

YELLOW FEVER TIGHTENS GRIP DEATHS INCREASE IN NEW ORLEANS

ARCHBISHOP IS A VICTIM Federal Government Assumes Charge of the Case, Much to the Encouragement of the Citizens

here the orders have not been received. The city will continue to exercise its police authority in co-operation with the federal surgeons; the municipal authorities and the citizens' committee are to carry on the campaign of cleaning up, the two health boards are to perform many of their functions in conjunction with the Marine hospital service, and New Orleans expects still to be called upon to furnish funds to carry on the fight.

Consider Situation Serious The federal authorities made no attempt to conceal the fact that the situation is serious, but they say that it is not without hope and success is possible in spite of the headway the fever has gained, particularly in the foreign sections below Canal street. The fact that the number of infections in the First, Fourth, Sixth and Seventh municipal districts, which lie above Canal street and constitute modern New Orleans, is relatively small, leads to the hope that vigilant observation of all cases in that quarter, while the more direct campaign progresses below, will enable the authorities to keep more than half of the city free from serious infections.

Lake Borgne Trouble Ended The trouble on Lake Borgne between Mississippi guards and the Louisiana Naval brigade is considered to have ended. So encouraging were the conditions today that Governor Blanchard sent orders to Commander Bostick to withdraw part of his force.

Much complaint is being received in the city from people living in the country districts against the arbitrary quarantine rules that have been put into effect. The result of them is that many communities are already beginning to run short on supplies and it is desired that the authorities here shall do what is possible to secure a relaxation.

WYMAN TO TAKE CHARGE

Wires President That He Has Arranged to Assume Control By Associated Press. OYSTER BAY, Aug. 5.—In response to President Roosevelt's direction that he be furnished with a report on the yellow fever in Louisiana, particularly in New Orleans, Surgeon General Wyman of the marine hospital service in Washington this evening telegraphed the president that he was making arrangements to undertake government control of the fever situation as requested.

Dr. Wyman's telegram, which the president directed to be made public, follows: "Service has had skilled officers in New Orleans since first knowledge of the fever. Under the law they are there to see that interstate quarantine regulations are enforced and under the same law to offer assistance to their enforcement. Detention camps have been established and are in operation to permit exit of people without endangering other states, and train inspectors are placed by the service on all trains leaving New Orleans. Our skilled officers in New Orleans have been and are materially adding the local authorities in the suppression of the disease.

Before formally assuming charge, in connection with your request, I have deemed it necessary to have an understanding as to expenses. Surgeon White in his telegram estimates the same at fifteen hundred to two thousand dollars a day. The epidemic fund will not stand this expenditure. I have wired Surgeon White arrangement desired is that the government should maintain and pay for medical and executive control, but that the expenses for material and labor of cleaning up the city should be borne by the city itself. This has been the rule heretofore. I am proceeding on these lines. "WALTER WYMAN, "Surgeon General."

The president was induced to direct Surgeon General Wyman to take charge of the fever situation, not only by the telegram received from Governor Blanchard, but by similar telegrams from the mayor of New Orleans and other responsible sources. President Roosevelt is concerned deeply by the spread of the fever in New Orleans and it is his hope and so-

peccation that everything possible will be done to stamp out the epidemic.

Short Stay in New Orleans

The illustrations in today's Herald, showing scenes in the pest-ridden city of New Orleans, were made from photographs taken by Joseph Goldstein of the Goldstein tailoring company on South Broadway, three days before the city was placed under quarantine. Mr. Goldstein, who was on his way home from the east, stopped in New Orleans for twenty-four hours, but hearing of the ravages of the yellow fever immediately continued his journey westward.

SHANGHAI MERCHANTS OPPOSE THE BOYCOTT

Chamber of Commerce Says Agitation is Attributable Largely to the Students

By Associated Press. WASHINGTON, Aug. 5.—Consul General Rodgers at Shanghai cabled the state department today that the chamber of commerce at that place deprecates the continuance of the boycott in China against American goods, which the merchants say is attributable in large part to the students. Business is being seriously affected. This dispatch is regarded here as very significant. The boycott was first instituted at Shanghai and singularly enough by the very chamber of commerce which is now so anxious to terminate it. According to reports to the state department, the agitation extended as far south as the Straits Settlements, where the import business is largely controlled by Chinese merchants, and Consul General Wilber stated that the Shanghai boycott, as proclaimed by the chamber of commerce, has been adopted by the chamber at Singapore. From Mr. Rodgers' report it is inferred that the merchants who started the boycott have found they suffered heavy losses in trade and are desirous of removing it. The department has also been informed that Minister Rockhill has secured the aid of the Chinese government in stopping the anti-American movement.

TABLET IN HONOR OF LATE EDWARD GRAFSTROM

Will Preserve Memory of the Former Chief Mechanical Engineer of Santa Fe Road

By Associated Press. CHICAGO, Aug. 5.—A memorial tablet designed in honor of the late Edward Grafstrom, chief mechanical engineer of the Atchison, Topeka & Santa Fe railway, has just been completed here, and will be erected and unveiled in the Kansas state capitol at Topeka. On the tablet is a likeness of Mr. Grafstrom in his relief, the Melan bridge, marking the point where he lost his life, and a Santa Fe road locomotive the design of which he was concerned in. An inscription gives a sketch of his life and describes his heroic act as follows: "During the great flood of June, 1903, which swept over North Topeka he designed and built a small sidewheel steamer, in which with a volunteer crew of six men, he rescued hundreds of people. While making his last trip on the night of June 2, 1903, the boat was capsized and Mr. Grafstrom was drowned."

NATIVE OUTBREAK IN GERMAN EAST AFRICA

By Associated Press. BERLIN, Aug. 5.—The governor of German East Africa telegraphs today to the colonial bureau of the foreign office that the natives in the Maturbi mountains, north of Kilwa, have risen, and that there has been an outbreak on the coast of Samanga, during which several warehouses were burned. The causes of the discontent appear to be unexplained. While rebellions are in progress in other German African colonies, East Africa hitherto has been quiet. The outbreak therefore causes some concern.

DECIDES ANTI-SCALPING LAW IS CONSTITUTIONAL

By Associated Press. PORTLAND, Aug. 5.—In a decision handed down today Judge Frazer ruled that the anti-scalping law passed by the state legislature was constitutional and that violations of its provisions could be prosecuted under the criminal law. He denied the application for a writ of habeas corpus for Charles J. Murray, arrested for violating the anti-scalping law and his decision will have the effect of putting an end to the business in this city.

WILL LAY 2400 MILES OF COMMERCIAL CABLE

By Associated Press. LONDON, Aug. 5.—The cable ship Colonia sailed today with 2400 miles of cable to lay the Commercial Cable company's additional line from Waterville, Ireland, to Canso, N. S., and thence to Newfoundland.

Protest Against Reconnoissances

By Associated Press. SITAETZE, Manchuria, Aug. 5.—The Japanese are throwing proclamations into the Russian lines urging the Russians, on account of impending peace, not to undertake reconnoissances which would only result in useless loss of life.

ALASKA AND CALIFORNIA POSTMASTERS APPOINTED

By Associated Press. WASHINGTON, Aug. 5.—The following postmasters were appointed today by the president: Valdez, Alaska—Frank M. Boyle; San Fernando, Cal.—Edmund L. Brown.

REAR ADMIRAL CLARK TO BE PUT ON RETIRED LIST

By Associated Press. WASHINGTON, Aug. 5.—Rear Admiral Charles E. Clark will be placed on the retired list of the navy August 10, when he will have reached the statutory age.

DECLARE STRIKE IS INEFFECTUAL

RAILROAD MEN CLAIM IT IS A CLOSED INCIDENT

OPERATORS' PLACES FILLED

Chairman Haney Admits That Fight Has Been a Failure, and is Promptly Discharged by President of Union

By Associated Press. ST. PAUL, Minn., Aug. 5.—At the end of the fourth day of the telegraphers' strike on the Great Northern and Northern Pacific the officials of both roads declare that the strike is practically a closed incident. According to information given out at a general office, more than 80 per cent of the strikers on the Northern Pacific and Great Northern are now supplanted with agents, a number claimed to be sufficient to tide over traffic until the remaining places can be filled. Trains reached the union station in St. Paul today with greater regularity and promptness than during the previous twenty-four hours. The bulletin office at the station reports all Great Northern trains practically on time. The North Coast limited on the Northern Pacific was five hours late, and the Twin City express, on the same road, six and a half hours behind time.

Superintendent Beamer at Spokane today wired General Manager Horn of the Northern Pacific that Strike Chairman Haney of the Idaho division had given out a statement in which he declared that the strike was already a failure and advised the men on the division he represents, embracing more than 800 miles of line, to report for employment at once. The action is said to have had a significant effect on applications for reinstatement coming in from the Idaho division. President Perham of the telegraphers, now in St. Paul, admitted the defection, and said he had discharged Haney from the union. President Perham, in referring to the proposed action of the government in investigating interruption in interstate telegraph service, said that his brotherhood would welcome the move. "I hope the action will result in taking the matter into court. I want a better opportunity to get a fair hearing and to make known to the public the real issue in this controversy."

The announcement that J. J. Hill would return to St. Paul August 10 was welcomed by the telegraphers, who will ask him to intervene. It is believed by the union men that the cost of maintaining the struggle and the prospect of loss from stock and grain movements will result in Mr. Hill taking a hand in bringing about a settlement.

Both railroads are giving the strikers to understand that their places will not be available to them after they are once filled. General Manager Horn of the Northern Pacific says he is having no difficulty in securing strike-breakers, 150 applications for work being on file at his office tonight. Applicants are being examined as rapidly as possible and sent west to man the wires. It is understood that a large number of applications being made to both roads are from women.

MANILA GIVES ROYAL WELCOME TO TAFT

Former Governor General is Deeply Affected at Cordial Greeting Given

By Associated Press. MANILA, Aug. 5.—Manila's welcome to Secretary Taft and party exceeded all similar demonstrations in the past by either American or Spanish officials. Governor General Wright's address of welcome at the government house expressed the feelings of Americans and natives on the return of the former governor general, and the arrival of Miss Alice Roosevelt. Secretary Taft, moved with emotion while replying for himself and party, almost broke down. The scene was impressive. Saturday afternoon was devoted by the party to sight seeing. Miss Roosevelt and a number of others attended the races. At night Supreme Justice Carson and Attorney General Wilby entertained Secretary Taft and the gentlemen of the party at a dinner. They met the members of the supreme court and 150 representative attorneys. Later Commissioner Forbes invited the same party to meet thirty provincial governors. Sunday will be devoted to rest and on Monday there will be a grand popular welcome, including a parade. Secretary Taft and Miss Roosevelt are the guests of Governor General

Wright while others of the party are being entertained by Major General Corbin.

WHITE SULPHUR SPRINGS HOTEL IS DESTROYED

Some of the Occupants Narrowly Escape Perishing in the Flames

By Associated Press. ST. HELENA, Cal., Aug. 5.—The main hotel building at White Sulphur Springs, two miles from here, was destroyed by fire today. Nothing remains of the old landmark except the chimneys. The contents of the building were a total loss, the occupants having only time to save their personal effects and not even all were that fortunate, some escaping with only their night wear. The blaze was first discovered by a Japanese servant in the vicinity of the men's dining room. By the time Mr. Sanford, the proprietor, was aroused the blaze had gotten beyond control, and the guests were all given warning. Much time was consumed in finding a guest 80 years old, who was unable to help himself and who had to be carried out. By this time the upper half of the building was ablaze, and the flames spread rapidly to the remainder. A telephone message was sent to St. Helena, and about fifty firemen went out and prevented the flames from reaching other buildings or spreading to the hills. Mr. Sanford believes that the fire was of incendiary origin. The loss is about \$10,000; insurance, about \$7000.

CANADIAN REGIMENT IS LANDED SAFE IN BOSTON

By Associated Press. BOSTON, Aug. 5.—The Forty-third Canadian regiment, Duke of Cornwall's Own Rifles, arrived in this city today from Ottawa on its way to Providence, where the regiment will participate in the celebration of British day. The statutory objection to any foreign body of soldiers marching through the commonwealth bearing arms was overcome by transferring the militiamen to special trains on the elevated railroad. By this means the visitors reached the South terminal, where they boarded the train for Providence. The regiment was in command of Lieut. Col. S. Mannard Rogers. The soldiers were given an enthusiastic reception. At the South station the Canadians were joined by the British naval and military association. The regiment will return to Boston this evening to remain until Monday.

HOPE TO PREVENT THE OVERFLOWING OF SALTON SEA

By Associated Press. SAN FRANCISCO, Aug. 5.—The temporary railroad track at the head of Salton lake will be ready for traffic next Monday, and all trains will be sent over it. This track has been built to last at least sixty days, for by that time it is hoped that the head gates, which are a little to the south of the old intake on the canal, will have been completed. This intake is built of cement and concrete and, when finished, the old intake, which is simply a cut in the earth, will be closed. With good strong head gates and a system of control the California Development company is confident that it can limit the inflow of water into the canal and so obviate the danger of flooding.

ANIMAL INDUSTRY BUREAU TO BE RIGIDLY EXAMINED

By Associated Press. WASHINGTON, Aug. 5.—Secretary of Agriculture Wilson today said that a rigid investigation is being made into the condition of affairs of the bureau of animal industry, as the result of the admission of Dr. E. F. Salmon, chief of the bureau, that for six years prior to 1902 he was a silent partner of George E. Howard, now vice president of the George E. Howard Printing company, which has had contracts for printing labels.

WILL CELEBRATE BIRTH OF BENJAMIN FRANKLIN

NEW YORK, Aug. 5.—A movement having for its object an adequate commemoration in this city of the 200th anniversary of the birth of Benjamin Franklin, next January, has been inaugurated among various societies of New York.

Kidney and Bladder Troubles Promptly Cured

A Sample Bottle Sent FREE by Mail

Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in promptly curing kidney, bladder and uric acid troubles, rheumatism and pain in the back. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is not recommended for everything, but if you have kidney, liver, bladder or uric acid trouble you will find it just the remedy you need. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this great kidney remedy, Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, be sure to mention in the book that this generous offer in the Los Angeles Sunday Herald. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WILL FIGHT DESPERATELY

Owens River Settlers Object strenuously to Los Angeles' Plan Special to The Herald. RENO, Nev., Aug. 5.—The plans of the city of Los Angeles to steal the waters of Owens river and make barren what is now one of the richest sections of Nevada and California will not carry without a struggle on the part of the people of Inyo county. A mass meeting was held at Bishop last Wednesday to perfect means of fighting the threatened devastation. It was attended by citizens and property owners for miles around and meeting was called for tonight at which time organization was perfected and a plan of campaign agreed upon. J. P. Lippincott, a government employe, is said to be at the head of the scheme. Los Angeles plans to pipe the water of the river a distance of more than 200 miles. Already quite a sum of money has been invested in the proposed enterprise. Owens valley supports a large number of farmers. The piping of the water from the only stream in that section would result in the drying up of their crops and the utter ruin of their land for agricultural purposes. The last issue of the Inyo Register speaks in the strongest terms regarding the proposed "steal," as it terms it, and urges the people to prompt action.

SALOON MAN WOUNDS WOMAN, KILLS HIMSELF

By Associated Press. SAN FRANCISCO, Aug. 5.—Louis Shealor, a saloon man, tonight fired three shots into the body of Annie Silver, a young woman with whom he had been associating, and then shot himself. He soon died but the woman has a chance of recovery. Shealor before leaving his saloon said he was going to visit the woman at her home for the purpose of getting his watch and then severing all relations with her. It is believed that the couple quarreled after the man's arrival.

OIL COMPANY'S MANAGER FOUND DROWNED IN TANK

By Associated Press. CHANUTE, Kas., Aug. 5.—The body of Dudley F. Chambers, treasurer and general manager of the Southwestern Oil and Gas company, has been found floating in a tank of oil on the Burhardt lease six and a half miles east of town. Chambers had gone down a ladder inside the tank to see how much oil there was at the bottom. It is supposed he became asphyxiated.

MUST HANG FOR MURDER OF WIFE AND CHILDREN

By Associated Press. CHICAGO, Aug. 5.—John Mueller, who slashed his wife and two children to death and then attempted suicide, was today sentenced to be hanged.

AUSTRIA-HUNGARY SUFFERS FROM EXCESSIVE HEAT

By Associated Press. VIENNA, Aug. 5.—Extreme heat prevailed throughout Austria-Hungary today. Many strokes are reported.
