

# LUCKY MEMBERS GO TO SALT LAKE

## 200 NAMES OUT OF 258 ARE SELECTED

### TRAIN WILL LEAVE JUNE 10

Los Angeles Chamber of Commerce to Be Well Represented—Entire Party Will Fill Two Special Trains

The names of two hundred members of the Los Angeles chamber of commerce who will accept the invitation of Senator Clark to enjoy the courtesy of the Salt Lake railroad for a trip to Salt Lake City Saturday, June 10, were made known in the chamber soon after 9 o'clock Monday morning.

Just 258 members of the chamber had sent in written notice to the effect that they wanted to be included in the party, but as the number was limited to only 200 it was necessary to decide upon the personnel of the party by lot. All of the names of the applicants were written in a book and each name was numbered from 1 to 258. Duplicate numbers were placed in a receptacle and with Acting Secretary Gurley and Mr. Dawson at the table to keep tab President Koepfler drew fifty-eight numbers in turn from the green jar-diner.

Members whose names were opposite the numbers drawn by the president and checked off by Mr. Gurley and Mr. Dawson in the presence of two reporters and several other spectators were put in the list as those who will be missed on the trip. This was considered to be the fairest way of deciding the delicate question as to who among the 258 anxious members shall be privileged to go on the trip and enjoy the hospitality of Senator Clark and the Salt Lake people.

In addition to the 200 chamber of commerce guests the Salt Lake Railroad company through F. K. Rule has extended special invitations to state, county and city officials, the press and others to the number of one hundred.

## MAN HURLED 50 FEET BY CAR; TWO HORSES KILLED

### WAS CROSSING TRACKS WHEN TROLLEY STOLE UPON HIM

#### Sister of Injured Man, Not Recognizing Victim, Runs to Assistance of Train Crew, and Falls Back in a Fainting Condition

Albert Evans of 1741 Newton street, while driving home last evening, was struck by a northbound Long Beach car at Fifteenth and Tennessee streets, the force of the impact hurling him fifty feet down the tracks and killing both his horses.

When found by the train crew Evans was unconscious. He was hurried to the receiving hospital, where it was learned that he was suffering from a probable fracture of the skull and severe internal injuries, which may cause his death.

Peculiarly enough, Mrs. W. E. Bailey, the injured man's sister, was the only witness to the accident outside of the train crew. Mrs. Bailey had not seen her brother, with whom she lived, since early yesterday morning, when he left the house with his wagon to haul sand for the day. The woman says that she was going to a butcher shop on Fourteenth street and while crossing the Long Beach tracks noted a car approaching at a rapid rate from the south.

When Mrs. Bailey reached the conductor, leaning over the body of the injured man, she gave one scream and fell back almost in a faint, for she recognized her brother in the prostrate form by the car track.

This is the second accident of a similar nature which has occurred within the last week. Last Monday night two men, driving a sprinkling cart, were struck by a street car at Adams and Main streets. Both men were severely injured and the two horses were killed.

## OILING OF STREETS TO BE INVESTIGATED

### Special Committee and City Engineer to Draw Up New Specifications

Representatives of the oil producers and refiners of the local field appeared before the council yesterday to discuss with that body the recent ordinances and specifications adopted by the city for the oiling and improvement of streets.

It was argued by the oil men that these specifications practically shut out the local product and give the Sunset oil producers the monopoly on bidding for the contracts which are to be let.

The oil men undertook to prove, and did show to the satisfaction of the council, that good roads could be made with the local oil, and that it is more the manner in which the oil is applied than the gravity of the oil used which makes the difference.

The council referred the entire question to the special committee on oiling, in connection with the city engineer, with instructions to draw up a set of specifications which will give the city good roads. The present specifications for oiling streets were repealed.

## WANTED TO DIE, JUMPED IN LAKE, CHANGED MIND

### Restaurant Keeper Grows Despondent After Prolonged Spree and Would Shuffle Off

Thomas Bell, a restaurant keeper, came to the conclusion that he wanted to die, after having enjoyed a spree that lasted over ten days. Accordingly, yesterday morning he hid himself to Eastlake park, jumped into three feet of water and called for help. He was quickly rescued by park attendants and sent to the police station on a charge of being drunk.

## CHARGED WITH VIOLATING THE LIQUOR ORDINANCE

W. C. Hooker, proprietor of a restaurant at 2119 West Seventh street, was arrested yesterday on a charge of violating the liquor ordinance. Hooker is licensed to sell liquor with meals only, but it is claimed that he has been in the habit of carrying on a thriving saloon business, irrespective of meals, not only during week days, but on Sunday. His case will come up today.

# WOMAN BEATS YOUNG KITTEN

## ANSWERS TO CRUELTY CHARGE IN POLICE COURT

### ACCUSED IS VERY INDIGNANT

#### Says She Did Not Think Crime of Whipping a Cat of Sufficient Importance to Cause Her Arrest

Mrs. A. E. Brass, who resides at 662 South Spring street, was charged in Judge Chambers' court yesterday afternoon with beating a three-week-old kitten into insensibility with a bag filled with clothes pins, and as a finishing touch kicking it downstairs.

Mrs. Brass said she did not think that the beating of a kitten was a crime of sufficient importance to call a woman into a police court, and gave Judge Chambers to understand that she was thoroughly indignant. She claimed that she had been bothered a great deal by the kitten, which visited her often and stayed long. She says she tried every means of showing it that it was not welcome, and finally had to resort to forcible measures to become rid of it.

The kitten was found by a police officer, who claims that it had several ribs crushed in and a fractured leg, besides several bruises on its body. He put it out of its misery by chloroforming it, first getting several witnesses to testify as to its condition.

The case will be brought up today, when Mrs. Brass' neighbors will appear to testify.

## SHAMES YOUNG WIFE UNDER THREATS TO KILL

### Telegraph Operator Confesses to Most Heinous Crime—Now Behind the Bars

Henry Moonshower, a telegraph operator recently arrived from Sacramento, was arrested yesterday on a complaint sworn to by his wife.

Mrs. Moonshower told her story at the police station of alleged outrages inflicted by her husband since their arrival in Los Angeles.

The young wife, who is but 23 years old, told Captain Auble that about two weeks ago, shortly after they had arrived in Los Angeles, her husband spent his money and was unable to get a position. In order to keep himself and his wife from starvation, she alleges he forced her to enter a house of prostitution and there secure money to support them.

Mrs. Moonshower says that she pleaded with her husband to not compel her to go to the house, but that he threatened to kill her if she did not obey him. She says that about five days after she entered the house her husband called for her and took her away, but when their funds were again depleted she says he compelled her to go back.

Yesterday morning, unable longer to endure the horrors and shame of her changed existence, Mrs. Moonshower told her story to the police and Officer J. J. Mart was detailed to escort her from the place to the police station.

A warrant was immediately issued and her husband was locked up yesterday morning. He confessed his guilt and will be arraigned within a few days.

Mrs. Moonshower is the daughter of a prominent attorney who resides in the east. He was notified of his daughter's unhappiness and telegraphed yesterday afternoon that he would come to Los Angeles immediately to make an investigation.

## COURT HOUSE NOTES

Petitions of divorce were applied for yesterday in the county clerk's office as follows: Lue Arnold against Harold M. Arnold and Claude E. Osgood against W. S. Osgood.

Paul Sepulveda, scion of a prominent family of the southwest, who was arrested some time ago on a charge of forging his wife's name to a check for \$200, was arraigned yesterday before Judge Smith and his trial will be held within a few days. It is understood that Mrs. Sepulveda is trying to have the charges against her husband dismissed, but the district attorney will not listen to any such proposition.

It is understood that a number of residents of the Vernon district will appear before the board of county supervisors today in an effort to have the license of pool rooms rescinded.

A partial report of the county taxation was made yesterday by the county assessor and shows a wonderful increase in the assessed property of the county. More than \$1,000,000 worth of automobiles are mentioned as a valuable new item in the taxable property.

Incidents of the tragedy are said to show clearly a case of self defense on the part of the alleged murderer, and this, combined with the extensive reputation of Rojas as a trouble-maker, may clear the accused without prosecution.

## FIFTY-FOUR DRUNKS ARE AFTERMATH OF SABBATH

### JUDGE HEAVES SIGH OF WEARI- NESS AS CASES ARE CALLED

#### Asks One Accused if He is Ready for Sentence, and the Response is, "No, Sir; I Left My Purse at Home"

As the aftermath of a Sabbath day's festivities, fifty-four persons charged with being drunk arrayed themselves in Judge Chambers' court yesterday afternoon and inwardly cursed the evils of drink.

The judge heaved a sigh of weariness when he saw his day's work before him and ordered the first case to be called.

The defendant was Michael Mahoney and the map of his native land lay picturesquely upon his smiling countenance.

"Are you ready for sentence?" asked the court.

"No, sir," responded Mahoney jauntily. "I left my purse at home."

He was sentenced, however, and to his unlimited joy the sum was not as large as he had expected—only \$3. He found that he had enough to pay his fine and still have \$2 left over.

## CITY HALL NOTES

Numerous bids for the site for the new police sub-station which is to be installed on Boyle Heights were opened by the council yesterday. They ranged in price from \$2500 to nearly \$10,000. All were referred to the board of public works.

Bids for the garbage crematory site were referred to the board of public works. These proposals ranged from \$7000 for a lot near Twelfth street to \$60,000, which was asked for the piece of ground on Ferguson alley and Alameda street.

Drs. Freedman and Bonyng, at present acting as assistant police surgeons, were appointed as such and thus certified to the civil service commission as emergency appointees yesterday by the council.

"Give the kids a chance," said President of the Council Summerland yesterday, as he voted to pass the fire-cracker ordinance over the mayor's veto. The fireworks ordinance went through the usual formula and was unanimously adopted over the veto of Mayor McAleer.

J. D. Mercereau was awarded the contract for repairing the outfall sewer pier. His bid was \$4416.

Street Superintendent Hanley asked the council yesterday to allow him an additional \$1800 on this year's expenses in order that he may keep the men he now has at work on the streets and continue the improvement. The request was granted.

The appeal on the assessment on Trinity street will be taken up by the council at a special session Friday afternoon at 4 o'clock.

The protest against the acceptance of the street work on Darwin avenue was heard again before the council yesterday and was reset to be heard two weeks from that date.

The council yesterday defined the assessment district for the lighting of Spring street with ornamental poles and set June 26 as the day upon which protests would be received.

The council adopted an ordinance yesterday changing the name of Newhall street to Mountain View avenue. The action was taken on a petition from the property owners.

## DOES YOUR SCALP ITCH?

Are Your Hairs Dropping One by One? If your scalp itches, you are doubtless suffering from dandruff. The dandruff germ is digging up your scalp in little flakes, called dandruff, and sapping the life of the hair bulb. No hair preparation that is a mere hair stimulant and tonic will cure dandruff, because it won't kill the germ that causes the trouble. Newbro's Herpicide is the latest scientific discovery, and it will kill the dandruff germ. Destroy the cause and you remove the effect; kill the germ and you will have no more dandruff, falling hair or baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Caustic Comment

"Your old friend Barnes Tormer made his debut in vaudeville last night," said the first actor.

"Yes, it was a monologue, wasn't it?" asked the other.

"Not exactly. He intended it to be, but the audience chimed in with a few choice remarks before he got fairly started."—Philadelphia Ledger.
