

WILL WELCOME LADY CHAMPION

PASADENA PLANS BRILLIANT RECEPTION

IMPORTANT CASE APPEALED

Professor Donald A. Ross Chosen Manual Training Supervisor—New Assessment Plan—Pasadena Brevities

PASADENA, Sept. 11.—It was expected that Miss May Sutton and her sisters would reach Pasadena some time today from San Francisco and many of her enthusiastic admirers watched the trains throughout the day. Captain Sutton even made the trip to Los Angeles to meet his daughters. But they did not come and Captain Sutton thinks that they were probably delayed in their departure by the attentions of their friends in San Francisco and that they may surely be expected tomorrow. Plans for the public reception to be given Miss Sutton in La Casa Grande on Friday evening are now about complete. The silver tea set, the memorial selected as Pasadena's gift to its famous lady tennis champion, has been received and is a beauty. Rev. Robert J. Burdette has been selected and has consented to make the presentation speech and Miss Sutton's brother, Attorney Charles T. Sutton, is expected to respond for the modest little lady whom the city wishes to honor. The Crown City band will furnish music for the public reception and it will be made thoroughly informal. A reception committee consisting of nearly two hundred leading citizens, headed by Mayor Waterhouse, has been named for the occasion.

Today was the last day in which an appeal could be taken from the decision of Judge York in the much mooted convention hall site case. Many citizens have hoped all along that, at the last moment, the Crawford syndicate would let the matter drop, leaving the way clear for Pasadena to get the six acres on West Colorado street for the proposed convention hall and casino. But word came from Los Angeles today that the Crawford attorneys, Works, Lee & Works, have filed their appeal to the supreme court and intend to push the case to an early decision in the interest of their client. There seems to be some little likelihood that the case may be advanced rapidly on the court calendar and that a decision may be reached early in October.

Prof. Donald A. Ross has been chosen supervisor of the new manual training department just being installed in the city schools. He will receive a salary of \$1200 a year. Prof. Ross is a graduate of the sloyd department of the Throop Polytechnic, and is now engaged at Bakersfield. The board of education will communicate with him tomorrow and it is expected that he will accept and take up his new duties immediately. The selection will meet with instant approval.

City Attorney Kernaghan will tomorrow submit to the city council an original plan for simplifying the description of real estate on the assessor's books. His plan is to make new maps of the city, designating the blocks by letters and each lot by number, these letters and numbers to be hereafter used instead of the present lengthy descriptions wherever these descriptions are now employed. The plan looks feasible to the city officials and would mean a considerable saving each year when the rolls are being made up.

Fred Rausch, the 9-year-old son of Mr. and Mrs. N. F. Rausch, will lose an eye as a result of some rough play with other children last night. The boy was playing with other children when he was struck in the eye by a clod of dirt.

Mrs. Nora E. Marshall, wife of George Marshall, died last night at their home on Bellefontaine street, aged 47 years. She had been a resident of Pasadena ten years and was a native of Ireland. The funeral and interment will be held tomorrow afternoon.

Miss Millicent Waterhouse, daughter of Mayor Waterhouse, left tonight for Oberlin college, Oberlin, O., for a winter of study. She was graduated from Throop this year. In two weeks her brother, Herbert Waterhouse, will follow her as far as Chicago, where he will spend the winter in study.

SCHOOL BONDS CARRY

Santa Monica Votes Building Funds by a Large Majority. Special to The Herald. SANTA MONICA, Sept. 11.—The special bond election held here today for the purpose of voting \$60,000 of bonds for building school houses and for other urgent public needs resulted in 123 ballots being cast, 116 of which were for the bonds.

An inquest held this morning by Coroner Trout over the remains of Frank M. Feltwell, the Sunset telephone lineman who was electrocuted yesterday, resulted in a verdict of accidental death. Feltwell was 32 years of age and leaves a widow and one child.

MARRIAGE ANNULLED ON GROUNDS OF INSANITY

MRS. NEWTON GETS DECREE AT SAN BERNARDINO

A. A. Greenbaum, Arrested at Phoenix for Passing Bogus Checks, Returns Money Paid by Rooming House Keeper When Told of Her Poverty

Special to The Herald. SAN BERNARDINO, Sept. 11.—In the superior court today Judge B. F. Bledsoe granted a decree annulling the marriage of Mrs. Mary M. Cross Newton and William M. Newton. Newton is the Redlands newspaper man who secretly married Mrs. Cross after his former supposed wife suddenly disappeared from the country. Newton is now an inmate of the Southern California state hospital at Patton, where he was committed last winter. The ground for the annulment was that Newton was insane at the time the marriage was contracted.

Harry Goss and Samuel Jackson, who were arrested with Fred Eldredge on a charge of murdering Ernest Romo in the mountains last Wednesday night, this afternoon made a confession, in which they charge Eldredge with the murder of Romo, with whom he had been engaged in selling fruit and whisky for some time. The party was encamped at Van Ness springs en route to the city. Eldredge and Romo had quarreled over a division of the profits, and the former came into the cabin where Goss and Jackson were sleeping and told them he had shot Romo. He compelled them to aid him in bringing in the body and telling the suicide theory. Coming down the grade they allege Eldredge attempted to kill them by running the wagon off the grade on the mountain side, but the attempt miscarried, the rig catching on a flume. The party had all been drinking heavily for two days. Goss and Jackson will testify tomorrow at the coroner's inquest.

MARKED DECLINE IN CASES OF INSANITY

Number of Patients Received Last Month at Patton Asylum Lower Than for Many Years

Special to The Herald. HIGHLAND, Sept. 11.—The number of patients received at the state hospital at Patton last month was the lowest for many years. Only eighteen were taken in, as against a daily average of from one to two in other months past. During last week two patients died at the hospital before they had been there two days. One was a man 85 years of age, the other a woman.

Oscar Kohl of Harlem Springs, who was injured in a street railway accident in Los Angeles last week, is reported to be in a worse condition than was at first supposed. On account of the great swelling in the limbs broken the bones could not be set at once. Even an X-ray proved useless, the flesh being too badly discolored from bruises. It will be three months at the earliest before Kohl will be able to leave his cot in the hospital.

HOLLYWOOD GRAMMAR SCHOOLS ARE OPEN

Begin the Season With Corps of Ten Teachers—Three Hundred and Fifty Pupils Enrolled

Special to The Herald. HOLLYWOOD, Sept. 11.—The Hollywood grammar school opened today with a corps of ten teachers. The Misses Dwire and Edith Wilson are new additions to the force, Miss Heien M. Brack of the Union high school will be general supervisor of drawings. There are three hundred and fifty pupils enrolled. This is an increase of forty over last year. Supervising Principal Clark expects an enrollment of 400 before the first of the year. The Fremont school had the greatest number of pupils, about 180 enrolling.

The Hollywood kindergarten opened in the Parker block on Highland avenue with a membership of about forty. In the afternoon a kindergarten will be held in Colegrove.

Thomas Hudson and family returned today from a three months' trip to Missouri and Kansas.

J. K. Schanck is spending three weeks in Los Angeles with his son, F. R. Schanck and family.

SALOON MEN ARE FORCED TO ACT

DEADLOCK FINALLY BROKEN IN SAN DIEGO

LEGAL MUDDLE CLEARED UP

Serious Difficulty Arises From Council Granting More Licenses Than Allowed by Law and Transfers Become Impossible

Special to The Herald. SAN DIEGO, Sept. 11.—The saloon men of the city have taken upon themselves the burden of seeing that the recently passed saloon law is obeyed in at least one particular. The law was passed by the vote of the people as an initiative law under the provision of the charter. At the time there were two saloon laws before the people. One related to Sunday closing and the other to miscellaneous provisions regarding saloons, and was known as the anti-screen ordinance because it provided for the removal of all screens. One of the other provisions of the ordinance was that the number of saloons be limited to 55, the number in existence at the time the ordinance was first proposed.

Both ordinances passed, but meanwhile the council granted two more licenses so that when the law went into effect there were 57 licenses outstanding, all legally issued. It was decided that there was no way to stop the keepers from running the saloons under these licenses but no new licenses were granted. One saloon went out of business but the other 56 desired to continue in business, and they continued.

It was found, however, that no sale of a saloon business could be made under the circumstances, for the purchaser would have to apply for a new license and the council would not grant it so long as there were 55 others outstanding. Two or three possible sales were spoiled in this way, and finally, on Saturday the saloon men got together and decided to form a combination and purchase one of the saloons for the simple purpose of retiring it from business so that the number of licenses might be reduced to that fixed by the ordinance. The Victor saloon on D street was selected and purchased.

The cable of the Home Telephone company which is to connect its exchange on this side of the bay with the subscribers on the other side, has been successfully laid and the phones at Coronado are now being connected up. The company's suburban lines to El Cajon are also completed. It is proposed to have the final touches made on the line to Chula Vista before the close of the week. The line from Los Angeles has reached Santa Ana and will be pushed south as fast as possible.

After a vacation that has lasted five or six weeks the Sunday evening meetings at the Isis theater were resumed last night with a program by members of the Raja Yoga school. The principal paper of the evening was by Miss Wood on "Build These More Stately Mansions," a text well known to all Raja Yoga pupils.

Will Spend Vacation in Work

Word has been received from Prof. W. E. Ritter of the University of California saying that he will be here this week to take up the study of biology at the biological station at La Jolla. He left here only five weeks ago to prepare for the opening of the school year at the State University. It happens that this is the time for the regular vacation of the professor and he is taking advantage of it. Every seven years the regents permit the professors to take a year off to be spent as they please. Usually they elect to spend the time in study, and Prof. Ritter has announced that he will come here to take up the work that he left a short time since. He expects to remain during the entire year of his vacation.

Fire in the upper part of the residence of Mrs. Dr. S. A. Winn yesterday afternoon destroyed property to the amount of some \$1500. The origin of the fire is not known but it was in the upper part of the house and almost one half of the damage was caused by water.

A letter from the Imperial country says that the valley is simply overrun with ducks and that the ranchers are compelled for self protection to break the game laws. The Alamo river and the lakes are covered with ducks and the Salton sea is a fine place for

them in the day time, while at night they come out to the ranches of the valley to feed. The whirr of myriads of wings is heard all night long. The geese have not yet arrived but pelicans and cranes and curlew have come with the ducks to make life miserable for the rancher.

SCHOOLS REOPEN WITH INCREASED ATTENDANCE

Objectors to Long Beach Jurisdiction Attempt to Prevent School Opening at Terminal

Special to The Herald. LONG BEACH, Sept. 11.—The grammar schools of this city opened today with an enrollment of 1869 pupils against an enrollment at the end of the first day last year of 1480. Supervising Principal J. J. Morgan announced this evening that by tomorrow evening the figures will have reached 2000. Last year at this time the enrollment at the high school was 202, this year it is 252. The figures as given above do not include the enrollment at the Terminal Island school, which opened this morning under the jurisdiction of Long Beach with sixty-five scholars present.

As school time at Terminal drew near this morning it appeared as though the school would not be opened, several residents of Terminal who object to the Long Beach jurisdiction there having appeared on the ground with the avowed purpose of preventing it. Word was telephoned to Long Beach and to Los Angeles, with the result that County Superintendent Mark Keppel was soon on the scene, as were also Marshal Williams of Long Beach and his deputy George Neece, Deputy Sheriff Harry Wilson and Deputy Constable W. D. Cason. Supervising Principal J. J. Morgan of the local schools also accompanied the officers and, as a result, the Terminal school opened on time. Those who object to the Long Beach authority have signified their intention of securing an injunction closing the school.

INTERESTING PROGRAM FOR ARMY VETERANS

Huntington Beach Camp Under Direction of Feminine Government for a Day

Special to The Herald. HUNTINGTON BEACH, Sept. 11.—There was a noticeable thinning out of old comrades last night, yet there is a large attendance and this morning at the special concert given by Scott's orchestra at the pavilion there was the regulation crowd, and standing room was at a premium. The concert consisted largely of patriotic airs and many numbers were vociferously enjoyed. At the noon hour there was a large attendance at the camp fire, held under the big auditorium tent. Music and reminiscences held sway for an hour, and they were given in the auditorium tent. An original poem on "Snoring" captured the audience, following which Mrs. Ford of Los Angeles sang with much expression "Silver Threads Among the Gold," while Mr. Anderson of Redondo sang "The Sword of Bunker Hill." A detailed report of the horrors of Andersonville prison was related by one who was there during the dark days of '63-5.

THREATENS TO KILL WIFE AND CHILDREN

San Pedro Man, While Under the Influence of Liquor, Too Free With Revolver

Special to The Herald. SAN PEDRO, Sept. 11.—Screams of an affrighted woman roused the neighbors in the vicinity of Fourth street, between Mesa and Center, at a late hour last night just before midnight, and hoping to avert trouble James Gillespie went over to the residence of John Fowler and discovered John threatening to shoot his wife and children. Fowler was brandishing a bulldog revolver when Gillespie appeared, and fired a shot from it which caused the latter to hurry away in search of an officer. Officers Franks and Baly went in search of Fowler, whom they found on Beacon street somewhat under the influence of liquor, and was brought before Justice Downing and remanded for trial in bonds of \$3000.

OCEAN PARK CAPITALIST ROBBED OF DIAMONDS

Special to The Herald. OCEAN PARK, Sept. 11.—A. E. Hiles, former proprietor of the London store in Los Angeles, who has large property interests here, has advertised for the return of two diamond rings valued at \$700 which he says disappeared from his residence some time last Saturday evening. Hiles claims to have left the rings on a washstand in his home, and offers \$100 and no questions asked, for their return. A Los Angeles sleuth spent Sunday trying to fathom the mystery but today resigned his job.
