Ross Puts a Two-Bagger in Outer Garden That Scores Two Runs—How They Did It

SEATTLE, Aug. 18.—The locals had hard luck today, making almost as many hits as the visitors, but Baum refused them the privilege of scoring. It was a beautiful game. Ross broke up the game in the fifth inning by rapping out a long two-bagger that scored two runs, and he saved it later by making a brilliant catch of Frary's long drive that would have sent two runs home.

Bernard stole home and did it so clearly that Clark made no effort to touch him in the sixth. Ross brought out a hit with two men down in the seventh and stole second. He counted on Spies' safe drive to center. Erick has jumped the town and the team and no one knows where he is. As a result Hart had to play second today, McHale going to center.

The latter got half the hits made by the locals, but they came when they would do no good for his team. Without a regular second baseman the local team is in bad shape. Three brilliant double plays, started by Flood, helped enliven the game. Baum was steady at all times, having fine control of his underhand ball.

HANLON FEELS BETTER UNDER DOCTOR'S CARE No Date for Fight Can Be Set Until Effects of Burns Are Known

Reports from Santa Monica state that Eddie Hanlon's sunburns are yielding to the influence of skillful treatment and today the boy was not so sore, although it was impossible for him to do any training. He spent the day sitting around the camp, but carefully protected from the burning rays of the sun. He still is cheerful and confident, although he deeply regrets his inability to keep up his training.

On the scales yesterday he weighed 140 pounds, and it will take systematic work to get him down to his inside weight of 133, though he says he can easily reach it. No definite date has yet been made for the fight, as his doctor will not be able to tell until Sunday what the full effects of the sunburns will be.

GARLAND'S MARE IS CHALLENGED SWEET MARIE MAY ENTER BIG MATCH

M'GWATHMEY ISSUES DEFIANCE Wants to Race Tiverton Against Sweet Marie, Lou Dillon and Major Delmar for \$10,000 a Corner

Sweet Marie, owned by William Garland of Los Angeles, is steadily acquiring fresh laurels in the east and the prospects are that she will soon be entered in one of the greatest speed contests ever seen on the American turf.

A. B. McGwathmey of New York, owner of Tiverton, has made a remarkable proposition that lovers of harness racing are anxious to see carried out. This is to match Tiverton, 2:04 1-2, against Sweet Marie, 2:04 3-4; Lou Dillon, 1:58 1-4, and Major Delmar, 1:59 3-4, for \$10,000 a corner. If the challenge is accepted the purse will be worth \$50,000 to the winner for it is almost certain that \$10,000 will be offered for the event. The match would be the most important in the history of trotting, as it would bring together the four greatest trotters before the public.

The challenge is the outcome of the race at Readville between Tiverton and Sweet Marie, which was won by the Los Angeles horse. In the first meeting between these two steppers at Philadelphia Tiverton won in slow time. The second match took place at Readville, Mass., when Sweet Marie turned the tables and won in remarkably fast time. The match was two in three heats. Tiverton won the first by half a length in 2:05 1-2, which was the fastest time of the year. Sweet Marie took the next by a neck in 2:04 3-4, equaling her own best time. The third heat was won by Sweet Marie in 2:06 3-4.

At the third meeting between Tiverton and Sweet Marie, which took place at Buffalo last week, Tiverton won two out of three heats in slow time, Sweet Marie breaking badly in the first after being in the lead.

GREATEST RACE OF HISTORY The proposed match would attract followers of the trotting turf from all over the country as it would be the greatest race ever decided. The outcome of such a match is doubtful. That Lou Dillon's record is faster than any of the others does not necessarily mean that the queen of the turf could defeat them. C. K. G. Billings, who owns both Lou Dillon and Major Delmar, would have the best of the argument and the longest chance at the purse, for if one of his champions failed the other might prove successful.

Both have shown much of their old time form this season. Lou Dillon, driven by Mr. Billings, trotted two consecutive heats in 2:06, while Major Delmar on the same day went a mile in 2:08. The first half of the Major's mile was made in one minute flat, showing that the gelding is just as fast as ever.

Mr. Billings has made arrangements to send his famous pair to Memphis and Chicago for the matinee races. At one track he will drive Major Delmar and H. K. Devereaux will be behind Lou Dillon, and at the other track the drivers will change horses. After these events the engagements of the two champions will permit of their meeting Tiverton and Sweet Marie.

Sweet Marie has a record of which Garland is justly proud. Last year she started in thirteen races, took part in forty-one heats and won 27. She equaled the world's record for a mare in a race, 2:04 3-4, and established four other records. She is acknowledged to be one of the greatest racing mares that ever followed the grand circuit.

Her work this year has been confined to three matches with Tiverton, OCCIDENTAL TRUSTEES WILL SPEND THOUSANDS Presbyterian Athletic Grounds to Be Improved and Coach Merrill Is Happy

Occidental will soon have one of the finest athletic fields on the coast and one that will be without a peer in Southern California. Work on the field will begin in a few days and it is expected to be ready in time for the fall games. The trustees of the college will expend \$2000 in fitting up the athletic grounds. The improvements include a fine quarter-mile running track, a high fence around the entire grounds, new bleachers in the baseball and football fields, and training quarters.

Coach Merrill is jubilant over his success in securing these improvements. He has been asking for them for a year or more and with his dreams in this direction realized he firmly believes that he will be able to turn out winning teams in every class of athletics.

In talking about Occidental's football prospects yesterday Coach Merrill said: "I can't tell what material will show up when school opens, but we expect all of last year's men back with the possible exception of Powers, who played end for us last season. Our schedule is not yet completed, but we are sure of several games. We will play St. Vincent's October 2, Los Angeles high school October 28, University of Southern California November 4 and Pomona November 15."

EDISON COMPANY DOES NOT OPPOSE WATER PLAN Officers of the Edison Electric company have no desire to thwart the plans by which Los Angeles expects to obtain an inexhaustible supply of water from the Owens river country, as stated by a Los Angeles newspaper.

In this effect is the tenor of a communication from John B. Miller, president of the company, which was received yesterday by J. J. Fay, Jr., president of the board of water commissioners.

Mr. Miller, who has just returned to Los Angeles after a ten days' absence, says that his company is in hearty sympathy with the project but desires only that it should receive the investigation which its magnitude demands.
