

SALT LAKE HAD BETTER BEWARE

ANGELENOS PROPOSE TO BUY UP THE CITY FORM INVESTMENT COMPANY

Local Financiers Have Their Eyes Very Wide Open for Opportunities Their Hosts Are Experiencing On

(BY BURT A. HEINLY.)

Special to The Herald. SALT LAKE CITY, June 13.—Angelenos in this visit to Utah's capital have become imbued with a sense of the opportunities for investment, and on Wednesday morning, in all probability, a company, made up of the members of the present excursion, will be formed for the purchase of \$500,000 worth of Salt Lake real estate.

The excursion carried over 400 members of Salt Lakers and Angelenos, and the treatment which the latter received was only a sample of the hospitality which is being shown to the Californians.

The train carried a baggage car not used for baggage, and Fire Chief Dilwater of Salt Lake, with a corps of assistants, repeatedly made invasions upon its stores, so that Salt Lake, in the minds of the visitors, is going to be made famous by its brew.

Bingham, a city thirty feet wide and five miles long, was in gala attire and the excursionists were given a number of guides, who conducted them through the mines and properties of the United States Smelting company. Luncheon was served on the train by the Salt Lakers and at 5 o'clock the journey to the City of the Saints began.

Too, Too Strenuous. During the trip the fraternity of "I am with you" was organized, with Leo Youngworth as chief "I" and councilman Joseph of Salt Lake as the principal "me." The initiation included the taking of a gold watch from Salt Lake's chief of police, J. D. Lynch, and this the "I" is wearing as a souvenir.

Those who made the trip to Bingham spent the day as quietly as it was possible to do. They dodged the reception committee with the greatest difficulty. The events of the day were much too strenuous, comprising automobile rides about the city and trips to the various points of interest. A few winks of sleep for a few composed the main adventures of the stay-at-homes.

Accustomed to a quiet and uneventful existence in Los Angeles the visitors today bore the fagged appearance of those who were spending their nights on the street in order to avoid paying hotel accommodations. The sort of life which is being led, even by Councilman Hammond, has been so disastrous that 100 of the pilgrims who are already down and out will start on the return trip tomorrow night.

Whether by design or not the reception committee has refused to say, but the fact is that the Los Angeles city fathers have been assigned hotel accommodations overlooking the tenderloin district.

Eight thousand people assembled in the great tabernacle tonight at the musical festival given in honor of the Californians. The cathedral was elaborately decorated in the national colors and the exercises were in part of a patriotic nature. Apsie John Henry Smith, on behalf of the Mormon church, extended a welcome to the Los Angeles delegation, following which, for over two hours the audience, save when it became wildly enthusiastic, sat enthralled by the music of the great organ and a choir of 500 voices.

POLICY SHOPS RAIDED BY NEW YORK POLICE

Penny Collecting Swindle Said to Have Experienced Sudden and Widely Extended Revival

By Associated Press. NEW YORK, June 13.—Raids on illegal policy shops have been made by agents of the Anti-Policy society, with the aid of the city police.

Many women and children were found in both places. It is stated that in the sixteen days which have elapsed since the death of H. H. Goddard, who was at the head of the society, a new system of shops has sprouted up with branches all over the city. Captain Goddard had fought a bitter war against the vicious penny collection swindle and succeeded in breaking it up here after sending the millionaire head of the syndicate to the penitentiary.

According to the society's officials, the captain's death was the signal for a resumption of the game. It is being conducted from headquarters in New Jersey, and a Chicago gambler is here and is said to have furnished funds to the amount of \$1,000,000.

Using the Great Bethlehem Plant as a Nucleus, the Ironmaster Will Bring Ten Other Concerns Into Field

Special to The Herald. PITTSBURG, Pa., June 13.—Charles M. Schwab is to be the head of a gigantic new combination which will not only be a dangerous rival to the United States Steel corporation, but will be one of the greatest industrial combinations in the world.

With the big plant of the Bethlehem Steel company as a nucleus, Schwab will gather in some ten smaller plants. The combination will include extensive coal lands, both developed and undeveloped, in Indiana, Cambria, Fayette, Westmoreland and Somerset counties in this state as well as many miles of railways which tap the coal fields.

Practically all of the entire southwestern section of Indiana county, including about 35,000 acres, is controlled by the men who will be in the new combination.

Among the interests is said to be the big Joseph Wharton coke plant at Koral, which has 12,000 acres of undeveloped coal land with 350 ovens already at work and more under construction. Every foot of available coal land in Clearfield, Cambria and northern Somerset counties has been acquired with part of the Westmoreland county fields.

COUNCILMEN ARE CALLED THIEVES

PHILADELPHIA SOLONS NEED PROTECTION

POLICE HURRIEDLY CALLED

Mayor Weaver Leads Fight Against the Street Railways—City Official Arrested on Charge of Fraud

By Associated Press. PHILADELPHIA, June 13.—Amid the cry of "thieves" and "crooks" and under the protection of police the council committee on street railways today referred to the city solicitor for his opinion as to their legality four bills repealing ordinances granting street car companies the right to use 110 miles of street to lay tracks without the requiring of any compensation for the franchises.

The meeting was in all respects as sensational and as stormy as that held by the committee on finance some weeks ago when the gas lease was under consideration.

The fight over the street car franchises promises to be a warm one before it is finally ended. It is a contest between the mayor and citizens living in the territory through which the proposed new lines are to run, on the one hand, and the Philadelphia Rapid Transit company backed by the Republican organization, on the other.

Police Are Called. When the councils adopted a resolution withdrawing the gas lease bill, four ordinances were introduced repealing the street railway ordinances, and today was set for a hearing on the measures.

The committee room was crowded. Select Councilman Thomas J. Ryan, the only Democratic member of select council, suggested that the bills be sent to the city solicitor for his opinion as to their legality.

His suggestion was received with a storm of hisses. This made Mr. Ryan very angry and he spoke bitterly of the disturbers.

Four members of the committee who spoke against the repealers were called "thieves" and "crooks," and so disorderly did the proceedings become that a squad of police was hurriedly summoned. Thereafter better order was maintained.

After both sides had been heard the committee, by a vote of 15 to 11 referred the bills to the city solicitor for an opinion of them by noon Thursday.

Spings Big Sensation. The biggest political sensation since the removal of Directors Smyth and Costello was created today when Mayor Weaver, through his counsel caused the arrest of Select Councilmen Frank H. Caven on charges of conspiracy to defraud the city. Caven was arraigned before Magistrate Eisenbaum and held in \$10,000 bail for a further hearing on Thursday.

The affidavit charges that Caven while a member of council committed the offense of being interested directly and indirectly in certain contracts for furnishing supplies and material for the use of the city. These supplies consisted of sand and gravel which were furnished to Daniel J. McNichol & Co., contractors, to be used in the filtration beds.

State Senator James P. McNichol, one of the leaders of the republican organization in this city, is a member of the contracting firm involved. Mr. Caven denies the charge.

BAKERSFIELD, June 13.—Hermann Blosser, formerly bookkeeper for a large department store in this city, is under arrest at Las Vegas, Nev., charged with the embezzlement of at least \$700. He will be taken back to Bakersfield when requisition papers have been issued. The accused man left suddenly a month ago, but the complaint was not sworn to until a few days ago.

France Said to Be Contemplating Further Defenses Along Coast Line of Her Far Eastern Possessions

By Associated Press. WASHINGTON, June 13.—Berlin advices announcing that extensive fortifications are to be erected in Kiaochow bay have aroused considerable interest. It has been reported here for some time that France contemplated further defenses along the coast line of her far eastern provinces, and news was recently received that the plans of the French admiralty for these fortifications were becoming more popular in France since Japan's sweeping victories.

At the navy department the news of Germany's intentions in regard to Kiaochow recalled to the officers the unfortunate condition of the Philippines, a situation to which Admiral Dewey has frequently called attention, and the hope was expressed that the action of the German government would result in action by congress to meet the needs of the American naval base at Olongapo, plans for the defense of which were prepared long ago by the general board of the navy of which Admiral Dewey is president.

Government Attorneys Confident They Have Secured Sufficient Evidence to Convict—Will Push the Prosecution

Special to The Herald. CHICAGO, June 13.—Authoritative information has reached Chicago from Washington that Attorney General Moody and the government attorneys, who have been conducting an inquiry into the so-called "beef trust," have reached the decision that they have secured sufficient evidence to convict; that the prosecution will be pushed vigorously and that indictments will be asked for.

Now that an agreement has been reached the grand jury will complete its work within a week and return a number of indictments.

When the beef trust inquiry was resumed by the grand jury today, two cattlemen from Iowa were on hand to give their aid to the assistant attorney. They told of the good results of the "twenty-four hour law," which has just gone into effect.

SWINDLER VICTIMIZES MISS HELEN GOULD

Special to The Herald. NEW YORK, June 13.—Letters found today in the desk of Wiloughby Middleton, who is missing as a result of his crooked operations as the head of the New York Realty corporation, indicate that the man who posed as an English lord included Miss Helen Miller Gould in the long list of those whom he victimized socially and financially.

Middleton had acquired an option on the Garth estate, and it was there he proposed to give an elaborate fete in honor of the visit to this country of his sister, "Lady Flora Hamilton."

He said Miss Gould was to receive for him. Middleton is found to be an ex-convict and an ex-footman in an English family.

VIGOROUSLY PROTESTS STORTHING'S ACTION

KING OSCAR OF SWEDEN

OSCAR PROTESTS AGAINST REVOLT

KING DID NOT OVERSTEP HIS PREROGATIVES HOLDS RIGIDLY TO HIS DUTY

Sweden's Ruler Sends Vigorous Letter to President of Norwegian Storting and Repudiates Act of Council

By Associated Press. STOCKHOLM, Sweden, June 13.—King Oscar, in a long and vigorously worded letter to the president of the Norwegian storting, M. Berner, declares that the accession oath of Norway's king makes it the king's duty not to pass over in silence the preference of the Norwegian council of state on the occasion of his majesty's veto of the consular bill.

The king maintains that he did not overstep his prerogatives under the constitution and says that consideration for the union imposes on the king the duty of exercising his constitutional rights.

"The king of Norway," he adds, "must always bear in mind paragraph 1 of the Norwegian constitution, which reads:

"The kingdom of Norway is free, autonomous, independent and indivisible."

"I feel myself justified in demanding respect for the decision taken by the king of Norway in accordance with the constitution. The powers which the constitution place at the disposal of the Norwegian king in order to enable him to promote the welfare of the country according to his convictions are no greater than those which must be reserved to the monarch united with Sweden under one king."

Repudiates Declaration. After lengthily repudiating the declaration of the council of state that his vote was unconstitutional, because no member of the council regarded himself as being in a position to countersign it, King Oscar proceeds:

"One of the fundamental principles of the constitution and a fact that is most important is that Norway shall be a constitutional monarchy. It is clearly incompatible therewith that the king sink to the position of a mere tool in the hands of the state council."

"The Norwegian people and the Norwegian nation demand the right to force the king to give a decision which in his opinion conflicts with the duty as monarch of the united kingdoms."

"It remains for Sweden and for me as king of the union to decide whether the attack by Norway on the existing union shall lead to the legal dissolution of that union."

"Let the present generation and posterity judge between me and the Norwegian people."

GREEK PREMIER ASSASSINATED

STABBED TO DEATH BY PROFESSIONAL GAMBLER

REVENGE THE SOLE MOTIVE

Deep Sorrow and Anger Exhibited by Populace of Athens, Which Strenuously Attempts to Lynch the Murderer

By Associated Press. ATHENS, June 13.—Theodore P. Delyannis, the popular premier of Greece, was stabbed and mortally wounded by a professional gambler named Gherakaris at the main entrance of the chamber of deputies at 5 p. m. today. The premier died within three hours. The assassin, who was immediately arrested, said he committed the deed in revenge for the stringent measures taken by Premier Delyannis against the gambling houses, all of which were recently closed.

The premier arrived at the entrance of the chamber in a carriage. Gherakaris approached, saluted the premier and opened the carriage door. The premier was in the act of thanking Gherakaris for his courtesy when the gambler plunged a long dagger in M. Delyannis' abdomen, inflicting a frightful wound.

The murderer was immediately overpowered by the attendants. Medical assistance was immediately summoned and the wounded man taken to a Red Cross station where an operation was performed in an effort to stop the internal hemorrhage. This was unsuccessful and Premier Delyannis died at 7:30 o'clock.

Great Public Indignation. The news spread quickly and it would be impossible to describe the popular evidences of sorrow or the anger of the crowds who attempted to lynch the assassin. Lynching was prevented by the gendarmes, who rushed their prisoner from the building to prison.

It is estimated that 20,000 persons witnessed the removal of the body of the premier from the Red Cross station to his late residence. Members of the cabinet and of the chamber of deputies were among the crowd, many of them weeping.

The cabinet met this evening at the residence of the president of the chamber and it was decided that the body should lie in state in the chamber before interment.

King George, who is at Taol, announced that he would at once return to Athens.

Investigation by the police show that Gherakaris was recently liberated from prison, having been sentenced to eighteen years for the murder of his wife.

MOTHER AND SON SERIOUSLY HURT

STRUCK BY MONROVIA CAR AT ROSE HILL

SLIGHT HOPE OF RECOVERY

Attempted to Cross the Track After Alighting From a Pasadena Street Car

Mrs. Charles E. Pitzer and her four-year-old son, Everett, were struck by a street car and probably fatally injured yesterday afternoon at Rose Hill station on the Monrovia line of the Pacific Railway company. The boy is said to have been hurled several feet down the track. His hips were crushed and the attending physicians say there is but small chance of his recovery. Mrs. Pitzer, who was with her son, was struck at the same time and thrown to the side of the track against a low embankment. She sustained two fractures of the right leg, a dislocation of the right hip, a two inch scalp wound and a severely sprained left knee.

The mother and her son were taken to the receiving hospital where they were attended by Police Surgeon Quint, and were later taken to the California hospital, where an operation was performed on the boy.

Mrs. Pitzer, who has been lame since childhood, was returning to her home on Topaz street, immediately outside the city limits. She left her father's home at 808 East Ninth street at 6:30 o'clock and had taken a Pasadena car where the East Ninth street line intersects the suburban tracks.

She asked to be let off at Rose Hill station and the Pasadena car stopped at that place. She and the boy alighted from the rear platform and were stepping across the tracks as the car passed on, when they were struck by an approaching Monrovia car.

The boy was standing near the middle of the tracks and received the full force of the speeding car, which is said by eye witnesses, to have been traveling at a speed of twenty miles an hour. The boy was hurled high in the air and thrown several feet down the track. When assistance reached him he was unconscious.

Mrs. Pitzer was struck by a corner of the car and hurled to the ground. She was not rendered unconscious.

By Associated Press. WASHINGTON, June 13.—Several important departmental matters were considered at today's cabinet meeting. After an informal discussion of the pending peace negotiations the president took up with Secretary Metcalf the protest filed with him by members of the American Asiatic association against what they regard as the harsh enforcement of the Chinese exclusion law. Both the president and Secretary Metcalf are anxious to do all in their power to promote the export trade of American manufactures, and with that end in view they will take up in a definite way the subject of admission to this country of the Chinese exempt classes.
