TRIO OF WESTLAKE HOMES. One could scarcely pick out three more desirable localities in the Westlake district than these three we tell of today. They are splendidly built homes, very carefully planned and skillfully finished in white enamel roof. These are not in a new, unbuild section of the town, where one has to wait for the improvements to be made. They are all in the choicest residence section of this whole city, a residence section that is almost entirely built up with magnificent homes. The two streets on which these houses are located are beautiful wide boulevards built up with fine two-story houses, set well back on the lots. One is located at 672 Bonnie Brae, and this is a nine-room residence; another at 1032 South Alvarado, a ten-room house; and the third at 1030 Alvarado, a nine-room residence. Very fine oak entrance, quarter-sawn oak floors downstairs and maple up; art and plate glass windows; bedrooms in white enamel; splendid bathrooms; billiard and card room in one of them. These are modern, substantial homes, and we are in position to quote a most interesting price on every one of them. If you are looking for a home that is a home in every sense of the word, let us show you our Trio of Westlake Homes.
