SAN BERNARDINO IS WELL SHAKEN

SEVEREST EARTHQUAKE IN YEARS IS FELT SEVERAL BUILDINGS DAMAGED

Mrs. Charles Cooley of East Colton, Who Mysteriously Disappeared, Has Returned to Her Home

Special to The Herald. SAN BERNARDINO, July 15.—The most severe earthquake shock this valley has felt in a number of years occurred today at 12:45 o'clock. The quake was of a quick, jerking motion instead of rolling, and it was so severe that it caused many people to run from buildings in fear.

Some damage was done, large cracks being opened up in a block at the corner of Third and L streets, an old crack in the building occupied by the Israel store was reopened, beside minor damage to several other buildings. The shock lasted about fifteen seconds.

Another chapter has opened up in the fight that was made on the "Holy Jumpers" in this city and Redlands some months ago by Roger B. Hinton, resulting in the withdrawal of the sect from both cities. Hinton came from Alabama, where he claims the strangers induced his wife to leave her home and take up life with them, traveling from place to place. He traced them here and made war on them until they left.

Now Hinton has learned that his wife has commenced suit for divorce against him at Oakland and he will leave for there at once to fight the case.

The fight made by Hinton here, it will be remembered, resulted in the desertion of the sect of Florence Lynch, whose grandfather was its founder. She gave out some startling facts as to the alleged relations of members of the organization. The Lynch girl has never returned to them.

Mrs. Cooley Returns Home

Mrs. Charles Cooley of East Colton, who was believed to have deserted her

husband and family, has returned to her home in just as mysterious a manner as she disappeared. She states that she has been at Redondo visiting friends, but as to why she did not make here whereabouts known to either her parents at Santa Monica or to her husband the women does not state. Mr. Cooley had already advertised his wife as having left his home.

It required three long trains to haul the Santa Fe shop men and their families from this city today to Redondo for the annual shop picnic. The day was spent at the beaches with baseball games and other athletic sports, beside fishing and bathing. The excursionists returned here late tonight. The Canadian society has elected the following officers: Mrs. William Gurr, president; William Smith, vice president; Herbert H. Wier, secretary; A. Knight, treasurer; T. H. Lackey, trustee.

The board of education has raised the salary of Superintendent of Schools F. W. Conrad to \$1500.

RIVERSIDE REPORTS VIGOROUS EARTHQUAKE

Addition to School Building Will Be Constructed for Seventh and Eighth Grade Pupils

Special to The Herald. RIVERSIDE, July 15.—The most vigorous earthquake shock of the year was felt today at 12:45. Vibrations, which were from the north to south, were preceded by a distinct report.

Deputy Sheriff Z. T. Brown is dangerously ill at his home on Orange street. He has been in poor health for several weeks and early this morning suffered an attack of heart failure. It was with great difficulty that the physicians were able to revive their patient and he is still in a very critical condition.

The contract will be let on Monday for a two-room addition to the Longfellow school building on East Seventh street. The improvement will cost in the neighborhood of \$3000, and the new rooms will be used for seventh and eighth grade pupils, who have heretofore been obliged to attend school in the Grant building, which is often a couple of miles from their homes.

SAWTELLE MISCELLANIES

Soldiers' Home Veteran Develops New Method of Hatching Eggs

Special to The Herald. SAWTELLE, July 15.—The Good Templars of Santa Monica and Ocean Park visited the I. O. G. T. lodge here Wednesday evening. A good musical and literary program was given.

The Wright Dramatic company, composed of local players, gave a "skit" at Laird's hall last evening.

Miss Ella Ryan of Oakland is visiting her sister, Mrs. Clark Henry.

One of the most peculiar industries in Sawtelle is that of hatching eggs by means of heat from bees' hives. A member of the Soldiers' home first started this and others are trying it with good success. A layer of cotton is placed in and around the top of the hive and the eggs are placed on the cotton, where, it is claimed, the heat from the bees below gradually hatches them.

Families Supplied

Auntie (to her young niece)—Guess what I know, Mary—there's a little baby brother upstairs! He came this morning when you were asleep.

Mary—Did he? Then I know who brought him—it was the milkman.

Auntie—What do you mean, Mary? Mary—Why, I looked at the sign on his cart yesterday and it said "Families supplied daily."—Harger's Weekly.
