

SOLDIERS IN REVOLT

Many Killed in Fight in Kieff

Two Companies of Sappers in Rebellion

Engage in Fierce Fight With Loyal Troops—Fifty Dead, One Hundred Wounded, Left on the Field

By Associated Press. LONDON, Dec. 4.—The London Daily Mail's Kieff correspondent, in a dispatch dated December 2 and forwarded by way of Podolozyska, says: "Early yesterday morning a company of sappers, dissatisfied with their commander, mutinied and persuaded a second company to join them. They left the fortress fully armed and by threats compelled the remainder of the sappers' battalion to join them. Numbering a thousand, the mutineers marched to the barracks of the One Hundred and Twenty-fifth Kurak infantry, which, however, remained loyal. Jewish musicians marched at the head of the mutineers. Several attempts were made to induce other troops to join them, but these likewise failed. "A body of Cossacks allowed the rebels to pass them in the street. Finally the mutineers arrived at the barracks of the artillery division and the Tazoff infantry regiment. The Tazoff men answered their appeal with bullets and the rebels opened fire upon them. The Tazoffs answered with three volleys. A portion of the mutineers fled, but the others continued firing. The Tazoffs replied with deadly volleys and finally the rebels fled headlong, throwing down their arms. Two hundred of them surrendered and were conveyed to their barracks by Cossacks. All was over by 2:30 o'clock in the afternoon. "Fifty dead and a hundred wounded mutineers were left on the ground. "A court martial has been convened and a notice issued that any further attempt at mutiny will be quelled by artillery."

FEAR GENERAL OUTBREAK

Naval Battalions at St. Petersburg Disarmed

By Associated Press. ST. PETERSBURG, Dec. 2, via Eydkuhnen, Dec. 3.—The most elaborate precautions have been taken against a feared outbreak by the troops as a result of the Sebastopol mutiny. The naval battalions have been completely won over by the revolutionaries and almost beyond control. They have been deprived of their arms. The striking telegraphers declare they have ample funds and that they will remain aloof from the risk of dismissal. Telegraph officials on the railroad refuse to forward government or private dispatches, but are willing for the present to send and receive telegrams relating to the railroad service.

TO DISARM WARSHIPS

Excitement Among Sailors—Officers Release Workman on Demand

By Associated Press. PARIS, Dec. 3.—Undated dispatches from St. Petersburg arriving by way of Eydkuhnen, East Prussia, give the following information: "There is great excitement among the sailors and the authorities have ordered the disarmament of the warships. The officers, fearing a mutiny, acceded to the demand of the sailors for the release of a workman who was arrested while distributing revolutionary proclamations. "Sailors and soldiers are driving about the streets creating disturbances. Officers recently held a meeting at Tsarskoe-Selo and decided to refuse to order their men to fire if called on to repress disorders."

REVOLTS IN BALTIC PROVINCES

Reservists Said to Be in Open Mutiny at Revel

By Associated Press. ST. PETERSBURG, Dec. 2.—(Via Eydkuhnen, East Prussia, Dec. 3.)—The banks here are having all ordinary letters addressed to them forwarded from the postoffice at Eydkuhnen by their own messengers during the interruption of communications. Reports have reached several of the embassies of military outbreaks in the Baltic provinces, particularly at Revel, where the reservists are said to be in open mutiny. Confirmation of these reports cannot be obtained. Prince Eugene Troubetsky, M. Guchoff, Dmitri Shipoff and other leaders of the recent zemstvo congress held at Moscow, have arrived here. Citizens from Niekoleff, Ekaterineslav and Odessa arrived today, bringing overwhelming evidence of the connivance and even the participation of the military and the police in anti-Jewish excesses. The members of the unions are greatly incensed at their speeches calling on the proletariat to erect barricades. It is expected that a railway strike will be declared tomorrow or Monday. The latter is a holiday, to which fact will enable the workmen to meet and decide on a common plan of action.

FEAR FINANCIAL CRASH

People Drawing Gold From Banks and Hoarding It

By Associated Press. ST. PETERSBURG, Dec. 2, 1 p. m. (via Berlin, Dec. 3.)—The situation has greatly increased the dangers of a financial crash. The people, even the commercial interests, are withdrawing their money from the banks, converting it into gold, hoarding it or demanding foreign exchange, which the state bank is issuing upon the foreign balances of the government. Exchange on London yesterday rose 9.50, over a rouble, above the normal.

FEAR NEW MASSACRE

Jews of Odessa in Dread of Attack by Soldiers

ODESSA, undated (sent by special courier by way of Podolozyska, Galicia, December 2).—The dispatches sent at the request of the Jewish community, which fears a fresh massacre by the local garrison. It is asserted that a proclamation is being circulated in almost every regiment calling on the soldiers to exterminate the Jews and to destroy the newspaper offices in revenge for groundless accusations against the troops for their participation in massacres and pillages and in the protection of revolutionaries. This is exciting the population against the army.

General Strike Threatens Odessa

VIENNA, Dec. 3.—The Tageblatt publishes a communication from Odessa which was mailed to Podolozyska, Galicia, from which point it was telegraphed. It is reported from Odessa that a general strike will be declared tomorrow (Monday). Advances from Sebastopol declare that the panic here is increasing. The members of the so-called military party are holding meetings on all the barracks and this fact greatly increases the anxiety for the future.

INSANE WOMAN CAPTURES A CAR

DRIVES PASSENGERS OUT WITH A PISTOL

Threatens to Shoot Any One Who Tries to Enter—Dummy Is Moved Toward Her and She Puts a Bullet in It

By Associated Press. GIRARD, Kan., Dec. 3.—Mrs. Ina Berry, who arrived here on a railroad ticket good for passage from Spokane to Tulsa, I. T., took possession yesterday of the car on which she was a passenger, driving the other occupants out with a pistol, and is still in the car. No efforts have been made today to capture her except by persuasion, and she has threatened to shoot if not left alone. Last night a dummy was fixed up and moved toward the door of the toilet room, which she has been using as a fort, and she fired a shot from above the transom, the bullet striking the dummy squarely on top of the head. The use was repeated, but she could not be induced to shoot at it again. During the day the city marshal received a telegram from Vancouver, Wash., which read as follows: "Is insane woman, Mrs. Perry (?), daughter of Col. Bainbridge? Wire description." A photograph taken from the woman's valise is supposed to be a picture of herself. It was taken at Spokane, the name of the photographer being Libby.

IDENTITY NOT LEARNED

Could Not Be Ascertained if Woman Is Mrs. Berry

By Associated Press. PORTLAND, Ore., Dec. 3.—Further than the fact that the widow of Capt. A. P. Berry, the commandant of the December 1 at Vancouver barracks, Wash., is supposed to be en route from Washington to Vancouver, nothing could be ascertained by the Associated Press as to whether the insane woman and Mrs. Berry are the same person. There is no such person as S. T. Miller at Vancouver, and it was impossible to get into communication with S. J. Miller, agent of the Northern Pacific at that place, who, it is thought, might throw some light on the matter. Mrs. Bainbridge, the mother of Mrs. Berry, is at the barracks, but it was impossible to locate her, owing to the lateness of the hour.

Tomlin and John Shelhammer, officials of the company, and Patrick McMahon and Charles Hank, labor leaders.

DISCIPLINES RAILROAD

Fresno's Mayor Causes Arrest of S. P. Foreman for Violating Ordinance

By Associated Press. FRESNO, Dec. 3.—M. C. Williams, foreman of a Southern Pacific switch crew, was arrested yesterday evening on a complaint sworn to by Mayor W. Parker Lyon. The arrest was made for the violation of a city ordinance which prohibits railroads from allowing any cars to stand on the streets for more than five minutes, and has come after an agitation headed by the mayor against the Southern Pacific for continued infringement of the ordinance. Police Judge H. F. Briggs today ordered the mayor to jail the next trainman brought before him on a charge similar to the one against Williams. Williams was turned loose with a suspended sentence.

AID AMERICAN SAILORS

Entertainment Given at Antwerp to Raise Funds for Destitute Seamen

By Associated Press. ANTWERP, Dec. 3.—Numbers of American sailors who are shipped on board foreign vessels in American ports are discharged and released in jail in Europe. They are unable to obtain return engagements on account of the prejudices of foreign owners and the local authorities cannot assist in their relief. As a consequence many of these sailors are now destitute in every port. For the relief of these sailors the American colony yesterday gave a gala performance under the patronage of the American and British consuls.

CORONADO HOTEL IS BURNED TO GROUND

Many Guests Have Narrow Escapes From Perishing in the Flames

Daughter of Dr. Milbank Johnson Reaches Safety Just as Fire Cuts Off All Exit From Her Apartments

Fire, supposed to have originated from defective wiring in the basement, totally destroyed Hotel Coronado at 607 Coronado street, with a loss of \$60,000, at 3 o'clock this morning. Miss Louise Johnson, daughter of Dr. and Mrs. Milbank Johnson, narrowly escaped losing her life. She reached a place of safety just as the flames cut off exit from her apartments on the third floor. The little daughter of Gail Borden, the condensed milk manufacturer, also had a very narrow escape, being rescued in her night clothes by other guests. There were eighty guests in the hotel at the time of the fire, but they were awakened in time to make their escape. Some of the people having rooms on the second floor jumped from their windows, but if they were in any way injured it was very slight. The alarm was turned in about 2 o'clock, but it was fully an hour before the fire department was able to get the hose connected—too late to do anything but save the buildings next to the hotel from taking fire. Just before the fire was discovered in the basement under the room of the proprietress, Miss Helen Mathewson, all of the lights in the building went out. This substantiates the theory that the fire was caused by defective wiring. A good deal of trouble has been had with the lights lately, but this was kept from the guests, as it was thought that it was of no consequence and that there was no danger whatever. The hotel was not entirely filled with guests, but a number of noted persons were expected to arrive next week, among them being W. A. Clark, Jr., son of Senator Clark. The occupants were not able to save anything whatever, most of them escaping only with their night clothes. The neighbors threw open their houses and gave the homeless ones shelter for the night. The Coronado flats were damaged to the extent of \$5,000, all of which is covered with insurance. During the fire burglars entered this building and were in the act of ransacking the flats when they were discovered by Jack Jenkins and put to flight. Thomas H. Hastings, the real estate man, discovered a thief in the act of taking a watch and other valuables from the apartment of Rev. A. P. Gray. He snatched the jewelry away from the man and notified the police, but the thief escaped. The hotel was a three-story mission-style building, owned by Russ Avery and Judge Bordwell. The loss is fully covered by insurance.

SECURES CHARTER FOR MONTE CARLO

BELMONT'S RESORT TO INVAD HOME OF PURITANISM

Syndicate Acquires a Large Tract in New Hampshire and Inact from State Laws for Ten Years

SALEM, N. H., Dec. 3.—Investigation into a charter granted to August Belmont and his New York, Brooklyn and Boston associates discloses the fact that this syndicate acquires absolute dominion over three square miles of territory in New Hampshire for a race track and "Monte Carlo." It being the only gambling resort ever legally chartered in this country. By the vote of the legislature, Belmont and his partners will be supreme for ten years on this reservation, and be far beyond the state laws, operation of which are made void by the terms of the charter. The state police, constabulary and all authorities will be fenced out, the charter giving the syndicate the right to police its property. So cleverly was the charter drawn that not even the militia may enter the reservation to quell a riot, nor do even the very precise liquor laws apply to those within the inclosure. Nearly a million and a half dollars are to be spent by Belmont on this property.

SOCIALISTS IN SAXONY ATTACKED BY THE POLICE

MANY WOUNDED BY SABERS IN HANDS OF OFFICERS

Meeting and Parade Had Been Held in Dresden to Protest Against the Electoral Law—Several Gatherings in Chemnitz Also Dispersed

By Associated Press. DRESDEN, Dec. 3.—The Social Democrats held several largely attended meetings here this morning to protest against the electoral law of Saxony. After the meetings the protesters paraded, but the parade was interfered with by the police, who finally had to use their sabers, wounding a number of the demonstrators and making several arrests. Later there was an attempt to make a demonstration in front of the schoolhouses, but the crowds were dispersed at the point of the saber. Reports from Chemnitz say that several meetings also were held there in protest against the law and that the parade following the meetings were dispersed by the police, several arrests being made.

DR. J. A. MEIRE DEAD

Man Who Was Prominent in American Affairs Passes Away in Colorado

By Associated Press. CRIPPLE CREEK, Colo., Dec. 3.—Dr. J. Ernest Meire, who was a surgeon in the United States army when the Civil War broke out, but went over to the Confederacy, died here today of pneumonia, aged 73 years. Dr. Meire was appointed consul at Arroyo in 1885 by President Cleveland, but resigned, it is said, because President Cleveland demanded that he accompany the army lieutenant whom the doctor struck for refusing his proffered hand in Washington when meeting upon the street. Dr. Meire was a member of a prominent Maryland family and was married to a daughter of General Beauregard.

PITTSBURG AND VICINITY THREATENED BY FLOODS

ALLEGHENY AND OHIO RIVERS RISING RAPIDLY

Timely Warning Has Been Given by the Government Weather Bureau and It Is Believed That Losses Will Be Comparatively Slight

By Associated Press. PITTSBURG, Dec. 3.—This section and the valley below are threatened with a small-sized flood within twelve hours. At 10 o'clock tonight the Ohio river at Davis Island dam was 21.1 feet and rising. At the Sixth-street bridge the Allegheny registered 22.6 and rising at the rate of three inches an hour. The Monongahela has about reached its height, though it is still rising slowly. The rainfall during the past twenty-four hours was 1.45 inches along the Allegheny and 1.61 along the Monongahela. A report from Beaver, thirty miles below here, at 8 o'clock gives the stage of water at 26.7 and rising six inches an hour. At Pittsburg the waters are creeping up into the lowlands and already a portion of the Pittsburg and Western railroad tracks are submerged. Timely warning, however, by the government weather bureau enabled all interested to prepare for high water and as a result the losses will be comparatively small. At Etna, a few miles above Pittsburg, much of the town is under water tonight. All the low-lying ground between Isabella furnace and the business section is a big lake. At McKeessport, the DeWess-Wood mill and the National Tube plant have water up to the first floor, but there seems no danger of a shutdown.

REPORTS ON CIVIL SERVICE

Commission Proposes That Congress Collect a Small Fee From Applicants

By Associated Press. WASHINGTON, Dec. 3.—The twenty-second annual report of the United States civil service commission, made public today, contains a recommendation that congress should authorize the collection of a fee from applicants for examination for the government service. The amount of the fee, it is suggested, should be a small one. It is stated that 150,000 persons were examined last year, 40,000 of whom secured positions. During the year the number of competitive positions increased from 15,447 to 17,507. Touching on the order of President Roosevelt of November 17 last, giving authority to heads of departments to separate an employe from the service without notice for delinquency or misconduct, the report says: "The new rule neither changes the authority to make removals, which is fully under the former as under the present practice, nor affects the jurisdiction of the civil service commission, merely making some changes in the procedure in the case of removal."

STEAMER ANGELINE REACHES PORT SAFELY

ARRIVES AT DETROIT AFTER A THRILLING VOYAGE

Lake Vessel Battles for Two Days With Terrific Storm—Captain Remains on the Bridge of His Ship for Forty Hours

By Associated Press. DETROIT, Dec. 3.—Sheathed in ice, the steel steamer Angeline, over whose safety there was for a time much apprehension, arrived at Detroit for fuel tonight after one of the most thrilling voyages ever made by a vessel on the great lakes. After loading with a cargo of iron ore the Angeline was struck by the tempest of the Keweenaw peninsula and for two days had a terrific battle on a complaint sworn to by Mayor W. Parker Lyon. The arrest was made for the violation of a city ordinance which prohibits railroads from allowing any cars to stand on the streets for more than five minutes, and has come after an agitation headed by the mayor against the Southern Pacific for continued infringement of the ordinance. Police Judge H. F. Briggs today ordered the mayor to jail the next trainman brought before him on a charge similar to the one against Williams. Williams was turned loose with a suspended sentence.

STEAMER GERMAN ASHORE

By Associated Press. CHICAGO, Dec. 3.—The steel freight steamer German, bound from Lake Superior to South Chicago, with a cargo of iron ore, went ashore below Glenview, 15 miles north of this city, in a blinding snow storm tonight. The agents of the German sent a tug to her relief. There is little apprehension of danger to the crew of twenty men as the wind is off shore and the vessels is sheltered by the bluffs. It was said that it would probably be necessary to jettison a portion of her cargo of ore before she could be pulled off.

KILLS WOMAN AND HIMSELF

Double Crime Is Committed by a Cigarmaker in Chicago

By Associated Press. CHICAGO, Dec. 3.—Frank Krouse, a cigar maker, tonight shot and killed Mrs. Antoinette Lisika, at whose house he was boarding, and then shot himself in the head, dying instantly. Krouse, it is claimed, had tried to force his attentions on Mrs. Lisika and several times he had been requested to leave the house, but had refused. According to Antoinette Lisika, the dead woman's daughter, the two had been quarreling violently just before the shooting occurred.

Lay at Canton, China, has completed his investigation into the recent murder of five Presbyterian missionaries at Lenchow, in the province of Canton. CONGRESS' FIRST DAY

House May Hurry Up Canal Money

May Pass an Emergency Appropriation Bill

President's Message Will Be Read Tuesday—Senate Will Hold Short Session Today Out of Respect to Platt's Memory

By Associated Press. WASHINGTON, Dec. 3.—Very little beside the organization of the house will be accomplished the first of the session, although it is possible that an emergency appropriation for the Panama canal may be passed the last of this week. Until the committees are appointed such a bill would have to be considered by unanimous consent or under a special order. It will depend upon the needs of the canal finances whether the emergency appropriation will be passed through this week or over until the week following. The leaders of the house have been informed that the emergency appropriation will not be needed until December 25 and consequently the bill may not be passed until next week. Monday will be taken up with the election of a speaker and other house officers. They will be those nominated by the republican caucus last night. It is already understood that the rules of the last house will be adopted as the members have been sworn in. The biennial lottery for seats will be an interesting occasion on the first day and at the conclusion an adjournment will follow. Tuesday will be devoted to the president's message and that will probably close the real business of the house for the week. Speaker Cannon has not yet completed his committee, but it is expected he will be ready to announce them early in the session.

MESSAGE ON TUESDAY

Will Be Read in the Senate on Second Day of Session

By Associated Press. WASHINGTON, Dec. 3.—Nothing but preliminary work will engross the attention of the senate this first week of the session. The senate is already organized, as it is in continuing body, and besides there was a special session last spring, when the new senators were sworn in. Senators Brandegee of Connecticut, Warner of Missouri, Frazier of Tennessee and La Follette of Wisconsin have not yet taken their oaths. The two former had not been elected when the special session adjourned. Monday will be a very short session and the president's message will be received and read and Wednesday is likely to be devoted to the introduction of bills. A short session will be held Thursday and the senate will then adjourn until the following Monday. It is quite likely that a republican caucus will be held Tuesday or Wednesday for the purpose of authorizing the appointment of a committee to fill complete vacancies in the senate and for the election of a steering committee for the session. It is expected that the committee vacancies will be filled very early in the session. If the house should pass an emergency appropriation bill for the Panama canal the senate will at once take it up and pass it, but this measure is not expected in the senate until the second week of the session.
