

THROWS DEFT AT MIDDLEWEIGHTS

TOMMY BURNS PREFERS TWIN SULLIVAN

Detroit Battler Bars None in His Division, but Hankers for Opportunity to Wipe Out Defeat of Last Month

Tommy Burns is ready and willing to fight any of the middleweight topnotchers in the country and will post a side bet that he is returned a winner.

Burns especially directs his deft at Jack Twin Sullivan, who won a decision over Burns last month. Tommy wants to wipe out this defeat and expresses confidence that he will do it should Twin ever give him another opportunity.

Unless Twin comes forth with a definite answer to Burns' challenge for a return match there is a probability that Manager Tom McCarey of the Pacific Athletic club will arrange a fight between Burns and Mike Schreck for next month.

Burns maintains that he was not in good condition for his last go with Jack Twin and is willing to make a side bet that if Twin will meet him again he will reverse the decision.

Both men have a large following in Los Angeles and to a man it is desired that these two meet in a fight which will decisively settle the mooted question of superiority between them.

With Jack O'Brien fighting in the heavyweight division and Bob Fitzsimmons seeking honors in that division, Tom McCarey, manager of the Pacific Athletic club will arrange a fight between Burns and Mike Schreck for next month.

Burns expresses absolute confidence in his ability to defeat Twin should they meet again and cites their two battles as evidence that he is entitled to a return match with Burns.

Burns says that he had the better of their fight at Tacoma and is of the opinion that Twin was fortunate in securing a draw. Press reports of the battle favor Burns' contention.

Those who witnessed Burns' battle against Hugo Kelly are among his supporters for a return match with Twin, upholding Burns' claim to being out of condition at the time of their last meeting.

LIGHTWEIGHTS GOOD CARDS

Hanon and Herrera Attract Record Breaking Crowd, Receipts Exceeding O'Brien-Kaufman Bill

The largest crowd with one exception that ever attended a fight in Los Angeles gathered at the Pacific Athletic club pavilion Friday night to witness the Hanlon-Herrera argument.

The attendance figures exceeded 5300 and the total receipts were \$2324. Hanlon and Herrera received \$1808.50 each as their portion of the receipts.

This showing is quite in contrast with that made by the Frisco clubs for similar events. Hanlon and Herrera are not regarded as top notchers in their class yet they outdrew Jack O'Brien and Al Kaufman, and in a smaller city. The total of the O'Brien-Kaufman receipts was \$6400.

THE VALUE OF CHARCOAL

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectively cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

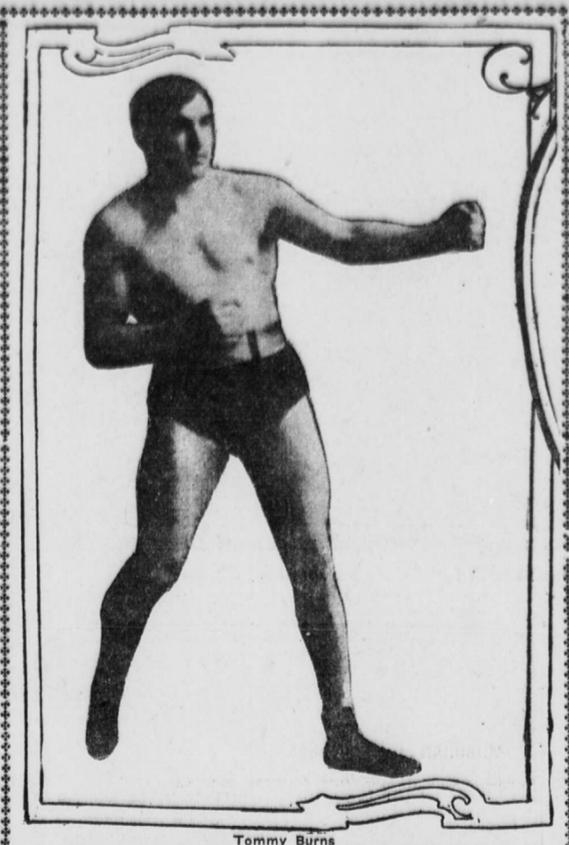

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, a great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal than Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

HIGH DECISION FANBOISED

FANS APPROVE OF EYTON'S RULING

Popular Verdict Is That Hanlon Received All That Was Coming to Him in the Battle With Herrera

The Hanlon-Herrera argument of Friday night was the sole topic of discussion along the Rialto yesterday, and sentiment, while of a friendly nature to Hanlon, generally supported the decision of Referee Eyton in declaring the battle a draw.

The exact status of the sentiment is shown by the requests of many fight fans made to Tom McCarey for a return match between the two clever lightweights and the assurance that the Prize will not rule a 10 to 6 favorite in the next battle.

Sol Levinson, manager of Herrera, left at 5 o'clock yesterday afternoon for Los Angeles, but Herrera remains in Los Angeles for a few days and hopes to secure a return match with Eddie.

Herrera yesterday authorized McCarey to match him with Hanlon for a return match and further stated that should Hanlon be unwilling to meet him again he would consent to a match with Young Corbett or Terry McGovern.

Great stress is laid upon the fact that Herrera was ill when he entered the ring Friday night and this is borne out by the fact that the Mexican vomited in the tenth round. That Herrera did not put up the fight expected of him is also true, and none of the roughing tactics which characterized his meeting with Nelson and other topnotch scrappers was evident by the defensive fight he put up.

Criticism Condemned

The statement by a morning paper in criticism of Referee Eyton's decision is universally condemned and there are hundreds of those who were at the ringside who unhesitatingly proclaim that Herrera was entitled to a decision if one should be given to either.

It is also pointed out that Hanlon was the only one to show any effects of the battle. After the tenth round Eddie's left eye was almost closed and his face gave visible evidence of the effectiveness of Herrera's vicious right uppercuts, while the Mexican retired from the ring at the conclusion of the fight with not the slightest marks to indicate that he was in a battle.

Fairness in all things relating to the sporting game and not sentimentality actuated Referee Eyton in making the decision and his verdict is almost universally upheld by the sporting public which attended the fight.

Eddie landed twice as often as did Herrera, but his blows were without effect upon Herrera. On the contrary Herrera landed but occasionally, but every blow which went home carried pain and suffering with it and Eddie's appearance demonstrated the great difference in the effectiveness of the blows landed by the two little men.

Herrera was far from being in prime condition, but this fact was not known until yesterday and it had no effect upon the decision. Referee Eyton, who is known and respected on the coast as one of the most competent and fair referees in the game, refuses to admit that Hanlon was in the better rounds when the Prize scored almost at will but with scarcely no effect upon his opponent.

It is cited that there never was a stage of the fight when Hanlon had Herrera in trouble, while it is true that twice the great audience rose to its feet and yelled itself hoarse in anticipation of Hanlon going out on a knockdown.

Sentiment for the sake of pure sentiment favored the native son from Frisco and he was the favorite in the betting at 10 to 6, but the other native son, being Bakerville, is experiencing a popularity with the fight fans of Los Angeles which he never before possessed and it all is occasioned by the fact that he made such a clever showing Friday night under adverse physical conditions.

Young Corbett and Terry McGovern are anxious to come to Los Angeles and fight this winter and it is very probable that unless Hanlon consents to meet Herrera again son McCarey will match the Mexican against one of these, preferably Young Corbett who conquered Eddie Hanlon.

Uphold Robinson

Referee Robinson, who adjudged the merits of the battlers in the preliminaries, receives equally as much support from the fight fans as does Eyton. The only criticism hurled at Robinson was in the Zubrick-Gorman scrap, and this criticism has been howled down all along the Rialto.

It is not generally known that the injury to Zubrick, which caused the dentist to bleed profusely in the early stages of the fight was not occasioned by a blow from Gorman's fist but it is asserted by many who were at the ringside that Gorman inflicted the injury when he butted Zubrick.

Gorman's eye was a whirlwind in the early stages of the battle but Doc Zubrick came strong at the finish and was putting it all over his opponent in the final rounds. Superior science and ring generalship earned the draw decision and but slight criticism of the decision is heard.

The draw decisions in every instance in Friday night's battles are generally approved and none are heard to dispute the fairness and equity in all the three fights.

HAZEL PATCH'S FIRST WIRE

BEATS ZOLOCK IN STRAIGHT HEATS

Eastern Stallion Wins in Impressive Fashion From California Horse at the San Bernardino Meeting

Special to The Herald. SAN BERNARDINO, Nov. 11.—The special match race between the two great stallions Hazel Patch of Kentucky and Zolock of this city resulted today in a complete victory for the eastern horse. The time made in today's heats and loss of the race was a keen disappointment to the crowd as to little Violet Davis, daughter of Zolock's owner, who wept bitterly when the race was lost.

In the second heat today a wonderful burst of speed was shown by the stallions, the first half being covered in 1:00 1/2, a pace that could not be kept up the last half.

In this heat Zolock hugged Patch closely every foot around the course, but could not rally sufficient speed at the finish to get under the wire first.

The third heat was still more disappointing. Zolock seemed to be unable to overcome the lead of a length Patch gained almost from the outset. Zolock was said by Driver Delaney to be out of condition, his feet being in a bad condition, a heavy north wind also conspired to keep down the records. J. W. Flack drove Hazel Patch.

The track was fast today and some fine sport was seen in the 2:09 trotting and pacing events. In the former John Caldwell was the winner and showed himself to be a wonderful horse, pulling victory out of defeat in three straight heats by a burst of speed at the finish. Morone, also in this race, in the third heat made a nose and nose finish with John Caldwell, having pulled out to that position from a bad fourth.

The 2:09 pacing was also a magnificent race, the time being better than the special match race. Dedalion pulled out three straight heats, though they were hard earned, against a large field of fast ones.

The 2:20 trotting event finished from yesterday showing the track to be several seconds faster than yesterday in spite of the heavy wind. The attendance today was considerably less than yesterday. Altogether the opening meet of the Southern California circuit has been a great success.

The results: Special match race, purse \$1000: Hazel Patch, 2:02 1/2; Zolock, 2:05 1/2. Time of quarters—First heat, 32.1:02 1/2, 1:35 1/2, 2:08; second heat, 31.1:00 1/2, 2:13 1/2, 2:10; third heat, 33.1:06 1/2, 2:14 1/2, 2:09 1/2.
