STATE OF WAR DECLARED IN THE PORT

Chinese Quarter of the Town is Entirely Destroyed—Rumor That Garrison and Sailors Have Mutinied

diars and sailors were also in an angry mood, having expected to go home with the squadron. The mob began to break windows and pillage and eventually set fire to the theater, the Golden Horn hotel, the principal blocks of Chinese buildings in the northern part of the city and to the officers' residences and other buildings in the eastern quarter. The fire burned all night. Seventy buildings were consumed. Troops were summoned to restore order and fired five volleys, killing many persons.

Just before the American consul telegraphed today the commandant of the fortress at Vladivostok, assisted by priests and the leaders of the workmen's organizations, addressed the mobs, urging them to keep the peace, but the consul said he feared the attempt would be in vain.

LYNCHING IN WARSAW

Thieves Who Took Part in Looting Are Killed

WARSAW, Nov. 14.—At Pultusk, in this government, the peasants organized for the purpose of driving out or lynching the thieves who took advantage of the peasant disturbances to loot and plunder. The lynchings killed eleven and fearfully mutilated twenty of the thieves. Several newspaper men were arrested in Warsaw this afternoon by the police, who searched their offices.

Protestants against the declaration of martial law gathered at Lutin last night and were fired on by infantry. Nine persons were wounded. The general political strike is in progress. The city is suffering from a shortage of wood.

The population, though greatly angered by the governmental communication regarding autonomy, has up to the present been self-restrained.

General Strike Expected

ST. PETERSBURG, Nov. 15.—In view of the condemnation to death of many of the sailors who mutinied at Cronstadt, the delay in carrying out the reforms outlined in the imperial manifesto, the proclamation of martial law in Poland and other repressive acts, the council of workmen's delegates has decided to proclaim a general strike throughout Russia today.

TAFT NEARING HOME

Cruiser Columbia Passes the Capes of Virginia, Bearing the Secretary of War

NORFOLK, Va., Nov. 14.—The United States cruiser Columbia, Commander J. M. Boyer, passed in the Capes of Virginia at 7 o'clock this morning, bringing home Secretary of War Taft and party from the Isthmus of Panama, where the secretary has been on a tour of inspection. The Columbia sailed from Colon Nov. 7 and after a brief stop at the United States naval station at Guantanamo, Cuba, left that place on Friday last, proceeding directly for Hampton Roads. The cruiser upon entering the capes came into Hampton Roads at once and dropped anchor. Secretary Taft and party proceeded this evening by steamer to Washington. They will arrive there early tomorrow morning.

LABOR MEN IN SESSION

Federation Wants Chinese Exclusion, Eight-Hour Day and Abolition of Convict Work

PITTSBURG, Nov. 14.—A determined stand was taken for the enforcement of the letter of the Chinese exclusion laws of the country, the legalizing of the eight-hour work day on all work of the government, the abolition of convict labor where it competes with union manufactured goods, and the renewal of the agitation for the abolition of the injunction laws of the country by the executive council of the American Federation of Labor in its annual report, which was submitted at today's session of the convention in the old city hall.

SNOW IN NEW YORK

First of the Season Falls in the City at a Late Hour Last Night

NEW YORK, Nov. 14.—Late travelers in New York last night saw the first snow of the season. Several squalls, which were the tail ends of a small blizzard in the northern part of the state, swept over the city shortly before midnight. A train which arrived in the Grand Central station from the west had nearly half an inch of snow on top of the coaches. The flakes that fell in this city melted away as fast as they fell.

MEMBERS ASSOCIATED CHARITIES HOLD THEIR ANNUAL MEETING

INTERESTING REPORTS MADE BY OFFICERS

President Frank Makes Appeal to the General Public for More Assistance—Thanks Those Who Have Contributed

The annual meeting of members of the Associated Charities of Los Angeles was held yesterday afternoon in the court house and reports were made, showing the society to have attended more cases of want and poverty during the past year than in any year of its history.

Officers were elected as follows: H. W. Frank, president; J. C. Kays, first vice president; Mrs. L. Ducommun, third vice president; T. J. Stuart, general secretary; C. C. Carver, assistant general secretary, and the Farmers and Merchants bank, treasurer.

At a meeting to be held the first of December, directors for the coming year will be chosen and a detailed report of the work of the society for the past year will be made.

A number of changes were made yesterday in the membership of the central council. The following are the present members: Mesdames J. D. Hooker, Laura Ducommun, L. J. Kirckbride, Frank McGrath and Mrs. Theo. Eisner, Rev. H. K. Walker, Rev. Baker Lee, D. H. Edwards, Miss Pease, H. W. Frank, H. Newman, H. Jevins, J. C. Kays, E. T. Earl and W. C. Patterson.

MINING CONGRESS IS OPENED AT EL PASO

RESOLUTIONS ADOPTED URGING CREATION BY CONGRESS OF DEPARTMENT OF MINES AND ASKING THAT GUIDEPOSTS TO WATER HOLES ON DESERT BE BUILT

EL PASO, Tex., Nov. 14.—The first day's session of the American Mining congress, which convened here today in its eighth annual session, was devoted to preliminary work, welcoming addresses and committee meetings with the exception of the annual address of President Richards of Boise, Idaho. This was the real feature of the day.

Resolutions were adopted urging the creation of a department of mines and mining by congress, urging congress to provide for the location of mines on Spanish land grants in Arizona and New Mexico, titles to which have been confirmed by the government court of land claims, and urging the hydrographic bureau to properly locate all desert water holes and erect metal posts in their vicinity that will indicate their direction. It is also urged that rangers be provided to keep such water free from pollution. The resolutions were referred to a committee.

Prof. James Douglas, manager of the Phelps-Dodge interests in Arizona, invited the entire congress to become his guest on a special train for Bisbee and Douglas.

The world's championship drilling contest opens tomorrow. President Richards made a plea for honesty in high places and said miners should stand together and make an honest fight for their rights and against the crooks and rascals in the mining business. He favored giving Alaska representation in congress, declaring: "Alaska will yet be one of the most stable influences in our industrial development, in the hour of national strain, in sustaining the hand of our government, because of enormous quantities of precious and common metals which that country is capable of producing."

President Richards paid tribute to the work of the geological survey, but said it was not large enough and a mining survey, with plenty of men, should be devoted to the work of the miners. He hoped to see the congress soon established in its permanent home in Denver and urged that the home be fitted with a mining library, ore charts, maps and all conveniences for the miner.

"Many tell us that they are waiting to see what the American mining congress amounts to before they lend their assistance," said the president. "Our glorious country would not now be the light of the world had all acted on this theory. Take hold, miners, and make this organization an instrument through which you can speak with a right to be heard."

BOYCOTT LOOKS SERIOUS

Anti-American Feeling Reported to Be Strong in Singapore, Straits Settlement

WASHINGTON, Nov. 14.—Cable advices to the state department from Singapore straits settlement bring the news that the anti-American boycott in that quarter which was thought to be practically suppressed, has, on the contrary, taken on a decidedly serious aspect.

The state department finds it very difficult to deal with this phase of the boycott for the reason that it exists not in China proper, but in a British dependency, which can scarcely be called to account as was the Chinese government by Minister Rockhill. The only feasible course appears to be to request the Chinese government to use its moral influence with Chinese subjects outside of China to desist from further attack upon American trade.

Engine Company Bankrupt

MILWAUKEE, Nov. 14.—A petition in involuntary bankruptcy against the Brown Corlies Engine company of Corlies, Wis., was filed today by creditors and the Fidelity Trust company was appointed receiver. The engine company was incorporated in 1904, with Walter F. Brown, Walter S. Whiting and Julius Wechsberg as incorporators. The capital stock was placed at \$1,000,000.

Miner Killed by Explosion

STOCKTON, Cal., Nov. 14.—Peter Mitovich, a miner, was killed at six o'clock last evening while working at the bottom of the Onelda mine at Jackson. His partner escaped with a few injuries. Fifteen holes of dynamite exploded almost simultaneously and blew him to atoms.

MEMBERS ASSOCIATED CHARITIES HOLD THEIR ANNUAL MEETING

Following is the president's report, submitted by H. W. Frank: "Another year of the work of this society has terminated and once more do we express our firm belief in the benefits of organized charity. This society stands at the head of our philanthropic organizations in southern California in efficiency and correct principles, together with a proper system of records and investigation.

"We are organized as a central bureau for charity work and, if properly supported by our citizens, could carry on the greater work necessary to relieve our fellow citizens, giving the benefits of our records and investigations to all societies and churches, thus avoiding a duplication of work and weeding out the professional beggar."

"Much is expected of us by the general public, but the general public does not respond to our annual call for assistance. Only six hundred and fifty individuals and firms made up our list of members and contributors, a very small proportion of the population of this growing city. As the city grows, so grows the demands for relief and charity and so should our membership grow. More funds would enable the society to enlarge the work."

"It is urgently recommended that the annual dues be increased from a minimum of one dollar per year to two dollars per year. This is based on the idea that most people who give one dollar could and would give two dollars if it was the rule.

"To those who have been liberal in their donations and to all the members, the officers of this society desire to express thanks and hope for a continuance of their favors."

MANY ARE ENTERTAINED BY PRINCE LOUIS

ROYAL VISITOR GIVES DANCE ON THE DRAKE

Sailors on the West Virginia Add to the Gayety of Nations by Painting Humorous Sign on the Side of the Warship

NEW YORK, Nov. 14.—Admiral Prince Louis of Battenberg has been here today and in return for the hospitality which has been shown him during his stay in American waters gave a magnificent dance on board his flagship, the Drake. The thousand or more invited guests included officials and society people in Annapolis, Washington, Baltimore and West Point, as well as in New York.

With a crew nearly all untried Capt. Arnold and Lieut. George of the West Virginia have had their hands full for the last few days. It leaked out last night at the dinner to the British tars at Coney Island that the hydrographic bureau had decorated one side of the vessel in a way which is not set down in the regulations.

Lieut. George is affectionately known among the sailors of the Virginia as "Bulldog" George. When the Virginia hove in sight of the flagship on the morning before the fleets arrived in port the officers of the Massachusetts were greatly surprised to read on the side in big black letters, which stood out plainly on the white background, "Arnold Sanatorium." "Bulldog" George, keeper. One of the ships had been lowered over the side during the night with decorative intent.

The Massachusetts signaled the West Virginia immediately and a liberal coat of white paint was applied.

A Judicious Inquiry

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is no real danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all leading druggists.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

And flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 69 Catherine St., Syracuse, N. Y., writes: "Your medicine has done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and Favorite Prescription I have much better health, and now I have a fine healthy baby."

Heavy Showers Give Great Encouragement to Planters--Good Season Expected

PAPEETE, Tahiti, Nov. 2, via SAN FRANCISCO, Nov. 14.—A season of severe drought which had caused much loss on this island was broken on Oct. 29 by heavy showers of rain. Planters and stockmen are now confident of a prosperous season.

The steamer Tiara, which has arrived here, reports that there is a great scarcity of food on the Gambier island, 300 miles southeast of here. The natives, who gather pearl shells for a living, have neglected their crops and have depended for supplies on the regular arrival of a sloop from Piteira island, 300 miles away. The vessel has been wrecked and the natives are suffering.

Two Men Are Victims of Highwaymen. Negro Robs Man in His Office

Footpads did some bold work last evening, according to police reports. Two well-armed men stopped Dr. H. D. Wilson near Fifth and Hope streets and robbed him of \$350 and a watch about 7:30 o'clock. A negro entered the office of J. L. McGill, 142 South Alameda street, about the same hour and robbed McGill of fifty cents.

As Dr. Wilson was passing along Hope street towards the Hotel Santa Barbara, where he roomed, he was suddenly confronted by two men who demanded that he throw up his hands. While one robber held a gun in the doctor's face another rifled his pockets. McGill was sitting in his office when the negro entered and asked to use the telephone. The negro, after using the telephone, turned and demanded that McGill give him some money. At the same instant he pulled a revolver. "All the money I have," said McGill. "is fifty cents." The negro took the money and ran.
