

WILL PROSECUTE DEER HUNTERS

WARRANTS ISSUED FOR THREE NIMRODS

COURSING CASE CONTINUED

Pasadena People Plan Benefit Performance to Aid Engineer George P. Luce, Who is Permanently Incapacitated

Pasadena Agency, 114 East Colorado Street.

PASADENA, Aug. 10.—A warrant issued by Justice Congdon today calls for the arrest of Ralph Bandini of San Pasquel street, upon complaint of Constable Rivera of Redlands. Bandini is accused of having killed a deer contrary to the game laws of the county. While hunting in the mountains near Seven Oaks, Bandini, L. H. Cooper and C. C. Lebas, it is charged, shot deer on or about August 1 or 2, contrary to the game laws. The parties have all been served with notice of arrest and they say they do not fear the outcome.

Again has the Arcadia coursing cases been continued and the trial of Henry Lyon set for today did not come up. This time the prosecution failed to be ready, but it was a valid excuse given, as the chief witness, President N. W. Zimmer of the Los Angeles Humane society, is ill in a hospital, where he will undergo a surgical operation. The Lyon case is now set for September 4.

Personal Notes

The benefit performance in aid of Engineer George P. Luce will be given at the Family theater on Tuesday evening, August 15. Among those to participate are Chauncey Chenoweth, Miss Lillian Callender, George Stanley, Mrs. Charlotte Ralston, Harry W. Maloney, Miss Lulu Margaret Myers, Fred Carr and the Crown City band. It is announced that Mr. Luce will never again be able to resume his run as a locomotive engineer.

Miss Sophia Palmer of Rochester, N. Y., is spending a few days in Pasadena. She is editor of the American Journal of Nursing, published in the interest of trained nurses.

G. E. Grier, manager of the Pasadena Canning company, will have a hearing in police court tomorrow morning to answer to a charge of assault preferred by C. E. Hall, an employe of the factory.

Mrs. Jessie Pierce, Misses Pauline La Plant, Beulah Woodbury and Charlotte La Plant left today to spend several weeks at Ocean Park.

G. L. Legakes, the Greek who is charged with breaking Sam Wallis' arm by striking him with a gun, will have a preliminary hearing before Judge Congdon tomorrow morning. The amount of his cash bail was placed at \$750. Heliotis, the companion of Legakes, put up a \$25 cash bond for his appearance.

Temperature at Coronado yesterday 70.

PROMINENT RESIDENT OF HUENEME DEAD

Judge Frederick W. Gerberding Passes Away After Illness of Many Months

Special to The Herald.

VENTURA, Aug. 10.—Judge Frederick W. Gerberding of Hueneme died at his home at that place Tuesday night, after suffering for many months. Mr. Gerberding was 56 years of age and was an old resident of this county and since 1884 has been identified with the business interests of T. R. Bard. Prior to this time he held a responsible position with Bradstreet's Commercial agency in San Francisco. He is survived by a widow, one son and two daughters.

Nelson Mickel, son of Mr. and Mrs. G. N. Mickel of Ventura avenue, was severely hurt on the wharf yesterday. The big oil boat Asuncion had just tied up and the boy, who was barefooted, was standing near the edge of the wharf. As the boat swung out to sea one of the large ropes came down on the boy's foot, nearly cutting it off. Only the quick action of the sailors saved the foot.

An examination of the money drawer taken from the ruins of the Cottages hotel at Santa Paula showed that over \$30 had been taken before the fire. The landlady, Mrs. Parsons, was away at the time and the origin of the fire remains a mystery.

A week at Coronado \$17.50.

BOARD OF MISSIONS CONTINUES SESSION

Long Beach Child Succumbs to Tetanus—Building Inspector Makes Report

Special to The Herald.

LONG BEACH, Aug. 10.—The sessions of the Christian Women's board of missions were continued at the Christian church convention today. Rev. Hall L. Calhoun delivered the fourth of his addresses on missionary work. The devotionals were led by Mrs. W. J. de Long of Boyle Heights, Los Angeles. An address on "Mexico" was made by Miss Bertha C. Mason, state secretary of Texas. The young people's department occupied the afternoon session, Superintendent Anne W. Cason presiding.

Mary Page, aged 10, died this morning at the home of her parents at Sixteenth street and American avenue from tetanus. Several days ago she stepped on a rusty nail, which caused the disease and her death after great agony. Building Inspector Hincks today issued reports on buildings built and al-

tered in 1904 and the first seven months of 1905, the figures being as follows: Total new buildings 1904, 394, cost, \$675,753; 1905, 291, cost, \$458,964.50; alterations to buildings 1904, 223, cost, \$41,894; 1905, 95, cost, \$24,196.50. Total buildings moved 1904, 169, cost, \$9,857; 1905, 101, cost, \$6,154. Coronado is always cool and comfy.

GIVEN EXAMINING TRIAL

Sawtelle Man Gives Bail in Attempted Assault Case

Special to The Herald.

SAWTELLE, Aug. 10.—Clifford Langdon, for whose arrest on a charge of assault with attempt to murder a warrant was issued last December upon complaint of Rolla Grannis, was found and taken into custody Tuesday by Constable Laird of this place and arraigned before Justice Jenness of Santa Monica yesterday morning. He was held for preliminary examination on August 16, his bail being fixed at \$500.

Traffic was begun Tuesday on the Westgate branch of the Los Angeles-Pacific electric road and cars are now running from Sawtelle to Westgate by way of the Soldiers' Home, thence to Santa Monica.

Mr. and Mrs. L. Young and son of San Bernardino are the guests of Mrs. Harris this week.

The Sawtelle school board will hold an election tomorrow and the question of voting a tax to raise money to furnish additional school facilities will be submitted. It will be necessary to raise \$1000 for this purpose and to maintain school in this district.

A week at Coronado \$17.50.

ANOTHER BENNINGTON VICTIM IS BURIED

FREDERICK MUELLER INTERRED AT POINT LOMA

Special to The Herald.

SAN DIEGO, Aug. 10.—The remains of Frederick Mueller, the sixty-sixth and it is hoped the last of the victims of the Bennington disaster, were buried today at the national cemetery on top of Point Loma, the services being conducted by Chaplain Arthur W. Stone of the flagship Chicago. A squad from Fort Rosecrans fired the final salute and the bugler sounded taps. Mueller had no known relatives. He was a native of Denmark, 41 years of age, and had been in the navy for fourteen or fifteen years, his last enlistment having been made at San Francisco three years ago. Prior to the burial of Mueller today the bodies of eight of his former comrades, also victims of the disaster, were disinterred that they may be sent to their former homes for burial.

Deputy Sheriff J. R. Kerr went to Imperial yesterday to serve papers in a civil action. He sent back word that the sheriff need not forward his overcoat, as the thermometer was registering 120 degrees.

The veteran baseball players of 1888 have issued a challenge to any baseball team in the county to play a game in the near future for the benefit of the Bennington monument fund. The team will be made up as follows: Tom Works, catcher; Oscar Falmer, pitcher; Gene Donnelly, first base; William Mundell, second base; Jimmy Gilmore, short stop; Will Shaw, third base; E. Wieland, left field; George Russell, center field; T. Toms, right field, and C. A. McDuell, substitute.

The committees appointed to secure new members of the San Diego chamber of commerce are meeting with success and it is expected that over 100 new names will be proposed for membership at the meeting tomorrow of the board of directors.

"Hotel del Coronado" leads them all.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its glowing glory that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable storehouse of pleasing rewards for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Keep your eye on Santa Monica.

J. C. Cunningham's Trunk Factory, 529 South Spring street. Phones 813.

If you want to go east, C. Haydock, Agent Illinois Central, P. O. 122 S. Spring.

Bishop Conaty's Appointments

Rt. Rev. Bishop Conaty left for the northern part of the diocese last evening. He will dedicate the church at Nordhoff today and will dedicate the Knights of Columbus hall at Oxnard tomorrow. He will preach at the celebration of the patron feast of St. Clare's church, Oxnard, Sunday. The bishop has announced that he will leave on his trip to Rome August 27. He expects to return by Christmas.

PLANS FOILED BY SMALL BOY

He Sees Man at Work "Doctoring" the Fruit and Warns the Others—San Bernardino News.

Special to The Herald.

SAN BERNARDINO, Aug. 10.—Manuel Mendez of Redlands is in the county jail here charged with preparing a death feast for his friends by poisoning a water melon and inviting them to sit down and help him eat it. He placed a lot of poisoned wheat in the melon, then allowed the poison to soak out and permeate the entire melon. He then invited about a dozen of his Mexican friends to help him enjoy the feast.

Mendez' plans were, however, foiled by a small boy who happened to see him treating the melon, and warned the guests just as they were about to partake. They then leaped on Mendez and gave him a fearful beating and turned him over to the officers.

Fight Over Freight Traffic

The plan of the San Bernardino Valley Traction company to haul freight out of Highland to this city under a traffic agreement with the Southern Pacific railroad may meet with resistance on the part of certain property owners in Highland who are opposed to the hauling of freight cars through the streets and past their property. It is said the first attempt to haul freight cars into Highland will be met with action in the court.

The question of permitting a freight hauling privilege with the franchise from this city to Rialto is also just now disturbing the minds of the people and city officials. It is probable that a clause will be inserted in the franchise compelling the hauling of freight only at night. This plan is favored by some of the city councilmen.

Many Cases of Sunstroke

The presence of the Salton sea on the desert, together with the intense heat is causing many sunstrokes among the workmen employed by the railroad in that vicinity. The presence of so much humidity in the atmosphere is believed to be the cause. Numerous cases have occurred in the past few weeks, the latest victim being C. E. McPherson, a brakeman, who was brought in last night in a serious condition.

The Olinda oil field employes of the Santa Fe will picnic at Oceanside on Saturday, being furnished with a special train by the railroad company. The day will be spent in athletic sports and other pastimes.

Young Charles Willoughby, the incorrigible, who has a propensity for stealing tools, bicycles, etc., and selling them, has been sent to the Whittier reform school until 1910. The lad was brought back here from San Diego. He had run away with the intention of going to sea.

Warm is it? Try Coronado.

OFFERS FRIENDS POISONED MELON

MEXICAN TRIES WHOLESALE MURDER

PLANS FOILED BY SMALL BOY

He Sees Man at Work "Doctoring" the Fruit and Warns the Others—San Bernardino News.

Special to The Herald.

SAN BERNARDINO, Aug. 10.—Manuel Mendez of Redlands is in the county jail here charged with preparing a death feast for his friends by poisoning a water melon and inviting them to sit down and help him eat it.

He placed a lot of poisoned wheat in the melon, then allowed the poison to soak out and permeate the entire melon. He then invited about a dozen of his Mexican friends to help him enjoy the feast.

It is probable that a clause will be inserted in the franchise compelling the hauling of freight only at night. This plan is favored by some of the city councilmen.

A brush fire discovered under a trestle on the Santa Fe railroad came near destroying the bridge, just east of the city. A switch engine was run out from the local yards and the fire extinguished. Whether the fire was incendiary or not the railroad people have been unable to determine.

Many Cases of Sunstroke

The presence of the Salton sea on the desert, together with the intense heat is causing many sunstrokes among the workmen employed by the railroad in that vicinity. The presence of so much humidity in the atmosphere is believed to be the cause. Numerous cases have occurred in the past few weeks, the latest victim being C. E. McPherson, a brakeman, who was brought in last night in a serious condition.

SIGNS PLUMBING CONTRACT

Riverside School District Will Have New System

Special to The Herald.

RIVERSIDE, Aug. 10.—The trustees of the Riverside school district have signed a contract with Shields & Sons for a new sanitary plumbing system to be installed in the Grant school building at a cost of \$1670.

Besides this plumbing work and before the next school term commences, the school board will have all the water pipes used for fire protection properly tested. The wooden steps to all the school buildings of the city will be replaced this vacation with cement, and that work is already under way on several of the buildings.

Ground has been broken on Fifth street for the new \$2500 kindergarten building, and the work on the \$2000 addition to the Longfellow building on East Seventh street is fast assuming a finished appearance.

Upon the earnest petition of more than ninety of the residents of the section interested, the supervisors yesterday evening voted to expend \$5000 more in the completion of the Banning-Idylwild road to the end of the survey at Fuller's mill, about half way between Banning and Idylwild.

A surprising appropriation on the part of the Edison Electric company has been reported to the city trustees by City Electrician Worthley. Four

miles of new cedar posts, about twelve miles of heavy copper wire, with cross arms and insulators, all the property of the city, have been removed from the old right-of-way between Hermosa and Bhalans corner, and transferred supposedly to the new right-of-way between Colton and Riverside, over which the Edison company is now supplying the city of Riverside. No consent of the trustees was ever obtained for making the change, and no notice was given by the Edison people. Cool, comfortable, Hotel del Coronado.

VETERANS WILL CAMP AT HUNTINGTON BEACH

A. B. Paul of Santa Ana Arranging for the Event—Excursion to Soldiers' Home Planned

Special to The Herald.

SANTA ANA, Aug. 10.—The annual encampment of the Southern California Veterans' association will be held at Huntington Beach from September 5 to 15 inclusive, and arrangements for the big event are now being made by A. B. Paul, of this city, commander of the association. The encampment opens with an informal reception at which words of welcome will be exchanged between J. V. Vickers for the entertaining town, and A. T. Langley of Santa Ana for the visitors. Besides the regular exercises provided for the entertainment of the large number of veterans and their families, who are expected for the encampment, there will be an excursion to the Soldiers' home on September 7, special memorial services on Sunday, September 10, and election of officers on Thursday, September 14. Camp will be broken on September 15. The committee of arrangements expects the largest crowd ever gathered for a veterans' encampment.

Mr. and Mrs. Harry Kay of Phoenix, Ariz., are guests at the home of George Spangler.

Mr. and Mrs. C. E. Buell leave next week upon a visit to their former home in Lake Geneva, Wis.

Coronado is always cool and comfy.

MELLIN'S For the Baby FOOD

Many of your neighbors have used Mellin's Food for their children. Ask them what they think of it; look at their children and see the result of using a proper food. Mellin's Food will give the same good results if you will use it with your baby.

Send for a sample, we will send it free of charge.

Mellin's Food is the ONLY Infant's Food, which received the Grand Prize, the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a gold medal.
