### No Action to Be Taken in Regard to George J. Plunkett Matter.

### Interesting Testimony Re- garding Companies

By Associated Press.  
NEW YORK, Oct. 19.—Richard A. McCurdy, president of the Mutual Life Insurance company, made the statement today that he had no intention of resigning, that he was elected to serve until June 7 next, and that nothing can or will drive him out.

It was also announced from the district attorney's office that no action will be taken regarding the George J. Plunkett matter, that was turned over to the district attorney yesterday by the legislative committee which is investigating the insurance companies.

Closing one of the most sensational and strenuous weeks of the insurance investigation the committee just before adjournment today concluded the examination of Richard A. McCurdy, with the exception of a few details he is to supply next week. Mr. McCurdy has been on the stand the greater part of the three days of this week's session, and some of his testimony has been the most startling of any that has been adduced before the committee. His testimony today, however, was very much of a technical nature, though it was of much value to the committee in its work. When he resumed the stand this morning it was to testify to his testimony as to the Mutual Life's connection with trust companies that was interrupted by adjournment yesterday.

The information furnished by Mr. McCurdy disclosed that the trust companies with which the Mutual Life was connected became very prosperous soon after they were taken up by the Mutual. Two cases in point were the Morrison Trust company at Morrisstown, N. J., where the McCurdy family live, and the United States Mortgage and Trust company. The former is now controlled by the Mutual Life and Mr. McCurdy testified that beside being a director of this trust company, he is a large stockholder and would take more stock if he could get it.

### Balance With Trust Company

The Mutual Life keeps a balance of not less than \$200,000 with this company, on which it draws from two to three per cent. The latter rate has been paid only since September. Mr. McCurdy did not know the holdings of the other members of his family in this company.

In the syndicate operations Mr. McCurdy said that he participated not with the idea of drawing bonds, but to obtain his share of the commission allowed by bankers.

Mr. McCurdy was asked what his life insurance he carried and he was unable to say at once, but James M. Beck, his counsel, presented a statement showing when the policies were taken out, for what amounts and the plan. These aggregated \$200,000, all in the Mutual. Mr. McCurdy testified that he was also insured in the Equitable, the Washington and Connecticut Mutual.

Before he left the stand Mr. McCurdy said he paid \$4500 for his apartment in the Grosvenor building, which is owned by the Mutual.

When Mr. McCurdy was excused his son, Robert H. McCurdy, was called to explain some charges for traveling expenses in 1904.

He said one of his duties as general manager was to visit the agencies about the country. Three such trips were made, the expense of which aggregated about \$3,000. Mr. McCurdy said that while on one trip he was accompanied by his father, mother, wife and the latter's maid, but that the expense accounts were for himself individually, and did not include those of any other member of his family or party. He had a private car on one of these trips. He could not tell why the expenses on these trips were so large, but said he would furnish the details later.

Mr. McCurdy was followed by W. W. Richards, comptroller of the Mutual, who explained the manner in which the Mutual acquired some properties by foreclosure.

The committee adjourned until next Tuesday.

# DRAWS PISTOL; WANTS MONEY

## Man, Apparently Deranged, Threatens New York Broker, but is Cap- tured by Detectives

By Associated Press.  
NEW YORK, Oct. 19.—A tall, well dressed, middle-aged man walked into the private office of Winfield Sully on Broadway yesterday, drew a revolver, and pointing the weapon at the head of Mr. Sully, said:

"I am going to collect that money." Mr. Sully turned quickly. "Well talk over," he said.

The visitor sat down a moment and detectives, who had been summoned by a clerk, disarmed the visitor, who said he was Edward Brown, 38 years old, a broker of Hempstead L. I.

"Sully owned the same money, and I thought this was the only way to get it," he said to the detectives.

Brown, a few years ago, owned a large country place opposite that of August Belmont at Hempstead. He sold his place and promoted several large deals in South America. While engineering one of these schemes, which he thought would have made a large fortune, he had a slight stroke. This affected him seriously for some time and at times caused him to act strangely. He was locked up.

Sully said he had had no dealings with Brown.

## Riverside Couple Who Eloped to Mex- ico Two Years Ago Are Divorced

Special to The Herald.  
RIVERSIDE, Oct. 19.—A runaway match that attracted not a little attention two years ago came to an unhappy termination in the divorce court today. Edward L. Chappel obtained a divorce from his wife, Irene, on the usual statutory grounds. The couple eloped from Riverside a couple of years ago and went to San Diego, where they attempted to get a marriage license. Chappel was about 19 and the girl 16, and the license was denied.

Mr. Smith is said to be in the Mexican line to Tia Juana, where some ceremony was performed, and as a surety for which Chappel got a scribbled statement on a sheet of note paper. The girl's mother was waiting for the runaway couple at San Diego, and the boy's husband pacified her with the marriage license and certificate. The couple lived happily together until a few months ago, when Chappel went to Hemet to work and when, it is alleged, a serpent came into the young folk's lives. Chappel is now living in Los Angeles.

He said that he was anxious to meet me and to have a distinct understanding with me. He even agreed to join the Tammany hall general committee. Mr. Jerome denies this before the meeting here tonight, we will prove the truth of it from the platform then."

In reply to these statements Mr. Jerome said today:

# TO BURN ASHES OF IRVING TODAY

## TO LIE IN POETS' CORNER OF WESTMINSTER ABBEY

### Remains Removed From Residence of Baroness Burdett-Coutts to Chapel of St. Faith Under Police Guard

By Associated Press.  
LONDON, Oct. 19.—The ashes of Sir Henry Irving, enclosed in a plain oak coffin, are now lying in the chapel of St. Faith, Westminster abbey, waiting tomorrow's elaborate ceremony of interment in poets' corner. Their removal from the residence of Baroness Burdett-Coutts, which was guarded by a large force of police, took place this evening.

The coffin was placed in a hearse preceded by mounted police and followed by one carriage, the occupants of which were the two sons of the deceased and Sir Henry's aged dresser, Warden Collins, who had been his attendant for half a century. This modest procession was brought up by another squad of mounted police. The entire route to the abbey was lined by thousands of persons. The men, standing bareheaded, waited in respectful silence until the hearse passed and then joined the procession behind the police. On arrival at the abbey the entire square was filled with a hatless multitude. The hearse was driven into the dean's yard, where it was met by the dean of Westminster and a number of clerics.

The scene was most impressive, as the procession moved and disappeared among the gloomy, time-worn cloisters. The silence was broken only by the footfalls of the clergy and the murmur of the public who had gathered to the abbey. As the procession entered, the great organ softly played the dead march from Saul until the chapel of St. Faith was reached and the coffin had been placed upon a catafalque. When the music ceased a short prayer was said by the dean.

An open grave in poets' corner awaits tomorrow's ceremony. It is lined with heavy black cloth, which also carpets the floor for a distance of several yards. The walls of the chapel are banked with great piles of floral tributes.

For hours today a constant stream of people filed past the casket as it rested in the lining room of Baroness Burdett-Coutts.

Burning tapers surrounded the catafalque, and the wreath of floral tributes, American and continental as well as British, was so great that the catafalque was not only hidden, but flared off the bases of the walls of the spacious apartment. Ambassador and Mrs. Whitelaw Reid are coming to London especially from Scotland to represent the United States at the funeral tomorrow.

# GIRL HYPNOTIZES HERSELF

## Former Salvation Army Worker to Be Released From Joliet Pen- itentiary

By Associated Press.  
CHICAGO, Oct. 19.—The former Salvation Army girl, Inga Hanson, who was sent to Joliet penitentiary for alleged perjury in connection with a personal injury suit against the Chicago City railway, will probably be pardoned by Gov. Deenen. The physicians deputed by the governor to examine the woman declared today that she is the victim of auto-hypnosis and that as long as she is in her present environment she will be helpless and that death will ensue unless she is released.

The physicians declare that if she were to say to herself that she is well, she could raise from her bed and walk. Organically there is nothing wrong with her, but functionally she is all disordered.

The physicians did not say that Miss Hanson was not injured by the street car accident, which brought about the suit against the street car company. They declare, however, that there is a strong probability that she was at first a sufferer from an injury which caused her temporary illness of the same nature as that from which she is now helpless. This increase is referred to as a rare development of traumatic hysteria.

# COURT-MARTIALS IN THE ARMY

## Gen. George B. Davis Makes Report on Number of Acquittals and Convictions

By Associated Press.  
WASHINGTON, Oct. 19.—The annual report of Gen. George B. Davis, judge advocate general of the army, shows that of the commissioned officers tried during the last year by general court-martial, thirty-five were convicted and thirteen acquitted. Three officers and 4,393 enlisted men were convicted, while 356 men were acquitted.

The total number of trials before general court-martial of 4,800 cases shows an increase of 551 cases over last year. This increase is mainly due to the fact that a large number of deserters have been apprehended and brought to trial, the number of convictions for desertion being 1,476 this year, an increase of 40. This gain is chiefly due to the increase of the reward paid to all civil officers for the apprehension of deserters, including greater vigilance on their part. The number of men sentenced to dishonorable discharge was 2,529.

# MRS. GEORGE W. HOADLEY LOSES VALUABLE GEMS

By Associated Press.  
NEW YORK, Oct. 19.—Mrs. George W. Hoadley, wife of the manager of the International Power company and president of the American Bridge company, was robbed of \$10,000 in diamonds at her home in the Buckingham hotel late Tuesday night. The fact became known with the arrest today of John York, a waiter, and Albert Schultz, who until two weeks ago was a bell boy at the hotel.

When the prisoners were arraigned in the police court the magistrate remanded them until tomorrow. Neither suspect would talk in court except to deny the charge.

A detective says he has evidence that two or three nights before Mrs. Hoadley's jewels were stolen, Schultz in disguise entered the dining hall unrecognized and went upstairs to the room on which the Hoadley apartment was located. On the same night a key to the apartments on the same floor occupied by a guest named Murray was lost or stolen.

The list of stolen jewels included a necklace of fifty-seven pearls, a pearl and diamond dog collar, a diamond and pearl crescent pin, a ring, two pearls surrounded by diamonds, a pearl and diamond ring, a marquise diamond ring, a pearl scarf pin, eagle head and diamond eyes and a gold watch.

## Prisoner Claims That He Has Destroyed \$20,000 of the Plunder

By Associated Press.  
BRIDGEPORT, Conn., Oct. 19.—Edward George Cunliffe, who was arrested here today on the charge of stealing \$101,000 from the Adams Express company in Pittsburg, Oct. 9, will be taken to New York tomorrow morning by detectives. A detective told Cunliffe tonight that \$80,000 had been recovered at the home of his brother-in-law in Bristol and pressed him to tell where the missing \$20,000 was hidden. Cunliffe finally said:

"You'll never get it; I have destroyed it."

The detective at first doubted Cunliffe's story, but the prisoner stuck to it, saying that he had burned the money in his rooms in the hotel where he stopped here. He said that he was afraid that the bills would give him away, as they were of large denominations and practically marked, as they were notes of the Allegheny National bank in Pittsburg and that everybody was looking for them.

Cunliffe said that rather than carry was looking for them.

If this statement is true, and the detectives think it is, the total amount of the money stolen is accounted for.

# SUIT TO BREAK UP TRUSTS IN HONOLULU

By Associated Press.  
HONOLULU, Oct. 19.—Acting under instructions of the United States attorney general, District Attorney Breckens has instituted the first of a number of injunction suits for the purpose of breaking up the local trusts. A suit was filed today against the firms of Allen & Robinson, Lewers & Cooke and Wilder & Co. It asks that the federal court issue a perpetual injunction restraining the above named firms from carrying out an alleged agreement controlling the entire lumber business of the islands. In the petition it is alleged that the three firms named above control 90 per cent of the business here and have combined, in violation of an act of congress, to prevent the unlawful restraint of trade.

It is further alleged that the price of lumber here as a result of the combination is 175 per cent in advance of that on the mainland. Practically all the lumber used here is imported. United States District Judge Dole signed an order to show cause why the injunction should not be issued. The hearing was set for December 1.

It is reported that District Attorney Breckens is about to file a similar suit against the cattle and meat dealers, of whom there are about seventy, including many very prominent ones. It is claimed that practically all the cattle ranchers of the island have combined to control retail prices, agreeing not to compete and to sell only in a single market in Honolulu.

It is further stated that several other alleged combinations in other lines of business will be proceeded against in a similar manner. It is claimed that a large proportion of the various kinds of business here is transacted under trust agreements.

## Takahira Makes Public Statement

### Declares That His People Feel Great Repose Because Archipelago Is Occupied by the American Government

By Associated Press.  
WASHINGTON, Oct. 19.—Declaring that Japan welcomes the presence of the United States in the Philippines, Mr. Takahira, the Japanese minister, tonight gave a statement to the Washington Post, replying to its inquiry, in which he says that Japanese feel "great repose about the Philippines because they are occupied by the United States with the firm hold of its authority over the archipelago, not to speak of many object lessons being given there by the new owners, by introducing modern improvements in various ways."

Regarding Japan's future, Mr. Takahira said:

"I presume it would be better for you to wait a little while before you will be able to see what Japan will do actually. I firmly believe that there will be no departure made hereafter from the line of policy hitherto pursued by the Japanese government. The open door policy proposed by the United States, and readily joined in by Japan in July, 1900, will be scrupulously observed throughout the future, and the legitimate rights and interests of all nations will be duly respected wherever our influence would extend."

Regarding Japan's ability to meet her indebtedness, Mr. Takahira said:

"No doubt the burden is very heavy, but if we consider the fact that the extraordinary special tax alone was raised since the war to the amount of \$75,000,000 per annum without hampering the growth of commerce and industry, I feel sure there is no cause for pessimism, and moreover a satisfactory sign is the continued development of both internal and external trade."
