TO DRAW STRAWS FOR CLARK TRIP

COMMERCE CHAMBER PUZZLE

Acting Secretary Gurley Says Everything Will Come Out In Shape, but It's a Big Chance

Officers of the chamber of commerce have in mind the old adage, to not look a gift horse in the mouth, but, nevertheless, they are quietly wondering to themselves whether, at the time Senator W. A. Clark asked the organization to be his guests on a trip over the new road to Salt Lake City, and stated in his invitation "about 200," he was aware of the fact that it is able to muster a good regiment and a half of men.

It begins to look as if some of those who have counted on wandering up and down the wide streets of the Mormon city, passing in and out of the great tabernacle, and listening, enthralled, to the world-famous organ, will do so only in their dreams.

When the Salt Lake Commercial club took advantage of the offer made by the senator for them to visit Los Angeles, over one-third of their membership responded to the invitation.

If the membership of the Los Angeles chamber of commerce responds in the same ratio, and asks for transportation on the morning of June 12, there will be nearly 600.

Mr. Gurley Puzzled. When Acting Secretary Gurley was asked yesterday what he was going to do in such a case, he was evidently ill at ease.

"I hardly think there will be more than 200," he said, and then stopped, for he remembered the time is well within the vacation season, and there are many who would enjoy just such a trip, especially when a railroad is willing to do the generous act.

"The arrangements have been made by Senator Clark," he continued, "and we can only accept the invitation as it has been given. Senator Clark has invited 300 people. Of this number, 100 are to consist of his friends, and city, county and state officials, leaving it for the chamber to say who shall compose the other 200.

"He specified, however, that he should be pleased to see the directors of the chamber and of the different organizations, among the number. "The only way I see out of it will be to put the names in a hat and let chance decide the fortunate ones. I have filed no applications for tickets thus far, but there have been a number who have signified their desire to be among those to make the trip."

CITY HALL NOTES

The sprinkling contract was transferred yesterday from McGuire & McClure to Charles Stansbury. The new contract, which was awarded several weeks ago, holds good for four years the price being \$1.40 per day for each wagon and team furnished.

The protest on the assessment district on Trinity street was heard before the board of public works yesterday afternoon. No agreement could be reached and the hearing was continued for one week.

The hearing of the appeal on Darwin avenue occupied a great deal of the time of the board of public works yesterday afternoon, but a further hearing was set, as no settlement could be reached.

The petition for the construction of a tunnel under the Second street hill was laid over for one week by the board of public works yesterday. The board is split on the question as to who should pay for the construction of the tunnel. Councilman Hiller thinks the city should bear the expense, but Councilmen Blanchard and Kern think if done at all the work should be done and paid for by an assessment district. They will so report to the council on the question, it is said.

The figures on personal property taxes show a great increase in the amount collected, despite the fact that \$100 worth is now exempt under the new law. The collections so far show \$100,469.49 collected, as against \$87,103.02 for the same time last year; 13,560 receipts have been given and the average amount of personal property taxed is \$75.

FALSE THEORIES

Lead to Worthless or Harmful Remedies. Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capsicum, nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation of dandruff cure, or hair restorer on the market that would kill that insidious germ that dries up the scalp in little scales called dandruff, and absorbs the vitality of the hair, causing falling hair and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. FEDERAL GRAND JURY RETURNS INDICTMENTS

FIRST INSTALLMENT HANDED IN YESTERDAY

Charges Range From Murder to the Rifling of Letter—Many Other Cases Being Considered, With Prospects of More True Bills

Twelve indictments by the federal grand jury were returned to Judge Wellborn of the United States district court yesterday morning. It is said that this is but the first installment of a large number of indictments to be returned by the grand jury within the next few days.

The indictments returned yesterday ranged from murder to the stealing of a letter containing a one dollar bill. Six of the persons against whom charges were returned are now lodged in the county jail.

Pauleno Resboloso of the San Jacinto Indian reservation is charged with the murder of Martin Jauro. It is alleged that Resboloso shot Jauro on the night of March 14, and that the wounded man died from the effects of the shot three days later.

Wong Tun and Wong Sing, two Chinamen, are charged with having impersonated two of their countrymen by living in this country on the certificates belonging to Sang Quong and Tong Sing. The Chinamen declare that they purchased the certificates from their friends.

Daniel D. Lomasney, office boy for one of the local morning papers, is charged with having stolen a letter containing a one dollar bill, and John M. Hawkins is alleged to have mutilated a United States coin by drilling holes in a twenty dollar gold piece.

NO DISSATISFACTION IN RANKS OF VETERANS

PUBLICATION OF FALSE REPORT DEPRECATED

Alleged Misunderstanding Between Ex-Warriors Regarding Invitations to Memorial Sunday Services is Branded as Absolutely Untrue

Regarding the misunderstanding said to have arisen in the G. A. R. ranks over the invitation extended to the ex-Confederate veterans and their families to participate in the memorial services at Temple auditorium Sunday, Frederick J. Cressey, who has been associated with Rev. Robert J. Burdette, pastor of Temple Baptist church, in arranging the program for the day's services, said yesterday:

"Whoever it may be in our city who took the responsibility of circulating the report that the Confederate veterans and the Daughters of the Confederacy had been invited to hear Mr. Burdette on next Sunday by members of the Grand Army of the Republic, was certainly as thoughtless and unwise as he or she was vicious. It is absolutely untrue. The members of the Grand Army of the Republic and the ex-Confederate veterans will each be present on exactly the same level, one with the other, solely and only as invited guests of the Temple Baptist church.

"If there has been any dissatisfaction on the part of anyone, as to the action of Mr. Burdette and the church he represents, I am wholly unaware of the fact. It certainly would be strange if such could exist and I do not know it, as I have been brought into personal and official contact with very many members of each of the organizations referred to."

ARRESTED ON CHARGE OF FALSE PRETENSES

DOCTOR SAID TO HAVE ISSUED WORTHLESS CHECK

Frank L. Burlleigh, a Local Physician, Taken Into Custody on Complaint of Cafe Proprietor, Who Says He is Out Twenty Dollars

Dr. Frank L. Burlleigh, until recently connected with the Pacific hospital, was arrested yesterday on the charge of obtaining money by false pretenses. It is alleged that Burlleigh passed a check for \$20 on the proprietor of Pezell's cafe, drawn on the Security Savings bank, while he had no funds in that institution.

It is said that when the check was presented to the bank yesterday morning by F. Pezell he was informed that the physician had no account there and that he never had one.

A warrant was issued for the arrest of Dr. Burlleigh. When taken into custody by Detective Davis the doctor had but five cents in his pocket. When arraigned before Judge Chambers yesterday afternoon he asked for more time to enter his plea, declaring that his arrest was the result of spite work.

Men's Underwear Reduced

We turn stocks so rapidly that we haven't any old garments, but broken lines are bound to occur, some of which are going out in short order today, as follows:

- Men's balbriggan and derby ribbed shirts of regular fifty cent grade, now 35c. Men's summer weight madras pajamas, white with blue trimmings, or polka dots; regular \$2, Saturday \$1.50. Men's cotton hemstitched handkerchiefs—initialed—full size, 5c apiece. Men's fast black, absolutely seamless half hose—double sole, double heel and toe—regularly 25c, today three pairs for half a dollar.

Suits \$25.00 Skirts \$6.50

Suits at nearly every price between \$27.50 and \$45.00 are to be sold until tonight at \$25, while skirts ranging in real value from \$7.50 to \$15.00 will go at \$6.50.

Nearly every wanted material is present in recent styles and designs—no garment is offered that will not favorably meet the severest criticism in point of absolute correctness.

Fine Corset Covers 75c

Here are good qualities at so low a price that to buy unreliable, "just-as-good" kinds is a real extravagance.

For 75c—\$1 and \$1.25 corset covers of cambric and nainsook, trimmed with lace, embroidery and hemstitching, all recent styles, expressly suited for wear with thin summer waists. You may choose from some six styles, each unlike the other—one has a cambric body, and the entire front is made from strips of sheer lawn and point de Paris insertion. Similar ones are not a whit less dainty.

Handkerchiefs Back Combs

Sheer Irish linen, narrow hemstitched; usually sold at 15c—sale price 10c each, or 6 for 50c. 25c grades at 15c each, or 7 for \$1. Beautifully jeweled shell back combs of the quality usually sold at 75c to \$1.25, now offered at 50c, because assortments aren't complete.

OUTSIDE AND IN

The inside of a Regal shoe is as honest as the outside. The inside of a Regal store is as well equipped as the window.

The styles marked \$3.50 in the window you will find inside the store at the same price.

No matter which of the 75 Regal styles you select—\$3.50. No matter what kind of leather you prefer—\$3.50.

No matter where the store may be, no matter what time of year—\$3.50.

The Regal is a six-dollar shoe, and it would have to be sold for \$5 instead of \$3.50 except for the saving of the Regal one-profit tannery-to-consumer system. It costs money to handle shoes. When you pay \$5 for shoes in the regular way, you are not getting one cent more than \$3.50 worth of shoes; the balance goes into four extra and unnecessary profits.

When you buy Regals you buy direct: One handling, no waste, one profit, one price.

Every Regal Oxford has been made on a special ankle-fitting Oxford last.

Send for Style Book. Mail Orders Promptly Filled. Sold direct from tannery to consumer. The largest retail shoe business in the world. 98 stores in principal cities from London to Los Angeles.
