FRANCIS MURPHY BEGINS WINTER GOSPEL MEETINGS

TEMPERANCE LECTURER AGAIN APPEARS IN PUBLIC

Believes Los Angeles Is Cleanest and Best Governed City in Country. Commends President's Work in Japan and Russia Peace Conference

The first of the winter's series of gospel temperance meetings conducted by Francis Murphy was held in Blanchard hall last evening with Mr. Murphy presiding.

Arthur Letts acted as chairman of the meeting, which was opened by a program of vocal and instrumental selections by local musicians.

When Mr. Murphy arose to speak he was greeted with an enthusiastic applause. He said in part: "I thank you from the bottom of my heart for your greeting. It's a great pleasure for me to be here again with you and to know that I am going to have another opportunity to be of service to God and my fellow men."

"I thank God for Los Angeles and its beauty. I'd be a showaway to get here if it were necessary. Los Angeles is the cleanest and best governed city in the world. I've been all over the world and I know what I am talking about. You can take my word for it."

Mr. Murphy referred to the great work done by President Roosevelt in bringing about peace between Japan and Russia and in purifying politics. He took occasion also to express his thanks for the aid they had given him in his work.

Judge Valdo York, Frank G. Finlayson, P. Mulford and other friends of Mr. Murphy made short speeches of welcome to him, in which they expressed their appreciation of Mr. Murphy's services to the community.

At the conclusion of the meeting Mr. Murphy invited everyone who had not done so to come forward and sign the pledge and the invitation was accepted by a number of persons.

BURBANK COMPANY IN PASTURES NEW

EVERY VARIETY OF PLAY IN ONE PIECE

"Around the World in Eighty Days"

Embraces Comedy, Melodrama, Vaudeville, Burlesque and Legitimate

This week the Burbank stock company turns into new fields, presenting what is called "A spectacular drama in seven acts and twelve tableaux."

There are indications that Manager Morocco intends monopolizing the amusement field. It will not be necessary this week for theater-goers to divide their time between so many playhouses.

When Mr. Murphy arose to speak he was greeted with an enthusiastic applause. He said in part: "I thank you from the bottom of my heart for your greeting. placed at Mr. Emerson's disposal for his lantern slide lectures. They are the only official pictures taken in the fortress during the Japanese investment. The reserved seats for this event open this morning at the Birkel music store on South Spring street.

Mason "The Sultan of Sulu," the book and lyric of which are from the pen of George Ade and the music from Alfred G. Wathall, opens tonight at the Mason. It is said to be one of the finest things seen on the extravaganza stage for a long time because it has that touch of satire which Gilbert used so often and once or twice used by Hoyt.

There are natives, army officers, school teachers and comedians who are in a class by themselves. There are a dozen or more songs in the piece which are said to be very "catchy." The engagement is for five nights and Saturday matinee.

Fischer's "Wanted, an Elephant," a one-act musical farce, will be presented at Fischer's theater tonight by the stock company and will run for one week only. The management has decided to give an entire change of bill every Monday night, changing the play as well as the vaudeville part of the program, and instead of giving four matinees a week there will be special matinees on Saturday and Sunday only.

The vaudeville part of the program for the current week contains some excellent features, of which Rawson's dog and pony show is the headliner, Sleepy Tom, the human brain horse, being a special feature of the olio. Florida Sanford, musical comedian, and the Blayz acrobatic comedians, with new motion pictures complete the bill.

Belasco The Belasco theater stock company will tonight present Richard Mansfield's successful romantic play, "Prince Karl."

"Prince Karl" has never been played in Los Angeles by a stock company, and its performance at the hands of the Belasco company is an event of more than common importance. Miss Bertha Blanchard will tonight have the same role she played in "Prince Karl" for the first time. Miss Blanchard was a member of Mansfield's company for three years and during that time played the chief feminine parts in all the Mansfield productions.

In "Prince Karl" tonight, Joseph A. Galbraith will interpret the titular role. It is one that is admirably adapted to his talents and the Belasco patrons will find that it approaches in point of interest the "Prince Karl" in "Old Heidelberg," in which Galbraith scored one of his strongest successes at the Belasco. Miss Juliet Crosby, who came from San Francisco to play the leading feminine roles until Eugenie Thais Lawton assumed her post in the production.

"Prince Karl" is a play full of charming romanticism, while the stirring scenes are relieved by an abundance of comic and melodramatic of the kind of an offering that shows the Belasco company off to the best possible advantage.

"Great Interrogation"

To precede the farce, "Three Men in a Flat," which is to be the Burbank attraction for the week beginning next Sunday afternoon, Manager Morocco has secured Jack London's much talked of play, "The Great Interrogation." The play was presented to a splendid two week's run in San Francisco recently and won much praise from press and public alike.

DESIRE TO KNOW THE HIDDEN

Rev. S. J. Carroll Asserts That This Passion Oft Works to World's Advantage

Rev. Dr. S. J. Carroll of Pomona preached at the First Methodist church at the morning service yesterday. He took his hearers before the scientific controversies of the day. He took for his text Hebrew 11:1.

"There is a native desire to know things that are hidden," said Dr. Carroll. "If you wish to test this statement let a 10-year-old boy that there is something he wants hidden. This is not alone confined to the boy."

"This intense desire is one of the mightiest incentives for discovery and has been, perhaps, the motive of bringing us knowledge of things of vast import. Our scientific friends are endeavoring to find the real elements of matter and discover the secrets of life. How many of us have longed to see and know the things that are beyond the human gaze?"

"Scientists say we religious people have faith in the invisible. But there is a legitimate use of faith as well as a base use. If there was no imagination there would be no literature worthy the name. Had not God put the image in the mind of man, the artists would not be able to see hidden in the block of marble the beautiful form. There would be no history without it. It would simply be dull chronicles."

"Scientists object to the imagination—the invisible. I take this flower, form and weight. But in an hour's time the color will change, the weight will lessen and the graceful leaves will wither."

BUSINESS MEN TO AUCTION SEATS

SALE FOR OBERLE BENEFIT OCCURS TOMORROW

Prominent Citizens Interest Themselves in Testimonial Performance for Afflicted Actor, Who Retires From Stage

The auction sale of seats for the benefit to be given for Thomas Oberle, the popular member of the Belasco theater stock company, Tuesday afternoon, October 10, will occur tomorrow afternoon at 3 o'clock, in the auditorium of the theater.

The auctioneers will be representative business and professional men of the city and the disposal of the boxes, logs and choice orchestra seats is expected to net Mr. Oberle a handsome sum, without counting the regular sale of seats, which will commence Wednesday morning at the Belasco box office.

Mr. Oberle, who has been a prominent actor, tendering their services for the Oberle benefit, that the committee having charge of the program has found it necessary to refuse some of them, owing to the fact that were all the performers granted a place on the bill the benefit would run all afternoon and night.

When the Tom Oberle benefit occurs a week from tomorrow afternoon, October 10, Los Angeles theater patrons will unquestionably witness the most successful affair of the kind that has ever been held in the past.

The list of attractions secured for the program insures the artistic merit of the performance, while the immense interest that has been awakened in the testimonial among Mr. Oberle's friends makes the committee wish the Belasco theater were twice its size.

HORSE AND DRIVER INJURED

L. L. Davison Jumps From Buggy and Breaks a Leg—Animal Is Shot

While L. L. Davison and his brother, W. M. Davison, of 414 Ruth avenue were driving across the railroad tracks at Alameda and East Main streets yesterday afternoon, the horse became frightened at the whistle of a passing train and balked.

L. L. Davison jumped out and broke both bones of the lower right leg. W. M. Davison turned the horse into a near-by telegraph pole and went to the aid of his brother, who was removed to the receiving hospital where the fracture was reduced. The horse plunged about until it broke its leg, and was later shot.

NATIVE SON RECEIVES APPOINTMENT FOR LIFE

BECOMES OFFICIAL INTERPRETER FOR U. S. COURTS

Ralph J. Dominguez Today Assumes Duties of New Office, for Which His Commission Came Saturday. Has Served Government 18 Years

Ralph J. Dominguez today enters upon the discharge of his duties as official court interpreter in the United States courts for the southern district of California.

Dominguez received his commission from the attorney general Saturday and will assume the duties without delay. He has served in the local federal courts over eighteen years. He held the position of deputy marshal under D. R. Risley, when United States Senator Flint was chief deputy. He served one year as deputy under Marshal Jard.

Thirteen years ago he was appointed by Judges Ross and Wellborn as a clerk in their courts and has held the position since.

He will not relinquish his position as clerk of the courts, holding both offices. There is no salary attached to either office, his remuneration coming to him as fees in cases tried. Both offices are of lifetime tenure, being held at the will of the appointing officer.

Dominguez is a native son, having been born near Compton and is a descendant of the old Dominguez family which has lived in this vicinity for more than two centuries.

Last March Dominguez fathered a bill which was presented to and passed by congress increasing the pay of bailiffs and clerks in federal courts. This bill was championed by Congressman Littlefield of Maine, and Dominguez, after drawing the official, conducted a campaign among the officials who would be affected by it, and secured its passage. The bill affects 1500 officials, two-thirds of whom are ex-soldiers.

CONFESSES TO HOLD-UP

Peter Anderson Asserts He Was Made Desperate by Poverty and Debt

Peter Anderson was arrested Saturday night by Detectives Hawley and Murphy in a saloon at 317 South Main street on a charge of having held up A. W. Corney on the night of September 17 at Third and Los Angeles streets. Corney was robbed of a gold watch and \$19.

At first Anderson protested his innocence, but later he said to have confessed to the officers that he was guilty. He said he was without funds and in debt and that in consequence became desperate and committed the robbery.

Munyon's FREE DISTRIBUTION OF HIS

Rheumatism Cure Begins Today

Today the free distribution of my Rheumatism cure begins from the office of the "Examiner," 509 South Broadway. This is the remedy that has attracted world-wide attention, and has without doubt cured more Rheumatism than all the remedies ever combined. It does not put the disease to sleep, but neutralizes the acids and drives the poison from the system.

This remedy was first distributed from the Philadelphia Times twelve years ago, when more than sixteen hundred people testified within ten days after taking it that they had been cured or greatly benefited. I do not believe there is a rheumatic pain that these little pellets will not relieve in from two to six hours. I have seldom known a case of chronic Rheumatism, no matter in what part of the body seated, that will not yield to this medicine. I want every person who suffers with Rheumatism, Lumbago, Sciatica, all who have sharp, shooting pains in any part of the body, all those who have lame or weak backs, or stiff joints, to get a free bottle of this almost infallible cure. It is absolutely harmless to even the most delicate system.

I claim that this remedy will cure ninety-six out of every hundred, and the millionaire as well as the laboring man should be equally interested to know whether this is a fact or not. I take all the risk, and assume all the responsibility. You have only to call for a free bottle and find out for yourself. If you cannot call for a free sample bottle, you can buy the regular sized vial from any druggist for 25 cents. If it does not do all I claim for it, bring the empty bottle to my office, and I will refund your money.
