

LYNCHED BY BLACKS

Negro Slain by Mob of Own Race

Hanged to Tree and Body Riddled With Bullets

Man Who Was Wanted for Attacks on Two Women Was Taken From White Officers by Enraged Pursuers

BAINBRIDGE, Ga., Oct. 8.—Tom Seabright, a negro former convict who yesterday attacked two negro girls, committing the second assault while being chased for the first crime, was taken from the officers who were taking him to jail and lynched by a band of negroes.

The victim's first offense greatly enraged a number of negroes, who followed the county officers sent out to apprehend the criminal, and while searching for the fugitive met a second band of negroes searching for the same man, seeking vengeance for a second assault.

As soon as the criminal was caught the officers were surrounded by a crowd of over fifty negroes, most of whom were heavily armed, who demanded the prisoner be delivered to them. As there were but two white officers they complied.

The prisoner bitterly protested his innocence but a rope was procured and he was drawn up to a limb of a tree. As soon as the body was clear from the ground the negroes began firing at the swaying form, which was soon cut to shreds by hundreds of bullets.

The bloody remnants were cut down this evening by the coroner.

TRIPLE MURDER IS STILL A MYSTERY

AGED MAN IS ARRESTED BUT PROVES INNOCENT

Mrs. Ingerick, the Wounded Woman, Recovers Consciousness but Is Unable to Give the Authorities Any Clue to Perpetrators of Crime

MIDDLETOWN, N. Y., Oct. 8.—All attempts of the county and local police officers to clear up the mystery of the murder of Willis and Fred Olney and little Alice Ingerick at the Olney farm near here and the murderous assault on Mrs. Ingerick on Friday night have so far been fruitless.

After being kept in custody all day and closely examined, Graham tonight conclusively proved his innocence and was discharged from custody.

Mrs. Ingerick was employed by him as a housekeeper until a few weeks ago, when she returned to Middletown and soon after went to live with the Olney brothers. This was said to have been resented by Graham, who is reported to have made efforts to induce her to return to him, and this with the stories told by Lulu Ingerick of alleged threats by Graham against her mother appeared to have been the basis on which the authorities decided to arrest Graham.

Daniel Davis and his wife, who live near New Vernon, were taken to police headquarters tonight and closely interrogated, and later it was announced that there apparently was no evidence that would justify holding them and that they would be honorably discharged.

Mrs. Ingerick recovered consciousness for the first time since the assault this morning, and although not able to speak succeeded in replying to the interrogatories of District Attorney Rogers by nodding and shaking her head. What information was thus elicited was not made public, but County Detective Ward and Chief of Police Brinkerhoff at once hastened to Graham's home and conducted him to this place, where he was lodged in jail.

Graham took his arrest coolly and said that he would have no difficulty in establishing his innocence.

Mrs. Ingerick's husband, Martin, from whom she was separated several years ago, was cleared from all suspicion of connection with the crime when he came in today from his home in Wurtsboro and reported to the authorities. He was unable to throw any light on the tragedy. Mrs. Ingerick's condition tonight was reported as showing continued improvement and strong hopes of her recovery are now entertained. She has been placed in a private room in the hospital.

County and local officers in automobiles scoured the country in every direction today, running down various clues. Thousands of persons coming in on foot and in wagons flocked to the scene of the tragedy, but were denied admission to the premises, which were guarded by armed policemen. Great crowds also collected in front of the jail in which Graham is confined. It probably will be removed to the jail at Goshen.

GAYNOR GLAD TO GO HOME

Says He and Greene Made a Mistake When They Left Savannah

SAVANNAH, Ga., Oct. 8.—A representative of the Morning News interviewed John F. Gaynor tonight aboard the train that is bringing him and Benjamin D. Greene to Savannah. Gaynor said: "I am glad that we are going back to Georgia. I know now what a mistake we made in leaving. But we cannot always tell which is for the best, and if we had known then what we know now we would not have gone."

"Do you anticipate an acquittal?" was asked. "My dear sir, the case has not been tried yet. I anticipate nothing, of course, hope for the best. We feel justified in every act we committed in Savannah while performing our contracts with the government. They got value received."

"Does the conviction of Capt. Carter lead you to believe that the cases will go against you?" "I would not venture an opinion. This is not Capt. Carter's case. We did not hold the office of engineer at Savannah. We made bids, and when we secured the contracts we carried them out."

HUGHES DECLINES TO ANNOUNCE DECISION

NOTHING FOR THE PUBLIC UNTIL HE NOTIFIES COMMITTEE

Republicans Declare That All They Will Ask of Him Is That He Will Accept the Nomination—They Will Do the Rest

NEW YORK, Oct. 8.—Rumors have been current Saturday and today that Charles E. Hughes, chief counsel of the legislative investigating committee, would decline the Republican nomination for mayor of New York, made at the city Republican convention Friday.

In reply to these stories Mr. Hughes said tonight that no one should infer from anything he had said that he either accepted or declined.

"In accordance with the agreement with the notification committee," said he, "I shall not make known my decision until I meet that committee tomorrow. During the past two days I have received a large number of telegrams and letters from friends and prominent men; some of these urge me to accept, others urge me to decline."

William H. Hain, chairman of the Republican county committee, said tonight relative to the nomination of Mr. Hughes: "If Mr. Hughes accepts the nomination for mayor of the city work that the Republican party will ask him to do will be to write his letter of acceptance."

It was declared by friends of Mr. Hughes tonight that he would decline the nomination.

The city convention of the Municipal Ownership league will be held Wednesday of this week.

THREE ROBBERS ARE IN JAIL

Wild Rose Bandit Who Was Killed in Fight With Citizens Will Be Buried Today

WAUTOMA, Wis., Oct. 8.—The three robbers who escaped death of the four who robbed the postoffice and attempted to loot the bank at Wild Rose, Wis., are in the county jail here, and the bandit will be buried at Wild Rose tomorrow, unless it is found expedient to delay his funeral to allow further attempts to be made at identification.

None of the men in jail will talk, but one of the two wounded was identified as "Rambler," wanted for a crime committed ten years ago. He is said to have been in custody, but to have made his escape with the help of confederates. It develops that the wounds of neither of the two robbers who were shot will prove fatal unless blood poisoning sets in, and great care will be taken to prevent complications, as it is hoped to give the trio long terms in the penitentiary.

JOHN D. SAYS HE IS LIKE SPONGE

REFERS TO THE "BLESSINGS" HE HAS ABSORBED

Talks to Children of Sunday School Class and Urges Charity, Patience and Good Will

CLEVELAND, O., Oct. 8.—In his closing talk to the Sunday school class of the Euclid Avenue Baptist church, of which he is superintendent, John D. Rockefeller today made a comparison of the crops that grow in the field and the crops that may be cultivated by each person that will be of more benefit than those which grow in the ground.

Mr. Rockefeller referred to personal virtues and in part he said: "I don't know how many of you children have been in the country this year, but many of you have come to see me at my home and have made me happy."

"I want to ask you what crops you have harvested this year. I won't find fault if you have not done very well, but if you have forgotten, for we older ones do the same thing, but struggle along again and resolve to do better. I want to suggest to you children that you foster the spirit that prompts us to speak a kindly word and extend the hand heartily. Some of us have not much education, some of us were never graduated from college, but we can raise crops just the same. Let us cultivate the spirit of patience, let us cultivate that crop right here in our own city, in New York or wherever we can cultivate it. Still another crop that we can raise is that of good will. Patience, charity and good will toward others are so much better for ourselves and for others than are the material crops that grow out of the ground."

"I feel like a sponge because I have absorbed so many blessings during my stay in the city, but I remind you that we should be like the pump which not only sucks up, but also gives out. If you will cultivate the virtues that I have mentioned you can make a heaven on earth for ourselves and for all those with whom you associate."

Today was Mr. Rockefeller's last day as superintendent of the Sunday school class of which he has had charge during the summer. He will return to New York city during this week.

He was ordered decapitated but the viceroy refused to allow the sentence to be carried out and the assailant was released after being given two thousand blows with a bamboo.

Korean newspapers printed in English express indignation because of high-handed actions by the Japanese executive in Korea. The Korea review says: "Koreans are dangerously near revolt at the methods adopted by the Japanese. Thousands of acres of land near Seoul have been arbitrarily seized, owners dispossessed without payment, crops uprooted on the ground of 'military necessity.'"

"Recent events show conclusively that the Japanese military authorities are carrying out a vast scheme of reprisals which have for their object the seizure of Korean property wholesale, under the merest pretense of compensation."

PRISONER DYING OF BROKEN HEART

WOMAN SUFFERS BECAUSE OF DISGRACE

Mrs. Nellie Davis, Accused of Numerous Robberies, Ill in Cell at City Jail, With Slight Chances of Recovery

Mrs. Nellie Davis, the woman who baffled the efforts of the detectives for so many months until arrested Thursday by Detectives Rich and Talamante, is believed to be dying in the jail with a broken heart and the disgrace of her arrest, the attending physicians believe.

Mrs. Davis yesterday experienced six attacks of heart failure and unless her condition improves speedily it is believed she will die within a short time. With her little daughter at her bedside in the cell, Mrs. Davis is in a semi-conscious condition, and is gradually weakening. At times her mind rambles and she utters broken sentences which are to the effect that she is not as much to blame for her crimes as a man. Who the man is or what he is, she does not say, and when asked she will raise on her elbow and, instantly regaining her former acuteness, answer that she knows nothing of any man.

When arrested, Mrs. Davis, or Davis, as she gave her name to the police, did not confess her crime at once, but asserted that the jewelry she was wearing was pawned to a man. Investigation of the police disproved this theory, and the woman broke down and is said to have confessed her crimes.

FLAMES STILL RAGE NEAR SANTA BARBARA

MUCH DAMAGE TO CROPS AND RANCH BUILDINGS

Montecito Valley, Summerland, Serena and Carpinteria Will Be in Grave Danger Unless the Wind Subsides. One Hundred Men Fighting Fire

SANTA BARBARA, Oct. 8.—The forest fires above Santa Barbara still rage with unrelenting force. Carried by the terrific wind until early this morning the flames swept over a space five miles long and three miles wide, extending along the foothills above Montecito, Summerland and Carpinteria. The fires are now burning in the sides of covered valleys and mountains. Toro, Romero, Ward and Fifth canyons are veritable furnaces from which the flames shoot high into the air with a roar that can be heard for several miles. Smoke in dense clouds floats over the coast and from Ventura to Point Conception, within a radius of three miles from the center of the fire, ashes and cinders are falling like snow.

Ernest Snow took out his furniture and clothing. Flying sparks destroyed and burned his house and other property, although his ranch house was saved. J. Rawlins lost his alipary. Al-len Smith lost beans valued at \$1000. Wires are down and roads are blockaded by burned trees, so that the full details of losses are meager.

Supervisor Slosson and his assistants, with 100 men, are fighting the flames, but with little hope of restraining the fire for many hours. Tonight the magnificent homes in Upper Montecito valley will be threatened; also the towns of Summerland, Serena and Carpinteria.

FRANCO-RUSSIAN ALLIANCE

PARIS, Oct. 8.—The necessity for the maintenance of a Franco-Russian alliance is vigorously urged in the course of a leading article in the semi-official Temps, which points out that the public opinion of both countries is unanimously in favor of the continuance of the alliance. The article adds that the accord with Italy, and Great Britain and Italy served to allay any misunderstanding that both were the natural outcome of events and that France ought categorically to refuse to renounce them. The Temps, however, does not favor an Anglo-French alliance, which it says would be useful to Great Britain but compromising to France and would probably create trouble in Europe.

SAYS WE ARE MONEY MAD

Governor of Indiana Delivers a Speech on "The Patriotism of Peace"

CHICAGO, Oct. 8.—"This nation has gone money mad. For ten years this land has enjoyed material wealth and prosperity such as the world has never before seen, and during that time this land has continued in full force. We have forgotten the commandment, 'Thou shalt not steal,' and we are taking the position no matter how money is obtained. We cannot continue in this rut indefinitely and secure the continuance of free institutions. The dangers of peace will destroy this country at the present rate just as certainly as a disastrous war."

Such was the keynote of a speech on "The Patriotism of Peace," delivered by Governor Frank J. Hanley of Indiana tonight at the Y. M. C. A. auditorium, in which the Hoosier chief executive sounded a vehement note warning to Americans against allowing continuance of graft, official corruption and disregard for law in the scramble for plunder.

Governor Hanley painted a dark picture of conditions in the United States and insisted that the very life of the nation was dependent on a speedy return to saner ideas and honest methods.

YALE FRESHMEN HAVE FUN WITH POPULACE

BLOCKADE TRAFFIC ON ONE OF PRINCIPAL STREETS

Squad of Fifteen Police Is Called Out to Suppress the Riotous Students. Warrants Are Out for Several Members of the Class

NEW HAVEN, Conn., Oct. 8.—Several freshmen of Yale university will be arrested tomorrow, it is said, on the charge of breach of the peace and disorderly conduct as the result of wild pranks which they carried out tonight in the vicinity of Pierson hall, the freshman stronghold of the college settlement.

They jumped on and ran trolley cars, drove a policeman from his beat and frightened several women into hysterics. Blank cartridges were shot out and buckets of water and bundles of paper on fire were thrown from rooms in the third and fourth floors of Pierson hall on the heads of pedestrians.

For nearly two hours they blocked York street and allowed nothing but trolley cars to go through it and these on irregular schedule. Complaint was made tonight and warrants have been drawn for the arrest of several of the alleged leaders of the disturbances. A squad of police officers finally quelled the outbreak, but made no arrests tonight.

Four policemen smashed the doors of Pierson hall and were compelled to grope through the dormitory in darkness and failed to lay hands on a student.

IS A WHITE ELEPHANT

Task of Getting Big Dry Dock to the Philippines a Difficult Problem

WASHINGTON, Oct. 8.—Naval officers in a bureau of navigation are studying the problem of towing the big steel dry dock just accepted at Sparrows Point, Md., from that port to Cavite, for which it was designed. The bureau wrote today to the headquarters of the Suez canal company asking about the restrictions of traffic through the canal and for figures in the way of tolls. So huge is the structure that it may impede traffic in the canal and may cost the government an extravagant price in tolls.

In some ways the immense structure, badly needed as it is in the Philippines, is a sort of white elephant to the department. To tow the structure will require five ships equipped with towing machines. These are built to order, but must be built to order. Unless the canal company grants a considerable reduction from its published tolls and permits the dock to sidetrack in the lakes of the canal while ships pass by the expense will be ruinous.

If the dock is to be towed around the Cape of Good Hope the tow must be started right away, and the towing machines have yet to be built. A start later in the season means the encountering of probably disastrous storms at the cape. Neither is the Suez route devoid of danger, for the monsoon season in the Indian ocean and again close to the Philippines, presents considerable hazard.

EXPERT CROOKS CAPTURED

New York Police Believe Gang of Flat Burglars Is Broken Up

NEW YORK, Oct. 8.—With the holding for trial in police court today of three men said to be expert flat burglars and two jewelers, through whom the plunder is said to have been sold, the police believe that they have broken up a gang which during the past two years has robbed many hundred flats in Harlem. Three of the gang were arrested on Friday after they had robbed the apartment of Mrs. Horace Hubbs in Lenox avenue, and the others were arrested yesterday.

William Hall, said to be the leader of the gang, admitted in court that he had been concerned in four hundred burglaries in the last two years. He and his companions made it a practice to enter flats during the day, in the absence of the tenants, and usually made use of a cab to carry of their plunder.

CHINA PLANS MANEUVERS

VICTORIA, B. C., Oct. 8.—Advices received by the steamship Tartar are to the effect that China is making preparations for the forthcoming military maneuvers, which will be on the largest scale attempted in China. The foreign office at Peking has invited various powers to send representatives and groups of officers. It has been told off to conduct foreign military officers and journalists about the field. Military officers from every province of China have been ordered to attend for purposes of study. The army to be reviewed is the Peiyang army, commanded by Viceroy Yuan Shih-kai, which in future will be uniformed similarly to the Japanese army.

RIOTS IN MOSCOW

Many Persons Killed and Wounded

Populace in Fierce Fight With Police

It Is Reported That a Bomb Was Thrown Which Killed Twelve Cossacks—More Bloodshed Is Expected Today

SPECIAL CABLE TO THE HERALD. MOSCOW, Oct. 8.—This has been a day of rioting and bloodshed. Shortly after noon the crowd on Iverskoy boulevard engaged in a pitched battle with the police and Cossacks, who fired three volleys point blank at the people, who replied with stones and revolver shots. It is impossible to estimate the casualties, as, according to custom, the streets were cordoned and the dead and wounded removed into prisons.

The prefect has issued a proclamation authorizing the police to
