

SATURDAY MORNING, OCTOBER 28, 1905.

W. C. T. U. DELEGATES ARE WELCOMED TO LOS ANGELES

WORK OF UNION HIGHLY PRAISED

SPEAKERS PAY TRIBUTE TO THE W. C. T. U.

Mayor Unable to Be Present, but His Address Is Read by Presiding Officer—Welcomed by Church

Delegates to the national convention of the W. C. T. U. were formally welcomed to Los Angeles last night in the presence of an audience which filled the First Congregational church to overflowing.

Addresses were made by prominent Angelenos and responses were given by leaders of the W. C. T. U.

When the half-hour organ recital by Prof. W. F. Skeele ended, Mrs. Lillian Stevens, who presided, announced the hymn "Coronation" which was sung by the congregation. Following the invariable practice of the Woman's Christian Temperance Union, a scripture reading followed, by Miss A. Elizabeth Thomas of Pennsylvania. Rev. William Horace Day made the opening prayer, which was followed by a solo by Hubert Whitehead.

Mrs. Stevens then announced that Mayor McAleer, who was to have delivered an address of welcome to the city in behalf of the Church Federation, the Ministerial Union, and his own church. He said that a great debt is owing to the Woman's Christian Temperance union for the practical example of Christian unity it has set, and also for the work it has done in promoting the cause of purity, temperance and morality in this country. He rejoiced in the coming of the delegates to this city because he felt that they would powerfully encourage and strengthen everyone in Los Angeles in the work for righteousness.

Prof. James A. Foshy, in behalf of the educational interests of the city, welcomed the convention and spoke of the educational work of the body the delegates represent as being most valuable and important in all parts of the country in promoting the cause of general improvement and enlightenment.

Mrs. Emma Cash, president of California unions, welcomed the delegates on behalf of the local body and Miss Emma Yoe extended a welcome as representative of the southern California Y.

A company of children from the Junior Loyal Temperance Legion then sang a temperance song.

Responses to the addresses of welcome were made by Mrs. Howard M. Hoge, Virginia state president, General Secretary Mrs. Cora E. Seberry, Floyd Starr and Rhode Island State President Mrs. Deborah K. Livingston. The speakers expressed their hearty appreciation of the welcome extended to them by Los Angeles, and spoke with earnestness of the benefit that both delegates and the city would derive from the sessions of the convention.

After a solo, "Life," by Prof. James A. Foshy, the benediction was pronounced.

PATENT MEDICINES ASSAILED

W. C. T. U. President Deals With Use of Alcohol in Preparations

The evil of patent medicines which contain alcoholic ingredients, the question of Mormonism and polygamy, tobacco, cigarettes, Sabbath desecration, gambling and impure literature and street fairs were discussed yesterday morning in the annual address of the national president, Mrs. Lillian M. N. Stevens, at the opening session of the National W. C. T. U. convention.

Mrs. Stevens' address was replete with facts and figures on all subjects on which she dwelt. She especially urged the agitation concerning patent medicines to be carried on by the white ribbons as a humanitarian work.

Regarding the effects of patent medicines, the president said:

"The remarkable agitation concerning patent medicines, their ingredients, their effect and the methods of adver-

Mrs. Catherine Pierce Wheat

5:00—Adjournment.

EVENING

Diamond medal oratorical contest, Simpson auditorium, 7:15 o'clock.

When such visitors come near our homes.

"There should be painstaking and vigorous effort in every state to secure the best anti-cigarette laws and their enforcement and to enlighten the people in order that all may be convinced that cigarette smoking causes moral deterioration."

Mrs. Stevens dwelt on the great injustice brought about by legislation allowing liquor dealers in one state to ship liquor in the original packages or any form into prohibited states or into no-license territory in other states, such liquor not being subject to the law of the state into which it is shipped until it is delivered to the person who ordered it.

Regarding the repeal of the anti-cigarette law, she said:

"It will undoubtedly receive prompt attention and favorable action when congress again shall convene. Charles Littlefield has recently been visiting the French and German armies and we shall soon have from him a report of his investigations, which will undoubtedly show that the United States is far behind some of the other countries in protecting its army from the ravages of strong drink."

The speaker continued:

"In dealing with the question of the segregation of vice which has been so prominently taken up in some of the large cities during the past year, the same political tactics, the same toleration, the same compromises are used as are put forth in dealing with the saloon problem. Let us again affirm and forever stand by the declaration that if liquor is to be sold in any territory, it should be sold in defiance of law. Let us never fail to utter our most emphatic protests against any legislative action, whether state or municipal, in favor of licensing impurity."

WOULD TEACH BOYS CHIVALRY

Speaker at Purity Conference Discusses Principles of Movement

"The boys need to be taught more chivalry in their actions toward the girls. The girls should have more protection given them by the boys instead of being compelled to place themselves in positions to guard against insults from them," said Mrs. Ada W. Unruh of Portland, Ore., yesterday morning at the opening of the purity department of the national convention of the W. C. T. U. at the Unity church.

There was a small attendance at the meeting, but this fact in no wise dampened the ardor of those who were present. Mrs. Helen L. Hullock, national superintendent of Elmira, N. Y., called the meeting to order at 9 o'clock. In the absence of Rev. Charles Mitchell, who was expected to deliver a lecture on "White Cross Workers Among the Boys," Mrs. Unruh was called upon to make an address.

"The purity movement," said Mrs. Unruh, "is a fundamental principle to be inculcated in the minds and actions of the ancestors are carried down to their children and much suffering is the consequence. It is the aim of this department to eliminate all this unfortunate state of affairs as far as possible.

"The boys, being placed in positions coming in contact with the outside ways of the world, should be looked upon by the girls as advisers and protectors. But, sad to say, it is too often the case that the boys of the church need more of this purity instilled into their characters to make them suitable companions for good girls.

"It is not to be inferred that in very many cases the boys and girls are led astray by premeditated actions on their part. Often their mistakes are made in a way that show their utter ignorance of any intent to injure their characters.

"The boys and girls should be brought in close relations with purity of purpose and actions, and much suffering would be alleviated."

It is expected that an interesting session will be held this morning at 8:30 o'clock, when Mrs. Unruh will speak on "The Child in Our Midst, or Purity in Schools."

VOTING WOMEN IN PARADE

Delegates From Equal Suffrage States Greeted With Applause

The most spectacular occurrence of the afternoon session took place in connection with the report of the suffrage work given by the superintendent of franchise, Dr. Maude McIlvian Sanders of Colorado.

When Mrs. Sanders was introduced, a long line of women from the states where women have the ballot filed onto the platform. A banner of flaming yellow carried by Mrs. Adrianna Hungerford, the state president of Colorado, bore the inscription in black, "Colorado Women Are Citizens."

"Let us who cannot vote arise and we cannot be too alert and watchful
