THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide
This word of late has been in every one's mouth, and many are wondering what the word signifies, though no one has yet been found who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now, "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp and falling hair; this is the disease that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

WIFE GETS THREE YEARS AND HUSBAND FIVE IN STATE'S PRISON

MR. AND MRS. A. W. MELOLING, CONVICTED OF BURGLARY IN THE SECOND DEGREE

INSULTS JUDGE WHEN SENTENCED

MRS. MELOLING'S TEMPER IS EXHIBITED

EXPECTED TO BE RELEASED

Court Gives Her Three Years in San Quentin and Her Husband Five Years in Folsom

"May your honor's heart soon be as soft as your head," was the startling and defiant answer made by Mrs. Meloling to Judge Smith, in division one of the superior court yesterday morning when he sentenced her to serve three years in San Quentin.

Judge Smith had a few minutes before sentenced her husband, A. W. Meloling, to serve five years in Folsom.

Each refused to make any statement when asked by the court if they had any reason to give why sentence should not be passed upon them. And when the sentences were pronounced the small audience murmured in surprise, as it was generally believed that Mrs. Meloling would be released on probation, as was done in the case of Ninon Goode a few days ago.

Great influence has been exerted in behalf of the prisoners—husband and wife—to secure probation, and it was the failure of this influence which caused the great surprise.

A stay of execution of the sentence was granted to Meloling until June 7 and to his wife until Monday, to enable them to prepare for the trips to prison.

Mrs. Meloling was smiling and seemingly happy as she talked with her husband and her sister in the jailor's office. Her husband, on the contrary, was morose and sullen and sometimes insulting in his replies to simple questions asked by his wife.

The charge upon which they were convicted, and will now have to serve terms in prison, was the burglarizing of the rooms of Mrs. Hallie Miller at the Hotel Granada last July, several valuable steins and a quantity of chinaware being taken.

PROMINENT YOUNG WOMAN DIES FROM APPENDICITIS

On Eve of Eastern Trip, Miss Jessie Andrews Is Stricken Down by Fatal Illness

As the result of an operation for appendicitis, Miss Jessie Carpenter Andrews, only daughter of Mr. and Mrs. John Andrews, 1654 West Eleventh street, died at the Pacific hospital at 8 o'clock last night.

Prominent in society and musical circles and with a wide acquaintance, the announcement of her death will come as a shock to her many friends, few of whom were aware of her illness.

Miss Andrews, on the eve of an eastern tour which was to have begun within the next few days, was attacked by the disease a week ago last Wednesday. Its seriousness necessitated her removal to the Pacific hospital, where at 9 o'clock Friday night Dr. A. E. Bryant undertook to save her life by an operation.

Little hope of success was given by the doctors, but the strength with which she rallied and the seemingly rapid improvement until yesterday gave hopes of her recovery. The relapse came early Thursday morning. During the day and up until the time of her death, the mother, father and only brother, John Andrews, were constantly with her.

Miss Andrews would have been nineteen years old next July. The larger

portion of her life was spent in Los Angeles. She was an accomplished pianist, and for years under the instruction of Herr Becker, developed into one of his most proficient pupils. Miss Andrews was a pupil in the Los Angeles high school until a year ago, when she gave up her work there to enter Cumnook school. She was a member of St. Paul's pro-cathedral church and of the Delta Iota Chi sorority. The funeral services have not yet been announced.

\$12 Style for \$3.50 In Women's Regal Oxfords

WHEN you buy a pair of Regal shoes you get at \$3.50 the exact duplicate, line for line and curve for curve, of a pair of shoes that cost some fashion-leader in New York, London or Paris from \$12 to \$20.

We never guess at the styles or make experiments of our own, as other ready-to-wear shoe-makers are obliged to do. Our system enables us to get new styles on the market within six weeks of the time they appear. It takes other makers six months. We can, therefore, follow the recognized authorities in footwear fashion, and we do it.

We copy more than the mere shape. Regal Oxfords have that indefinable elegance of appearance that comes of expert workmanship and the best materials money can buy.

Regals are the only shoes made in the world in QUARTER SIZES. Regal "Ankle-fit" Oxfords are the only Oxford shoes sold at this price which are made over special Oxford lasts. They never slip at heel or gape at sides.

How Experts Secure Positions

There are more ways of getting a position in this world than some people think. The manager of a big woolen house in New York city has just been telling his experience and his idea is well worth the knowing.

"I suppose," said he, "that I have been the means of getting more high-class positions for my friends than almost any man you can name. I have got the simplest way of going about it that I have ever heard of. The last position I secured for a friend will illustrate my idea. A man came to me and said: 'I know more about woolen goods than any man on earth and I want you to give me a position as manager.' We were filled up and I could not use him, so I followed my usual course with high-class men because he was a good friend of mine and I wanted to land him.

"There's a firm in this town called Burrelle's and they carry on the largest press clipping business in the world. Now I simply got down and wrote a letter to Burrelle's telling them to send me absolutely every item concerning changes in management of woolen goods firms and consolidations of firms and things of that sort. These clippings gave me the hint as to just where a first-class man could be used. Burrelle reads all papers published and in that way I get items from all parts of America. I simply turned these items over to my friend who wanted the position and said to him: 'now it's up to you to get busy.' He got in communication with those various firms and the result was that in three weeks' time he got a position that pays him \$500 a year.

"That's odd," said the listener. "Yes, it is odd. I guess there's more in the penny clipper business than you ever thought of. You had better write a letter to Burrelle."

Tax Payers Attention

If the deputy has missed you, come to the office not later than this week. This applies more particularly to owners of realty. Remember also the time is close at hand when the penalty will attach for non-payment of Poll Tax. If it should cost you \$5 or \$10, please don't "cuss" the Office. We did not make the law nor are we to be blamed for your procrastination. If you have received notice of poll tax and personal property tax due call and settle at once and avoid penalties for delinquency, advertising, etc.
