Bank Stock for Sale

At Only \$5 Per Share

Plan to Secure 1000 Stockholders.

No One Allowed to Purchase More Than \$500 of Stock

The people of Los Angeles can now buy bank stock at only \$5 per share. No one will be allowed to purchase more than \$500 of stock. Capital is to be increased to \$500,000, making a bank of a thousand small stockholders, thereby becoming the people's bank of Los Angeles. The Consolidated Bank of Los Angeles has decided to place its stock with the people, believing that in securing a thousand stockholders it will secure a thousand depositors at the same time. Investors can purchase such stock with absolute safety as to perfect security, and realize a handsome profit therefrom, as has been done by the owners of stock in the various other banks of Los Angeles. This is the only opportunity ever offered the general public to buy stock in a Los Angeles bank at \$5 per share. We would rather have 5000 stockholders of \$100 each than 1000 of \$500 each. We want the greater number of stockholders, as the more stockholders there are the stronger the bank. All stock fully paid up at Five Dollars per share. Purchasers can buy from 1 to 100 shares at \$5 per share, but no one can buy more than \$500 of stock. Subscription books just opened. Purchasers can subscribe for 100 shares and pay for the same in weekly payments of Five Dollars, and receive one share of paid-up stock as each \$5 payment is made. We want the people to become the stockholders in the people's bank of Los Angeles. Officers: William H. Carlson (ex-mayor of the city of San Diego), president; J. G. Estudillo (ex-state treasurer of California), first vice president; F. H. Dixon (ex-state harbor commissioner of California), second vice president; A. W. Carver, cashier. Call or write for further information. Pamphlets, etc., mailed free on application. CONSOLIDATED BANK, 124 South Broadway (ground floor) Chamber of Commerce building, Los Angeles, Cal.
