To Give Reception

The East Los Angeles Baptist church will give an informal reception Tuesday evening, November 7, to their new pastor and his family at their church parlors, corner of Workman street and Monton avenue. Rev. F. G. Cressy, Ph.D., of Palmyra, Ohio, has but recently assumed the pastorate of this church and an invitation is extended to all members and their friends to be present.

PREACHES TO YOUNG DOCTORS

Rev. Frank DeWitt Talmage Talks to His Hearers of the Good Physician

In his sermon at the First Presbyterian church last night Rev. Frank DeWitt Talmage preached about the good Christian physician. His text was taken from Colossians 4 and 14: "Luke, the Beloved Physician."

The speaker said that the good Christian physician today is the one of the most honored of all men. This sentence would have been a very startling one to have been made a century ago, said Mr. Talmage. Doctor W. B. Davis, in a late address before a great convention of doctors and surgeons, declared that in the early part of the last century physicians were practically nonentities. They had virtually no place in European society. They were looked upon in the same way as playwrights and actors were regarded during the Shakespeare era. But now among the most honored men are to be found the doctors. As Sir Morrell McKenzie was honored for prolonging the life of the Emperor Frederick, so each scroll of honor and knightship in every corner of Europe has placed upon it the name of one or more physicians. The physician's advice in political matters has often made and unmade cabinets.

But as I go on showing to you young medical students the golden opportunities of future usefulness which the consecrated ten-talent doctor can wield, I must here and now halt. I must stop long enough to show you the great opportunities for good always imply great opportunities for evil. Oh, young man, about to enter the noble medical profession, I beg of you not to prove false to your trust. I beg of you when you enter the home of a man who surrenders into your care the life and the safety of his children, that you never prove untrue by advice or action to the trust reposed in you.

That the chief triumphs of the medical profession have been won during the last century in the prevention of disease rather than in the cure, there is no doubt. How have the great plagues, which used to sweep over Europe been halted? By the power of the sword? No. By the power of the bacteriologist's microscope and the physician's pen. Doctor Earle, a leading professor in the Chicago College of Physician and Surgeons, told me that when he first commenced his practice in Chicago, thirty per cent of all his patients' sicknesses were due to bad water and poor drainage. With the improvement of Chicago's drainage system that thirty per cent of sickness is being gradually eliminated.

Why is the longevity of the human race being increased year by year? Because people do not work as hard as they used to work? Oh, no! An average man today goes through more hard work and nerve exhaustion and excitement in a week than his grandfather did in a whole year. The longevity of the human race is increasing in spite of the strenuous life we lead. It is increasing because the doctor, year by year, is telling us how to eat, how to dress, and in what kind of houses we should live.

Young man, about to enter the medical profession, you are soon to be one of the great band of teachers of physical hygiene. Can you not be a leader in spiritual hygiene also?

Oh, my young friend, will you not here and now consecrate your life to the Cross? By the grace of God will you not be a Christian family physician? Be a good Doctor Aronson or a good Doctor Luke.

TALKS OF WOMAN'S SPHERE

Rev. Dr. Rider Says Highest Spirit Is Best Exemplified Through Womanliness

"The high ideal that leads Christendom today is the exemplification of the spirit of Christ through the woman soul. As says Goethe in 'Faust,' 'The woman soul leadeth us upward and on.' Womanliness first, then afterwards, what you will," said Rev. Dr. W. Rider yesterday morning in his sermon on "The Sphere and Recognition of Woman." Dr. Rider took his text from Jesus' tribute to Mary at the supper at Bethany: "She hath done what she could." He said in part:

"This act of Mary was a personation of Jesus and was a beautiful innovation on the dignities and formalities of the occasion. The circumstance is significant of woman's unique relation to all that unique relation is her personal influence and power of sympathy and love. It is the thing that a good man adores and the power that makes a bad man a good man. It is God's highest exaltation of the incarnate spirit of the gospel among men, second only to the power of Christ himself. Frances Willard maintained that personal charm all through her career as a reformer and philanthropist. So have multitudes of her sisters.

"It is no more historic that woman led us out of paradise than that man did it, but if historic, she who led us out is, under God, to lead us back. She is to do so first and best of all through the home life and through institutions, the church and others related to that home.

"We appeal to the women in this congregation to wield this God-given power; to anchor mind to the home life, to the church, to the state and all good institutions. The W. C. T. U. convention in this city was a great world power exemplifying this spirit and we bid them God speed in this and all noble and philanthropic work in church and state, to which the great commander had called them."

A Reliable Remedy for Croup
With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be warded off. Mrs. S. Rosenthal of Turner, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all leading druggists.

SCRIBBLES FAREWELL NOTE TO GIRL AND COMMITS SUICIDE

MARTIN J. YULWICH

KILLS HIMSELF AT WATER'S EDGE

WRITES FAREWELL LINES AND ENDS LIFE

Man Seeks Secluded Nook in Westlake Park and Fires Fatal Shot at Water's Edge—Death is Instantaneous

"Oh, girl, I want to live, but what I do I do for the love of you, my darling." After writing these words on the margin of a sheet of poetry torn from a book of verses written by Marie Van Vorst, Martin J. Yulwich shot himself through the brain while standing beneath a spreading palm in Westlake park yesterday afternoon.

His body was found at about 5 o'clock by T. Becker, of 431 South Alvarado street. It was lying on the bank of the north side of the lake at Westlake, and he apparently had intended that his body should fall into the lake, and had he fallen forward instead of backward that is what would have happened.

The address of the rooming house where he had been staying was written on a sheet of paper and thrust into his side pocket. No information could be obtained from the proprietor of the lodging house at 215 Boyd street, where he had for the two weeks previous to his suicide been rooming.

No further reference to the girl with whom he is supposed to have been in love is made other than the one which he wrote just before he died.

Death Comes Swiftly

It was stated by the police surgeon that there is no doubt that Yulwich died instantly after he fired the shot. One of the lodgers at 215 Boyd street said that Yulwich, who is said to have been a cook, had often talked to him, and that he, the lodger, always thought that Yulwich was a little crazy. He said that Yulwich said that he was a Bohemian and that he had had a great deal of trouble in his early life. What this trouble was Yulwich did not state. His peculiar form of insanity seemed to be that he thought that every man that saw him was jealous of his good looks and that he was so handsome no woman could help loving him at first sight.

If that was the case it was stated by the police that perhaps the woman with whom he seemed to be infatuated did not respond to his wooing and in blue he killed himself.

The body was taken to Breeese Bros' morgue and an inquest was held on the remains by the coroner. The verdict was suicide by shooting.

PREACHER TAKES RAP AT THEATER

CRITICIZES COLLEGE "FRATS" PLAY

Rev. F. T. Berry of Highland Park Presbyterian Church Insists Influence of Stage is Bad—Congregation is Startled

"Christianity and theatricals will not mix," said Rev. F. T. Berry, pastor of Highland Park Presbyterian church, in his discourse Sunday morning to his congregation.

Following that line of thought Rev. Mr. Berry insisted that absolutely no real good emanates from before the footlights, contending that those who had endeavored to place theatricals on a high moral plane have made a dismal failure in that respect.

To sustain his assertions in this respect Rev. Mr. Berry pointed to the fact that when stage talent is converted to the Christian religion it at once forsakes the footlights.

Criticizes Students

Before leaving the subject Rev. Berry severely criticized the action of students of Occidental college, who appeared in a semi-theatrical production about a year ago in which one of the characters mimicked a drunken man housekeeper at Rev. Father Ryan's parish in Riverside. The body of Father Ryan will be shipped to Green Bay, Wis., for burial.

BABY'S VOICE
Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of **MOTHER'S FRIEND**, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at \$1.00 per bottle by druggists. Our book of priceless value to all women sent free. Trade Secrets....

It is not generally known that a large portion of the cheap furniture on the market is made by convict labor, east and south. These goods are known to the trade as "installment stuff." The men who make it are not afraid of losing their job if they slight their work, and the men who sell it, having no reputation at stake, charge any old price for it. We are not in the get-rich-quick class. If we were we would handle a different grade of goods from those we now offer to our customers.

Coulter Dry Goods Company

The mission of this ad. is to tell you of an entire "New Feature" of the Coulter Store—a **Bargain Department**, altogether removed from the regular sales-sections. You may have a little trouble in finding it, but ask any of the clerks or floor-walkers, and they'll direct you. This department is located in a **Special Room**, arranged for the purpose. Follow the Left Aisle, from the Broadway entrance, to the extreme rear, and you'll see the sign, "Bargain Department."

Sale Begins This Morning at Store-opening Time

5c Nothing Under 5 Cents
10c Many Articles at 10 Cents

Upon entering you may, at first, be a little disappointed at the "Rocky Appearance" of some of the Merchandise—but just wait until you see the prices at which it's to be sold. Truthfully, none of it is new; but there are some **good things** to be had—if you get here in time. For instance, there are quite a few fine hand-painted Gauze Fans in the lot; and ever so many Belts and Belt Buckles; while perhaps the best bargains of all are several pieces of Mousseline de Soie and Tucked Taffeta Silk.

15c Still Others at 15 Cents
25c Nothing Over 25 Cents

There are Stocks and Collars for women—and Undershirts and Suspenders for men; also women's and children's Hose Supporters—but don't expect any of the things to be in perfect condition, or you'll be disappointed. Dress Steels, Velveteen Bindings, children's Band Combs and fancy Dress Buttons about make up the assortment—except some Work Baskets, that we were about to forget to mention.

One of the conditions of this sale is that nothing can be brought back or exchanged—the goods not being sufficiently desirable to justify us in offering them as regular stock.
