

WANT DAY TO BE BLOODLESS

PASADENANS OBJECTING TO BATTLE

WANT PEACE ON THE FOURTH

Prominent Men Raise Objections to Proposed War Game on Independence Day—Throop Banquet

Pasadena Agency, 114 East Colorado Street. PASADENA, June 7.—Shall the Fourth of July celebration be carried on along blood and thunder lines? This question is just now one of absorbing interest to a large proportion of Pasadena's population. Many are opposed to the program of a sham battle, in which it is proposed to exhibit the possibilities of war.

He points out that it is more patriotic to teach children to hate war than to even admire the false side of it. He refers to the Declaration of Independence as the principles of men of peace and that it was not war that made the Fourth of July glorious.

Prof. W. A. Edwards of Throop institute and Rev. S. G. Dunham of the Universalist church are also in opposition to the proposed blood and thunder method of celebrating.

Meanwhile the executive committee in charge of the celebration has not decided what action to take on the protests, but it is likely the matter will be discussed at the next meeting. A majority of the committee is said to be in favor of an abundance of noise, powder burning and a lavish display of fireworks.

Throop Gives Banquet The Debating club of Throop held its annual banquet at the Maryland tonight. Prof. N. G. Felker was toastmaster and the following program of toasts was observed: "Life's Prizes Are Not Gifts; They Must Be Won," Dean A. H. Chamberlain; "You Can never Lead Unless You Lift," Prof. H. C. Van Buskirk; "Judge Not, That You Be Not Judged," Edwin Fussell; "Ease Is the Way to Disease," Joseph Dixon; "Our Ideals Are Our Possibilities," Miss Clara F. Randall; "The Chief Mission of All Words: That They Should Be of Comfort," Willard S. Wood; "Never Fear and Never Cry," Walter Pittenger.

Alumni Banquets The tenth annual banquet of the Throop alumni was held at La Pintoresca hotel last night and at the handsomely decorated tables were seated the school trustees, members of the faculty, alumni members and the graduates of this year. Prof. Walter Edwards was the toastmaster and he welcomed the assemblage to the feast of good things the program provided for. Other speakers were Miss Hilda Woods, Roderick Burnham, Prof. Gaylord, Theodore Coleman, Don Carlton of Los Angeles and Dr. McBride.

Mayor W. H. Waterhouse and Assistant City Attorney Robert McDonald visited Los Angeles today to close a deal that will enable the city to purchase a tract in the San Gabriel valley known as the "narrows," which is desired for connection when the city is ready to take over the water plants as a municipal enterprise. The option on the property expired today and the city officials made arrangements to purchase the land.

Pasadena Brevities President D. M. Linnard of the board of trade has completed the selection of a committee to provide ways and means of building a convention hall. The Ramish & Marsh cases have again been continued in Justice Klamroth's court and the date when the contractors and their employees are to appear is June 14. Jude Rosstter, representing the Humane society, announced that the case of W. H. Moffett, the firm's general superintendent, will be the first called.

A lodge of Odd Fellows is to be installed in South Pasadena about May 14. The Delta Theta Gamma of North Pasadena held a business meeting last night, at which it was decided to begin a regular series of debates, probably beginning with the next meeting. This society is one of the first to take up the suggestion of providing more interesting entertainment than has heretofore been in vogue at kindred gatherings.

The graduating exercises of Throop will begin promptly at 8:15 o'clock Thursday evening at the opera-house, Judge Seward Simons will deliver the class address.

LET STATE LAW CONTROL SEASON

RIVERSIDE SUPERVISORS SO DECIDE

DOVE LAW REMAINS INTACT

Fruit Shipments in Excess of Last Year's Figures—Chamber of Commerce to Go to Salt Lake

Special to The Herald. RIVERSIDE, June 7.—The supervisors this morning decided to leave the county game law at it is. The County Game Protective association at a recent meeting recommended that the dove season be made to correspond with the quail season. It was pointed out this morning that the dove, being a migratory bird, would be out of the country by October 1, when the quail season opens, and it was voted to let the state law rule in the matter.

County Physician Dr. Van Zwalenburg this morning presented a bill for \$15 for x-ray work to the supervisors. Supervisor Shaver objected to the bill, and thought that old fashioned methods should be good enough for indigents.

Superintendent Ingraham and a party of lesser Southern Pacific officials were here yesterday on a tour of inspection. Chamber of commerce delegates who will represent Riverside on the complimentary Salt Lake excursion which leaves Saturday for Salt Lake city, are G. Rouse, L. V. W. Brown, Clarence Barton, T. C. Wallace, W. W. Wilson, E. A. Baulch, Frank Morrison and E. S. Moulton.

The fruit shipments to date are 5185 cars of oranges and 281 cars of lemons. Last week's shipments were in excess of those of the previous week, 148 cars of oranges and 12 cars of lemons going out. This season's total to June 1 is 268 cars in excess of shipments at same date last year. The navel season is nearly over, but large quantities of Mediterranean sweets, seedlings and other later varieties are still to go out.

GAS WAR ON IN SAN BERNARDINO

NEW COMPANY ALMOST READY FOR BUSINESS

ISSUES SCORCHING CIRCULAR

Will Charge One Dollar Per Thousand Feet and Do Away With All Meter and Connection Charges

Special to The Herald. SAN BERNARDINO, Cal., June 7.—The gas war is already a fact. The Home Gas and Lighting company, the new competitor, has announced that it will be furnishing gas to consumers by July 1, and that the price will be \$1 per thousand feet, a figure that the old company had previously announced would become effective October 1. The new competitor has announced that with all meter charges and connection charges. It has issued a scorching circular to the people of the city in which the old company is severely arraigned.

Both companies are rushing the work of laying mains in every section of the city, and blocks of pipe are going into the ground every day. The commencement exercises at the city pavilion Friday evening will include orchestra numbers, addresses by President W. M. Parker of the board of education, Principal Will L. Brown, and an invocation by Rev. Mark B. Shaw. The principal address will be by President George A. Gates, D. D., LL. D., of Pomona college.

The board of education is endeavoring to secure Prof. Shaw, an eastern man of wide experience as successor to Prof. W. L. Brown. Last Sunday was the first "dry" Sunday, so far as the saloons were concerned, but it is alleged that a couple of restaurants that hold liquor licenses did a "land office" business. One man would order a meal and liquor enough for several friends, and they would all help drink it.

NOTES AND PERSONALS

Mr. and Mrs. J. F. Stewart of Rialto have issued invitations to the marriage of their daughter, Miss Stella Stewart to C. D. Young, also of that place, to occur Thursday, June 22. The young people will reside in Rialto. Mr. and Mrs. J. J. Rousseau of this city have announced the marriage of their daughter, Miss Alberta Rousseau to William Whitaker of Los Angeles, to occur Tuesday evening, June 20, at the First Christian church in this city. Rev. H. E. Wilhite officiating.

Charles George Campbell and Miss Gertrude Agnes Edwards, both residents of Los Angeles, have secured their second marriage license here inside of a week. The marriage was an elopement, and the young people gave their ages as 21 and 18 in the first license. On their parents hearing of the affair they gave written consent to the marriage, and sent them back for a second license so that they might be legally married, their real ages being 19 and 17.

OCEAN PARK BRIEFS

Horseshoe Pier Amusement Company Will Put Up Large Building Special to The Herald. OCEAN PARK, June 7.—M. R. King today transferred his interest in the proposed Pier Avenue wharf to a syndicate to be incorporated under the title of the Horseshoe Pier Amusement company. The new concern will erect a structure about 1200 feet in length, having entrances at both Marine street and Pier Avenue. Telegraph instruments have been installed by the Los Angeles Pacific company at its stations in Santa Monica, Ocean Park and Play del Rey. Nat Goodwin is a guest at the Decatur hotel and his dog that was the cause of so much hubbub at the Hotel Angelus is, next to the actor, the most important guest at the hostelry. It's here to stay. Las Palmas cigars.

MONROVIA WOMEN WORK FOR PARK

Library Board Endeavors to Obtain a Tract of Land in the City

Special to The Herald. MONROVIA, June 7.—The location of the \$10,000 Carnegie library building promised Monrovia is delayed one month until the women who form the board for the library have had time to work out a plan to obtain an entire city block for the site. The city has voted \$2000 to purchase ground for the purpose and the plan of the women is to add to this by popular subscription enough to secure sixteen city lots that lay between Palm and Lime avenues, with frontage on Primrose. The repudiated price will be \$7000. Such a large piece of ground cannot be obtained at any other point so close in. The women hope that the grounds about the library can be used for a park.

The water superintendent has turned the canyon water into the Monrovia system and finds that there is ninety-one and a half inches, an unusual amount for this season. Of this Monrovia's share is seventy-three and one-fifth inches, the remainder accruing to the Bradbury lands. There have been special repairs made in the mains leading from the canyons, and those from the Deer Park, Maple and Monrovia canyons are in excellent condition.

SAWTELLE MISCELLANIES

Mass Meeting to Be Held by Opponents of Incorporation Special to The Herald. SAWTELLE, June 7.—A mass meeting will be held at Hansen's hall, Thursday evening to oppose incorporation. Several will be present to speak upon the subject.

Mrs. Scoville will give a cosmorama June 10, at Wyant's hall. The program will consist of duets, solos and drills. Edwin Waller, who evaded his board bill of \$6 here, was sentenced this morning to fifteen more days in jail at Los Angeles. He was arrested by Constables Jackson of Santa Monica and Laird of Sawtelle, and pulled a revolver on one of the officers. He has been in San Quentin for burglary and recently served six months in the county jail for a petty larceny committed at Pomona. After leaving that place he came here and worked in a blacksmith shop.

Mr. Will Mudge has disposed of his property in San Bernardino and will remove to Sawtelle. Ed Rogers and wife and a number of friends from Riverside visited this week with Mrs. Rogers. Mr. Leach, who has been at Sherman several months, returned today.

POMONA COUPLE MAKE UNEXPECTED DISCOVERY

Find Long Lost Savings Bank Book Showing Balance in Their Favor of \$655 Special to The Herald. POMONA, June 7.—Mr. and Mrs. William Brower of 155 South Gibbs street made a find the other day which will materially help them to a new home they have been planning to buy. In looking over some old papers Mrs. Brower found an old bank book on a savings bank at Troy, N. Y., which she had used at one time. She supposed the money had all been drawn out, but on examination it proved that she still has on deposit a sum which, with com-
