

HARRIMAN CAUTIOUS

Orders Speed of His Special Reduced

Would Not Endanger Life of Miss Roosevelt

In Spite of These Precautions Remarkable Time is Made—Will Reach Chicago Thirty Minutes Under Fifty Hours

Special to The Herald.
CHICAGO, Oct. 24.—Fearing an accident, which would imperil the lives of Alice Roosevelt and members of his own family, E. H. Harriman today ordered the engineer of a special train bearing his party across the continent to check the record-breaking speed which was begun at San Francisco.

The run from San Francisco to Ogden was one of the fastest on record, 841 miles in twenty hours and two minutes, an average of thirty-nine miles an hour over a round mountain curves, beating the record of the overland limited by seven hours. The train arrived at Cheyenne at 10:30 tonight, mountain time, and left half an hour later. The train entered Nebraska at midnight and will have an easy down grade and curveless track into Omaha.

With good luck, the special will reach Chicago at 6:45 o'clock tomorrow evening, with thirty minutes under the fifty-hour mark between the Golden Gate and Lake Michigan.

Director of Maintenance Kruttschnitt and Traffic Director J. C. Stubbs are on the Harriman special, and as both of these officials are opposed to high speed it is believed they advised Mr. Harriman that fifty miles an hour was dangerous.

Throughout the day the passengers received bulletins from all parts of the world and messages from friends, some encouraging and urging the highest speed, others warning Harriman not to take desperate chances.

WITTE INSISTS THAT HE BE REAL PREMIER

ACCEPTS ON CONDITION THAT HE IS NO FIGUREHEAD

It is Stated in St. Petersburg That the Emperor Has Offered Him the Place and Agreed to Abide by Conditions Mentioned

By Associated Press.
ST. PETERSBURG, Oct. 24.—The announcement made in these dispatches that Count Witte would shortly assume active direction of the government as premier and head of a responsible cabinet position seems to be fully confirmed. It can be stated positively that the emperor has tendered the position of premier to the count, who, however, guarded his acceptance with certain conditions, which were placed before his majesty in the form of a written memorandum. Count Witte is said to have informed the emperor that he could accept the position only on the condition that he would be a real premier with a working cabinet, and not the mere figurehead of an irresponsible body.

TENEMENT DYNAMITED

Hundreds of Occupants Are Thrown Into Panic but Nobody is Injured

NEW YORK, Oct. 24.—The seven-story tenement house on the corner of Grand and Mott streets was shaken tonight by an explosion of dynamite which a person had placed on the steps of the butcher shop on the ground floor. The explosion threw the hundreds of tenants in the building and in the house adjoining into a panic which lasted for an hour.

Dr. Zellaro, who has an office and apartments in the building, informed the police that the dynamite probably was meant for him. He had received several threatening letters, the first demanding \$5,000 and the others ranging down to \$100. He ignored all the letters. Finally one came telling him he must not think he was forgotten and that he would see the "mighty vengeance of the Black Hand."

An Italian was arrested on suspicion of being concerned in the explosion.

LOS ANGELES EXTENDS HEARTY WELCOME TO WHITE RIBBON DELEGATES

The Indiana delegation to the W. C. T. U. convention from left to right are Miss Elah Overmyer, Marion; Miss Clara Zaring, Indianapolis; Master Harold Wright, Loogootee; Miss Susie McWhirter, Indianapolis; Mrs. Mary P. Stevens, National President; Miss Anna Gordon, National Vice-President; Miss Lella M. Sewall of Boston, a National Superintendent.

HAWAIIAN SUGAR MEN BREAK WITH SPRECKELS

WILL CONDUCT REFINERY AT CROCKETT, CAL.

Cause of Disagreement is Deduction Made on Price Landed in San Francisco as Compared With the Selling Figure in New York

By Associated Press.
SAN FRANCISCO, Oct. 24.—The Chronicle says today: The relations hitherto existing between the Western Sugar Refinery, controlled by the Spreckels interests, and the Sugar planters of the Hawaiian Islands have been ruptured. The planters have acquired a controlling interest in the refinery at Crockett, California, which for some years has been closed under payment by the trust of a big indemnity, and are making preparations to operate the plant in competition with the Western Sugar Refinery. They will refine there the sugar which, if the old contract had been renewed, would have sold to the Spreckels concern. This product amounts to about 150,000 tons for the season. To keep its plant going, the Western Sugar refinery will now be compelled to buy raw sugar in Java and elsewhere.

For some months negotiations have been in progress between the Spreckels interests and the island growers looking to a renewal of the agreement. The rock on which these negotiations have split is the deduction made on the price of sugar landed in San Francisco, as compared with the selling price in New York. The old contract expired on September 1.

The Crockett refinery cannot be opened by the planters before March 1, 1906. For the past three years the Western Sugar refinery has been paying \$200,000 a year to the California and Hawaiian Sugar Refinery company to keep the Crockett plant shut down, and the contract covering this arrangement is in force until next March.

ENRAGED CROWD TRIES TO HANG CHAUFFEUR

Believing Woman Struck by Car Was Ruu Down by Automobile, Citizens Threaten Driver With Death

Maddened by the sight of the bleeding and unconscious form of Mrs. Thomas Langhelm lying in front of a big touring car at Washington and Hoover streets, a crowd of nearly two hundred infuriated citizens gathered and for a half hour last evening surrounded W. S. Ruess of the Motor Car company and threatened to tear him limb from limb as he stood in his automobile vainly trying to quiet the people, who believed he had killed the woman.

WANT SPANISH REPUBLIC

Senators and Deputies Draw Up Manifesto in Form of Address to Loubet

By Associated Press.
MADRID, Oct. 24.—The senators and deputies favorable to the establishment of a Spanish republic having been forbidden personally to address President Loubet, who arrived here yesterday, have prepared an address of welcome, which in reality is a manifesto in favor of a republican form of government. It says: "The Republicans of Spain greet the ruler who is the free choice of the people he represents. The adoption by France of a republican regime has carried the spirit of republicanism throughout the world. The visit of the republican president to Spain recalls the bloody struggles which the Spanish liberals made against traditions. Republican France represents the freedom gained by revolution and it is toward the same end that Spain tends."

The address closes with "Vive La Republique."

JURORS DID NOT SUFFER THIRST

INTERESTING TESTIMONY IN EMMONS CASE

Proprietor of Restaurant Tells How Much Liquor Was Furnished. Defense Will Try to Show They Had Too Much

By Associated Press.
SACRAMENTO, Oct. 24.—The Emmons case was resumed this afternoon in Judge Hart's court, Attorney Johnson continuing his motion for a new trial for the convicted former senator. In proof of misconduct on the part of the jury the attorney had the court house janitor bring in two dozen empty quart whisky bottles which had been found in the jury room after the trial.

C. W. Hault testified that he is keeper of the Delmonico restaurant, where the jury boarded. He said that the deputy sheriff instructed him to let the jurors have a cocktail before breakfast and beer and wine at meals. Four jurors drank no liquors. At meals claret and beer were furnished. On each excursion of the jury he supplied four quarts of white wine, two of angelica, two of claret, two dozen of beer, two dozen of iron brew and one bottle of whisky. He furnished Nobel whisky, and none of the bottles found by Maxwell of that brand. The goods were supplied by order of the deputy sheriff.

The last meal was brought to the jury room and no liquors were brought there. In the whole month he furnished three dozen quart bottles of whisky. Four men of the jury never took an appetizer and three never took any drinks. Juror Amanale Johnson, he thought, did not drink liquor. He would not say the jurors had drinks at all meals. He never present at breakfasts. The witness said there are about twenty drinks to a quart bottle. The drinks the jury took were average. At no time was a bottle of whisky left on the table. He never saw any of the jurors any evidence of drink. The so-called quart bottles do not hold a quart each.

WELCOME VISITORS

W. C. T. U. Greeted by Angelenos

Reception in Chamber of Commerce

Representative Men of Los Angeles Extend Freedom of City to Women Who Have Taken Up Work for Humanity

"We are indeed grateful to you for your cordial, brotherly welcome to Los Angeles. We appreciate particularly the fact that the welcome you extend to us comes from this large, representative and influential body, the chamber of commerce." So spoke Mrs. Lillian M. N. Stevens, national president of the Woman's Christian Temperance union, last evening in responding to President Koepfli's address of welcome at the chamber of commerce reception to the delegates to the national convention of the Woman's Christian Temperance union.

The large hall and parlors on the second floor of the Chamber of Commerce building were filled last evening with delegates to the convention who were present to take part in the welcome extended by the national officers by the official representatives of the business interests of Los Angeles.

A ladies' orchestra of stringed instruments rendered selections while the delegates were arriving. When they were assembled, President Koepfli escorted National President Mrs. Stevens to the platform, followed by Chairman A. W. Skinner escorting State President Mrs. K. L. Stevenson of Massachusetts. On the platform were also seated Miss Belle Kearney, Francis Murphy, Dr. W. A. Lamb and A. J. Wallace.

Welcomes W. C. T. U.
Chairman Skinner then informally welcomed the delegates to the city of Los Angeles in a short speech and introduced President Koepfli, who, he said, "would as president of the chamber of commerce take great pleasure in extending a welcome to Los Angeles."

President Koepfli said in part: "Los Angeles, although located at the extreme western frontier of the United States, is favored as the meeting place of many national gatherings. Our citizens are proud to have you with us and will try to make you feel at home among us. They also desire to give you an official form to their expression of welcome to you, and so, through the chamber of commerce, with its membership of over two thousand persons, representing the business men and interests of this city, they wish to give you an official welcome. Therefore it is a great privilege and honor, a pleasure and a duty for me to extend to you on behalf of the chamber of commerce of Los Angeles, as representative of its citizens, a most hearty welcome to this city."

"Your delegates represent a great body of unselfish people, scattered all over this land. You can expect no material rewards for your labors for humanity, and while there may be a difference of opinion among men as to the best way of attaining the ends you seek I am sure that all are agreed with you that temperance in all things is what we should strive for.

THE DAY'S NEWS

FORECAST

Southern California: Fair Wednesday; light northeast winds, changing to westerly. Maximum temperature in Los Angeles yesterday, 73 degrees; minimum 49 degrees.
