

COURSING'S FATE TO BE DECIDED

HENRY LYONS' TRIAL IS SET FOR JULY 26

PLANS FOR CHARIOT RACES

Pasadena Tournament of Roses Association Decides to Make Event Strictly Amateur—Notes and Brevities

Pasadena Agency, 114 East Colorado Street.

PASADENA, July 7.—Justice Congdon has decreed that the trial of Henry Lyons, on a charge of cruelty to animals, shall be called on July 26 and that both the prosecution and the defense should be ready by that time. Lyons was arrested in April last along with others, including "Lucky" Baldwin, for chasing rabbits with hounds at Arcadia, and the cases have since been continued from time to time. The result of this hearing will decide the future of coursing at Arcadia and attorneys for the opposing sides will make a hard fight to win a test case.

Amateur Chariot Races
Directors of the Tournament of Roses association have decided on a strictly amateur event for the chariot races in connection with the floral fête on New Year's day. It is planned to hold eight different races or events for chariots and the entire afternoon will be devoted to that sport. A number of entries have already been proposed and the directors will offer a number of elegant trophies. D. M. Linnard, H. C. Murrill and others have already sent in their entries.

Pasadena Brevities
A. W. Childs has gone to Long Beach, accompanied by his family. Mr. Childs has been transferred from this place to be general manager of the Edison Electric company's interests at Long Beach.

Mr. and Mrs. D. W. Herlihy have started for an extensive trip north, going to San Francisco and from there to the Portland exposition.
Postal receipts in Pasadena for the fiscal year were \$63,032.95, an increase of \$8,189.03, which is a better showing than made by any other Southern California city outside of Los Angeles. These figures are for the year ending June 30.

Committees have been appointed to arrange for the dedication of the new Masonic temple and the date will be some time between July 29 and 30. It is proposed to ask Masonic bodies from neighboring cities to participate in the ceremonies. The Blue lodge committees are L. L. Test, Charles T. Sutton and C. J. Crandall from Corona lodge; Henry Ramel, R. J. Congdon and Ed. Nay from Pasadena lodge.

Rev. Dr. John A. Wood died today at his home in South Pasadena. He was one of the pioneers of Southern California, having come here from North Attleboro, Mass., eighteen years ago. Deceased was seventy-seven years of age and was grandfather of Attorney J. Perry Wood.

GIGANTIC LOBSTER IS CAUGHT AT LONG BEACH

Grand Jury Inspects City Jail Complainant of an Entirely Made-quate in Size

Special to The Herald.
LONG BEACH, July 7.—Frank Deffley, one of Long Beach's oldest fishermen, made the prize catch of the season last evening. He thought he had a young whale when he began to haul in, but when his prize reached the surface he saw it was a giant lobster. He succeeded in landing it and placed it in a barrel. The crustacean weighs eighteen pounds. It measures thirty inches from head to tail, its body is twenty-four inches in circumference and the main feelers are eighteen inches long. The feet are over a foot long. Its age is probably about fifteen years. The lobster has been placed on exhibition in the local aquarium.

Six members of the grand jury came here today from Los Angeles to inspect the city jail. George C. Flint of this city was one of the jurors. Marshal Conklin told them that the jail was entirely too small. There are only two cells with one bed in each and there is seldom a time when there are less than two prisoners for each cell. Just now one prisoner has to sleep in the corridor and another prisoner has no sleeping accommodations in the jail, so the marshal has to take him home with him at night. Conklin does not like the task of staying up all night guarding the prisoner.

George Roberts of this city, caught the first shark of the season on a fine cast from the pier yesterday. It was a baby, however, and died before it could be placed in the aquarium.

Frank Morris, who is alleged to have been one of the men who escaped when the "blind pig" at Ninth street and Pine avenue was raided last Saturday night, was arrested last evening and this morning pleaded not guilty to the charge of frequenting the place. B. F. Lucas, to whom the liquor found in the place was addressed, has not yet been caught. The police here think he is hiding in Los Angeles. H. A. Davies, who owned the building raided, sold the property yesterday.

It is expected that the experts recently employed to audit the books of city officials will make their report to the city trustees Monday. It is intimated that there will be some startling statements made.

AVALON BOATMEN TO HAVE NEW CLUB HOUSE

MEMORIAL GIVEN BY MR. AND MRS. CHARLES TUTT

Building Is Presented in Memory of Their Daughter, Who Died in Catalina Several Years Ago—Records of the Anglers

Special to The Herald.
AVALON, July 7.—As a testimonial to the memory of their daughter Sophia whose tragic death occurred here several years ago, Mr. and Mrs. Charles Tutt of Colorado Springs will on Tuesday next turn over to the Avalon boatmen a new \$1000 club house building. The structure is centrally located, and it is the wish of the donors that it will furnish a pleasant retreat to the boatmen during the long winter evenings.

The United States revenue cutter Rush, Captain Tuttle, dropped in the bay last evening. The Rush is en route to San Diego, which accounts for her presence here at this time.

Ten barracuda and four yellowtail, the string weighing 160 pounds, were caught in an hour's time this morning by G. Hinton of Los Angeles.

M. H. McLean, who is one of a party of Arizonians registered at the Grand View hotel, was photographed this morning standing beside his catch of thirty-eight barracuda. The string weighed 310 pounds and was the biggest brought in.

The following party of El Paso visitors caught thirty fish of various kinds from the launch Athena today: Mr. and Mrs. G. T. Newman, Dr. Wilbly Thompson, Mr. and Mrs. S. H. Sutherland and Tom Newman.

Santa Barbara Waterworks Extension Bonds Command Premium in Excess of Previous Issue

Special to The Herald.
SANTA BARBARA, July 7.—The Christian Endeavor committee held a banquet last night at the Upham house, under the direction of Mr. and Mrs. G. E. Gregson. This meeting was intended to be the last one of the committee, but as certain business matters in connection with the convention have not yet been adjusted another meeting will be held soon. Those present were the members of the committee and their ladies, as follows: Rev. Warren D. More, toastmaster; J. M. Warren, chairman; G. S. Brown, vice chairman; Miss Emma Livermore, secretary; Myron R. Bergen, Miss Macfarlane, Miss Winifred Smith, Miss Mary L. Weatherbee, E. D. Bates, Mr. Eckhart, J. M. Drew, W. V. E. An important item of business transacted by the city council last night was the opening of bids for \$40,000 waterworks extension bonds. E. H. Rollins & Son of San Francisco had the highest bid, the premium offered by this firm being \$2458. This is about \$1000 more premium than the previous installment of the same bonds brought.

UNUSUAL FLOW OF WATER IN THE SAN GABRIEL

Supply Is Greater Than Has Been Known for Many Years

Special to The Herald.
MONROVIA, July 7.—A result of the remarkably heavy rains of last season is shown in the present large flow of water from the San Gabriel canyon, which is larger than for nine years. The Duarte Mutual Irrigation and Canal company will not find it necessary to use its two pumping plants this season, a supplementary water supply which it has always found it necessary to draw upon during the irrigating season. This means that its proportion of 1300 acres of full bearing oranges besides alfalfa lands, vegetable gardens, and feeding the domestic water system under its pipes. After this company's demands and all others have been met there is still waste water in the river's bed. It has not been so abundant for many years, and when ten years ago the water seemed sufficient it was because there were fewer lands to irrigate.

SANTA ANA BREVITIES

Bidders on Bond Issue Refuse to Have Their Offer Considered

Special to The Herald.
SANTA ANA, July 7.—City Clerk Tedford has received word that the bidders for the \$57,000 bond issue of the city for electric lighting plant have refused to allow their bid to be considered while the bonds are in litigation. The firm offering the bid was W. R. Todd & Co., of Cincinnati.

The month of June was the banner month in the county's history for receipts from filing instruments in the county recorder's office. During that month 946 papers were filed with fees thereon amounting to \$1015.35, more than \$200 above the receipts of any other month. Of the total 44 were for deeds. The large increase was due principally to activity in realty sales.

PLAN TO EXTEND VENICE WATERWAYS

Special to The Herald.
VENICE, July 7.—The plans for the waterways at Venice have been extended to include a canal which shall join those already under construction with the lagoon connecting with the sea at Ballona Harbor. The specifications for this improvement were finished some days ago and yesterday the contract for dredging and banking was let to the Hall Construction company for the consideration of \$2.50 per lineal foot.

COUNT QUEUES IN SAN DIEGO

AUTHORITIES MAKE CENSUS OF CHINESE

OVER ONE THOUSAND ON ROLL

Forty Are Merchants Residing in the City, of Whom Only Two Acknowledge That They Have Wives

Special to The Herald.
SAN DIEGO, July 7.—Immigration Inspector Emil Emgelecke and his men have completed the counting of queues in this district, which comprises San Diego, San Bernardino and Riverside counties. He finds that there are about 1000 Chinese in the district, of whom 710 are in San Diego county. Of forty Chinese merchants who live in this city only two have wives. There are fourteen children who have merchant fathers. There are 121 laundry-drymen, sixty-three gardeners, ten hucksters, two barbers and one fisherman, carpenter, dishwasher and ladies' tailor. Seven Chinese are reported to have no occupation.

Chief of Police Thomas has called the attention of automobile owners to the non-compliance by some of them with the state registration law.

Arthur L. Gould of Santa Ana has been chosen as instructor in mathematics at the San Diego high school. The eleventh annual conference of the Epworth league of the Los Angeles district of the Methodist church, South, opened last evening and will continue in session until Sunday evening. Delegates are present from all over Southern California and more are coming daily.

Plans for extensive racing events in August were discussed at the meeting of the San Diego Yacht club this evening. The Lipton cup races are scheduled for the last three days in August.

The district preachers' institute of the Methodist church, South, closed yesterday. Rev. E. P. Ryland of Los Angeles was chosen president and Rev. George Clark of Santa Ana was made secretary.

Following the San Diego law of Sunday closing, it has been ordered by the Tent City management that the Royal Inn should also be closed on Sunday. Sunday closing on this side had the effect of driving many of the thirsty sufferers across the water, where they were looked upon with much disfavor. The townsite map of El Centro, the newest town on the Colorado desert, has been filed with the county recorder. It is situated at the junction of the Southern Pacific and the Holtville Imperial railroads.

Present plans for the Panama celebration are for an open meeting at the plaza on Wednesday evening, July 12. President Ackerman will preside and W. E. Smythe, M. L. Ward and H. P. Wood will be the speakers.

SAN PEDRO NEWS NOTES

Wireless Company's Operator Leaves Under Suspicious Circumstances

Special to The Herald.
SAN PEDRO, July 7.—Leaving instructions with the messenger at the Wireless Telegraph company's office at 8 o'clock Wednesday morning to delay delivery of two messages until his return, F. S. Hill, the operator in charge, proceeded to Los Angeles, and the boy is still waiting. With Hill, it is alleged,

went some of the company's cash. Neither did he confine his operations to the office, but called on a number of his friends just before his departure, and from them borrowed small sums. The local wireless station seems to have been under some powerful form of "hoodoo" since F. W. Lily tendered his resignation because of the inclination of the officials to reduce salaries. The cut in expenses, however, falls of the expected result. R. A. Fitzgerald was the next operator chosen and he did not hold his position very long, as the frequency of his visits to the downtown resorts, to the neglect of his duties, told against him.

Special to The Herald.
SANTA MONICA, July 7.—Mrs. F. Suits of Santa Monica today brought suit in the federal courts against the Mutual Reserve Life Insurance company to recover \$2500 alleged to be due her.

POSSE ON TRAIL OF MEXICAN KNIFE WIELDER

OFFICERS STILL IN PURSUIT OF CHAVEZ

Special to The Herald.
SAN BERNARDINO, July 7.—Sheriff J. C. Ralphs and a posse are still hunting the Mexican, Chavez, in the vicinity of Oro Grande, but late this afternoon no word had been received from him. Chavez is the Mexican who seriously stabbed two miners, V. E. Jones and J. C. Boren yesterday afternoon, when they attempted to prevent him from attacking a teamster, who had carelessly run over a man who was a friend of the Mexican. When the men attempted to interfere, Chavez wheeled on them and stabbed them both in the abdomen, wounding them seriously.

Chavez quickly made his escape and has not been seen since. Word being sent to this city, Sheriff Ralphs and a posse of deputies left at once on a light engine on the Santa Fe and were soon on the trail of the wanted man.

The injured men were brought to this city on the special train of Walter Scott which passed soon after the cutting affair.

The subject of municipal lighting is being taken up in earnest by the people of the city. President Atwood of the board of trade has appointed a committee composed of W. M. Parker and George M. Cooley to act with the council committee in considering the question and agitating it among the people. The question of charter revision will also be taken up and a board of trade committee composed of Col. W. L. Vestal, Mayor H. M. Barton and O. Newberg has been appointed on that question.
