring under the hallucination that he was suffering from paralysis, double vision and a few other ills claimed to have resulted from his case.

Ungava chapter, O. E. S., entertained large delegations of the Eastern Star from Redlands, Colton, San Bernardino and Corona last night. The Redlands chapter conferred the degree and after the ceremonies closed an elaborate banquet was served.

SAN DIEGO RECEIVES A GOOD PROPOSITION

OFFERED TEN-YEAR CONTRACT

Southern California Mountain Water Company Stands Ready to Supply the City at Considerably Reduced Rates

Special to The Herald.

SAN DIEGO, May 19.—At last evening's meeting of the water committee of the city council a proposition was submitted by the Southern California Mountain Water company to supply the city with all the mountain water it can use for the next ten years at four cents per 100 gallons, which is about one half of what it can be pumped for from the San Diego river. The company agrees to commence delivery on the first of next March and to supply continuously thereafter for ten years. It is understood that the council will accept the offer.

The remains of Ellen Lewis Patterson, teacher of the Indian school at Capitan Grande, who died suddenly, Wednesday evening at the school, have been brought to San Diego for interment. Miss Patterson was a niece of the late James G. Blaine and was born on the 9th day of July, 1845, at Lewistown, Pa. She had been a teacher for many years and has been superintendent of Indian schools for the past twenty or twenty-five years.

A large portion of Linda Vista Irrigation district became the property of Col. A. G. Gassen yesterday through the decisions rendered in his favor. The total judgments amount to \$137,957. Efforts are being made to see if the indebtedness cannot be wiped out, as was the indebtedness of the irrigation district at Escondido, by the purchase of the bonds for the reduced price at which Col. Gassen is ready to dispose of them.

Mrs. Clara A. Hoke, the woman of whose murder the coroner's jury accuses Anson Brown, was laid to rest in Mount Hope cemetery yesterday. The funeral, which was held from Davis & Anderson's chapel on the plaza, was very simple. Rev. R. L. Bruce of the First Methodist Episcopal church made a few remarks and offered prayer. Upon the bier was a bouquet of flowers sent by a friend who had known Mrs. Hoke in her better days.

Mrs. C. F. Judd, who was injured by the fall of the wall of a building at Fifth and E streets, is reported by Dr. J. Perry Lewis, her physician, to be doing as well as can be expected. The body of the murderer Robinson, is still at the morgue, no relatives having claimed it.
