

CLOSE FINISHES AT HARNESS MEET PRINCESS LOUISE CAPTURES THREE-YEAR-OLD TROT GEORGE POUNDER IS FINED

Local Man Pays for Taking Glennita Ahead of Pole Horse in the 2:24 Pace—Virginia and Wild Bell Win Events

A card that should have been rewarded with a better attendance was run off at Agricultural park yesterday afternoon. The first heat in the three-year-old trot was productive of the keenest finish of the meeting, when Kenneth C. and Princess Louise flashed between the sticks nose and nose. The latent was slipped the worst jolt of the meeting in this same race, Kenneth C. captured the first mile by inches and "Dad" Trefrey's colt possessed all kinds of backing when he scored for the word in the second heat. But a break coming out of the back stretch and the falling of the distance flag put Trefrey's footer out of the reckoning for the following heat.

In the first heat the field of three was sent away to a fair start, Princess Louise having the pole and Mosher's Osoola on the outside position. Kenneth C. assumed a lead of several lengths at the quarter pole with Princess Louise hanging on desperately. Osoola trailed throughout the mile and was never a dangerous contender for the wire. At the head of the stretch the three-year-olds were coming neck and neck with little to choose between them. At the hundred-yard pole Kenneth C. drew out a bit and managed to poke his muzzle over the line inches ahead of the flying brown filly.

Kenneth C. apparently had the next heat huddled up until the fatal half pole appeared within hailing distance. Kenneth C. and Princess Louise were stepping along in a manner that promised another neck and neck finish, but Trefrey's colt lost his stride and fell into the ruck with Osoola banging past after the Princess. Trefrey couldn't do anything with his youngster until it was too late, being obliterated by the red flag, while Princess Louise did find it necessary to extend herself to dispose of Osoola, lengths the right side of the wire.

Kenneth C. was practically certain of the race until the fatal break ended Trefrey's expectations of the long end of the purse.

After Kenneth C.'s downfall the result of the next two heats was a foregone conclusion, Osoola being outclassed by Mrs. Hastings's filly. The two trotters were sent away to a perfect start in the third heat, Princess Louise assuming the lead in the first eighth and won by two lengths pulled up. In the fourth and deciding mile Osoola put up a better race than her previous showing gave ground to expect. Mosher handled the ribbons on Osoola and got everything possible out of the three-year-old. At the head of the stretch Mosher's footer appeared to have it a bit on the Princess but the filly responded to the whip in the final drive and pounded over an easy winner.

Wild Bell Takes 2:27

It took five heats to pick the winner in the 2:27 trot for the Charles Saddler stakes. Wild Bell, who finished fifth and fourth in the first two heats, showed a rather disturbing reversal of form by winning the following three miles in driving finishes. Modoc was the public's choice for the first heat, and romped in a winner by lengths. Tailsman, a big, ungainly gelding from Silva Brothers' string, demoralized the field in this heat, running the greater part of the mile and meriting being sent to the stable. Modoc had all he could do to take care of the bit of Old Hickory and Glennita in the final drive, but when called upon to step for the wire he was equal to the occasion. In the second heat, given the pole, Modoc led the field to the three-quarter pole, but Old Hickory came through in a lightning drive and nosed out Modoc for the wire. Wild Bell only succeeded in clinching the fourth position in this heat and did nothing to warrant her work in the following three miles.

A fair start characterized the third heat. Old Hickory held the lead on the field to the quarter pole, when Wild Bell began to come up. At the half Wild Bell and Hickory were measuring lengths. At the head of the stretch they were nicely bunched for the first position, but Wild Bell came away at the draw gate and pulled up with the heat. In the two heats Wild Bell had to stall off the bid of Miss Mabel, showing her staying qualities by forcing the fleet gelding in both miles.

The 2:24 pace resulted in the fastest mile of the day, Virginia, handled by Maben, was fit and ready, and showed her class when the real racing began. Captain Newton had a hard time getting the horse off in the last heat and finally imposed a fine of \$10 on George Pounder for persistently scoring in front of the pole horse.

Money divided 50, 25, 15 and 10 per cent, according to ranking of horses in the summary.
