

NO HORSE RACES FOR PASADENANS TOURNAMENT CHARIOT RACES CAUSE OPPOSITION

Drunken Chauffeur Runs Amuck. Council Agrees to Hunting. ton Plans—Other News

PASADENA, Dec. 12.—President Neff of the Tournament of Roses association met with the Second ward fathers tonight in an effort to convince them that they might safely allow their children to enter the big floral parade with a Lincoln school float.

Some weeks ago this Second ward association vigorously protested against the giving of prizes for flower decorated vehicles and against the children being allowed to witness the chariot races inside the park, asserting that the giving of prizes and the excitement of the horse races were harmful to the little folks.

The declaration did not cause the stir of excitement which was expected by some and the Second warders have had much fun poked at them for what people have been pleased to term their puritanical ideas.

Tonight's meeting resulted in a resolution to make the accustomed entry in the parade but to insist that Pasadena does not want any nearer approach to race track methods and does not care for the sporting crowd which too often is attracted by horse races.

Arrest Drunken Chauffeur. Officer Copping took a lesson this afternoon in running an automobile, and if his instructor had been sober would have enjoyed the experience.

Copping went after the man and found Solomon Thompson, chauffeur for the Auten family on North Madison avenue, almost crazy drunk and yet desperately intent on driving his big red autocar at all kinds of risky angles on the street.

Another officer, Patrolman Schultz, was met on the street and invited to share the danger, but the added honor made Thompson only the more anxious to show his skill. Pedestrians skurried out of the way and vehicles shot up side streets, while the officers held their breaths.

Finally, with a little assistance from the officers at the steering wheel, the machine came to a stop at the police station, where Thompson slept off the effects of too much red wine.

At a late hour tonight Thompson was released on the deposit of \$20 bail by his employer. The man says that he had been sick and that the wine he drank had a most unexpected effect upon him. He will tell Judge Wood about it tomorrow morning.

Council Holds Long Session. Today's meeting of the city council extended through most of the afternoon although street improvements and routine work was chiefly considered.

Mr. and Mrs. James M. Frame of 78 South Marengo avenue made public today the fact that for nearly three months their half blind 18-year-old son Wilbur has been mysteriously missing.

Manager—Your play is wholesome, full of action, well constructed, and even brilliant in places. Playwright—Then you'll produce it? How good of you! Manager—No, I can't afford to. It is neither humorous nor suggestive, so we should be forced to pay for the advertising.—Puck.

Former United States Senator Edmunds will return to Pasadena Thursday with his family and will take up his residence at the Hotel Raymond. Senator Edmunds has been at San Diego for some weeks.

ing and trinkets. The police were notified, but have no clew. Everything is in readiness for Pasadena's bench show which opens tomorrow. The entries are unexpectedly complete and the management expects a big society attendance.

At a meeting of the board of directors last night in Los Angeles Sherman Washburn of this city was elected a director of the Masonic home of Southern California. Mr. Washburn is treasurer of three of the local Masonic bodies and a very popular and prominent member of the order.

The matter of a new club house was under consideration last evening at the Overland club and the discussion lasted until a late hour. Nothing definite was determined upon, although a committee was appointed to consider the adaptability of the several sites offered.

Threaten to Raise Irrigation Rates. An ordinance incorporating such a change, but leaving blank the amount of the increase in rent, was handed to the city attorney last evening for drafting.

Monrovia Ranchers Will Make Protest. Movement on Foot to Increase Toils for Water Consumed by Orange Raisers—City Officials Seek to Get Control of Meters

Special to The Herald. MONROVIA, Dec. 12.—New water legislation is threatened by an action of the board of trustees, three of whom are said to be agreed upon raising the rent of the irrigation receivers.

An effort to give the city control of the water meters will also be incorporated in the new law, as it is framed to charge \$12.50 for the water connection, at which price the meter will be furnished.

Those who are already subscribers to this paper may secure votes in this contest by paying in advance as long as desired. Payments in arrears count the same as payments in advance, providing there is a payment made for at least one month in advance.

CANDIDATES MUST WORK WITH A VIM Only Eleven Days More Remain in the Herald's Popular Salesladies Contest, Which Closes December 23

The Herald's Popular Salesladies Contest has but eleven more days to run, but these days will be filled with more enthusiasm than all the previous weeks combined.

The contest closes December 23 midnight. All votes must be cast by that time, or they will not be counted. The contest has been running since October 3, and has attracted more than ordinary attention in this section of the country.

There is a special vote offer in vogue this week—the last one of this great race. An increase of 50 per cent in votes is being made. Those who have subscriptions to turn in should do so this week WITHOUT FAIL as they will secure more votes for their subscriptions by placing the orders this week than by holding the subscriptions until the last week of the race.

Those who are already subscribers to this paper may secure votes in this contest by paying in advance as long as desired. Payments in arrears count the same as payments in advance, providing there is a payment made for at least one month in advance.

Who Shall Own America?

JUDGE GROSSCUP

Answers: "The people of this country must be brought back into the ownership of the country. The nation must have its hand not simply in the guidance but in the construction of the corporations."

Do you live on salary or wages? Does it make a difference to you whether the trusts own the nation or the nation the trusts? If it does you may want to stand where Judge Grosscup stands. Read his hopeful, inspiring article in the December AMERICAN MAGAZINE with its plan for putting the people in control of the corporations and learn to know that our national salvation depends upon the individual citizen.

SUPERVISORS FEAR COUNTY DIVISION

SAN BERNARDINO OFFICIALS AROUSED. People Foresee Time When Territory May Be Organized, With Pomona as the Seat of Government

Special to The Herald. SAN BERNARDINO, Dec. 12.—The question of "county division" has been officially brought to the attention of the board of supervisors through a communication from the San Bernardino board of trade inclosing a resolution passed by the commercial organization calling the attention of the supervisors to the situation that is likely to develop and asking them to take steps to counteract the movement.

The people fear that the consolidation of a portion of Los Angeles county with the city will leave a portion of that county that will be looking for affiliation with other territory from some source. This territory, it is expected, will be sliced off the west end of San Bernardino county, with Pomona as the county seat. The people of this county object to the taking from them of a piece of their richest territory.

The supervisors at the next meeting, it is expected, will name a large committee of influential citizens from all sections of the county who will take the interests of the county in hand with a view to defeating the division plan if possible. The people in the territory that will be affected are said to be about evenly divided on the question, while the balance of this county is strongly opposed to it.

Water Suit is Resumed. The big water suit of Barton vs the Riverside Water company et al is now again in full swing. Engineer E. C. Finkle, expert for the plaintiffs, is on the stand. While under examination he made the statement that even if all of the artesian wells in the valley were shut off it would require four or five years to fill the basin, and when that was done the Riverside companies would have more water than they are now getting.

Without some artificial means of replenishing the basin, if the present rate of depletion is continued, in the course of time the depth to water will have become so great that it would not pay to pump it. Shippers in the orange districts in this valley are complainants of the

shortage of cars for handling the shipments for the holiday trade, this being especially true of points on the Santa Fe. Just why this shortage of cars so early in the season the grocers and shippers are at a loss to understand. In some instances the movement of fruit for the holidays has been hampered, this being especially true in the Highland district.

The grand jury has appointed its committees for going over the various county departments and adjourned to next Monday morning, when it is expected active work will be begun by the various committees.

DRUGGIST ROUND-UP IS ON. Those Who Sell Liquor in Riverside Contribute to the City's Treasury

Special to The Herald. RIVERSIDE, Dec. 12.—The annual round-up of druggists has commenced in Riverside. Whenever the road fund or the electric light fund or other city department gets low in funds, Riverside residents assist the city marshal in instructed to go forth and garner a little harvest from drug store owners, who make these contributions in lieu of paying a liquor license. J. D. Sebrell was the first arrested. He has not yet pleaded to the charge. His clerk, Carl M. Hagan, owned up to selling to a stranger without the required prescription, and Recorder Potter assessed him \$75, which was paid. Sebrell will have his hearing later. Hagan offered no excuse save that the stranger was thirsty and he took him in.

Orange Shipments Heavy. Orange shipments for the past week were 144 cars, with four cars of lemons. This brings the total citrus fruit shipments for the season up to 184 cars of oranges and fifty-nine cars of lemons.

Want Game Preserve. An enthusiastic meeting of local nimrods was held last night at J. A. King's office to consider the proposition of acquiring, either by purchase or lease, a game preserve. The tract on the river bottom owned by the Evans brothers and the old Picco ranch were West Riverside, apprehending some action, filed a protest with the supervisors against allowing the railroad to use the county road for a right of way. The railroad company did not petition for the right of way and the tract was dropped. It is believed that the spur will be extended to Colton to make a shorter and easier haul for the heavy freight on the new line.

"East or west, Coronado is best."

DEMANDS REINSTATEMENT. Mother of Whittier Youth Applies for Writ of Mandamus Against School Officials

Special to The Herald. WHITTIER, Dec. 12.—Mrs. Mimie Lombard has appealed to the supreme court for a writ of mandamus in order to force the faculty of the Whittier high school to reinstate her son, Lloyd Lombard, who with a number of other boys was expelled several weeks ago for playing football contrary to the rules of the institution. Should the writ be granted the faculty will be forced to admit the boy or show satisfactory reasons for not doing so.

Whittier is considering the matter of becoming a part of the prospective "Greater Los Angeles" Committee have been appointed to study the question, also to investigate the proposition of Orange county to become a part of that county.

SAN PEDRO TO EXPAND. More Land Will Be Annexed if Present Plans of Residents Are Carried Out

Special to The Herald. SAN PEDRO, Dec. 12.—More land will be annexed to the city of San Pedro if the petition which was circulated today among the city trustees is productive of results.

It is purposed to call a special election if the trustees are favorable to the plan, and it is believed that the proposition will meet with little opposition.

About nine miles square are included in the proposed addition and it has long been thought that this territory should be included in the city limits of San Pedro.

GIBSON PEN NOT FORSAKEN. Artist, Sailing for Europe, Will Give Up "Black and White" Work Only Temporarily

Special to The Herald. NEW YORK, Dec. 12.—Charles Dana Gibson before sailing for Europe made an announcement which will doubtless fill the hearts of his admirers with delight and bring thrills of anticipation to countless future "Gibson girls." It was to the effect that, contrary to published reports, the artist has not abandoned forever the black and white work through which he has won fame and prosperity.

"I am going straight to Madrid from Gibraltar," Mr. Gibson told a Herald reporter. "If I can get suitably located there, I shall take a studio and we shall settle down for at least a year. After that I have no plans. I may go to Venice, to Rome, or to Paris, but I shall not know positively for some time yet. I have given up my studio here.

"It would not be right to say that I have abandoned black and white work for all time," said Mr. Gibson, in answer to a question. "I have done a great deal of it and people have seemed to like it, and it has been remunerative."

BRONCHITIS. Cured by Dr. Bull's Cough Syrup. This dangerous throat disease has often led to more serious and fatal diseases through neglect to cure it in its first stages with DR. BULL'S COUGH SYRUP. "I have just gotten over a severe case of bronchitis, which I contracted from riding on the surface cars which were so crowded, compelling me to stand on the platform. I was unable to sleep for several days, and I owe my complete recovery solely to Dr. Bull's Cough Syrup." Jesse Schulze, 127 Lexington Ave., New York.
