Noted Kidnaper Taken at Butte

Admits, With Curses, His Identity

Is Arrested When Emerging From Saloon and Exhibits Great Fear of Being Shot by the Officers

By Associated Press.

BUTTE, Mont., Oct. 2.—Pat Crowe, wanted by the Omaha police for the kidnaping of the son of the millionaire packer Cudahy, in 1900, was arrested in this city tonight. Crowe's identification has been made complete through photographs sent to the authorities by the Omaha officers.

Crowe acknowledged he was the fugitive, and became alarmed when he feared the authorities were going to shoot him. Captain of Police W. F. McGroath and Detective McInerney made the arrest, placing the muzzles of their revolvers against his stomach. Crowe was taken to a saloon in the tenderloin section of the city.

Crowe declared he would return to Omaha without requisition papers. He cursed bitterly at his arrest, expressing chagrin at his apprehension in a town the size of Butte when, as he said, he had traveled the world over and evaded capture in all the large cities.

Two brothers of Crowe's live in Montana, one in Butte and the other in Great Falls.

A friend of Crowe's gave the local police the tip and the arrest followed after photographs of the fugitive had been secured from Omaha.

SAILORS PLUNGE TO SHIPMATE'S RESCUE

ALABAMA'S TARS GALLANTLY RISK THEIR LIVES

Member of Flagship's Crew Carried Under When Releasing Anchor Chains and Saved From Death by Prompt Courage of His Messmates

By Associated Press.

NEW YORK, Oct. 2.—A rescue which the officers of the battleship Alabama declare was one of the most heroic that has taken place in the navy for many years was effected by three seamen of that battleship off Provincetown, Mass., last Saturday.

The man who was rescued is Andrew Anderson, a seaman, and the men who saved him are Edward Wagner, William Brannon and E. V. Anderson.

The Alabama is the flagship of the second division of the first squadron of the North Atlantic fleet, which arrived here yesterday.

When the order was given to the Alabama to weigh anchor and proceed to New York the chains fouled the stock and somebody had to be lowered to untangle them. The job fell to Anderson. Anderson was getting along all right when the controller of the drum, around which the anchor chain was to be wound, saw the form of the battleship off Provincetown.

The sailor managed to free himself of the rope that was around his waist, and tried to rise to the surface. In doing so he struck the bottom of the stock and somebody had to be lowered to untangle them. The job fell to Anderson. Anderson was getting along all right when the controller of the drum, around which the anchor chain was to be wound, saw the form of the battleship off Provincetown.

Wagner was the first of the sailors to see him. He plunged into the sea and swam to the spot. He caught the unconscious man around the neck and, swimming with one arm, held his head above water, awaiting the assistance of Brannon and E. C. Anderson, who had also plunged into the water.

Hans Shannon Insists on Jumping Into a Skiff and Causes the Loss of Two Lives

By Associated Press.

PORTLAND, Ore., Oct. 2.—Hans Shannon, formerly of Vallejo, and Miss Julia Bondes, residence unknown, were drowned in the Willamette river last night.

With a party of five others, Shannon and Miss Bondes were sailing on the river. Tom Driswell and Miss Bondes decided to go ashore in a small skiff and were about to pull away from the saliboot when Shannon, despite warnings that the skiff would hold but two persons, jumped into the small boat, which began immediately to fill with water.

Neither Shannon nor Miss Bondes were able to swim. Driswell made a heroic effort to save Miss Bondes, but her weight and the excited current was too much for him and he was obliged to release his hold. Another member of the party, Hack Mantz, jumped into the water to the girl's assistance and was himself almost drowned.

The bodies have not been recovered.

BIGAMIST IS GIVEN LONG PRISON TERM

T. E. CARLTON BITTERLY SCORED BY THE JUDGE

Latter Tells Him He is Sorry He Cannot Send Him to the Electric Chair—Prisoner Mobbbed by Crowd of Men

By Associated Press.

NEW YORK, Oct. 2.—Frederick E. Carlton, who was convicted of three charges of bigamy and one of grand larceny in Brooklyn, was today sentenced to an aggregate term of nineteen years in state prison. On the first indictment, that of marrying Mary Gorman, while his first wife was alive, sentence was suspended. For marrying Mary J. Smith while he had another wife living, a sentence of five years was imposed, and for bigamy in marrying Lulu Kettering of Rochester a sentence of four years was given.

On the charge of grand larceny in drugging and robbing Henry Schaub, a machinist in the United States navy, Carlton was sentenced to ten years.

Judge Aspinwall was most bitter in his denunciation of the prisoner's crimes and said he was convinced that the prisoner attempted murder when he robbed Schaub.

Continuing, Judge Aspinwall said: "You are to hear a villain, a murderer, a swindler and a thief, and I am sorry that I cannot send you to the electric chair."

"Just remember that your mother was a woman but you played with the love of women, and when you were through with them you turned them out into the world with their shame upon them. You are one of the most dangerous men in the country."

As he left the court room after this denunciation Carlton was met by a young woman who called him by name and began to weep, exclaiming: "What the judge said was all true."

Carlton laughed in the young woman's face and passed on. When outside the building he was mobbed by a crowd of men, many of whom had once been his neighbors, but who then tried to strike him. The mob numbered fully 500, and the deputies who guarded Carlton, being handcuffed to him, had great difficulty in saving him from serious injury. They ran with the prisoner to a street car and in this manner escaped the mob.

COLORADO JUDGE SEIZED BY MOB

BOARDS FREIGHT ENGINE AND IS DRAGGED OFF

Compelled to Rescind Order to Arrest Sheriff and Marshal for Failure to Enforce Local Ordinances

By Associated Press.

DENVER, Oct. 2.—The spectacle of a member of the judiciary being dragged about by a mob and forced to rescind an official order ended a day of turmoil at Brighton, Col., the county seat of Adams county, adjoining the city limits of Denver.

A. H. Guthrie, county judge, hauled the mayor, marshal and members of the town board before him this morning and lectured them for their alleged failure to enforce ordinances against gambling and Sunday liquor selling. Following this he ordered the sheriff and marshal to gather up the slot machines in the town of Brighton, and when they subsequently reported that they could find only one Judge Guthrie deputized two men to arrest them for contempt.

In the meantime both the sheriff and the marshal disappeared. The report of the judge's action concerning the two peace officers spread through the town and caused much excitement. Citizens began to gather on the street, and, fearing for his personal safety, Judge Guthrie boarded a Union Pacific freight engine as it was pulling a train slowly through the town. He ordered the engine to uncouple the engine from the train, it is said, and run to this city with him, threatening legal action unless the engine complied with the order.

The latter refused and while they were discussing the matter a mob gathered around the engine and Judge Guthrie was dragged from the cab. He was told that he must rescind his order of arrest against the sheriff and marshal, but, upon being assured that he had already done so, was released by the mob and allowed to proceed to Denver on a passenger train later.

Judge Guthrie has been at war almost constantly with other county officials since his administration began, about a year ago, and has had the officials and members of the bar before him time and again on the charge of contempt.

Sunday Miss Jacmini was arrested by a detective and yesterday Deputy Sheriff Joe Sepulveda arrested Duarte.

According to the police, Duarte became to woo Miss Jacmini before she came to Los Angeles a month ago from her home in San Gabriel. She did not listen to him until recently, when the officers say, Duarte told the girl he had secured a divorce from his wife.

The police say that the girl recently discovered Duarte's statement was untrue, and then she was told that he would secure a decree. When the conditions became known to the girl's parents and the girl's wife, warrants were sworn out for the arrest of Duarte and the girl.

NEW YORK JEWS ASSAULTED

Italian and Irish Laborers Stone a Throng Celebrating Ancient Religious Ceremony of Tisha

By Associated Press.

NEW YORK, Oct. 2.—Some 2000 Jews were attacked on the Pike street recreation pier on the East river front yesterday by two score Italians and Irish laborers. They were pelted with stones and several were hurt. The assault was kept up until the arrival of the police, when three of the assailants were arrested.

There appeared to be no reason except hoodlumism for the attack. The Jews had gone to the river to observe the Tisha, an ancient ceremony which occurs on the second day of the Jewish new year, and consists principally of the recitation of a prayer. They had scarcely begun the ceremony when the assault took place.

A panic followed, when one after another of the worshippers was struck and knocked down. A dozen policemen were hurried to the scene. All but three of the assailants escaped. An ambulance call brought physicians who dressed the wounds of the injured.

VIOLENCE COMES DEAR TO CHICAGO UNIONISTS

ATTORNEYS' FEES AND COSTS BANKRUPT THEM

Secretary Reports Deficit and \$50,000 Paid Out for Defense in Teamsters' Strike, While More Has to Be Expended on Gilhooly Case

Special to The Herald.

CHICAGO, Oct. 2.—Slugging and violence on the part of union men here have cost the Chicago Federation of Labor \$75,000 since May, and have left a deficit of \$400,000. The secretary of the federation reported today that the amount \$50,000 went to pay attorney's fees and court costs in the teamsters' strike.

Notwithstanding the deficit, the federation decided to appropriate \$1000, in addition to its former appropriation, to defend Gilhooly and his co-defendants of the Carriage and Wagon Workers' union now being tried in Judge Chetani's court on a charge of conspiracy which resulted in a death.

To do this the federation was forced to draw on the fund set aside for the defense of thirty-nine teamsters under indictment for violence.

EARTH CRUST SINKS 30 FEET

Three Acres of Solari Ranch Land Recessed—Great Crevice Is Discovered

Special to The Herald.

VENTURA, Oct. 2.—People in the vicinity of Springville are greatly agitated by a series of occurrences on the Solari ranch. A piece of land comprising some three acres has sunk to a depth of about thirty feet.

The fall was not sudden, but has been going on for some time. At the edge of the settled portion is a large crevice in the earth which appears to be without a bottom. A clod of rock dropped into the crack will echo for some time, until finally it passes out of hearing.

About two years ago a piece of land in the same locality settled but not to such a depth.

Various theories are advanced, but the one most generally accepted as reasonable seems to be that the subsidence is due to the fact that many artesian wells have been sunk in the valley below and that drawing off so much water has formed a cavity, thus allowing the land to settle.

Those who have dug wells in the locality testify to having run across queer formations. In one well salt water was found, in another soft water was obtained, and in another, at a depth of nine feet, a large bed of quicksand was found. The quantity was so great that the well was abandoned.

ATTEMPT TO MURDER PALMA

Cuban President's Car Has a Narrow Escape From Being Thrown Into the Water

By Associated Press.

NEW YORK, Oct. 2.—An attempt to assassinate President Palma of Cuba by drowning has been made, according to a cable dispatch to the Herald, dated October 1. Details of the plot came out only Sunday, however, and then by accident.

The correspondent of the Herald made inquiries as to why the president was not using his special car to travel to and from Havana, as has been his custom, and was informed that recently wedges had been found driven into a bridge over which he passed, the wedges being so arranged that had his car struck them at anything near its usual speed, it would have been thrown into the water. Fortunately, however, the car was running slowly and passed over the obstructions in safety.

The danger was not recognized until afterwards. Since that time President Palma has been driving the seven miles to his home, always accompanied by secret service police.

President Palma will not leave his summer home for several days.

HUNGARIAN ARMY IS INVITED TO MUTINY

COALITIONIST LEADER ASKS ITS ASSISTANCE

By Associated Press.

BUDAPEST, Hungary, Oct. 2.—Deputy Lengyal, leader of the radical wing of the coalition party, wants to inaugurate a mutiny of all the Hungarians in the Austro-Hungarian army in support of the coalition demands.

M. Lengyal in an open letter published today, calls on all the Hungarian army to lend their aid in supporting the nation's desires. All Hungarian born officers of the reserve and all non-commissioned officers, he contends, ought to resign, while the Hungarian soldiers henceforth should refuse to obey orders issued in the German language.

The deputy also proposes a special boycott of German and Austrian officers by the Magyar people. The punishment of the mutinous troops, he points out, is impossible, as they would not be men enough left in the army to deal with the Hungarian protestors.

The idea is current here tonight that the political crisis is undergoing an important development. Minister of the Interior Krieffy, who originated the plan to defeat the coalition by the introduction of measures for universal suffrage, has gone to Vienna with Premier Fejervary and Minister of Justice Lanyi for an audience of the king-emperor tomorrow, and this has given rise to a report that his majesty is ready to abandon his resistance to suffrage reform.
