

SCANDINAVIANS LOOK FOR PEACE

OUTLOOK FOR SETTLEMENT IS BRIGHT

WILL AGREE ON THE FORTS

Wounding of the Sensibilities of the People of Both Nations Will Be Avoided—Resort to Arms Improbable

A compromise has been reached on the subject of fortifications, which has been the crux of the situation since the start and that the main questions will be arbitrated. It is believed, however, that considerable influence was brought to bear on both sides looking to concessions by which the wounding of sensibilities of the people of either nation might be avoided and an entente between the Scandinavian people secured.

The lateness of the hours of adjournment made it impossible to obtain the result of the conference from the delegates, but a distinctly better feeling prevails and it is believed that the next few days will see an amicable ending of the conference.

LONDON IS HOPEFUL

Believes Norway and Sweden Will Reach Amicable Settlement

By Associated Press. LONDON, Sept. 16.—During the day the belief that there would be an amicable settlement of the Swedish and Norwegian dispute developed into confidence. There is reason to believe that King Edward has taken a direct personal interest in the matter and it is known that messages bearing upon the situation at Karlstad have been daily passing between the foreign office and the king for the last two days. In fact it is believed that King Edward suggested a modum vivendi. The exact nature of this, of course, is not known, but it is understood that Dr. Nansen, the Arctic explorer, who has been mentioned as the first Norwegian minister to London, and the Swedish minister here approved of the proposal that instead of demolition of the fortresses they should be disarmed, Sweden and Norway agreeing not to increase armaments and entering into a permanent peace treaty. This is believed in London to form the basis of the agreement.

It is understood in London that after a full agreement is signed Prince Charles of Denmark will be elected king of Norway.

Relief at Christiania

By Associated Press. CHRISTIANIA, Sept. 16.—The official communication issued at Karlstad was received here at 10:45 tonight and was immediately spread on bulletin boards to be read by crowds waiting quietly but eagerly in the vicinity of the newspaper offices. The communication is interpreted as confirming the optimistic reports published this morning and there is a feeling of intense relief.

Stockholm Well Pleased

By Associated Press. STOCKHOLM, Sept. 16.—The tidings from Karlstad were received here with general satisfaction and were a welcome relief from the exhaustive strain of the last few days.

PRESS EXPECTS PEACE

Leading Norwegian Paper Expresses Confidence in Outcome

By Associated Press. CHRISTIANIA, Norway, Sept. 17.—A pregnant expression of the feeling in Norway at the reception of the communication given out by the Karlstad conference is had in the leading article of the prominent newspaper Verdensgang this morning. It says: "The message that was awaited with the highest tension has at last arrived. The negotiations at Karlstad will result in peace. This will be accepted by the two people with intense satisfaction and greeted by the civilized world with entire sympathy. The Scandinavian nations have settled a most serious conflict as never has such a quarrel been arranged. It is only a few months since Norway entered the path of independence leading to the abyss of dangers and no drop of blood stained the divorce, which was accomplished in a manner to prepare for the future concord and a fertile co-operation of the two politically separated nations.

"The result of the negotiations is as yet unknown. It may not correspond with the wishes of Norwegians but surely we secured all that it was possible to attain without diminishing our dignity or national independence. When the Norwegian people take the occasion to coolly deliberate upon results of the negotiations they will not find they paid too high a price as compared with what they have gained for all time."

BROOKLYN BARBER SHOP BADLY WRECKED BY BOMB

By Associated Press. NEW YORK, Sept. 16.—A bomb was thrown against the front of Casino P. Liotta's barber shop in Flushing avenue, Brooklyn, today. The explosion blew in the front doors and windows and tore up a portion of floor. Liotta had received many threatening letters and within a week had been informed that he would be killed if he did not at once pay \$600 where it could be found by the writer. When the bomb ex-

ploded three families, including that of Liotta, who lived in the building, fled from it in a panic. Liotta opened fire on a policeman who came running to find the cause of the explosion, but the bullets went wild. It is believed the bomb was thrown from the platform of a passing street car.

BRUTAL TRAGEDY ENACTED IN NEW YORK SUBURB

Police Actively Engaged in Hunting Clues to Assaults of Young Woman Murdered

By Associated Press. NEW YORK, Sept. 16.—The finding today of the body of a handsome young woman, about 25 years of age, lying bruised and battered in a clump of briar bushes near the Pelham road in the Bronx revealed one of the worst crimes with which the police have had to deal in many years.

An autopsy showed that the woman had been criminally assaulted and choked to death. There was every indication that she had fought her assailants desperately. Her garments were torn almost to shreds. Tonight the body rests in the Fordham morgue, while half a hundred detectives are endeavoring to establish the victim's identity and to find some clue to the murderers.

The autopsy physicians were of the opinion that the woman had been dead about twelve hours. Evidence points to the fact that at least two men were implicated in the crime. That the woman was robbed is not doubted, for nothing of value was left on her person, while her fingers show that rings which she must have worn were torn from them.

The girl was five feet two inches in height, of fair complexion, with brown hair and blue eyes.

An empty dress suit case was found near the scene of the crime, but neither on this nor any article of clothing was there the slightest means of identification.

MAJORITY OF FREIGHT HANDLERS OPPOSE STRIKE

Large Number of the Rank and File Vote Almost Unanimously Against It

By Associated Press. CHICAGO, Sept. 16.—Voluntary action on the part of one local of the Freight Handlers' union tonight showed conclusively that the rank and file of members are opposed to a strike against the railroads. Local No. 1, comprising the freight handlers employed by the Chicago & Eastern Illinois, Grand Trunk, Erie and Santa Fe railroads, placed the proposition of accepting the conditions offered by the railroad to a vote and the vote was almost unanimously in favor of acceptance. Six hundred and forty men voted.

In voting to accept the conditions the men agreed to waive the demand for a 10 per cent increase in wages and to renew the old wages and conditions of employment as specified in the agreement made two years ago.

JURY RETURNS VERDICT AGAINST COYOTE BILL

By Associated Press. MISSOULA, Mont., Sept. 16.—After being out about two hours this afternoon the jury in the case of W. K. S. Beeskove, better known as Coyote Bill, an old time settler, who was accused of having murdered William Burrig, returned a verdict of murder in the first degree. Sentence will be pronounced on him Monday afternoon at 5 o'clock. A new trial will be asked for, the contention being irregularity in the information filed.

MANAGER SCHUMACHER RESIGNS POSITION

By Associated Press. SALT LAKE CITY, Sept. 16.—Announcement was made today of the resignation of Traffic Manager Schumacher of the Oregon Short Line Railroad company, to take effect September 25. Mr. Schumacher will be traffic manager of the United States Fruit company, with headquarters in New York and Chicago, with a salary of \$15,000 a year.

By Associated Press. BULLFROG, Nev., Sept. 16.—Former United States Senator Stewart today denied the published report that it was his intention to again seek re-election to the United States Senate. He declared that his retirement was final and that he intended to devote the remainder of his days to his personal affairs.

GOVERNMENT CLOSES ITS LAND FRAUDS CASE

By Associated Press. PORTLAND, Sept. 16.—The prosecution in the case of the government against Congressman J. N. Williamson, Dr. Van Gessner and Marion R. Biggs, charged with having conspired to defraud the government of a part of its public domain, brought its case to a close today.

BENNINGTON COURT MARTIAL IS ADJOURNED TO MONDAY

By Associated Press. MARE ISLAND, Sept. 16.—The court martial appointed to try Commander Young of the Bennington again met today, but immediately adjourned until Monday in order to give counsel for the accused officer time to prepare his plea.

AMBASSADOR MEYER RECEIVED BY KAISER

By Associated Press. HOMBURG, Prussia, Sept. 16.—Emperor William today received in audience Mr. Meyer, the American ambassador to Russia. Mr. Meyer was with the emperor for two hours. The ambassador also breakfasted with the emperor and the empress.

BUSY DAYS FOR NEW YORKERS

STATISTICIAN FINDS CAUSES FOR HURRY

FIGURES TELL ODD FACTS

Every Six Minutes a Child is Born, Every Seven Minutes There is a Funeral, Every Two Days a Murder

Special to The Herald. NEW YORK, Sept. 16.—New Yorkers are proverbially in a hurry. Everything they do is done as though life depended upon the doing of it in a moment. An ingenious statistician has figured out how some things happen in Gotham, and contends that his deductions show why Gothamites are always rushing to keep ahead of the procession.

Here are some of the things that his figuring has brought to light, showing the whirligig of life in the metropolis:

- Every forty seconds an immigrant arrives.
- Every three minutes some one is arrested.
- Every six minutes a child is born.
- Every seven minutes there is a funeral.
- Every thirteen minutes a pair get married.
- Every forty-two minutes a new business firm starts up.
- Every forty-eight minutes a building catches fire.
- Every forty-eight minutes a ship leaves the harbor.
- Every fifty-one minutes a new building is erected.
- Every fifty-five seconds a passenger train arrives from some point outside the city limits.
- Every one and three-quarter hours some one is killed by accident.
- Every seven hours some one falls in business.
- Every eight hours an attempt to kill some one is made.
- Every eight and one-half hours some pair is divorced.
- Every ten hours some one commits suicide.
- Every two days some one is murdered.

Another Hotel Murder

This city has another hotel murder mystery. At Suesen's hotel was found the body of Alfred Krattinger, an expert accountant. It appeared to be a common-place suicide by gas. Coroner Scholer and detectives found the transom open. The door key was broken. Half remained in the lock and half lay on the floor near the door. A large bruise was found on the body just over the right ear. It was such a contusion as might have been caused by a blow from a heavy stick. Krattinger's brothers told the coroner that there should be found on the body a diamond pin worth \$1100 and a considerable amount of money. The diamond pin was not found. Neither was the wallet.

No Children Wanted

The children of the block in West Ninety-second street, between Broadway and West End avenue, made no noise today. All had heard the news—that the landlord of No. 259 had ordered from its apartments every family that possessed a child.

The blow fell upon four families of the twelve in the house. Andrew Brose of 1 Madison avenue is the landlord, and this is the letter he sent to the childless tenants: "Dear Sir: On the expiration of your present lease, September 30, would respectfully ask you to vacate your present apartment, inasmuch as I don't desire to renew your lease for another year."

The recipients of these notices, conferring among themselves, saw there was only one reason, the children, and that they were not aware that complaint had been made about the little ones. There were only six youngsters in the house, an average of half a child to each apartment.

"The owner doesn't want any children in the house," said the janitor. "He says they are noisy. There have been some complaints. Mr. Brose said to me: 'Those that have children, let them go.'"

"How about dogs, cats and parrots?" "No orders about them," said the janitor.

Jail for Indefinite Term

Fred Schroeder will probably spend the remainder of his life in jail, if he persists in refusing to give bonds to the amount of \$300 that he will contribute \$4 a week for the support of his wife and child. His wife declared in court her husband had not given her anything for two years. Judge Harrison required Schroeder to furnish a bond to pay his wife \$4 a week.

"I won't pay it," said Schroeder. "All right, then; you will be com-

mitted to jail," said the judge, and Schroeder was led back to his cell.

A Young Bride

The Syrian colony on the lower west side turned out yesterday morning to witness the wedding of Marie Cecilia Kartese, 13 years old, and Michael Jonas, the son of a Syrian merchant of Washington street. The ceremony was performed on the third floor of the tenement house at 19 Albany street by the Syrian missionary bishop, M. Jacques Fera.

The bride of the merchant's son is little more than a child. She came here from the convent of Le Compassion in Montreal, Canada, where she was the ward of the French Nuns of the Sacred Heart. From the day she was 9 years old her father, said to be a wealthy rigmaker of Paris, had intended her for the son of a dear friend and business associate, Marlan Colere, and when

he died he gave her in charge of the French sisters to educate. There was a tacit understanding that young Colere could claim his bride after the completion of her thirteenth year, though the father's will did not record this.

ROCKEFELLER BOOSTS THE PRICE OF CRUDE OIL

By Associated Press. LIMA, O., Sept. 16.—The second advance of crude oil of the week adds three cents to eastern and two cents to western and Canadian products, Kansas remaining unchanged. Texas light got a double boost. Heavy drains on gross stocks in all fields was shown by monthly statements, with the destruction of the Russian field and storage caused the advance in prices. Operations for the Ohio and Indiana field this week show big production losses.
